Supt. O. H. Lipps,
Carlisle, Pa.

Dear Sir:

Your letter re-
questing me to send
you names of boys
and girls whom I
thought would be
worthy students of
Carlisle, was received
some time ago.

Since I am

away from the reservation
I am unable to comply
with your request
but kindly accept my
gratitude for being
considered worthy of
the favor.

The plan to admit
boys and girls who have
a purpose is commend-
able indeed. I extend
my best wishes for
an ultimate success
for you and the school
in general.

If at any time you
find anything on which
I could help the school
in some way, I shall
be more than glad to
have you let me know
of it.

Very truly yours,
Mrs. J. A. McAllister,

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

This form is for the record of the physical condition of pupils of boarding or nonreservation Indian schools. It should be filled in by the school physician at the time of the admission of the pupil.

Physicians in the field should use this form to record the examination of pupils for transfer to nonreservation schools. It should accompany the pupils' transfer blanks.

The reverse side is intended as a card-index case-record for use by all Service physicians.

Hear Mr. Friedman:—

By the request of
Emma Newashe who is
unable to write, I am
sending in a request for
her for a check of ten dollars.

Unfortunately while
coming out from society
meeting last Saturday
evening Emma had a
severe attack of appendicitis.
The doctor advised an
immediate operation but
Emma objected as she would

rather have it done at Harrisburg
in order to be near her brother.

I will accompany her to her
brother's home as soon as her
car fare arrives. So please
send the check as soon as
possible.

This last attack is the second
severe one she has had within
two weeks and the doctor does
not want Emma to put off
her operation any longer than
she has to.

I will await a quick response
I am,

Sincerely

Supt. M. Friedman,

Dear Sir:

About three weeks ago, I am told, Emma Newashe was taken with an attack of appendicitis pn her way home from the Carlisle-Pennsylvania foot ball game in Philadelphia. The attack did not prove to be a serious one, though Dr. Patrick was called in and treated her. Last evening while at the school she was again taken ill with it and Dr. Patrick was again sent for. This morning she is better, but he is still keeping ice over the appendix. She does not want an operation, and he says there is no immediate need of one, though he, of course, cannot assure her that she may not have another attack at any time which might need operation. I am writing you as I know that you will want to be informed with regard to the matter. She has been doing nicely in her school work.

Yours very truly,

Dr. G. M. Philips,

West Chester, Pa.

Dear Dr. Philips:

Replying to your letter of the 8th instant, and one written by Helen Picard, in behalf of Emma Newashe, just received, I have to say that I will not approved of Emma going to her brother's home in Harrisburg for the operation which seems necessary. If Emma is willing that an operation be performed I will arrange with the Authorities of the German Hospital, Philadelphia, where we take all such cases from this school, to receive Emma and care for her until she is able to be dismissed. Her expenses at the German Hospital would be very much less than she could expect them to be in Harrisburg. I shall be grateful to you if you will advise Emma of my views in this matter, and let me know whether or not she wishes me to make arrangements for her to go to the German Hospital.

Thanking you for your trouble, I remain,

Very truly yours,
