INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Miss Rose Snow,

My dear Friend:

Although you are a graduate of Carlisle I believe you would be greatly benefitted by taking up additional school work, so would be pleased to hear what plans you are making. In what way can assistance be given you to become located in some other school if you do not intend to return here for the year's work?

There is being enclosed herewith a blank upon which an application for enrolment may be submitted for consideration. If you do not intend to use the blank will you please hand it to one of your friends you could recommend for enrolment here.

Hoping that I shall hear from you soon and that the remaining weeks of the summer vacation will continue to be pleasant for you in every way, I remain,

Very truly yours,

Miss Rose T. Snow,
Buffalo, New York.

My dear Friend:

I have received your letter of the 9th instant and have noted that you are planning to return to Carlisle to complete additional school work. I agree with you that it seems to be the wiser plan to enter one of the classes in advanced work here and in a year or two more you should be all the better fitted to do what will then be required of you in some position.

When you were given permission to go to your home in June your name was dropped from our school rolls. It will now be necessary to admit you as a new student and an application for your enrolment should again be placed on file. You are now eighteen years of age and entitled to sign the application for your enrolment.

I enclose a blank herewith and an envelope in which the application may be mailed to me.

Very truly yours,

My dear Friend:

I have noted what is stated in your letter of August the 18th, but for the reason that you were given permission to return home only with the express understanding that you would return this fall to resume your studies here your request cannot be given consideration until I hear from Mrs. Lincoln what opportunity you would have to continue your studies if you remain away from Carlisle.

There is yet ample time to give this matter consideration before the opening of the new school year and I hope I shall hear from you and from Mrs. Lincoln regarding you at an early date.

I received my grammar

then entered Carlisle.
I find that Carlisle
is not much higher

school work so in a
measure it is a waste
of time to cover the same
work as before.

As my desire to become a teacher in some of the New York Indian Schools. To become this I must received the greater part of my education in my own State.

My sister is unable to teach here because she was educated in another state and to avoid trouble I have decided with your permission to educate myself here.

I hope to hear from you soon.

Mrs. Emily P. Lincoln,

Dear Mrs. Lincoln:

I have noted the contents of your letter of August the 22nd, in which you have outlined a plan Rose Snow intends to follow in order to fit herself to become a teacher in a reservation school in New York State. In view of the fact that Rose is an exceptional girl in many ways, and you are going to help her to continue with her education I shall not object to her release from this school.

In this connection I will call attention to the fact that financial aid might be extended Rose if she would continue with her studies here at Carlisle. I am one of the Trustees of a fund that has been specially donated for the assistance of Indian girls who desire further training after they leave Carlisle, and her efforts to gain an education would be a recommendation entitling her to such aid. Whatever Rose intends to do will be satisfactory to me and I assure you of my continued in-

Mr. M. Friedman, Superintendent,

My Dear Mr. Friedman:

In reply to your letter of August 19th in regard to Rose Snow's release from Carlisle, permit me to say her sister, Julia, who received her training at Hampton is having considerable trouble in securing a position as teacher in reservation schools in this state and as Rose is anxious to make a teacher of herself, she thinks it wise to finish her education in New York State. When Rose talked with me it was her plan to work this coming year and save her money to help her in High School another year. There are plenty of places in good High Schools around us where a girl can work for her board if she has money enough to clothe and get the necessary things for school. If her mother was able to help her in the way of clothes, books, etc., she would enter school this fall, but she is in no position to do so and I think her plan a good one.

After one of our Indian pupils finishes a High School there is a small appropriation from the State to help them through Normals and this help could be secured for Rose after she finishes High School. We have had several graduates from here take advantage of this and have received State Normal diplomas, Miss Maybee, whom you remember, being one of these.

I shall be very glad to help Rose if you
think it advisable to release her and she proves to have the
sticktoitive qualities it will require for her to be a success.

Trusting this will give you an idea of her
plans and if you desire to ask any questions in regard to her, kindly
feel at liberty to do so.

My dear Mrs. Lincoln:

I have received a letter from Rose Snow in which she states that she would have an opportunity to continue with her studies in her own state if her release from this school would be effected. I am writing her to the effect that I would have to hear from you in regard to her opportunities before her request can be considered. Will you please let me know what the circumstances are, so that the matter can be definitely decided before the opening of our new school year on September 2nd?

If you can give such assistance school literature and application blanks will be mailed you. Such further assistance as is required from this end will then be given you.

If it is not convenient for you to give the desired help, will you please let me hear on the enclosed card who could probably collect a party of students and bring them on to Carlisle?

This is to inform you that your daughter, Rose Snow, is a member of our graduating class and that she will be entitled to return to her home at the close of the school year. Plans are being made to have the girls leave here this year on June the 1st and you may, therefore, expect to have Rose at home the following day.

It is hoped some arrangements can be made whereby she can continue with her education next year. She is at an age when she should devote at least several more years to school work and I have already assured Rose that I will do what I can to help her.

Replying to your letter of June 3rd, I shall be very glad to do something for you. I do not know at this time whether there will be a vacancy in the assistants' positions to which you might be appointed next year but if you will write to me later, along in August, I will see what I can do for you. We might be able to find a nice place for you under the Outing as you really ought to be doing something and ought to be where you would have the proper influences around you to encourage and help you to prepare yourself for some responsible position when you grow older.

With kind regards and best wishes, I remain

INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT BY NONRESERVATION SUPERINTENDENT OR RESERVATION SCHOOL PRINCIPAL

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Friend:

Your letter of the 3rd instant has been received here and I regret to state that inadvertently a ticket for your use was not ordered when the application for your re-enrolment was submitted. Evidently, the oversight occurred because a ticket had already been placed for your sister.

However, we are anxious to have you return to Carlisle and today an order is going forward for your ticket. It should be ready at Angola within a very few days after you receive this letter and is being made available at that station because the Pennsylvania Railroad Company had informed us earlier this year that they do not have a ticket agent at the Farnham station.

I trust you have not been inconvenienced by this delay in placing your ticket and that we shall see you here soon.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Important—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

Mrs. John Winnie,

Fernham, New York.

My dear Madam:

Your daughter, Rose Snow, has deposited a sufficient amount of money to pay for her transportation from Carlisle to your home and at her request it is being arranged so that she can leave here tomorrow evening. A ticket for her use to Angola is being procured for her and she should arrive there on Friday forenoon of this week.

It is to be regretted that Rose is giving up her school work at this time because she has just gotten to an age when she could make the best progress in preparing herself to be self-supporting.

Will you please let me hear from you after Rose has arrived at your home?

Very truly yours,

HKM.

Superintendent.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
