### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

**Important**—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

Reverend Louis Bruce

Dear Sir:-

Last year we had at this school a pupil, Daniel Carpenter son of Joseph Carpenter from Syracuse. He was allowed to go home on leave this spring and now I have a letter from his father saying that he will not be able to return to school this fall because he is needed at home. His father states that he has lost his wife and oldest daughter and he needs Daniel at home to take care of the two younger children, while he himself is out earning their support.

Daniel is a splendid young fellow and I would dislike very much to see him quit school at this time. Do you know this family and would you be able to persuade the father to make other arrangements for the care of his young children so that Daniel would not be deprived of his school privileges? I would appreciate very much your help and advise in this matter.

Rev. Louis Bruce-2

I take the liberty of addressing you because I am informed that you have the interest of the Onondago people at heart and in times past have helped our Carlisle pupils.

I enclose an envelope which you can use when you reply.

Very truly yours

Dear Sir:

I have your letter requesting to keep your son Daniel at home this coming winter.

Daniel is just at the age where he should attend school regularly and get the vocational training which Carlisle offers and I cannot conscientiously grant your request to keep him at home.

I will therefore have a ticket placed for his return early in September. Daniel has money here to pay for his return ticket.

Very truly yours,

Mr Francis J.  
Carlisle, Pa

Dear Sir:

Have been away from Onondaga Res. since May 1st and am now connected with the work at St Regis Res. About Dan Carpenter, I am well acquainted with his circumstances. He was as wild as a March hare, with all the habits of a boy with no home training and allowed to do as he pleased. His father has allowed all his children to go the same way. I was, indeed, pleased when Dan went to Carlisle last year for I well knew that he was not able to overcome the temptations around his home. If you can get him back, do it by all means. He is capable and has the stuff. His father's wife was always a cripple. She was unable to be of any assistance in the home. One daughter, Hattie is about 12 yrs. old. The little girl is about 6.

I see no reason why he could not allow Dan to go back to Carlisle. He does not work steadily, doing odd jobs here and there. You might write to Mr. H. M. Phillips, Syracuse R. D. 5 - N. Y. to use his influence to get the Father's consent. Am always glad to be of any assistance. I am

Dear Sir:

Your name has been given to me by the Rev. Louis Bruce as one who might be able to assist in matters connected with children coming to us from the Onandago Reservation.

When Mr. Bruce was in charge of the Indian Mission there we had occasion to ask his help several times. I write now with reference to the case of Daniel Carpenter, one of our pupils who went home last June to spend the summer with the understanding that he would return this fall. His father, Joseph Carpenter, advises that he needs him at home. Mr. Bruce thinks otherwise.

If you can use your influence with Mr. Carpenter to have his son returned, I shall appreciate it, as I know you are just as much interested in the welfare of this young fellow as we are and realize that the place for him is at Carlisle.

Dear Sir:-

I have your letter requesting the return home of your son Daniel, for the summer vacation. I do not feel inclined to allow Daniel to go home this summer for the reason that you failed to keep your agreement to return him to school at the proper time last fall. As you know it was necessary for me to send one of the employees up after him.

This employee lost several days of his time and spent considerable money in rounding up the New York children whose parents had failed to keep their agreement. For the good of the children and the best welfare of the school, we intend to give this vacation privilege to those children whose parents will keep their agreement with us.
