Mr. Friedman -

I know I should have answered your questions and letters before for I certainly am interested in the Carlisle Indian School and grateful for the benefits received there, but I waited hoping that I would get some pictures of house and family, but have not been able to yet.

You will notice that I have no money in bank and our very little stock, just now we have less than we usually have, as we have only lately built our house. and the expense of keeping a large family, we have six children, is about all we can manage.
