Mrs. Anne Rolette Perrine,

Medacine Lake, Montana.

Dear Anna:

I have your letter and am sorry to know that you have had some troubles lately.

- I also note that you have taken the examinations for Matron in the service and that you would like me to assist you. My advice to you about this would be that you accept whatever the Department gives you. There are many applicants for these positions and I doubt if you, without any experience, as a matron, could get a Head Matron place. After you get in you have every chance to work up to something better and this is what you should do.

I would suggest that you write a letter to Commissioner Sells telling him frankly just your condition and your need. I expect to be in Washington a good part of the time the next three months and can possibly help you to get something.

With my kind wishes to you and your husband, I am,

Very truly yours,

Superintendent

Medicine Lake, Mont.

Dec. 27, 1916.

Supt. O. Lipps,
Carlisle, Pa.

Dear Supt:

I have just taken the examination for matron in the service and would very grateful to you if you would please help me.

Since leaving Carlisle I have had and am meeting my troubles the same as others and that is my reason for wanting to get in the service. William and I are having a very hard struggle and I would be very glad if you would write William an encouraging letter. I only wish he

would be more patient. We had
one little girl. She is just six months
old. We call her Emily-Louise. She
is very dear and cute.

I am anxious to get to work to
help William. If I were only there
to tell you all Mr. Lipps, it would
be so much easier. Perhaps tho
you can read between the lines
and you will understand. I
want to ask you to consider
this letter strictly confidential
please. Later on I will write a
letter to the Arrow.

The position of Asst matron
is one the Dept. want to give me
but I passed with an average
87.20, and I think I ought to be

to have the position of
head-matron. Don't you?

Mr. Lipps, I only wish I could
tell you more, but as time is
limited I must close.

Asking you again to please
consider this as strictly confident
ial and hoping you can help
me, I remain

Mrs. Anna Rollette Perrine.
Medicine Lake,
Montana.

Am here visiting my sister for
a time.

Anna has had experience here as a pupil teacher and was leader among the girls in many of their activities, so that she is fitted by experience as well as by training for a position in the Indian School Service. Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Sir:-

I am in receipt of your letter of the 21st, relative to the loan to George Gardner of \$50.00 by his sister, Anna Rolette. I received a few days ago from Mr. Janus, the letter you had written to him in regard to the matter and referred it to Mr. Gardner for his consideration and answer. He informed me that he would shortly begin to pay the debt; that he was at considerable expense now in fitting up his place of residence at the Agency, buying furniture, etc., but said that he expected to pay his sister as soon as he had the money to spare and I inferred that he would send the money direct to you to be applied on the debt. However, if he pays it through this office it will be forwarded to you for that purpose.

Yours very truly,

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
