INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Dear Mr. Friedman:

Sometime has passed since I received your letter, containing a blank for proposed students of Carlisle, whom I could recommend.

The agents here is not in favor of Carlisle at all. For what reasons, I do not know.

Outside of his objections; I have had a talk with several boys

who expressed their desire to enroll as students at Carlisle.

This reservation has had but very few boys and girls that have gone off to non-reservation schools. Isrover Allen and Louis Dupuis being the only students from this reservation at Carlisle.

From what I hear and understand it would be a difficult matter to persuade them to go

me, who has had experience in traveling, could accompany them. That is the one's that are planning to go.

I would have gladly chaproned the party, but, as matters at home are not altogether satisfactory, so that it renders it impossible ^{for me} to act in that capacity.

Will now close. Wishing you success for the coming school year — C. W. Carter, 12

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Graduate Leaves For Farm.

Carlisle, April 8.—Caleb Carter, one of the boys graduated from the Carlisle Indian school, left Friday evening for his home in the northern part of Wisconsin, which he has not seen for many years. Carter said that he has a large tract of land there and will at once become a farmer.

"And I can make it go, too, for what I learned here has surely helped me, and I will raise just as much and if possible, more, than the white farmers."

Carter had the first oration of the day at the graduation exercises and his talk was on "Gardening."
