INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Under the circumstances your request cannot be considered favorably at this time and I trust Peter's brother and sisters will agree that he should continue uninterruptedly with his enrolment here.

Dear Peter:-

I have your letter saying you want to return to Carlisle because you do not want "to work for nothing".

I want to tell you my boy, that I am sure you are not working for nothing. When a boy has the advantage of going to school all day, gets three square meals a day, has room and heat free of cost, has all his clothing washed, ironed and mended for him, free of cost, he surely is not working for nothing. Did you ever think about this Peter ?

Most men who are working for wages, have to pay not less than a dollar a day for room, heat, light and meals. They have to pay nearly a dollar a week to get their washing done. They have to buy their own clothes. You get all this for NOTHING.

To be sure you have to work but didn't you know you would have to work, when you went out this fall ? You would have to work here at the school, if you should return. You would get no money for it either. You would go to school only half a day.

You cannot blame any one here for having to work all summer for nothing. You did not have to go home this summer. We offered you a chance to remain under the outing and you could have gotten good wages if you had done this.

I want you to think carefully over what I have written you and then write me again.

Very truly yours

I guess you know

that yourself. do you.
 I went back home this
 last summer ^{and} I work
 for nothing for them
 all summer long
 and I thought to myself
 that whom do me any

 better go back to the

 to go work my own

Dear Sir:-

I was surprised to get your last letter saying that Peter Thompson had not yet attended school. If Peter cannot be made to attend school out there, he should return to Carlisle at once. He has no money here to pay his return fare. If he has earned any wages working for you, this should be used to pay his fare to Carlisle.

I cannot sanction his remaining out without attending school.

Supt. Carlisle Andraie School

Dear Sir:

This letter is written
in regard to Peter Thompson.

Peter has been a good boy
since coming back at Xmas
time. He has not yet been to
school for the reason that in
December we were quarantined
and then the 10 days vacation
which lasted until after New Year.
Since that time my business
has called me away from home
during the day and I was compelled
to keep him home, as it has been
so cold and icy, and Mrs. Keizer
not being well, that I was afraid
for her to go to the barn to take
care of the stock.

The inability to get farm help
was another reason for his staying home.

(20)
I know that I have not lived up
to our contract, and I humbly ask
your pardon. Peter does not want
to go to school as there are only very
small children going to the school.
He would like very much to stay
here and work for wages and says
that he will run away if he has
to go to school.

I am in a sort of a quandary.
I don't know hardly what is best
to do, but if in the face of it all
if he could remain here until
Spring and work it would be
a great convenience to me and I
think a benefit to him.

I know I am asking a good bit
and probably it is against the
rules of the school, but help is so
scarce farmers are up against it
hard.

I anxiously await your reply
