The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

The term grade in this report is the average of the Triweekly reports and the Final Examination.

The passing grade is 75 per cent. A student making a grade of between 70 per cent. and 75 per cent. in a given subject can receive credit by taking special examinations. Below that grade the work must be repeated. A term grade of 90 per cent. or more in a given subject in which no Triweekly report has been below 85 per cent. will make final examinations in the given subject optional.

The Final Examination grade must be at least 60 per cent.

Dear Dr. Fox:

Francis Eastman, one of the young men enrolled
at this school, desires to have his eyes examined.

Will you please have me advised whether it will
be convenient to have Francis come to the Hospital the
2nd or 3rd of June?

Thanking you for past favors and trusting this in-
quiry will not inconvenience you, I remain,

the check and return to me.

Mr. Francis Eastman,

Peever, South Dakota.

My dear Francis:

Your letter of the 9th instant was brought to my attention when I returned to school yesterday afternoon.

The news contained therein was somewhat of a surprise, but if you have determined to make use of your land your choice is a commendable one and I wish you every success in your undertaking. You will find that there is a great deal of hard work ahead of you and that disappointment will be met, but you can be a producer and you are independent. Whatever effort you put into your farming operations will be repaid in the satisfaction of a bountiful harvest, and financial gain as well as gain in many other ways will be yours. Keep me informed about yourself and be assured again that I wish you every success.

Very truly yours,

HKM.

Superintendent.

Aug. 9, 1916.

Dear Mr Lippes:

I write to you
today to inform you that I
will not return to Detroit.
I know I am giving up a
good job, but eventually I
must be on my farm.

I have that chance now and
I think it will be best for me.

I hope and trust that you
think well of my action.
Yours truly
Francis Eastman

Sept. 7th, 1916.

Mr. Francis Eastman,

Peever, South Dakota.

My dear Friend:

I was pleased to receive your letter of September 2nd and to note therein that you were granted the rights of a citizen recently with about fifty other Indians who are believed competent to handle their affairs without supervision. That is a privilege indeed and I hope I shall be advised soon that you are assuming the responsibilities of citizenship as well as the rights allowed you. You have had the training needed to make you a leader in your community and I extend to you my best wishes for success in whatever you may do in making good use of your rights and privileges.

Referring to the inquiry that is contained in your letter, this is to advise that you have an amount of \$36.13 to your credit in our school bank and that a check in that amount is being enclosed herewith.

Thanking you for your kind personal wishes, I remain,

Your friend,

HKM.

Superintendent.

Dear Mr Lippes,

Since I

have decided to stay
at home I think it
will be best that I
draw the balance of
my account with you
at Carlisle.

I am at home
working on my place,
of course the work I am
doing here does not
bring me any pay.

but it is all to improve
my place and land.

I find my land is
not in a very good
condition due to neglect
but I think I can
have it near the way
I want in a year or two.

Perhaps it will be
interesting to you to
hear that about fifty
Indians on this reserve
were given their rights
and made citizens and
I am one of them.

Since I left Carlisle
I have often thought
of the time I spent there
and I can say that
I am glad I went to
Carlisle. Although
I did not advance
as far as I had
expected, yet when
I think of the chance
there is here for me,
I think after all it is
just as well.

In conclusion I want
to say that my best wishes
are with you all at Carlisle.
Yours truly, Francis Eastman
