INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

Mrs. Alice E. Patterson,

400 Mass. Ave., Buffalo, N. Y.

My dear Mrs. Patterson:

I thank you for your letter of the 5th instant, advising me that your son Burnell is looking much better than when he returned home. It is also gratifying to know that he is evidently not afflicted with tuberculosis.

The additional information you had to give that he has a leakage of the heart and that he will not be able to do the hard work that may later become necessary to give you the care you have been depending on is not so assuring, but it is hoped that care and treatment will enable him to become stronger to the extent that he can continue with his school training by the time the work for the next year begins.

With best wishes for your son's continued improvement in health, I remain,

Very truly yours,

HKM.

Superintendent.

Lippis.

Dear Sir.

I desire to inform
that my son Burnell
very much better, and is
looking very much better than
he did when he first return-
ed home. We took him to
Dr John Pryor of Buffalo, a
specialist on Tubercular dis-
eases, and he said he has no
tuberculosis symptoms, but
has a leakage of the heart.
He said he would never be
able to do any hard work
So now it is up to us to
secure for him a good edu-
cation and fit him for
some clerical work of some
kind, after he is stronger.

is better for him
out of school now
next fall, perhaps
at time he will be in
better condition than he
is now. I do hope he will,
as I have always built such
hopes in Burnell, you see
Mr Pattersons is troubled with
hardening of the arteries, and
I always felt that if anything
happened to him I could
look up to Burnell as he seem-
ed broad shouldered and one
on whom I could depend.
So now I will have to do the
best I can myself.

Burnell is now staying with
sister Mrs Mitchell Pierce
erly (Rosabel Patterson.
1906.) in Buffalo at

the Island St.
ce was a student at
e as well. He is now
ing in a Garage here.
y have a bright little boy
whose name is Charles S.
Pierce. I am working at
present in Buffalo. at
#400 Mass Ave.

You seemed anxious concern-
ing Burnel so I thought
I would inform you.

Thanking you for your
kindly interest, and wish
you success in all of your
undertakings.

Very Respectfully.

My dear Madam:

I regret very much to advise that following my letter of the 29th ultimo I must report further complications in the condition of your son Burnell's health. This morning our school physician reported to me as follows:

"I have just discovered very faint signs of pulmonary trouble in the case of ~~Burnell Patterson~~ son. This explains the vague signs of debility and anemia. I would recommend that he be returned to his home."

Although Burnell's case has not developed to an extent which necessitates immediate removal from school, I will gladly cooperate with you to effect his return home just as soon as I hear from you further in regard to the matter.

Mrs. Alice E. Patterson, Very truly yours,

R. F. D. 1, Versailles, N. Y.

My dear Madam:

Superintendent.

When your letter of the 27th instant was received here this morning the inquiry contained therein regarding the condition of your son Burnell's health was referred to our school physician. This afternoon he stated as follows:

"In regard to Burnell Patterson will say that the boy is debilitated and anemic. I have him at the hospital at this writing, hoping to place him in better condition. I do not see anything about the boy that need excite alarm."

In view of the fact that our physician is keeping a close watch over Burnell it is believed that there is no good and sufficient reason at this time to send him home. An improvement in his condition can be expected and if you do not hear from me again within a week or ten days I will appreciate your making further inquiry about your boy. At that time it can be determined definitely whether the return of Burnell's strength is as rapid as should be expected, and if a change of environment is necessary there will then be time to make the required arrangements for his coming home.

-2- Mrs. Alice E. Patterson.

Assuring you that the best of care is being given your boy and that your keeping in such close touch with him is appreciated, I am,

How Mr O. H. Lipps.

Dear Sir.

I had a letter from
my son Burnel stating
that he has been sick with
mumps and that he is
in a very run down
condition on account of
being sick so much and
said he thought he needed
fresh air and that he
ought to return home until
if he gets stronger, as he is,
he isn't strong & not fit

for hard work. I have not answered his letter yet, but thought it best to consult you first, he likes it there, finds no fault whatever, says Mr Denny was very kind and good to him during his sickness and before he was sick. Of course you are right there where you can see him, and know just his condition. So I am going to leave it all with you.

Please let me know what you think about it. Do you think it is the climate that disagrees with him?

He is anxious to graduate and is not a boy who shirks, he is ambitious, to make the best of the opportunities afforded him.

I am very sorry his health is so poor, but do hope he will soon regain his health.

Very Respectfully,
Alice E. Patterson.

Dear Sir.

It is with the greatest respect, & gratitude, that I am writing you this morning. I want to thank you for your kindness to my dear son Burrell, and I want to say that ⁱⁿ almost every letter he has written home he has always had something kind to say of Mr Denny. I feel that in you he found a friend and you know a mother's love is always with

her boy and so I want to thank you
too. Mr Denny - will you please
see to it that Burrell has on heavy
underwear, or warm underwear
and his overcoat as we are having
very cold weather up here, and
the change of climate if not clothed
warm may be bad. When he leaves
there please let me know so I can
meet him at Lawton or Buffalo.

I know Burrell would like to remain
if his health was good.

he always wrote in glowing terms
of his teachers & the faculty.

I do hope his health will improve
so he can return. Every cloud has
a silver lining. "God won't forget

Dear Madam:-

Your son arrived at the school day before yesterday, was met at the gate, taken to the school hospital and thoroughly examined and his clothing fumigated. This was done as a matter of precaution as we had word from Mr. Walter S. Kennedy of Gowanda that your district was quarantined on account of small pox. In justice to the 640 children we have in this school, Burnell should have been placed on the next train for his home. I am disappointed that you should have sent him to us from an infected district.

Very truly yours

Mrs. Alice Patterson,
Irving, New York

Dear Madam:

Your son Burnel has been to me and I have talked with him regarding your wish to have one of the boys go to you early this spring so as to help you with your work. I think it is better, and Burnel agrees with me, that Robert go to you about the time the Outing party leaves Carlisle, which will be April 5th. He will then have the opportunity of taking his examination along with the Outing party and get his grade so that he may know what class to enter next fall.

The fare to Irving, New York, from Carlisle, including the war tax, is \$8.85. You can send this to me by check or money order anytime before the time set for Robert to go to you. We are not allowing other pupils to go home at this time, but I make an exception in your case because of Burnel's plea.

Very truly yours,

Dear Madam::

We have completed the arrangements for transferring our pupils and will not be able help your boys get to Haskell. No provision would have been made for Burnell as all deserters were dropped from the rolls of the school early in August. Had Robert been at the school when the transfers were made, we could have helped him.

Will it be necessary
for them to fill out applica-

are enrolled at Carlisle.

Miss Hagan was Roberts' teacher,
and she can inform you as to
his standing. Please let me hear
from you soon.
