11. Have you done anything for the betterment of your people? Write fully.

No, I do not think I have done anything for the betterment of my people. The reason why you know this is not a reservation and the Indians are very few in number around town and those that are here are independent, I mean most of the younger generation have a little education and can earn their own way through life. In fact I know so few those that I do know do not seem

to consider me one of them.

12. Tell me anything else of interest connected with your life.

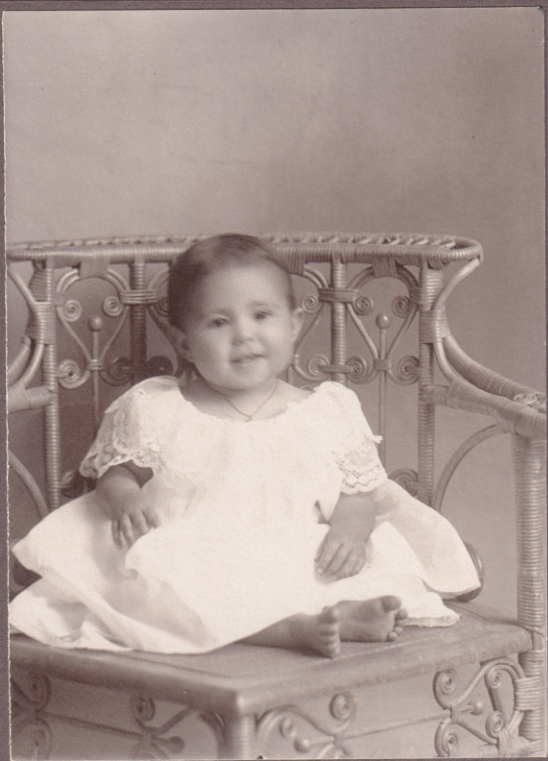

My life is not very interesting same old routine up in the morning at 5 to prepare my husband's breakfast and after that prepare my eleven year old son for school, who goes to the public school and is in the fifth grade.

I will send you photos of my two children Clarence Dineen, and Inezetta Webster. But am sorry I have no photos of either my husband or self.

I have been in the hospital for four months this summer and am rather an invalid yet. Hence the only excuse for not writing immediately on receiving your letter.

My Sister Mollie Elmore a Carlisle pupil is married and living in town, we two are the only two Carlisle pupils I know of in Shasta Co.

Dear Friend

I received your kind invitation to the commencement exercises and thank you kindly for the same, would like ever so much to be with you all, would like to meet some of my old classmates and friends at the school probably in the future I may have that pleasure. I wish the Graduates success and prosperity and hope they will go forward with the good work, dear Carlisle began, and be good, earnest, christian men and women.

I know all the ^{part} Carlisle Graduates, thoughts turn to those who are leaving school life and going out into the great battle of life, and if our thoughts and hopes and wishes could make them a success in all things great and good, They would be so.
