Dear Madam:

Replying to your letter of the 26th, I have to advise you that I received a letter a few days ago from Superintendent Peirce in which he stated that you desired to enroll your daughter, Edna, at Carlisle. I wrote to Mr. Peirce and said that I had no objection. I believe it will be best for her to go to another school and make a new start.

I trust that she will do well there.

My dear Mr. Pierce:-

Upon my return from a two weeks' vacation, I find your letter dated July 28th, this letter bearing upon the case of Edna McDonald.

I have considered the matter of her enrolment here and have decided to give her a trial if she will pledge herself to behave. We have a very good class of girls here now, most of them anxious to learn and make something of themselves and I dislike to bring among them a girl with Edna's history but acting upon your recommendation and Mr. Peairs', I am willing to give her a try-out.

Will you have her father submit the required application for enrolment here and secure her release from the Haskell Institute ? Upon receipt of the application with the release, I will have a ticket placed at Flandreaufor her use.

Very truly yours

dig not. Supt. J. B. Francis,

Carlisle, Mass.

Dear Mr. Francis;

We have a girl here at Flandreau named Edna Mc Donald who is the step-daughter of our school carpenter . She has been in this school for a number of years and was transferred last year to Haskell. Down there she got into some difficulty which was a love affair and finally ran away with one of the most prominent of the Haskell students, going to the home of her grandparents in Oklahoma. It appears that Superintendent Wise made little or no effort to return her and she remained with her grandparents in Oklahoma for some months, returning here this summer. She is still young only about 16 years of age and desired to go to school again. I took the matter up with Supterintendent Peairs and he states that he thinks it inadvisable to return her to Haskell and also states "She is still young and if she shows an earnest desire to take advantages of the opportunities offered by the Government, I believe she should be given another chance and if the Indian Office approves there will be no objection" to her transfer to Carlisle."

I do not think the girl was particularly bad, but believe that owing to the loose conditions th at exsisted at Haskell and got away. I should like very much to see the girl in some good school and as Carlisle is farther away than the other schools, I believe it advisable to send her there.

Her mother was a Wheelock and a sister of Dennison Wheelock a graduate of Carlisle. She is now married for the second time to a Mr. Robinson who is the school carpenter here. Mr. Robinson's mother also lives close by the school in a little cottage, and when so manyof the families are here, the presence of the girl is a source of a lack of harmony in their home. I believe it is for the interest of all that the girl should get away to school and hope that you will be able to take her at Carlisle.

Very respectfully,

Supt. John Francis, Jr.,

Dear Mr. Francis:

I am returning herewith the information required under the Declaration of Policy forwarded to me for Edna McDonald. I will state that Edna and her mother both say that Edna is enrolled as a Wichita and she was credited to that tribe for enrollment at Flandreau School. However, the father is a Delaware and her mother an Oneida.

The mother is separated from Edna's father and married Stephen Robinson, our school carpenter and both the step-father and mother are employed at the school. However the step-father has an aged mother depending on him mostly for her support and they are not able to support and send Edna to the public school in town.

Edna will start to Carlisle as soon as her ticket reaches here as per your order to the general agent of the C. M. & St. Paul Railway at Philadelphia.

Very respectfully, Char, J. Perce, Superintendent. Arth

July 12, 1918.

Mrs. Ida Robinson Flandreau, S. D.

Dear Madam:-

Your letter to Mrs. Ewing concerning your daughter Edaa McConald, has been referred to this office for reply.

We have considered the matter of your daughter being allowed to take the nurse's training course given here and believe that it would not be advisable yet for Edna to go into the hospital. If it is her desire to take this course, we will be glad to give her the opportunity after she has been at the school longer and has in every way proven herself worthy of this privilege.

Edna is still young and there is plenty of time ahead for her to take up this work after she is older. Mrs. Ewing reports that she has had no great difficulties with your daughter this year but she is at times a little hard to control, as you know, and it takes tact and patience to help her along. The girls we are placing in our hospital now are girls who are trust-worthy and responsible in every way. I fear Edna would not measure up to the standard so feel it best to deny her request at this time.

Very truly yours

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. Dear Mr. Francis:

I am herewith transmitting the application for the enrollment of Edna McDonald, daughter of Mrs. Robinson, wife of our school carpenter. I am recommending that the girl be sent elsewhere for the reason that her presence here is not condusive to perfect harmony in the Robinson family. Mr. Robinson's mother lives a short distance from the school and her presence was at times unbearable to his wife and again the presence of Edna who is a daughter by Mrs. Robinson's first husband is nptcondusive to the best of feelings at times. I believe that sending the girl away where she will be under strict discipline ^{WOU}ld be the making of her and also create a better feeling here. For this reason I trust that you will be able to accept it.

My Friend:

In reply to your letter of July 27, 1917, requesting that your daughter Edna McDonald be permitted to attend Carlisle School, you are advised that I have made inquiry concerning her explusion from Haskell Institute. Har conduct was not good and it was thought best not to allow her to return to Haskell. However, in view of the fact that she is only 14 years old now an exception will be made in her case, and authority for her enrollment at Carlisle, as requested, will be granted, provided the Superintendent can accommodate her and is willing to receive her.

You should make formal application on the enclosed blanks and forward them to Carlisle School for consideration.
