INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Frank was a deserter two years ago when I picked him up and placed him in this home; he has been very obedient and a faithful worker ever since then, and he wishes to remain where he is during the coming summer.

He has attended school regularly and is bright in some branches but his tendency is to put most or all his time on the few things that he likes to do. I think it best to recall him to Carlisle in the fall as there are many features about the school that will do him good.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. Geo. H. Ansley,
Special Agent, New York Agency,
Salamanca, N. Y.

My dear Sir:

Frank Abrams, a 20 year old Seneca boy we have enrolled at Carlisle, has come to me with a request that I write to you for information about property that should have come to him from his mother.

Frank stated the land was willed to him by his mother, Cordelia John, and that she was married to a white man named Harrison Stockwell when she died. The death occurred about 1909 and as Frank was then too young to know much about business Stockwell had himself appointed guardian and finally the land went to his uncle, Casler John. This Casler John and his wife have now died and their sons have possession of the land.

The tract is about twelve acres in extent and is located at Red House, New York, and if you can learn anything about the transaction which resulted in getting it away from Frank it will be appreciated if you will convey the information to me to be explained to him.

-2- Mr. Geo. H. Ansley, Special Agent.

The young man is doing well here and is worthy of any help that can be given him.

Very truly yours,

she was married to a

Stockwell had himself

There are 12 acres of the

You know that there

that is how they get so

We are writing to

We think that if you

My dear Mr. Coyner:

I am in receipt of your letter of November 26, 1917 regarding the unsatisfactory record of Mr. Frank Abrams, a student of this school, employed with the Ford Motor Company. I have asked Mr. Bradley to investigate this matter and take it up with you personally during his visit to Detroit.

Attention Mr Bradley,

Mr Frank Abrams is proving unsatisfactory on this course. Please note his record below.

He has been quite a problem for us, as he seems to have no capacity for our class work, and no interest or ambition to improve himself.

He seems to be a fair workman as far as ordinary mechanical skill would be concerned.

I wish to ask your opinion as to the disposition of this young man.

Attendance at classes	O K,
Class Work	Medium,
Note book	Poor,
Examinations	Very poor,
Shop work (manual labor)	O K,
Shop work (judgment)	poor,
Shop attendance between 10-3 & 11-22-17	
Absent 4 days -- late seven days.	

We have to demand a better record than this from a student and he has been informed as to the fact before. The other young men on the course from your school are doing nicely, especially Mr Lange and Azure who are listed among the first ten in the course.

Yours very truly,

FORD MOTOR COMPANY,
