The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Dear Sir:

John Chaves, one of our Pueblo students, wants to go home to visit his parents. John's time has not expired, and while he has enough money which he has earned under the outing to pay his fare home, I doubt the advisability of having him use his wages in this way. I have advised him that if he wants to do something for his parents it might be better to send them some of this money and give them pleasure in this way. Will you please let me know what your advice and recommendation is in this matter.

Very respectfully,

My dear Sir:

This is to acknowledge receipt of your favor of the 13th instant, calling attention to the fact that you are anxious to have your son (John) complete a course of instruction in the carpenter trade. In reply to your letter I must state that he has not completed a sufficient number of grades in academic work to entitle him to the privilege of electing what trade he desires to complete, and until he advances to the work in Grade VII he will have to be given general training in vocational activities. That is the method of procedure as outlined in the new course of study that is just being adopted in all Indian Schools.

I am pleased to know you are so well satisfied with the progress that is being made by your daughter Martha and it is hoped it will ultimately work out so that training that is now being given your son John will enable him to make a good living when his school days are over.

Very truly yours,

Dear friend:

Will write you a few lines concerning my son John who is under your charge. Although, I do not like to interfere with your rules, but allow me please to state that I send my boy to that school to learn carpenter trade, I think he is capable of learning that trade. He may go out to work during vacation time to make little money. But he must return when school opens. I am very <sup>much</sup> pleased Mr. Lipps, that my daughter Martha is making very good marks. And my hopes that she will still do better.

My kindest regards to you that you may always have good, successful works for the benefit of my race,

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

John Chavez-

Mr. Lipps has the following letter from Mr. Lonergan,-

"Your letter of the 9th inst, calling my attention to your communication of December 15, 1916, which I am sorry to state, was misplaced, and left unanswered in the holiday rush, has been received.

As set out in your letter of the 15th of December, it would not seem advisable for John Chavez to spend his earnings for a ticket to New Mexico in view of the fact that his term has not expired and that he would have to return to Carlisle. I have received no request from John's parents to have him visit them, and, as also stated in your letter of December 15th, I believe it would be much better if he could be persuaded to send his parents some of the money that would otherwise be required for a ticket."

last month when I was still
