My dear Sir:

I will gladly consider any request to have them enrolled at Carlisle, but at this time I have received your valued favor of the 2nd instant relative to your desire to have your two children enrolled at Carlisle, but must inform you that for a number of years children as young as yours are have not been admitted here because it is believed that the personal care and attention they must have cannot be given such small folks on account of the many older students who have to be cared for and for whose education Carlisle is specially equipped and intended. You are advised further that the lower grade work here has been discontinued and that this year only students sixteen and more years of age are being admitted unless it is shown that they have completed more than the usual grade of academic work and can no longer be accommodated in the schools they have attended.

It is my opinion that satisfactory progress cannot be made by little children unless they are given personal care and attention and when they have associates of their own age, and you

will probably find that keeping them in a school where they are equipped to do such personal work for small children will be to their advantage.

When your children are older I will gladly consider another request to have them enrolled at Carlisle, but at this time a favorable reply cannot be conveyed to you.

Thanking you for the kind words of appreciation of the training that was given you at Carlisle you expressed in your letter, I remain,

Very truly yours,

Mr. Meyer -

Please write him a nice letter and state that we have had no children so young at Carlisle for several years and that the lower grades have been discontinued and that his children can receive the personal care they so much need in a school where they are prepared to care for such children & where they can have associates of same age, etc.

When the children are old enough we will be glad to admit them.

Mr. P. H. Lipps, Supt.

Carlisle, Pa.

Dear sir:— I seek admission to your school for my two motherless children— Son Randolph Speeche, boy, age 8, and Andrae Speeche, girl, age 7. Both has attended kinder garden school of Phoenix and two years at Rice Ind. School, Rice, Arizona. At present they are attending Rice school, Dr. Perkins is the superintendent. Since they are motherless and I have no mother also to care for them they should be given training and education at Carlisle. Why Carlisle? Because I got my training and education there, class 1901. I have reason to desire to have them under her charge. It is through Carlisle's training that I am mining and civil engineer. My work requires considerable territory and my children are forever neglected in my absence.

Mr. Vincent Natalish, class 1900 of Carlisle, is going to New York City about the 1st of October. He agrees to take my

children to Carlisle if the admission
is O.K. Mr. Vincent Nataliska is stationed
at Rice Ind. School.

Please advise me of their transportation
from Rice, Arizona, if your decision is
favorable. Enclosed photo of children. We
are Apaches.

Respectfully yours,

Dongo Specche
