INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Dear Mr. Lipps:-

To-day Mr. Gillingham gave me the following facts regarding
Era Patterson's accident.

On Thursday in the afternoon of February 24th, Era Patterson was
struck and injured by train C-59, a milk train, on the P. B. & W.
crossing at Lincoln University, Pa. Era was returning from school to
her country home which was on the other side of the rail road crossing.

Dr. Miller of Lincoln University and Dr. Erving of West Grove were
called and that night she was taken to the University Hospital in
Philadelphia.

Mr. Gillingham tells me that this crossing is considered a dangerous
one. This is the second accident within the last two years. In the former
case the girl lost her life. On the day previous to Era's accident a neighbor
narrowly escaped with his life. Since Era's accident steps have been taken
by the residents demanding better protection for life at this crossing.

The railroad company itself since Era's accident kept toll for three
days to determine the amount of traffic over this crossing. The first
day there were five hundred persons crossed on foot, sixty-one
wagons and one automobile. This was in bad weather when the roads
were quite unfit for automobile traveling.

The train crew on this milk train claimed they were traveling at
the rate of fifteen miles per hour when Era was struck but Mr. Gillingham
judges it was more like thirty miles per hour and he has seen them go over
the crossing at forty miles per hour. This train also carries express and
does not stop at this crossing every day. The stopping and the

length of time required for the stop depends on whether there is any loading or unloading to be done.

In the winter time the crossing is sometimes blocked for five to ten minutes just at the time when the school children are returning from school and they are compelled to wait in the severe weather. "End."

The claim agents visited Mr. Gillingham. They inquired particularly regarding Tom's eyesight. Mr. Gillingham emphasized Carlisle to them. He agreed with me that it would be advisable that I see the claim agent at Media and refer him to you.

In case we wish to take up the case with a lawyer he suggests Mr. Ash Holding of West Chester, Pa. He says he is the ablest man in the county.

I will report my interview with the claim agent.

Dear Mr. Lipps: -

Enclosed is the name and address of the claim agent of the P. B. & W. B. Co. Mr. C. C. Mahoney, Wilmington, Del.

This morning when I went to the Superintendent's office at Media, I learned that the claim agent's headquarters are at Wilmington, Del. The party to whom I talked in the Superintendent's office told me that in order to see the claim agent I had better make an appointment as he was apt to be out. He said he would call him by telephone and make the appointment for me to see him at Wilmington or have him call to see me. He further suggested that possibly the claim agent could have one of his men call to see you from the nearest office at Harrisburg. The latter suggestion seemed to both of us to be the best way to get at the situation.

He stated that all the reports regarding the case had been handled through this Media office and as yet no claim had been made. He asked me if we had made any claim. I said we had not yet. He also inquired as to how Eva was getting along in the hospital. From his conversation I judge they are expecting and waiting to hear from us.

I told him I would send Mr. Mahoney's name and address to you and await your instructions.

Dear Mr. Lipps: -

Poor little Eva Patterson is certainly in bad shape. Last night upon receipt of your telegram I went to the hospital to see her and again to-day.

She is suffering from a broken left arm, a compound fractured right leg, and two broken ribs, besides some bruises. An X ray examination was made on Saturday. The plate will be developed on Monday. On Wednesday I am to see personally Dr. Frank, the physician in charge, and will then be able to give you a more detailed report.

Dr. Frank said to-day over the telephone that the danger lay in the fractured leg which is open and may be infected through the dirt which had gotten in.

I presume you have the details of the accident from Mr. Gillingham. Eva says she fainted on the railroad as she was crossing on her return from school.

Very respectfully,
 Lida M. Johnston.

Dear Mr. Lipps: -

Tuesday I went to Lincoln University and went over the ground and details of Era Patterson's accident with Mr. Gillingham. I am sure she was handled very tenderly and all was done that was possible. Mr. and Mrs. Gillingham are ready to assist us in doing whatever seems best for Era's welfare.

I understand Dr. Miller and Dr. Emery are physicians for the railroad, hence do not receive compensation through our hands.

This afternoon I saw Era and talked with Dr. Frank at the hospital. Further examination has proven that in addition to the injuries referred to in my previous report, the pelvic bones are broken. The fracture in the leg is bad. A piece of the bone was splintered off at the time of the accident. There is no infection yet. To-morrow they will put her on a Bradford frame which practically keeps her body immovable.

Already the nurses are speaking of her courage and bravery. She did not shed a tear until this morning. Dr. L. W. Frank is her physician and Miss Era D. Srope is the head nurse of her ward - Ward N. Mrs. Potts with whom the Parsano boys are living visited with her this morning.

I think it would be advisable for you to communicate with Dr. Frank and ask him for frequent reports.

Very respectfully,

Dear Sir:-

I am sorry to tell you that I have had some bad news concerning your niece, Eva Patterson, who was living with J.S. Gillingham of Lincoln University, Pennsylvania, under the outing. I will quote Mr. Gillingham's letter which came to me this morning,-

"I have bad news to tell you. Yesterday about four o'clock, our little girl, Eva Patterson, on her way home from school, was struck by the afternoon ~~street~~ train. It broke both bones of the right leg, just above the ankle, fractured her left arm below the elbow and bruised her back of which she complained.

We had two physicians and we thought it best to take her to the hospital. Dr. J. C. Miller took her to the University Hospital (Philadelphia, Pa.) last night. I enclose Dr. Miller's letter. We had all arrangements made for Dr. Miller by phone.

It was wonderful how Eva bore up. I never saw such nerve. Mrs. Gillingham and I feel very sorry for this accident. I tried to get into communication with you by telephone last night but found that you were without one."

Immediately upon receipt of the above letter, I telegraphed Miss Johnston, the girls' visiting agent, who has headquarters in Philadelphia, to go to the University Hospital and report upon Eva's condition. When I hear from her, I will write you again.

You can rest assured that Eva will have the very best of care and attention in the Hospital. Miss Johnston will remain in Philadelphia and see the child as often as it seems necessary.

Very truly yours

Superintendent.

Mr Friedman

Dear Friend

I wish to ask you about
Ava Patterson I heard she
is sick and in the hospital
and also heard she was not
very well lately. Now if
that is so if she is not well
enough to be in school I
would like to have you
to send her home to me

to Salamanca, N.Y. and
I will meet her to Clearm
and let me know before
hand, or if she is so she
cant come home alone I can
come after her, and if
she get so she can go
to school I will send her
to your school again.

Please write and let me
know all about it soon

West Salamanca, N.Y. Box 175.

Dear Mrs. Halftown:

I have received your letter of the 29th instant, relative to your daughter Eva Patterson, and I have just inquired of the Matron after Eva's health. The Matron tells me that Eva is just as well as she has ever been since she has been here. At times Eva has fainting spells but gets over them readily and aside from that she seems to be as well as ever. I shall keep you informed if Eva gets sick so I hope you will not worry.

Very truly yours,

LAF.

Superintendent.

Eva is getting real stout you will
hardly know it was the same
girl that left Carlisle Sept 11-1915
her measurement I will give you
now compared with the one at school.

38 inches bust measure.

34 " waist "

32 1/2 " length in front of dress

15 1/2 " under arm.

I had Dr Wm B Ewing to see her
and he examined her as I was
afraid of Consumption but I will
tell Miss Johnson when she comes but
the child needs glasses as she is very
nearsighted she cannot see anything
on the black board.

My dear Sir:

Having noted the request contained in your letter of March the 16th, this is to advise that arrangements can be completed to have Eva Patterson spend the vacation months with you at your home if the required amount of funds for her transportation are placed on deposit with me.

I have been informed that the last rate that was in force here to Salamanca is \$6.99, but as her return fare will also have to be deposited an amount of \$14.50 would be sufficient to cover her transportation both ways and would leave a small amount for incidental traveling expenses enroute home.

My dear Sir:

This is to acknowledge receipt of your letter of August the 10th and to advise that Eva Patterson will be given permission to return to your home if you will send what is required to pay for her transportation. It is usually required that a sufficient amount be placed on deposit from which the return transportation can be provided, but I will comply with your request if the one way fare is sent.

An amount of \$7.50 will be sufficient to pay for Eva's transportation and will leave her a small balance for incidental expenses.

Dear Sir

I'm receiving your letter the other day. was surprised to hear that \$1.45 I have for Eva Patterson's money now I will explain to you same as I did to Mr Friedman that I say I have no money that belongs to her. you write to the U. S. Indian Agent George Ansley of Salamanca N.Y. to see who has got all of her money. but I will tell you what the agent has told me every year when he pays the Indians their annuities. he said that all the children that is in the Government schools. no one can take their money only them self when they become of age so I suppose the money goes back to and kept by the U.S. Gov.

will do this I will send her
transportation ~~one~~ for one way out of

My dear Sir;

Eva Patterson has again come to this office with a request that I ask you for the amount required to pay for her transportation home. She is very anxious to return home and I shall not object to her doing so if you send the \$16.00 that will have to be used to pay for her return to school.

She claims that you have about \$142.00 of her money in your possession and if any of it may be expended as she desires I recommend that the amount specified above be sent to me for her use.

Hoping that you will let me hear from you without delay, I am,

Please let me hear from you so that Eva can be advised regarding the matter.

My dear Sir:

Your favor of the 17th instant has been received here and it is noted therein that you do not have any funds in your possession that could be used at this time by Eva Patterson. She probably knows that you are taking care of a house and lot that belongs to her and evidently she was anxious to find out whether any income was being derived from the property. In order that the matter can be explained to her more fully will you please let me hear from you again?

Eva has gone to one of our Outing homes for the winter months and will not now renew her request to come home. Her period of enrolment at Carlisle will terminate at the close of the school year in June of 1916 and she will then be entitled to go home at Government expense for her transportation.

Dear sir

In regard to your letter the aug 18 - 1915 - which I ought to answered before. I will explain the matter to you the same as I did to Mr Friedman when he wrote me the letter like the one you did.

I have no money on hand for Eva Patterson. But I am appointed ^{as her} Guardian I have a house and a lot belongs to her but I cant do anything with that until she becomes of age. Now the money ~~the~~ part you ask U.S. Indian agency for the last five years he sent all her annuity and the leased money ~~in~~ fact to the Gov, she has that to draw when she becomes of age. no one else cant get it but her.

Now about her condition if her health
is not strong enough to go out to
work during vacation and earn
little money same as the rest of the
scholars do, as I understand she hasnt
been out any tall, as I understood by
the contract the school was to see to
her clothing and every thing even
the transportation. now if there is no
objection of her going home, I will
say send her home on the school
expense. I will expect an answer
from you.

Dear Sir:-

(Eva Patterson,) a Seneca, now a pupil at this school writes me from her outing home that her eyes are giving her much trouble and that she would like to use the money in your hands to have them treated and operated upon, if necessary. If Eva has money in your hands to pay her expenses to Philadelphia, it would be a good time, now that she is near the city, to go to Dr. Fox, an eye specialist, and have him examine her eyes. Dr. Fox treats, prescribes for and operates upon our Indian pupils free of all cost. They however, have to pay railroad expenses to and from the hospital and also pay their board while at the hospital.

Will you please let me know what money Eva has in your hands and whether this money can be transferred to her account here to be used for the purpose stated above.

Dear Mr. Gillingham:-

I received your letter this morning and am very sorry to hear of Eva's accident. I telegraphed Miss Johnston, who is in Philadelphia now to go to the University Hospital and keep me informed of Eva's condition. I also have written to Eva's home people telling them of her accident.

I want to thank you for your prompt action in getting Eva to a Philadelphia hospital. I feel sure that you have done everything that could possibly be done in such a case, and I appreciate your interest.

Will you please have the two physicians send me their bills promptly. You can also send me a bill for whatever expenses you had to bear on her account. Dr. Miller can include in his bill, Eva's fare to Philadelphia.

I will write you again when I have a report from Miss Johnston. Thanking you again for all you have done, I am

My dear Sir:

This is to acknowledge receipt of your favor of the 20th instant in regard to the liability of the railroad company on whose tracks Ava Patterson recently met with a very serious accident and to state that the matter of securing satisfaction has already been under consideration. The patron at whose home Ava was staying at the time she met with the accident is ready to extend his help and influence and definite action has not been taken only because it seemed advisable to await the result of her injuries. We are keeping in close touch with the situation and you may inform the uncle that Ava's interests will be as fully protected as is possible.

In this connection I must state that the uncle's presence in Media, Pennsylvania, the terminus of the division of railroad on which the accident occurred, was recently reported to me and that there was a rumor that he

Hamilton Halftown, an uncle of Ava Patterson, called at the office on Saturday and advised me that Ava was injured last month by being hit by a milk train near Philadelphia; that she is now in a hospital suffering from severe injuries. If you have any information about this particular subject, I would appreciate it if you would advise me in regard to the same.

Dear Mr. Lipps.

Today we operated upon Eva Patterson and set the broken bone and plated it. I hope and expect the operation to be successful. Without operation she would have had 1½-2 inches of shortening in that leg.

Her injuries consist in a broken arm - which amounts to nothing. She also has both bones in right leg broken & skin cut over site of break. This break was about 3 inches above the ankle.

UNIVERSITY HOSPITAL

In addition to this she had 3 ~~to~~ 4
fractures on right side broken and
fractures in bones forming the pelvis.
The fractures in this are one on each
side of bone in front of pelvis,
Bones technically called superior
rami of the pubis -

She went thru the operation all
right and is in good condition
tonight -

I will let you know later.
How things are progressing -
Hoping that the reports will be
favorable I remain

No objection to her coming to your home later will be interposed, if it is decided that she should be able to regain her strength without the aid of constant care by a physician. If Ava can be sent home her transportation will be provided.

Mr. Lipps:-

Eva Patterson was discharged yesterday in care of your representative. She has a cast on the right leg which was plated at operation. There is a hole cut in the cast. This wound should be dressed about every three days. The healing of the tissues is not very firm as yet. Wound should be swabbed out with iodine and dressed with sterile gauze. Cast can be removed from the leg in about two weeks. The wound on the right thigh and abdomen needs to be swabbed out with iodine and dressed with sterile gauze.

She has made a very nice recovery. We hope for a perfect result. She probably will have a slight limp due to the fact that there is about one half inch shortening of the right leg.

Dear Friend,

Your most welcome letter
was rec'd this eve., in which was
glad to hear from you.

I too am glad I am getting along
nicely and I expect to be entirely
well by fall.

I wish very much to go back
to Carlisle again this fall.

That is if you should take me back.

And I wish to enter the first
vocational class for I understand
it's the seventh in room ten.

You know I was in the seventh
grade at the Lincoln University
and I got sick so I did not get
to pass into the eight grade.

and I want to study real hard
and maybe I would succeed in

graduating sometimes if I should
just try hard.

You know there's nothing like trying.
About those pictures I asked.
I am sorry I cannot get any after all
so I will let them go.

But if I only had two of them
I would be very glad that's the
"Class of 1915" and the "winning
troop G." if you don't mind would
you try to get them for me at the
"Hensel Studio" or anywhere you
can find.

^{I don't} I want to bother you so much.
and may I ask when you are
going to send my money.

You don't need to if I can come back.
and would you kindly tell who paid
for my expenses in "Hospital" at Phila
and how much.

I hope to hear from you soon.

Sincerely yours. Eva Patterson

Dear Eva:-

I have your letter saying that you want to return to Carlisle this fall if you get well enough. I want to talk with Dr. Rendtorff about your return before I give you any definite promise. I will have to do whatever he advises in your case. I want to help you if I can because you are not strong like other girls and need help more, but I would not advise you to return until your health is good again. The work as planned now takes hard work and you must be sure that you can stand this, before you decide to return. Write to me again later in the summer and I will consult the doctor and write you.

I can send you a picture of the winning girls' troop if you will send me fifty cents.

I have mailed a check for Fifty Three Dollars and Fifty Cents, all the money due you, to Mr. Ansley today. Your hospital bill of \$62.67 has been paid by the government.

Very truly yours

Superintendent.

Dear Sir:

Ava Patterson has returned to this jurisdiction and is now living with her uncle, Hamilton Halftown, on the Allegany reservation. She called at the office the other day and stated that she had a balance of Individual Indian money to her credit in your jurisdiction. If you see fit, you may transfer this amount to this jurisdiction so that I can take care of her needs if necessary.

Can you advise me ^{is} ~~relative to~~ anything ^{is} being done relative to obtaining a settlement for her arising out of personal injuries occasioned by a railroad accident near Philadelphia and if, under the circumstances, you believe there is any liability on the part of the Railroad Company?

Dear Sir:-

Replying to your letter dated July 7th, which through some oversight here has been neglected until now, I have to say Eva Patterson has the sum of Fifty Three Dollars and Fifty Cents to her credit here. I enclose a check for this amount made payable to you.

Relative to her injuries, I have to say that our doctor here says that the injuries occasioned by the railroad accident have not been as serious as the effects from the operation for appendicitis which was performed at the hospital during the time she was recovering from the accident. The Claim Agent of the railroad company was here to see about a settlement during my absence last spring and promised to call again, which he has not done. He did not promise anything but thought the company might pay Eva's hospital bill. This bill, amounting to \$62.67 has been paid from government funds. I do not know that we can get anything from the company.

I write you with reference to the accident which occurred on your Road to Eva Patterson a pupil of this institution while returning from school to her outing home with Mr. J. S. Dear Mr. Lipps:-

Today Mr. Gillingham gave me the following facts regarding Eva Patterson's accident.

On Thursday in the afternoon of February 24th, Eva Patterson was struck and injured by train C-59, a milk train, on the P.B.&W. crossing at Lincoln University, Pa. Eva was returning from school to her country home which was on the other side of the railroad crossing.

Dr. Miller of Lincoln University and Dr. Ewing of West Grove were called and that night she was taken to the University Hospital in Philadelphia.

Mr. Gillingham tells me that this crossing is considered a dangerous one. This is the second accident within the last two years. In the former case, the girl lost her life. On the day previous to Eva's accident, a neighbor narrowly escaped with his life. Since Eva's accident, steps have been taken by the residents demanding better protection for life at this crossing.

This report is dated April 6, 1916.

Mr. O. H. Lipps
Superintendent Indian School
Carlisle, Pa.
Dear Mr. Lipps:-

Today Mr. Gillingham gave me the following facts regarding Mrs. Patterson's accident. On Thursday in the afternoon of February 24th, Mrs. Patterson was struck and injured by train G-29, a milk train, on the P. E. & W. crossing at Lincoln University, Pa. She was returning from school to her cutting home which was on the other side of the railroad crossing. Dr. Miller of Lincoln University and Dr. Ewing of West Grove were called and that night she was taken to the University Hospital in Philadelphia. Mr. Gillingham tells me that this crossing is considered a dangerous one. This is the second accident within the last two years. In the former case, the girl lost her life. On the day previous to Mrs. Patterson's accident, a neighbor narrowly escaped with his life. Since Mrs. Patterson's accident, steps have been taken by the residents demanding better protection for life at this crossing.

The extent of the injuries received by Eva are described by Dr. L. W. Frank of the University Hospital as follows,-

" Today we operated upon Eva Patterson and set the broken bone and plated it. I hope and expect the operation to be successful. Without operation, she would have had 1½ to 2 inches of shortening in that leg.

Her injuries consist in a broken arm, which amounts to nothing. She also had both bones in right leg broken and skin cut over site of break. This break was about three inches above the ankle. In addition to this, she had three or four ribs broken and breaks in bones forming the pelvis. The breaks in this case are one on each side of bone in front of pelvis, bones technically called superior rami of the pubis. "

March 6, 1916.

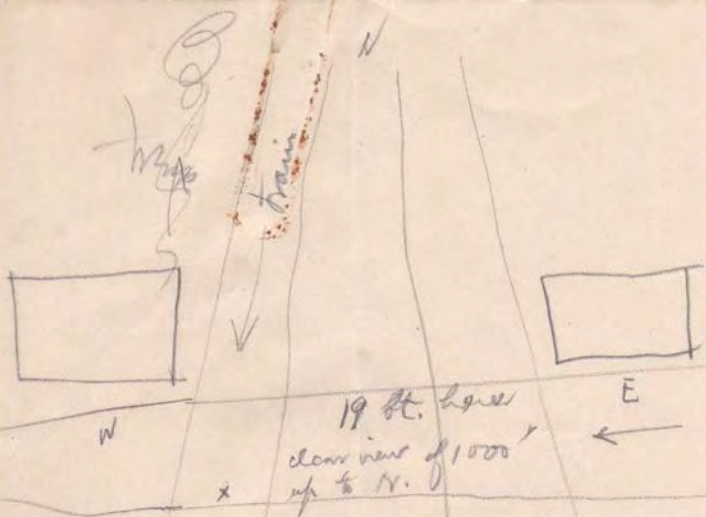

In view of the above facts, it seems that your Company should take up the matter of a settlement for damages at once. I shall be glad to have you or your representative call upon me here at any time.

Eva is a pupil of this school and is under my care and protection and I shall look after her interests.

Very truly yours

Dear Sir

Lincoln University Pa
Mar 24-1916

When Miss Johnson talked with me regarding Eva some time ago she suggested that I write you. I thought at your request but for fear I am mistaken I will write you.

The railroad people were quite exercised in regard to the accident all the different departments reported. The Delinquent of the company came to see the next day a little later the claim agent came I was very careful as to how I expressed any self to them I told them the girls was a word of Corliss.

The crossing where Eva was struck is dangerous she was the third one struck by a train there, the first being a butcher and his team, the second a school girl and team made a very narrow escape on the day of the accident the citizens of the village started a petition asking that this crossing be protected since then the company has ordered an account of the trouble taken on three days of last week I did not learn the total, but on the first day there were over 500 pedestrians 61 wagon, 1 auto, and 1 horse were not run on account of bad road. The view on both sides of track at the crossing is obstructed by buildings to the east. The train that struck Eva stop directly on this crossing two days each week to unload milk cans at a Creamery obstructing the crossing from 5 to 10 minutes other days if there is no express for the station here it runs past the crossing any where up to 40 miles per hour so you see Eva's eyesight being poor she could not judge the speed of the on rushing train and took a chance at getting across avoiding the delay she would have if the train had stopped to unload cans. I am writing this to give you a few facts regarding conditions here I feel that the railroad company should compensate Eva for injuries and expenses. It don't seem right that she should suffer and possibly be a ripple for life and not be compensated I would rather talk the case over than write and

I am writing in confidence It might be said that
Eva should have known better if this train did not
stop and obstruct this crossing the case would be
different On the other hand I would not want to see
a corporation unjustly sued The facts here are it
is a dangerous crossing no bell no gates no watchman
with train crossing at times I would say at 50 miles
per hour I am not advising as to what to do only
giving you some facts I forgot to say that a representative
of the Company called on Eva in the Hospital so she told
Mrs Gillingham who visited her two weeks ago
at night was in to see her Sunday and reported that
she was improving I trust that you will appreciate
what I have written in the spirit I have written

Mr. O. H. Lipps,

Superintendent, U. S. Indian School,
Carlisle, Pa.

Dear Sir:

Referring to Eva Patterson, who recently returned to Carlisle, I desire to inform you that the claim agent for the Pennsylvania Railroad Company was here today with a check for \$100 in her favor issued by the Company to compensate her for injuries which she suffered at a railroad crossing on a line controlled by them at Lincoln University, Pa. I have been in correspondence with the Company for some time while Eva Patterson was in this jurisdiction. After going over the facts with her and the Company it is my judgment that there was no liability on the Company's part. She was injured while attempting to cross a railroad crossing at grade about four o'clock in the afternoon while it was broad day light. The Company, however, stated that they were willing to pay her \$100 in order to settle the matter.

We learned today that Miss Patterson had returned to Carlisle and the claim Agent has now sent the check with a release to one of

Mrs. O. H. Lipps--#2

their representatives who will no doubt call upon you with reference to this matter in a few days.

Dear Sir:

Eva Patterson, one of our students, who was in your care because of injuries sustained in a railroad accident about a year ago, has brought me your letter to her.

I have had our school physician give her a thorough examination and he recommends as follows:

"I have examined Eva Patterson and find her general condition good. All her injuries have healed and all in good condition, except the bone in leg which is plated. The bone is strong and the function of leg perfect, though a sinus persists, that opens about twice a week, discharging serum. I believe she should report to Dr. Frazier as he requests."

Complying with this recommendation I will arrange to return Eva to you the early part of June, if this is satisfactory to you.

Dear Sir:-

Our school physician has given me the following report regarding Eva Patterson:-

"In regard to Eva Patterson, I will say that I have examined and treated her at the hospital and find her condition fair though the injured leg is not in as good shape as it was two weeks ago. I believe it would be well for her to go to Philadelphia next week if you can arrange it. "

On account of our commencement exercises next week, I will arrange to send her to you sometime during the first week in June, if this suits you.

Very truly yours

Dear Sir:

Complying with the request contained
in your letter of the 3rd inst. I had our school
physician examine Eva Patterson and he gives the
following report:

"In regard to the enclosed letter will
say that the plate is exposed, and
there seems to be some necrosis of bone
around it though I did not think it
wise to explore the sinus thoroughly,
the patient not being in the hospital.
I think she should see Dr. Frazier."

If you approve I can arrange to send Eva

Dear Mr. Francis;

In re Eva Patterson who was recently discharged from this hospital following removal of a bone plate, would say that at operation the plate and screws were found to be loose and they were removed without any difficulty. As we had expected, the sinus in the patient's leg led straight down to this plate and when she left here the sinus was already well on the way to complete closure. The leg would appear to be firm and up to any work that may be demanded of it in reason and I do not see why she should not continue to keep up her athletic and other activities.

Thank you very much for having sent her down to us. If there is anything further we can do for you in regard to the case, kindly advise us.

Dear Eva:-

I have your letter saying you want to go home to your uncle so that you can have your eyes operated upon as it is impossible for you to do good work in school now, on account of the poor condition of your eyes.

If your uncle wants you to go home and will be willing to pay your fare, it might be just as well for you to go since you cannot do much in school now. You do not have enough money in bank to pay your fare to New York. You have \$4.83 which is just about enough to return you to Carlisle. Write to your uncle and ask him to write me what his wishes are.

Dear Mr. Francis:

I am writing
to you again to ask you
some question,

I want to know if
I could go home to my
uncles at Salamanca,
New York for a while,
on account of my eyes.

I know my uncles
and I do something
for them.
I could go to the city
and ^{have} them treated, as
an operation performed

if necessary as you know I
have trachoma and it is
getting worse,
and if I dont attend to them
now, I'm afraid something
will come to me that I dont want
in a few years.

So I think it would be
the best if I could go ^{home}
for at least give me ^{three} ~~three~~
months and I would return
to my outing home again
for I want to finish in
~~the~~ school work at June.

I am expecting for a diploma
in the spring but we have
mid year examinations
this month and we began
new studies in February
and have finals again
in June from that time,
you see I would not miss
much. and I would rather

have my ^{eyes} done away
now than to be blind
afterwards.

My eyesight are much
affected for the glasses
didn't do much for me
anymore.

and if you doubt believe
you can write to the
teacher and school doctor
and they will tell you
the same thing that
my eyes are bad.

I would not ask you if
there wasnt any trouble
and I think I have enough
money for transportation
and you can arrange with my
uncle to meet me.

Please write to me soon and
I shall be much obliged, Sincerely

My dear Miss Johnston,--

Eva Patterson has shown such continued dissatisfaction that it seems to me it would be just as well to allow her to go home to her uncle in Salamanca, as she desires. I wrote to her uncle and he is willing to take her. If you can arrange to bring her to Carlisle when you return, I will complete arrangements to send her home. The enclosed is a copy of a letter I have written Eva.

Dear Madam:—Miss Johnston writes that she will be ready to return to Carlisle the 25th or 26th of this month at which time she can bring Eva back with her. Please tell Eva that she has just about enough money in bank here to pay for her return fare. Her uncle has not yet sent the money for her fare from Carlisle to Salamanca. She can leave Carlisle for her home as soon after the 26th as ~~her~~ money provided her money is here.

Dear Mr. Francis:

I was particularly glad to hear from you as it is so encouraging to hear from the folks back at Carlisle.

I am so glad that you are going to let me go home.

You are so kind and nice to help me in my troubles.

I just received a letter from my uncle recently and I am sending it.

He was at Maryland as he is and he told me before that he was going home for a few days and we thought I thought I as well go back with him.

But I think he's already

-2-

gone and can't wait
on account of his date
being so ill & living. I
I would love to see her
now for I thought of her
as a sister always.
But as you said I shall
gladly wait for Miss Johnston.
I have a place in
Buffalo where I expect
to go for my eyes.

a friend of my uncle will
look after me and have
the arrangement made for
me when I get there.

I shall be so glad to see
Miss Johnston.

I wish she was here now.

Will you kindly tell me
how much money my uncle
sent for my Car-fare?

and who is going to pay
my way back home here?

I certainly hate to leave
here for I could have

received a diploma this
spring and ready for high
school next fall.

But that I want to go
and I ought to be glad
to have my eyes treated
for swelling and redness
anyway.

How long will I have to
stay at Carlisle?

I am afraid I'm asking
you too many questions
but I know you don't
mind because you are
so nice.

I will tell you more
later after I hear from
my uncle again.

I am glad the sun is
shining as we had
awful dark dreary days.

I will now close as
I should be glad to hear
from you again.

With the season's
best greetings.

Sincerely,
Eva Patterson

P.S.

I don't suppose you know
or Mrs Denny that I have
a nickname "Patricia" as
there is another Eva
Patterson here in town.

Dear, Eva

I have written to the Supt of the School last evening about you going home and I expect to hear from him in few days. you will hear from him too in few days.

I got your letter yesterday and was glad to hear you are still alive. I got letter from home to day and was glad to hear Perle is about the same I am so worried I dont know what to think what to do. now I am going to send the money to

To the supst for your
Car fare and he will
see to your ticket.

and you will hear more
about it later in few days
I am well and hope you
are the same.

She is in one of our outing homes now and I have arranged for the lady who takes care of our girls under the outing, to bring Eva to Carlisle when she returns, which will be in about two weeks. I will then arrange to send her to you.

She has just about enough money to bring her to Carlisle from her outing home. She will need \$7.66 for her ticket, \$7.06 from Carlisle to Olean and you say the fare to Salamanca from there is \$.60.

Dear Madam:-

I have your letter saying that you cannot afford to send money for Eva Patterson's car-fare to her home at this time as you have had sickness and death in your family and your expenses have been heavy.

It seems then that Eva must give up her trip home for the present as she has spent all the money the railroad company allowed her for her accident, all but \$4.83, which would not be sufficient to pay her fare.

She is not able to do much in school on account of her poor eye-sight. It is possible we may be able to find a home for her in our outing district where she can earn enough money to pay her own way home.
