### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

My Friend,

Replying to your letter addressed to Mr. Miller relative to tickets for the football game at Chicago, I have to advise you that no tickets will be received for this game here. If you are in Chicago and intend seeing the game I would suggest that you call on Mr. Warner at the hotel at which he is stopping and he will endeavor to fix you up with a ticket if he has any to spare. The game is scheduled for Nov. 14th. I am glad to learn you are making progress in telegraphy and wish you success. Promotion in that line of work comes fast to good men.

**Suggestions for Supplying the Information Requested on this Blank.**

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

All Agents:

The Interstate Commerce Commission and the State Commissions require that all business handled be reported on a basis of exact names of commodities.

The terms "Miscellaneous" and "Merchandise," also technical and local names for commodities and the use of confusing or improper abbreviations are prohibited.

Do not use the term "Grain" for the commodity, but specify the kind, whether Wheat, Flax, Oats, or whatever kind of grain it is.

Do not use the term "Live Stock," but specify the kind, whether Cattle, Sheep, Hogs, etc., and abstract separately the single and double deck cars.

Do not use the general term "Pipe" without specifying what kind, whether Wooden, Sewer, Wrought, Cast, Cement, etc.

In other words, report the actual commodity to which the rate is applied as named in tariff. The only exception to this rule will be in cases of L. C. L. shipments as shown below.

In abstracting commodities of L. C. L. shipments, show the commodity of the heaviest shipment on the waybill. For example: A blanket waybill covering shipments of Tobacco 1,200 lbs., Fruit 200 lbs., Groceries 100 lbs., should be reported as for the commodity carrying the heaviest weight; in this case it would be reported as, "TOBACCO 1,500 LBS."

These instructions are to apply for all reports calling for commodity information, such as abstracts of Local Forwarded, Local Received, Interline Forwarded, Interline Received, Form 471 and Form 422.
