Dear Clara:~

I have your letter dated October 31st and am sorry to learn of the death of your sister. You state that as you are her nearest relative, her death leaves the care of her children to you. Your duty then seems clear, to care for these children until they are old enough to be placed in school or until some other provision for their care can be made so that you may be able to continue your education.

Upon receipt of your letter, I wrote to Mr. Delaney to send a check for the wages due you from them which they had not paid. As soon as I receive this check, I will send it to you. You have only \$1.11 to your credit in bank and I thought it was hardly worth sending this until Mr. Delaney's check came in.

I would advise you to go to Mr. Nicholson and talk with him about your future plans. If you find that you cannot return to Carlisle this fall, let me know and I will cancel the order for a ticket which was placed subject to your call, several weeks ago.

Very truly yours

Dear Sir:—

Will you please forward my money to me immediately.

My sister passed away and as I am her only relative I am obliged to meet expenses until her insurance money arrives.

I would like to ask your advice about my re-entrainment I would like very much to finish the courses there especially the Agricultural course. I own several hundred acres of land, while Miss Johnston is very anxious for me to study and become a Domestic Science teacher I cannot very well because my sister left me in charge of the children's education and money and my aunt is willing to let me go back but I don't like to leave her

until I get the money question settled, which will be several weeks or months before they get it, and as I have missed so much of the work already and I do not know whether it is worth while to (come) start until next fall.

Things are very different out here and I am working very hard to live up to the teachings of Carlisle. Please bear me in mind.

Thanking you for any advice you may give me.

Yours very truly
Clara Shunior.

Dear Mr. Lipps:

I am in receipt of carbon copy of your letter of the 7th instant to Miss Clara Shunion, one of the Carlisle pupils, home on account of the death of her sister. It is noted that Clara contemplates leaving school and remaining on the reservation to care for the children of the deceased sister, and you speak of forwarding her money to her and cancelling the order for her ticket placed pending her return to school.

I had previously talked to Clara with reference to returning to school and she had agreed to do so without delay. There are three of the children in question, one of which is in school, the other two in the hands of an aunt who is perfectly able to care for the same without assistance from Clara who should complete her education at this time. If you have not already done so I would suggest that you do not send her money to her and that you allow the order for the ticket to stand at the same time counselling her to return to Carlisle

for a few years at least. Her return to the reservation at this time would mean a lapse into tribal customs and would probably render most of the efforts expended in her behalf ineffective.

I should be glad to hear from you in regard to this at your earliest convenience.

We have authority whereby the money can be paid to meet any emergency which may arrive, and the children are being properly cared for. The money is all on deposit

Madam:

Replying to your letter of the 20th instant relative to the plans Clara Shanion is making, this is to advise that we have not heard anything definite direct from Clara about her returning home for the summer. However, the fact that she has not written in regard to the matter is proof of the fact that she will remain until the end of the eating period the latter part of August.

If she then desires to come home for a visit it will be arranged, as she is entitled to enjoy such a privilege on account of the termination of her period of enrolment.

Dear Friend:-

I have your letter of the 16th inst. enclosing dentist bill and your school report. You are getting excellent marks in your school work, for which you must be very proud. You no doubt have learned by this time that in order to get such good marks you must study. I am glad you are getting along so nicely.

Mr. Kensler has a supply of trunks in the warehouse, which he sells to the pupils of the School, and the prices arrange from \$3.00 to \$5.00. A good size trunk will cost a little less than \$5.00. When you can buy a trunk cheaper here, it seems to me a waste of money to pay \$10.00 for one.

It will be necessary for you to get Mrs Rinehart's approval of your request for money.

My dear Madam:

I have received your letter of the 24th instant and have noted that the return home of your sister, Clara Shunick, now seems imperative on account of the illness of your husband. It is unfortunate indeed that you have to make a request for Clara's return home and that she may have to be deprived of school attendance during the remaining months of this year, but whatever recommendation is submitted by Superintendent Nicholson or Assistant Superintendent Marble I will have carried out. It is suggested, therefore, that you see one or the other of the officials named without delay.

Dear Madam:

Receipt is acknowledged of your letter of the 6th instant, requesting that your sister, Miss Clara Shunion, be permitted to come home from Carlisle. In view of the fact that your aunt is with you to assist you in the care of the house, it is not thought best to recommend that your sister come home at this time. I realize that you are having a serious time on account of the illness of your husband, but the addition of another one to feed would more than offset the assistance she might render in the line of work, while keeping her away from school at an important period of her life.

My dear Madam:

Your sister, Clara Shunton, has decided that she should return home to assist you and although we should like very much to have her remain here it is being arranged so that she can leave on Monday evening of next week. A ticket for her use to Shawano will be provided and she will have a sufficient amount in cash to pay for her incidental expenses enroute.

As Clara has made such excellent progress in her school work I trust your physical condition will soon be such that she can be spared to return here to resume her studies and that then you will urge such a return. I am having a ticket for her return here placed at Shawano and just as soon as she signs an application for reenrolment Superintendent Nicholson or Assistant Superintendent Marble will give her an order to secure the ticket.

Please let me hear from you after Clara has arrived at your home.

Dear Sir:

Clara Shunion, a pupil of this school now a Junior, comes to me with the request that she be allowed to go home this summer. She has a letter from her aunt saying that there are certain matters which need her attention at home.

I have tried to discourage Clara from going since she has just one more year here. She is a bright girl and has the making of a splendid woman, and if there is any possibility of her not returning to finish her course by my allowing her to go home this summer, I would dislike very much to see her go, and yet if conditions at home require her being there this summer, I would not want to stand in her way of going.

Will you please let me know whether it is necessary that she go.

The children are all well and getting along nicely. I never could catch Johnny when I want to whip him he can run so fast.

Grandpa is about done with sowing his grain only some oats yet just a little bit more then he is going to plant corn and various other things.

Grandpa is always well pleased when ever you write to us and tell us how you are and all the news you send us.

he planded a garden of a few vegetables and when he would plant onions little Clara would go and pull them all out and would eat a few.

I am not very strong yet because you know I never steped out side of the door for 4 full months not until this month did I go out doors I all ways think of you and wish that you were here to help me with my work and do the planting
