INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Dear Sir:

I respectfully submit below for your consideration a copy of a letter that has just been received from Paul Bald Eagle, who desires to continue with his studies at the Mount Hermon Boys School in Massachusetts.

"I have come to face a great problem now at the closing of my vacation and that is I am utterly unable to earn the sufficient amount of money to pay for my fall tuition; that I am forced to ask you if it would be possible for you to forward \$70.00 for my fall tuition until I can secure my benefit money which I shall receive in the near future.

If you can, please let me hear from you at an early date because school opens the 20th of this month. Hoping that all is well with you, I remain,"

In the absence from school of Superintendent Lipps favorable consideration cannot be given Paul's request, but I am advising him that the matter is again being referred to you.

Will you let me hear as soon as possible just how much longer Paul must wait for the benefit money he desires to use?

Very respectfully,

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

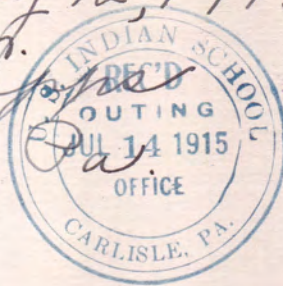

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Dear Sir:-

Replying to your letter of the 14th inst relative to Joseph Paul Baldeagle who is an applicant for the Rodman Wanamaker scholarship, I have to advise that during the time this young man was a student here, from 1909 until 1915, his conduct and general behavior was excellent in every respect. He was an officer in the boys' battalion and was respected and liked by the boys. He was under the Outing from 1912 until 1915 and made a good record there also.

The records in the Academic department show that he finished the 8th grade in 1912 with an average of 93%. He was a first class student in every respect. He was given a diploma in 1915, the same year he was graduated from the High School at Quarryville, Pennsylvania.

Dear Sir:

As you probably know, each year Mr. Rodman Wanamaker of Philadelphia gives at the Mercersburg Academy a number of scholarships to Indian boys, with the understanding that the boys will continue on scholarships through Princeton and then go out into active Christian work among their own people.

Joseph Paul Baldeagle, at present a student in the Mt. Hermon school at Mt. Hermon, Mass., is an applicant for such scholarship and states that he attended Carlisle Indian School for a period of three years. What can you tell us about the boy that will help us in consideration of his application,--about his character, his purpose in life, his application to duty, his influence, and so forth. Anything along these lines, or anything of such nature that will be of assistance to us will be very greatly appreciated.

Dear friend:

I have your letter asking if the school store still sells Navajo blankets. I am sorry to inform you that we closed out of these blankets over a year ago and I do not know where in the east you can get what you want. I think you might get what you want by applying to Mr. Allen of the Chilocce School, Oklahoma. I know that they have Indian souvenirs for sale there and it may be they carry blankets.

Your letter is the first I have heard from you, for several months and I was not sure that you were still at Mount Herman. I am very glad to know that you are there and I hope that you will be very successful in your work there. I know that you have many friends who are interested in you and are anxious that you shall make as good a record in your work as ~~Roe~~ Roe-Cloud, who began his schooling at Mt. Herman.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Sir:-

The check of \$6.68 which you sent has been received. It was used to settle Baldeagle's account at the store, and the balance of sixty cents was handed to Baldeagle himself. He has not yet received any money from the Government, so that the tuition for the fall term is still unpaid. I think his application was sent to the Government through Mr. Merritt. We are very much pleased with Baldeagle. He seems to be trying to do his very best.

My dear Friend:

I am having submitted below for your information and guidance a copy of a letter that was received here this morning from Superintendent Brennan of the Pine Ridge Agency:

"This is to acknowledge receipt of your letter of 17th inst., quoting a letter from Paul Bald Eagle in which he requests to be advised how soon he can receive his benefit money.

In reply, I beg to advise that Mr. Bald Eagle's allotment has not been approved by the Department up to the present time, but as soon as this office is notified of the approval of his allotment, application blanks will be forwarded to him to execute for allotment benefits.

As I have no means of knowing how soon the allotment will be approved, I cannot state when he will be able to make a claim for his benefits, but after his claim has been complete, about six weeks will be required to secure action on his claim."

What other advice to give you I know not, except that a letter to the Commissioner of Indian Affairs might result in your learning definitely how much longer you must wait until funds for your use can be secured.

Very truly yours,

HKM.

Dear Friend:

Mr. Cutter having
kindly granted my leave
I am back here at school
ready to begin on my work
for this coming year.
This has been one of the

most pleasant and profitable
vacations that I have ever
spent; I was given work
by different camps to visit
and give talks on Indian
life and ⁱⁿ every respect of
which I had any knowledge.
My work was quite a success
as attested by the number of
offers of which I received since
I returned.

I wish to thank you

took in my case, and hereby
thank you in advance for

My dear Friend:

I thank you for your letter of the 8th instant and I assure you that it is a pleasure to know you have won honors by the earnest efforts you have put forth during the time you have been a student at the Quarryville School. It must also be gratifying to you to realize anew that conscientious work brings not only satisfaction to you but recognition as well.

Having noted that you desire to return here after the close of the Commencement exercises in which you are to take part, this is to state that I will be pleased to have you do so. It can be arranged to have you take up special work as you are planning to do.

Hoping that the few remaining days in High School may be pleasant and that your address at the Commencement time will bring additional credit to you and all those who have been interested in your work, I remain,

Esteemed Friend,

Allow me to take
this liberty in writing a social
letter to you.

Since my last visit to the
school I having been watching
with intense interest the
development of the new course
of study, I am so glad a new
day has dawned for dear old
Carlisle, as we can to a certain
extent forecast the future I can
with confidence, say, that Carlisle
will enter upon a new history
making era.

With reference to my work
in school, the entire year has

been very profitable for me I
now very thankful this
opportunity was given to me.
I am glad to say that I have
been able win an honor in
my class work and that being
the valedictory honor with an
average of $93\frac{6}{7}\%$ in every
subject I studied.

Our Commencement will take
place on the 24th of April and
if you will allow me I should
like to return to Carlisle until
after the Commencement there,
in the mean time, I should like
to take some mathematics and
music prior to my entering the
summer school.

Again allow me to thank
you for past kindnesses in
dealing with all my frailties I
remain,

Very respectfully

An Industrious Young Man.

When the roll is called in East Drumore High School the name of Paul Bald Eagle no longer excites comment among the palefaces, although at first it seemed strange to the boys and girls, while strangers visiting the school are interested in the bright and manly Indian boy, who works unceasingly and with the sole ambition of some day becoming a lawyer, says a correspondent in the North American. The Rev. George Bucher, of Mechanic Grove, the well-known Baptist divine and extensive farmer, of East Drumore, has for years been interested in the Indian students of Carlisle, and has been instrumental in procuring places for them among the farmers of his section. He has had quite a number of them on his home farm, to find them varying in qualities, temperament and characteristics, as does the human family without distinction of color. His most interesting charge up to this time has been Paul Bald Eagle, a Sioux Indian from the Bad Lands of North Dakota, who is spending the second winter on the farm, and in the local high school. The boy spent some time at Carlisle and is most appreciative of that institution's help, but he finds life on the farm and in the lower end, with access to the splendid rural high school, the ideal existence, and he is engrossed in his studies. As a farmhand he is an exceptionally good boy, and not only willing, but able to turn his hand to any kind of work. He is remarkably ingenious, and his work in concreting and finishing cement is surprisingly good. During the summer Mr. Bucher installed an extensive electrical system for power and light, and he solved some of the mysteries of electricity and proved to be an apt electrician in a very short while. In personal appearance he is a handsome youth, with the manners of a boy who might have had a cultured and refined environment all his life, and in the social circles of the neighborhood he is a great favorite. His hunger for intellectual food, great desire to learn, love for books and enthusiastic desire to become a lawyer is an inspiration to his fellow-students, and it's doubtful if there's a boy of his age in the lower end of the county who is as well read in standard literature and as thoroughly posted on current events as this Indian youth.

370
This boy is well known by me as a neighbor. He surely is striving hard to accomplish the work before him. An ideal boy loved by all.

the carcasses to the factory.

Miss Bertha Earnhart left on Sunday for Oxford, where she will spend several weeks with friends and at Newark.

Mrs. Horace Long entertained the members of the Circle of King's Daughters at her pleasant home on Thursday afternoon.

Mrs. Lizzie Smith, of Quarryville, spent Sunday and Monday at the home of her son, Horace, and family.

Gilbert Smith was a Monday afternoon caller of Penrose Rutter and mother.

Mr. and Mrs. William Penny have purchased a fine Ford automobile, which will add much to their comfort when taking a pleasure trip among their many friends.

Mr. and Mrs. Wilmer P. Bolton have gone on a couple of weeks vacation among friends in Philadelphia, New York and up to the Catskill mountains.

E. C. Robinson and family, from Pequea; Mrs. William Robinson and Mrs. Mary Jones, of Drytown, were callers at the Eshleman home on Sunday.

Many of the farmers have already finished husking and housing their crop of corn for this season.

Mr. and Mrs. R. H. Long and son, Robert, spent Thursday at the county seat.

On Saturday evening Mrs. Wynona Earnhart entertained to tea Miss Bertha Earnhart and friend, of Rising Sun.

On Sunday Miss Bertha Earnhart had as her guests in the evening Mr. and Mrs. Early Earnhart and sons, Harold and Raymond, Miss Stella Gregg, Prof. Early and Robert Reed.

On Thursday, David Earnhart spent part of the day angling along the banks of the Susquehanna for fresh fish. Mr. Earnhart is a great lover of this sport and seldom misses a small string as a reward for his labor.

Receiver For Tobacco Firm.

The Court on Saturday appointed the Peoples' Trust Company receiver of the firm of C. W. Bitner and George W. Newman, tobacco dealers, of Lancaster, and its bond was fixed at \$10,000. The receivership is the result of an equity suit brought by Newman against Bitner. The former alleged a partnership existed and the defendant denied this claim.

Dear Sir:

A few days ago I wrote to you, saying that a bill would be sent to you against my account at the school, but the man who has the bill said he will send it at the end of the month, the expenditures have been mainly books, things to furnish my room and a few articles of clothing in connection with the work in physical culture.

I am very greatly pleased with the school, the work is just what I needed the most so I am very fortunate in

coming here.

At this time I am in absolute need of money in cash here for articles which can't be charged on the bills: so I am writing also to ask you to please send me \$15⁰⁰/₁₀₀ "Fifteen Dollars" so I can be on the safe side until school stops. I regret causing you so much trouble but it seems necessary, since we are charged for so many small things which must be paid cash, such as in laundry or breakage of tools in work.

Again permit me to thank you for past courtesies I remain,

Very respectfully,
Paul Baldeagle.

Mr. Harold A. Loring,
Elgin, Illinois.

Dear Sir:

I am in receipt of your letter of the 6th inst., addressed to the Superintendent of the Indian School, relative to obtaining the help of one of our Indian young men in your tour. I am very sorry that I do not have, at the present time, anyone who could do the work which you would require of an assistant.

I have a young man in view who would qualify nicely, if you can obtain his service. This young man is now attending Mercersburg Academy, Mercersburg, Pa. His name is Paul Bald Eagle Bear. I would suggest that you write him, direct, regarding the needs, as he is no longer a pupil of ours and will answer himself if he finds he can spare the time from his studies.

Very truly yours,

Chief Clerk in Charge

To the Superintendent,
United States Indian School,
Carlisle, Pennsylvania.

My dear Sir:

I have made arrangements to present a series of lecture-recitals on American Indian Music in about five towns in the Middle West, beginning October 29th and ending a week later. I will enclose a program, that you may see the nature of my work and thus know that it is not in any way a "show", or anything theatrical, but is absolutely an offering of refinement, which I give before audiences of culture.

My coming five engagements are for women's clubs and colleges. The first is at Corning, New York. I need a young Indian man to go with me on this tour, one who will be a good representative of what the government is doing for the Indian in the way of education and training him to take a place among the citizens of the nation.

I would like for him to be able to sing one or perhaps two of his old-time tribal songs and in the second part of the program to speak a few words, briefly and right to the point, telling of the educational work at Carlisle. Can you lend me for one week such a young man? I will see that he has good treatment, meets people worth knowing and is accorded every consideration and returned to Carlisle. I shall expect to pay all his expenses and, if you deem it wise, and it be in accordance with your policy, a reasonable amount for his services. I would prefer a Sioux, as I speak that language and am particularly interested in the Sioux, but any good clean young Indian will do. I naturally would like one who is rather typical of the general conception of the race: tall and with pronounced Indian features. May I hear from you at once, as it will be necessary for me to make other arrangements if I cannot procure one from Carlisle.

Assuring you that I shall be heartily

My dear Paul:

In accordance with my promise I am enclosing herewith 4 copies of "The Federal Employee" containing an article by Paul Studensky, of the Board of Municipal Research, New York City, on "The Pension Problem."

You must understand that the subject of Old Age Pensions is quite a live matter among the Civil Service employees of the United States, and while this article refers chiefly to their needs, I am quite sure that you can gather much of value to you in your discussion of Old Age Pensions generally.

Sincerely yours,

Mr. John Francis, Jr.,
Supt. Carlisle School.

My dear Mr. Francis:

In reply to your letter of January 24, 1918, addressed to Mr. Chas. Rosenberger Wanner, requesting information relative to Old Age pensions for the use of an Indian boy who is going to debate on the question "Resolved that a system of Old Age pensions should be established by the United States." I enclose herewith four recent numbers of Federal Employee, which contain article by Paul Studensky on "The Pension Problem".

Mr. Studensky's article is considered the most authoritative existing on this matter, and it will probably give your pupil a sufficient knowledge of the subject to enable him to debate it intelligently.

Very truly yours,

Assistant Commissioner.

My dear Mr. Wanner:

I have an Indian boy who is going to debate on the question "Resolved that a system of Old Age pensions should be established by the United States. He has endeavored to take up information here but without much success.

If I remember rightly, a tremendous lot of thought has been given this by those who are pushing the Old Age pension bills for government employees. Would it be to much trouble for you to get me what literature you can on the subject so that I can give it to the boy.

Sincerely yours,
