INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without special permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mr. L. M. Compton,

My dear Sir:

Nettie Kingsley was seen at my office this morning and was questioned in regard to the matter you referred to me in your letter of May the 14th. She stated positively that she did not know Mrs. Black Eagle, and that as near as she can recollect she had never heard the name mentioned even when she was at her home.

Will you let me hear from you if I can be of further assistance?

Very respectfully,

Supt. Carlisle Indian School,

Carlisle, Pa.

Dear Sir:

The Office has directed me to obtain from Natalie Kingsley(Nettie Kingsley) an affidavit setting out what she knows, from actual knowledge, of the family relations of Mrs. Black Eagle; also all she knows from conversations of persons having direct knowledge thereof.

I took this matter up with Natalie Kingsley some time ago but I had in mind at that time the wrong person.

The facts as given me by Mrs. George Greengrass are as follows:

That Mrs. Black Eagle had no children, her husband died previous to her death, she had only one brother and one sister, namely, Looking Glass and Cha Shu Ja Win Kah.

Cha Shu Ja Win Kah died many years ago after the death of her husband and she had only one child who is now known as Mrs. Elizabeth Decorah.

Looking Glass died about nine years ago and Mrs. George Greengrass says her mother died before her father, Looking Glass. Looking Glass had the following children, namely, Long B. White, Standing Buffalo, Louis Looking Glass, Mrs. George Greengrass and He Na Ka Gah and all are living except He Na Ka Gah.

He Na Ka Gah died about ten years ago and was the mother of Natalie Kingsley.

If Natalie Kingsley knows anything about this matter please have her make an affidavit and forward same here.

Very respectfully,

M. Compton

Winnebagos Are Wed by a J. P.

The first marriage falling to the lot of the new justice o. the peace, T. J. Crowley, was the joining in wedlock of a couple of Winnebago Indians.

George Kingsley and Lucy Wallace were joined with all the pomp and ceremony Judge Crowley could scrape together Monday morning, and what God and Tom hath joined together it is quite likely no man will try to put asunder.

Fanny Lincoln, another Winnebago maiden, and Chief of Police George Favell acted as bridesmaid and groomsman. When it came to passing the kisses around as is the custom at all marriages George balked like a Missouri mule; said he was a staid married man and that the affair wasn't his at all.

The groom, George Kingsley, is a well educated Winnebago Indian from Saskatchewan, Canada, and it is to this place they will go onto land holdinas of Mr. Kingsley. The bride looked her part and is a pretty little copper colored maiden who has lived on the Hemlock, east of here, for the past few years. The Record wishes them God speed.

Haveing receaved the Arrow and Red Man. for the last Six or Eight Month. I wish to thank the Editor and staff very much for their trouble of sending me this most valuable little Magazine. and paper. all I regret is there is not more off the paper. I believe it is very nice to give some history of our past life and experence we have had in former days when we first come in contact with our white friends. with their good and bad. methods of treating the native American. I believe it would be a benefit to my younger Brothers and sisters to show them where our ancesters had made some bad mistakes and were lured to bad habits by deceiveing White men. being and old Lumber jack. and sport of all rough life. I am in a position to know all the pit falls that my young Ind. friends. are liable to fall in. but I hope to see the day. When My relation. will be able to take care of themselves and to compeat with the White race. on equal grounds I believe one ground mistake. the Indian department has made with our Indian pupals is to take them from their Indian home. and put them in the highest class of society. it is too much of a change. for the

or Ignorant child. by experience I know. that some Indian will start to a Government school. stay a fearm two. and then come home. and the surroundings is so vent at home. they get discouraged and have no bission. to take a halt. and help themselves consequently hey degenerate. and get back. to the old habits. and worse because now they can talk English. have just enough knowledge to think they know it all. at the sametime. they are entirely ignorant. of the ways of the world. this I know to be a fact. there is nothing more disgusting than to see a bunch of young Indians laying around with good clothes on. which no doubt. their poor old father and mother has provided for them. doing nothing. when there is plenty of work on hand. and the white people making all kinds of remarks about the great sums of money uncle Sam is spending. to teach those lazy Red Skins to lay around. many a time I have heard this. and in defending my people. have very near getting myself in trouble.
I never was so disgusted with my people. as I was. three years ago last June. I was on my way to my old home in Wisconsin. and when the big train pulled in Bow. Bells North Dakota. there was about three hundred people got on board of the train. being a sports day at Bow. Bells. among the sports. there was a young. Indian. clad in a Base Ball suit. he was a ignorant sleepy looking young Red Skin. of course the crowd was under the influence of liequor more or less. some one commenced to play on a mouth organ and some of the crowd commenced to dance up and down the Isle. the young Indian. commenced to laugh at the fellow

the mouth organ. and accused him of being good with the mouth organ. and said I can play that thing. so the crowd insisted on the Indian playing the mouth organ. they let him have the mouth organ. and waited for music. but no music. he stood fumbling the mouth organ. and the crowd waiting patiently. but no music come from that Indian. he could not strike one note. they took the mouth organ away from him. and fired him out of the car. mostly with the toe of their shoes. and what the crowd said, I will not mension here. I was so ashamed and disgusted with one of my own people if I had the chance. I dont know what I would have done to him. (therefor never make a bluff unless you can back your word.) I have several relations at Carlisle. such as Nettie Kingsley (Daughter) Eddie. Greengrass, Willie Winnoshiek, Chaney White. Willian Hall. I am glad to hear that they are doing so well. and hope someday they will show us what they have learned at Carlisle.

I am one of many Indians of the old Wigwam days. to the modern times. I have hunted. traped. worked. by the day at hard labor. and acted as Special Interpreter for the Government and my band of Indians. (Winnebagoes) in Wisconsin. up to 1910. always barely made a living. but always <u>honest</u>. which is the best asset a man can ever have. which I know by experience. I left Menominee Reservation Wis. March. 15. 1910. after working all winter in the big saw. Mill at Neepit. arrived at Osage Sask. Can. March. 18. 1910. April 3. 1910. I left Osage for the new country in southwestern Sask.

my way to the Willow Bunch I encountered a ter-
rible snowstorm. for two day. but it did not dishearten
me. I kept a going and on April 11. 1910. at the sub. Dominion
Lands office at Willow Bunch. an old ranching and
trading post. I filed on a half section. of good land
costing me. $20 an went back to Assiniboia. worked most of
the summer. for the farmers. the last of October. I hired
a team. went back to my claim with a load of lumber
to build me a little shack. November 10. 1910. I moved into
my little home. after paying all my little bills. and expences.
and the teamsand men left me a lone. I looked at my pile
of money. I had 30 cts in my pocket. 150. pounds of flour.
no groceries of any kind. no meat. my nearest neighbor
one and a half miles distance. and others scarce as hens teeth.
seventeen miles to the only trading post. no roads. I did
not know a person in the whole country. 120 miles to the
nearest Rail Road town. (Moose Jaw) it looked very blue
to me. I had a little money comeing. but it was to come by
mail. mail come to Willow Bunch once a week. but
owing to a very hard winter. sometimes there was no mail
for a month. but I hung tough. lived on Jack Rabbits
and a little donation from my few neighbors. which
I must say were very kind to me. more than once
I made up my mind to give up. and leave the claim.
when we had two or three days blizzard. but when the
weather cleared. and I could look out. and see my claim.
and see how nice it looked. I would say to myself. hang
tough old Boy. this is your last chance. no one is suffering
but yourself. and you are well able to stand the
pressure. if you just think so. and I have toughed it out

received a little money as heir on a little piece of property in Nebraska, and what I earned. I have put the place for improvement. I hired all my work done as I was a batching I could not keep house and work the farm too. it is too much of a dogs life. I have had my crops put in and harvested on half shares. I have had four crops on my farm without a single failure. I have two hundred acres under cultivation now, and some buildings. last year we threshed four thousand bushels of wheat, twelve hundred bushels of oats on my farm. after paying my taxes and all other expences. I have about eleven hundred bushels of wheat yet in the graniery. and five hundred bushels of oats, and enough flour (600) and other provision to last me over a year. so the great European War does not scar this red skin a little bit. The white people around me has a great deal of respects for me. they use me as a white man. dont treat me as I have see my people treated. I enjoy all the rights same as a white man. I have been the chairman of our school board since our school commenced 4 three years. They want me on the counsel of our municipality, but I decline, as I have too many friends and I can not please them all. We have had a very severe winter this year. it has been from 40 to 10 degrees below all winter. there is at this writeing. 2 to 5 feet of snow on the ground. there has been some deaths on the account of cold and deep snow. I was away all last summer. but was glad to get home. and I came back with her. too. which the enclosed clipping will show. so I am not lonely any more. We have put in a nice

winter. plenty of coal. nice warm shack. no one to bother us. and we are living happy. our home is. thirty miles. Northwest of Fort. Peck Reservation Montana. I live twelve miles from the boundry line in Canada.

I will close now hoping that my educated Indian Brother and sisters will not make fun of my letter with my bad spelling. and English. as all the English and Education. I ever received was what I picked up. along the wayside of my life.

I wrote this letter thinking if it was not too obnoxious the Editor might put it in the arrow or Red Man. to show my Indian friends what an Indian can do. if he or she will hang tough. dont look for easy jobs. they will come if we earn them. and show our ability.

My Best Wishes. to all my Indian Friends.

I Wish you all success.

Respectfully Yours

My dear Mrs. Harlan.

Here it is 17th of October and and we have three feet of snow-drift around the house nothing like "October's bright blue weather" as it is describe in a poem. It has been snowing and blowing since yesterday and it was so cold too.

Our harvesting and threshing is all over and I am so glad. We had nine men for dinner and if I didn't hop around tho' but I managed to get enough for them, here I must thank "my country-mother" and pat Carlisle on the back for teaching me so much.

I suppose Mrs. Libby and the children are there now or are they coming later in the season.

I have been helping my father to clean flax all afternoon, we run it thru a fanning mill. It is a tedious job, and it was so chilly in the grainary. We did not get much of a crop. It got too dry, but still better than none.

I just got a letter from dear Miss Edge, and I always manage to answer her letter as soon as possible. for I know she likes to hear from her girls.

Who do you have now from Carlisle? I hope some nice girl

Harlan and Mrs. Harlan, for they were very kind to me, indeed.

We have an Edison phonograph and so now I have music with my meals, work and play. The spring was broke so we sent it to Winnipeg, while it was gone, one of our neighbors borrowed the records. We have two pieces same as yours, but our favorites are "Old Comrades March" and "For Dixie and Uncle Sam."

I guess Jack Frost meant to stay with us, and we think he came too early. Wouldn't it be a long time though before spring.

Mrs. Harlan, I really don't know what to tell you, I don't want to tell you what I am doing because it is the same old way cook, clean up, wash, bake and doing few chores.

This is a mighty short letter but since my father is going out in the morning with a load of flax so I am mailing this. Had telling when I shall go to Post Office. With my love to all I am

Lovingly.

My dear Mrs. Harlan,

How kind and good you are to send me such nice magazines. Indeed I find loads of pleasures in them but I'd rather think you trouble yourself too much Mrs. Harlan about them and mailing them to me. I know you have, and you must have this time of the year, too much work to do, so don't trouble yourself anymore, please. Indeed I appreciate your thoughtfulness and kindness toward me.

We are having some awful bitter cold days and nights. My father has freezed his nose. He went to Willow Bunch yesterday and it was 40° below zero. It was awful. But when he came back all he did was to put

the horses in. I had fed, watered and bed down the other two. and also fixed the other horses stall. He was so stiff and cold he couldn't unhitch the horses but I was there when he came back (9 o'clock P.M) so I helped him. We have some gentle horses, so I am not afraid of them. There is a vast amount of opportunity in this country one hates to leave it, but oh you winter months they are just awful.

My hens were laying three-four eggs a days, but since the cold weather set in, they have stopped. I was trying to save some for Christmas since they are in such a demand for them about Christmas time.

How beautiful the stores must look now filled with Christmas things of all sorts. I am so far from any town (35 to 40 miles) it isn't safe to go to town, the

blizzards come up just when one is half way, and there are so few houses on the road.

I suppose Mrs. Libby and the children are there now. and and how happy it must make you feel. My love to them.

My neighbor, Mrs. Johnson buried her little girl. She took her to Rochester, Minnesota to the Mayo Bros. Hospital, and while there she had an operation for appendicitis, than she had scarlet fever and finally she had pneumonia and died with it there. My, but she was the sweetest little girl. The mother is not well either.

East of us, a man poisoned himself and was found dead in bed. He was to report to tribunal office in Bengough but he was three days late and he was refused his exemption and he had bad luck with his crop and lost some

horses. I guess he was disponded.

Well, I must close, as it very hard to find any interesting topics to write about.

With best wishes for Very Merry Christmas and Happy New year to you all. I am

Sincerely your friend
Hettie Kingsley.

My dear Miss Johnston:

A few days ago I received a letter from my "country-mother" Mrs. Harlan and she told me of your visit at her place. From her letter, I understand you wish to get my permission to insert parts of my letters in a issue of an Arrow that is to be publish in April. Yes, Miss Johnston. I guess there is no danger of my getting hostile about it. I feel quite tame even though I am out here in this "wild and wooly west," as so many people say.

We have had some awful cold days. Talk about snow-drifts. We have them galore, and they are still drifting more. I hope the ground-hog wont see his shadow. Not here in Saskatchewan anyway. But so much for the weather.

I am feeling very well, thank you, but there is lots of room yet for improvement.

I find the people of Canada to be very hospitable and friendly, especially the "Yankees" as the Canucks call those from the states.

Miss Johnston, I am enclosing a short poem to be handed to one of my sister Susans. I thought since there is so much competition in school it would fit in very nicely.

With my very best wishes to all for the New Year,

Your friend,

Nettie Kingsley.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Friend:

I have just received your letter of September the 4th, in which you state that you desire to pay for your transportation to Carlisle from the amount yet to your credit in our school bank. In order, therefore, that there will not be any delay about your coming you should ask Superintendent Nicholson to give you an order for one of the tickets that has been placed at Shawano. Then when you arrive at Carlisle you can sign a check for the required amount.

Hoping that you can arrange to come on soon, I am,

Very truly yours,

HKM. Superintendent.

My dear Mr. Nicholson:

I would thank you to give Nettie Kingsley such assistance as may be required to secure a ticket for her transportation to Carlisle.

Respectfully,

Dear Sir -

I have at the bank $6.68 sixty-six and sixty eight cents, for which to pay my transportation.

I want to know if I have to buy my own ticket. If I do will I buy it for Carlisle, and must I check my trunk through so that I wont bother about it? Or is the school going to get my ticket and send it to me? I want to know, I have not enough money with me.

Perhaps you will get this letter too late. Please let me know when I should start. Very Resp.

Dear Sir.

I having received word from my Daughter. Nettie Kingsley who is attending Normal School at West Chester. Pa. stating that she entends to come home this summer. I am anxious to have your good offis to see her through. regarding her trip. and transportation, so she will not make any blunder and get straided. as it will be a long trip. for her. She better get a through ticket to Scobey Montana. where I will meet her. as I drive to Scobey Montana. quite often with grain to market. by taking this route. she will not be subjected to the Costom officers at the boundry line. which is a nusinse sometime. we drive across the boundry line with no trouble. Scobey. Montana. is on the. Great. Northern Rail Road. please tell her. to go to a Hotel. and stay there. until I call for her. I believe the Commercial Hotel is the best. as this is a new town. she wants to be careful. regarding strangers. I will refer her to some of my friends in Scobey. who will see her safe. Mr. Lunde. grain buyer. Mr. Chris. Christensen. at. Mr. Thomas Block smith shop.

and Mrs Hons. Johnson. if she makes herself known to any of those people. they will see her safe. just tell them she is Geo Kingsleys daughter. they will know who she is.

Dear Sir.

I am glad to inform you that my Daughter Nettie arived home all right. She certainly made good time. arriveing at Scobey Mon. a day ahead of schauled time. haveing arived at Scobey. Friday June 30. instead of July 1. it was rather amuseing. too. I went to Scobey to meet her. Friday after noon. arived at Scobey. 7. P. M. and sleep in the next house to the Commercial Hotel. and neither of us knew. that the other was in town. until we met at the Depot. just before train time. Saturday. 1.30 P. M. it was better so. as the trip was very hard on the Girl. to make things worse. the Girl got sea sick on the train. and when I saw her. she looked like ghost. but she was ready to start for home thirty five miles. distance as I had a buggy. the trip home. was a pleasure to Nettie. I dont think Nettie is very strong. and I am glad she came home. I believe this high Latitude. and light clear air. is going to be a great benefit for her health. she was much surprised to see the vast prairie dotted with the little Homesteaders Shacks. and large fields of growing grain. I hope she will be contented for a wh

at least. untill her health improves. as she looks quite bad.
This has been a very backward spring. We have had to much cold weather and rain. I have. one hundred and seventy five acres of grain in. this spring. but I have a very little confidence in the crop. Flax looks good. Which I have 75 acres in. but wheat looks poor. it dont seem to grow. especialy on. Stubble. grain on Summer fallow. and layed over breaking looks fair. as we only have about sixty days more for the crops to grow and get ripe. it looks rather doubtful for a good crop of grain this year.
I will close thanking you very much for the courtesy you show my little Daughter. for her home coming trip. and orange for her so she had no trouble getting home.

Yours Respectfully
G W. Kingsley.

If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Nettie:-

I have your request that all the money due you on our books be sent to you. In compliance with your request, I enclose herewith a check for Two Hundred Eighty Five Dollars and Eighteen Cents ($285.18) which closes your account here.

I am sorry in a way to know that you will in all probability not go to school any more. I realize however that you are not very strong and that perhaps you are doing the best thing by remaining on the farm with your father. With the education you have already acquired, you may be able to help your father in his business in many ways. Whatever you do, you may be assured that your Carlisle friends all wish you the very best success.

With my kind regards to you, I am

Dear Mr. Lipps:

As it is not my intention to go back there to attend school again, I wish you to forward my money.

I think I can derive more benefit out of it by investing it into stock.

Besides, Mr. Lipps, I hardly think I am capable of ever holding a teacher's position.

At present I am very well, and enjoying my first winter in Canada, but how cold it gets sometimes.

Wishing you all a prosperous and happy year

Yours truly
Nettie Kingsley.
