That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

Mr. Chas. F. Peirce,
Superintendent, The Flandreau School,
Flandreau, S. D.

My dear Mr. Peirce:

Complying with the statement that was conveyed to you by telegraph on Saturday, the 23rd instant, this is to advise that Alvis Morrin of Bayfield, Wisconsin, would probably be able to do the work you have at your school for an assistant clerk.

Alvis was a member of this year's graduating class and he has been instructed in the business department at this school as well as in the Carlisle Commercial College. Miss Moore, the instructor in charge of the business department here, has assured me that Alvis is a very competent young man, ambitious and anxious to please. She also stated that he can take dictation at a rate of about 60 words per minute.

On Friday of last week he took the Civil Service examination to test his fitness for appointment to a position as assistant clerk and on Saturday he left here for his home.

His record here was a good one in every way and if the nature of the work you have for him at your school does not

-3- Mr. Chas. F. Peirce, Superintendent.

require previous practical experience I would suggest that you communicate with him direct. Superintendent Dady will be glad to give you further particulars regarding the boy's record at his home.

In this connection I will also advise that Alvis has had one year's experience in our Band and that he could probably assist in that line of activity at your school. He is not much of an athlete, but probably possesses the average athletic ability of the Indian boys.

If I can be of further service please let me hear from you.

Very truly yours,

HKM.

Supervisor in Charge.

A letter will be addressed to each one of the young people you named and if it is convenient for you to assist them in bring^{ing} an application for enrolment to Superintendent Dady's attention the additional favor will be appreciated.

Trusting that the summer has been pleasant and profitable for you and that you will decide to continue with your education by enrolling at some good school this next month, I remain, with best wishes,
