OMAHA INDIANS WIN LONG DRAWN OUT SUIT

Hiram Chase, Jr., Fails to Get
Award of Land Allotted
to Tribes.

Added Interest to Hearing Be-
cause Burial Ground of
Tribesmen.

The famous allotment suit of the Omaha Indian tribe, which has been before the courts for a numbers of years, was decided yesterday afternoon by Federal Judge Woodrough in a decision which upheld the contentions of the tribe and denied the petition of eighty-one heirs represented by Attorneys John L. Webster and Hiram Chase. The case involved 5,000 acres of land on the Omaha Indian reservation, some of which is valued at \$175 per acre.

The suit had its rise from action taken in 1893 to allot lands to the different Omaha Indians. The reservation contained sufficient land to make this allotment, with about 5,000 acres left over.

In 1909, Hiram Chase, jr., born after the settlement of 1893, picked out a quarter section of the 5,000-acre "left over," and made claim to it on the grounds that he had never received an allotment.

While the case was in court a committee of Indians, headed by Harry Lyon and Silas Wood, went to Washington and succeeded in getting through congress a bill to sell the 5,000 acres of Indian land and to divide the proceeds among the Indians who were born after the settlement in 1893 and who had not received an allotment.

Seventy-five other young Indians joined in the suit with Hiram Chase, jr., and before the decision of the court was made, five additional young Indians filed similar suits, making eighty-one Indians who asked allotments instead of cash. Because of the limited amount of land, if these eighty-one Indians had won the suit, there would have been nothing left for 560 Indian children who were born after the 1893 allotment, but who were not among those bringing the suit.

Judge Woodrough decided that the land should be sold and the proceeds divided among all those Indians who have no allotments. The value of the land is about \$300,000.

Part of the land which young Chase asked the court to confirm to him contained the ancient tribal burial ground of the Omaha tribe, and there was much uneasiness among the Indians as to what would be done if this cemetery passed into the hands of individuals instead of remaining the property of the tribe.

Yesterday evening Harry Lyon and Silas Wood, head men of the Omaha tribe, left for Washington to present a petition to congress asking that body to appropriate and pay to the tribe \$450,000 which the tribe recently won from the government in a law suit. The money was in settlement of a suit of many years standing for horses furnished by the Indians to soldiers, for a hospital which the government was to have built for the Indians but did not build, for property alleged to have been stolen by Indian agents and for several other claims. The suit was settled in favor of the Omahas but the money has not yet been appropriated by congress.

Mr. Axel Johnson,
Superintendent, The Omaha Agency,
Macy, Nebraska.

My dear Sir:

The applications you transmitted to me with your favor of September the 16th to cover the enrolment at Carlisle of Hiram Chase and Charles P. Warner are being returned to you herewith so that you can note thereon your approval. Although Charles is not as far advanced in his school work as he should be for enrolment I will receive him here if you have satisfied yourself that his release from the Genoa School was regular and that it is to his advantage not to have him return to that School.

Transportation has been placed to your order at Walthill for the boys' use and if you decide Charles should be enrolled at Carlisle I will be pleased to have you file with me your recommendations. If you prefer to advise me before the party leaves for Carlisle a telegram will be given prompt consideration.

Having also noted in your letter that an escort to accompany the party from your jurisdiction seems necessary,

-2- Mr. Axel Johnson, Superintendent.

I must call attention to the fact that but six applications are now on file and that I could not well justify the expenditure because one of them, Hiram Chase, is not at all in need of an escort. It seems, rather, that he should be detailed to accompany several of the students to Carlisle.

Nellie Hallowell and Elizabeth Janis are now at their homes "on leave" from Carlisle and either one of the girls is competent to bring the girls in your party without difficulty. However, you are right on the grounds and can judge best what should be done, so if my plan is not feasible please write me.

Very respectfully,

HKM.

Honorable O. H. Lipps,
Supt. U. S. Indian School,
Carlisle, Pa.

My dear Sir:

I am enclosing you applications for enrollment in your institution of Hiram Chase Jr. and Charles P. Warner. The former I learn from your previous letter is a very acceptable student. However, he did not have his medical certificate made out and I am taking the liberty of sending his application without it, since he was formerly a student of your institution and has not been therefrom for a great length of time. Charles Warner will also, I believe, make a very acceptable student.

If these students are acceptable to you will you please place transportation to Carlisle at Walthill, Nebraska.?

Would you kindly place transportation for an escort for them to Carlisle at Walthill? There are as you see, by the number of pupils of both sexes a necessity for an escort.

Thanking you for the kindness shown us in honoring our applications of enrollment, I am,

Very respectfully,

A. J. Johnson

Mr. Axel Johnson,

My dear Sir:

I transmit herewith for your information a copy of a letter that has just been addressed to Hiram Chase at Pender, a young man who was enrolled here during the three years prior to the close of the last school year.

If agreeable to you I would thank you to approve the application to cover Hiram's transfer to Carlisle and to secure for him the transportation that has been placed for his use, subject to your order.

Hiram has a splendid record at Carlisle and I should like to see a number of equally earnest and ambitious boys enrolled here.

Assuring you that your co-operation will be appreciated, I remain,

Very respectfully,

Mr. Hiram Chase,
Pender, Nebraska.

My dear Hiram:

This is to acknowledge receipt of your letter of August the 31st and to advise you that I will be pleased to arrange so that you can return to Carlisle to resume your studies.

It has already been arranged so that transportation will be made available for your use at Pender, subject to an order from Superintendent Johnson of the Omaha Agency. The ticket should be ready by the time this letter reaches you and there should not be any delay then about securing it for your use.

It is also desired that an application to cover your transfer be approved by your Superintendent before you start for Carlisle. You can then bring the application with you to be placed in our files.

The additional blanks I enclose may be handed to those of your friends who desire to enroll here this year. I would thank you to distribute them and to tell prospective students

Aug. 31, 1914.

-2- Mr. Hiram Chase, Pender, Nebraska.

that their past records must have been such that Superintendent Johnson can recommend them as being entirely worthy of being given a chance to continue their education at the expense of the government. Only the very best students are desired this year for enrolment at Carlisle, so that those who come here with a purpose in view will have a chance to go ahead with their work unhampered by those who are indifferent and who are not anxious to progress.

Hoping that you will not be delayed in starting for Carlisle and that I shall see you here soon, I am,

Very truly yours,

HCM.

Dear Mr. Lipps:

This is to let you know that I have had an enjoyable vacation. I have spent most of my time in the office with father. I have seen most of the students around here and most of them are thinking of returning. I had the pleasure of seeing Senator Robinson last Sunday.

I wish very much to return to your school and finish my course there. I will be ready to leave Pender about Sept. 10. Kindly place transportation so it will be available at that time. Also send extra application blanks as I think I can get several whom I am sure will make good students.

Very respectfully yours,

Dear Mr. Lippa:

Am at home and getting along nicely. Have not been down to the Agency as yet. The roads are in bad shape.

I am setting type for the People's Republic this week. Horse thieves are many here. Last Saturday night my brother was very unfortunate. He had one of his best teams stolen. They were valued at \$300. No trace of the thieves.

can be found. Other men have lost horses, too.

When the roads are in better condition I shall go to the agency and see Mr. Young.

By working in the printing office I can make enough to keep me going while in town.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. Hiram J. Chase,

Pender, Nebraska.

My dear Friend:

Your letter of the 26th ultimo was received here such a very few days before my return to Carlisle from an extended trip on official business to schools and agencies throughout the Northwest that it was decided by Mr. DeHuff, Acting Superintendent, to withhold a reply to it until my return.

Regarding your desire to return here in order that you can be given a chance to take up the course of study at the Ford Motor Company's shops in Detroit, Michigan, I must state that I have now on file so many applications of boys who have practically completed work in trades at Carlisle that I cannot tell just what consideration can be given your request. I have taken up by correspondence with the General Manager of the Ford Motor Company the matter of entering other boys from this school to take the course of work prescribed in the Ford Company's shops and when it is

learned just how many may be selected I shall give your request such consideration as is possible.

I am pleased to know you have had a chance to keep busy during the vacation months. Here at Carlisle every one has been busy too and quite a good deal of new construction work has been done. The work for the school year began this morning and very nearly a hundred new students are already in school. Only older students are being enrolled this year and the prospects are that we shall have to deny entrance to a number of applicants later on in the fall.

With best wishes, I remain,

Very truly yours,

HJM.

Superintendent.

Mr. Meyer —

I wonder about
Hiram's coming back.
He doesn't strike me
as being the kind
of stuff a good
mechanic is made
of. Shall we defer
making definite reply
pending Mr. Lipps's
return?

Mr. De Huff:

I agree with you
in the above and believe
too that a later reply
would not inconvenience
Hiram.

Aug. 26, 1915.

Dear Mr. Lippe:

Conditions are such that I will be unable to go to school as I had hoped to.

I have been working here in this office the greater part of my vacation.

I suppose you have heard that we lost our mother in July. I have talked with father about Ford's Factory and he is well satisfied that it would be good work for me. I, too, want

to take up that
work and I feel
that I could have
time for night school,
possibly four nights
a week. I would
be ready to start
any time you could
make the necessary
arrangements, if
you would kindly
favor me in this
respect. I have heard
from Fred Broke
often, and he says
they are returning
to Carlisle.

I hope everything
at the Old School
will go along
alright, and I know

it will.

Trusting that you
will help me in
my desire,

I am sincerely
Hiram J. Chase.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

PIPESTONE SCHOOL, MINN.

October 9, 1915.

Superintendent O. H. Lipps,

Carlisle, Pa.

Dear Mr. Lipps:

Please pardon my delay in answering your letter of September 8th, relative to my correspondence with Assistant Superintendent DeHuff. The place of printer had been filled before your letter was received, consequently I did not take the matter up with ^{Hiram} Mr. Chase, as you suggested, however, I thank you for your courtesy just the same.

I realize, partly from experience and partly from hearsay, the difficulties you met at Carlisle, but from what I hear of the school recently I have no doubt that if you stay with it you will carry out your ideals, and I certainly hope that you may be able to do so.

With best wishes, I am

Very respectfully,

F. T. Mann.
Superintendent.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
