My dear Sir:

I have your letter of July the 1st, regarding the return home of the Walker boys because of the illness of their aunt. In reply thereto I must state that the boys were transferred to Carlisle in the regular way thru the office of Superintendent Kneale and their return home now should not be effected except the arrangements are again made thru the Office of the Superintendent now in charge at Winnebago.

It is believed that the boys are urging the matter from this end, and that the real necessity for their return home should be thoroughly investigated before a definite recommendation is made. Without such a recommendation from the Superintendent they cannot be sent home.

Very truly yours,

Mr. Horace Walker,

My dear Sir:

Referring to your letter of December the 17th, in which you call attention to certain derogatory statements and charges that were made by Oliver Wolf after his return home from a visit to this school, I submit below for your information a copy of a statement that has just come to me from our Disciplinarian:

"In reply to the letter from the father of Chas. and Fred Walker in which he states that a certain Omaha Indian who was here recently reports to him that his boys are acting badly here at school, I would beg to state that all these reports are lies as far as the conduct of these boys is concerned since I have been among them for the past ten months.

Charles works in the print shop and Fred at the baker's trade. They each attend school every day and are reported as doing good work both in their classes and at their trades. Charles has never drank since he has been at this school, but Fred was reported as having drank once last year which fact he acknowledged to me but positive-

ly denies having tasted any strong drink for the past year, and I believe him. I wish you would inform the father that I as disciplinarian regard his sons as above the average and have found them both gentlemanly and industrious as well as putting good effort into their class room work. He should not allow any evil minded person to lead him to think that his boys are bad. I am pleased to know that he realizes the value and the high training that Carlisle is giving to the young men and women here and that his own opinion is the same as that of the leading Indians of all tribes."

I am certainly pleased to submit so favorable a report to you in regard to the record of your boys, and it seems only fair that the young man who has lied about them should be informed of this true report.

Very truly yours,

April 21st, 1914.

Mr. Horace Walker,

Walthill, Nebraska.

My dear Sir:

I have noted the request contained in your letter of April the 19th. Replying thereto I will state that your two sons can be given permission to return home for the summer months if such action meets with the approval of Superintendent Spear.

An amount of \$120.00 would have to be deposited with your Superintendent or with me to pay for the boys' transportation home and with which transportation could be provided for their use at the opening of the next school year in September.

Hoping that your next letter in regard to this matter will be submitted thru Superintendent Spear's office and assuring you that I will gladly co-operate with you further, I am,

Very truly yours,

HKM.

Should he receive assistance to find employment? _____

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.
 2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.
 3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.
 4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.
 5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
 6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.
 7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.
 8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.
 9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.
 10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.
- Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
