## INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Mr. Henry Thayer,

My dear Sir:

I have noted the request you conveyed to me in your letter of August the 29th, but for the reason that your son William's period of enrolment at Carlisle has not yet terminated you should secure the recommendation of Superintendent Light in regard to William's return home. It can then be determined whether it will be advisable to take him away from his school work at this time.

Very respectfully,

Dear Mr. Light:

William Thayer, a pupil of this school, residing on a reservation under your jurisdiction, has asked me to allow him to go home to assist his parents. Please investigate this matter and advise me whether or not it is necessary for him to go home at this time. I would appreciate your recommendation in the matter.

Dear Sir.- I was, this am, called,  
by your request, to Mr. Saul  
Maunt, Trenton, N. J. to  
examine our Mr. Thayer, a  
student at your school.

He complains of numerous  
minor ailments, but nothing  
of any import. Upon  
thorough examination I found  
no disease whatever, which  
only confirms my statement  
to Mr. Maunt when he brought  
him to my office for treatment.

His mental condition seems  
to be of such an attitude that  
at times he is aspondent, which  
Mr + Mrs Maun think, is due to  
some affectionate relation he has  
to a certain young lady of his  
home locality, otherwise he  
Eats and sleeps normally.

Mr. William Thayer,

My dear Friend:

I am very sorry to learn that you have decided not to return to school this fall and that you find it necessary to give your father needed assistance just at this time. Doing what you believe your duty is to be commended but there is the possibility that if you do not continue with your studies <sup>now</sup> you will not again have the chance to return to school here or to continue with your education elsewhere. It is so easy to give up school work when once the start has been made. However, I hope that your stay at home need not delay your graduation here longer than one year and that there will yet be a chance for your return here this fall.

Regarding the payment to you of the amount yet to your credit in our school bank, this is to state that I would thank you to secure a recommendation from Superintendent Light in the premises. Further consideration can

My dear Mr. Lipps:

Since  
writing you last week, many  
things have happened to  
prompt me to do an act  
which I hope in the end  
will be of some benefit  
to myself and my parents;  
that of discontinuing my  
education at Carlisle for  
the next year at least

on account of my father's recent financial difficulties

I am sorry to discontinue my schooling, not only because I would have graduated next spring but it will greatly handicap me, to get a good start in life, on which I had a fairly good start, but trusting that I will not be out of school for too long a time I will at least keep in touch with

dear old Carlisle

I know that I promised you to come back to school in the fall but I think that my reason is sufficient to keep me out of school for not any more than two years

Tell my Classmates the Seniors and my teacher Mrs. Foster of my decision and tell them also I will be back to finish

I think I have about forty  
dollars on deposit in the  
bank if you will kindly  
send it to me in the near  
future I will be very much  
obliged to you as it will  
help us out greatly.

In hoping to receive an

My dear Friend:

I was pleased to receive your letter of the 3rd instant and to learn that you are planning to go to work. I trust you will find something to do that will be agreeable as well as profitable, for no matter what it is it will be beneficial to you.

Having noted in your favor that you intend to return here by the middle of July unless you find that your father requires your services at home, this is to state that such help as can be given you at that time will gladly be given. Keep me informed of what you are doing and so that I can be in close touch with you during the summer.

My dear Mr. Lippe;

just  
a few lines to inform you  
that I am home. I got here  
last Wednesday. and last  
Saturday I went to visit  
Mr Light at Hayward. He  
is the superintendent of the  
Indian School at that place

I have not made my  
round of visits yet. but

when I do I am going  
to work near my home.

About my plans for  
this coming fall. If it  
is possible I would like  
to come back to Carlisle  
by the middle of July.

Of course it will be  
impossible for me to go  
back if I see that my  
father needs me this  
winter. But if I don't  
go back this winter I shall  
make it a point to go back  
next year.

I have not decided as yet  
what I would like to take up  
if it is impossible for me  
to take a course in Architecture.

I suppose most of my  
classmates have returned  
to their homes. I hope that  
many of them will go back  
to Carlisle to continue their  
education.

Hoping to hear from you  
in the near future, I remain

My dear Friend:

I have received your letter of the 18th instant and am pleased to know that you have been able to make such excellent use of the time you have had at home during the vacation months.

Noting in your letter that you are yet undecided about what you can do during the coming school year, I will state that your return to Carlisle to take up additional work should be to your advantage.

Hoping that we shall hear soon that you are planning to return here or that you have arranged to go to school elsewhere, I remain,

Mr. O. H. Lippe  
Carlisle, Pa.,

Dear Sir;

It has been some months since I wrote you last, infact I have just written you but one letter since leaving Carlisle. I would have written more times had there been any thing to tell you. I have been working with my father all summer, he took a contract to build a house near here. we finished it last week. and since then I have been taking a rest before doing any thing else.

About going back to Carlisle; I had intended to go back last month, but our work wasn't finished. and at the present time I am undecided what to do, but I would very much like to go back

and take up something as there is nothing here for me to do except to hunt up a job someplace. This I shall have to do I think as I am in no condition financially to attend school any place this winter.

I was to Hayward where Mrs. Wyld is the nurse, while there I visited her Mr. Eaglevan a graduate of Carlisle is the disciplinarian there but he told me he was leaving about the 15th of September.

If I change my mind about my plans I will let you know.

Respectfully yours

INFORMATION REGARDING RETURNED STUDENTS  
PART 2  
REPORT BY SUPERVISOR OF INDIAN EMPLOYMENT ON RESERVATION SCHOOL PRINCIPAL

## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. William J. Thayer,

Hayward, Wis.

My dear Friend:

I have received your letter of the 29th ultimo and have noted that you would resign the position you now have at the Hayward School if it could be arranged to let you begin work in one of the automobile factories as was recently offered in a circular from the Indian Office. While I do not know what your chances for advancement are at Hayward and whether you could be of more use if trained in an industrial center than you now are it can probably be arranged as you desire if you are willing to take the time to prepare for the special work you desire to take. At present the arrangement is that all boys who are selected here for the work that is given our boys in the Ford Motor Company's factory in Detroit, Michigan, must have completed sufficient vocational work to entitle them to such selection. It would be required, therefore, that you return here for a period of six months or longer to take special work that would be given you and then you would be sent to the Ford factory as a student from this school to remain under our cutting system as long as such su-

provision was necessary. William Martelle would have to do likewise and his selection as well as your own would depend altogether on the interest you took in our work and the ability along mechanical lines you would show.

If you want to be considered for reenrolment here an application should be submitted on the blank enclosed herewith thru your Superintendent's office. The extra blank I enclose may be handed to William Martelle.

Hoping I shall hear from you again in regard to this matter, or that applications will be received soon, I am,

Very truly yours,

Encls.

My dear Sir;

I have read the circular sent out by the Indian Office regarding the entrance to Automobile factories of ex-students and graduates of the Indian Schools and after some consideration I have come to the conclusion that I will resign my position here at the school if, I can enter one of these factories.

In regards to my work here, I like it very well and if I give it up it will be because I realize that it is for my benefit.

So if you will please send my name into the Indian Office I will be very much obliged to you. I have no preference as to which factory I enter.

Very truly Yours

William J. Thayer.

P.S. since writing the above.

William Martelle an ex student of Carlisle has come to me and asked me to send his name with mine to you. He also wishes to try to get into an auto-mobile factory. His record you will find at Carlisle. and for further references he will furnish them. His address is

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Sir:

I have your inquiry relative to William J. Thayer, a chippewa Indian of Hayward, Wisconsin, and a former pupil of this school who has applied to you for work in an automobile factory. I have to inform you that William was a pupil here from October 1912 until May 1915. During that time he was all that we could desire of a pupil. He worked at the carpenters trade and was one of our very best men. During the time he was here we found him to be reliable in every way. I am glad to give you this good report about William. I am sure that anything you could do for him will be appreciated by him and that he will not disappoint you in any way.

Very truly yours,
