Dear Mr. Francis,

I was rather disappointed at not being able to visit Larkhill during commencement.

It was a case of being so near, and yet so far.

My company left for "Over There," some time ago,

but I was one of those
unlucky ones scheduled
to stay here. where we
are being trained as
machine gun and auto-
matic rifle instructors.

I surely appreciate
receiving the "Arrow."
It recalls many pleasant
memories. I am where
I can reach Larchill
on a forty-eight hour
liberty and spend a
couple of hours. I ex-
pect to take advantage

of it some of these days.

I go to Washington or
Baltimore every Saturday.

I am sure the graduating
class must have been
a credit to school, as
it usually is. I wish
each and everyone of
them the best success
obtainable.

It is awful hot here.
More so than in the
South.

Well I hear the old
familiar drill call
so will close,

Wishing you all the
success you deserve
I am,

May V. G. Chapell

INDORSEMENT.

A child showing one sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without special permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

My dear Madam:

Max LaChapelle's period of enrolment at Carlisle will terminate at the close of this year's work in June and he will then be entitled to return home. Will you please advise me whether you desire to have Max sent home at that time?

In view of the fact that Max resides in a city where he has access to adequate public school facilities his re-enrolment at Carlisle cannot be effected if his name is dropped from our school rolls, but if you so desire we can have him continue with his enrolment if he does not insist on going home this summer.

Mrs. Emma Londroshe,

234 Commercial St., St. Paul, Minn.

My dear Madam:

Upon receipt of your letter of recent date special inquiry was made relative to the progress Max LaChapelle is making and it was learned that he should be able to complete sufficient academic work so that a diploma can be given him in May of 1917. In view of the fact that our course of work given along industrial lines has been changed it cannot be determined at this time whether he will complete sufficient work outside of the academic department by 1917 required for graduation.

It has been reported further that Max spent only a comparatively short time in our carpenter shop last fall and that he is again taking the work in our printing department.

I thank you for your letter and am pleased to know that you are anxious to have Max remain at Carlisle until he has completed some definite work. He should then be fitted to take care of himself in so far as making a living is concerned.

Very truly yours,

HKM.

Superintendent.

Meyer:-

Max LaChapelle will be due to graduate in May, 1917. If he continues to do the kind of work he has done in academic lines during the year now closing, he will get his diploma then, so far as the academic division of this school is concerned.

I do not know why he changed from printing to something else in industrial lines. I was not consulted in that connection, but I presume the change was all right and for the best, otherwise it would not have been made.

No doubt Mr. Bradley and Mr. Brown could give some explanation.

 Dear Sir—

Yours of the 4th
 rec'd in regards to the
 termination of Max's
 enrollment. It is
 preferable that Max
 stays until he finishes
 and I think he feels that
 way himself. Would
 like to know what trade
 Max is taking up
 now. He was working
 in the printing office

and they took up
something else as
near as I can find
out. It would be
advisable for him
to keep at one trade
until he finishes
his Academic work
and receives his
diploma. Of course
he and you are the
best judge of the trade
that he should follow.
Only insist that he
shall not be changing
from one to another
as he would not be
proficient in any.

I gather that he has
changed Thro. his
own meager letters,
and that is some-
thing that I never knew
Carlisle to allow unless
it was to ones benefit.
Max has a couple
of years more before
he finishes and by
that time he will
appreciate a good trade.

Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Max La Chapelle, a $\frac{1}{4}$ blood Sioux, 20 years of age, ~~passed his~~ examinations and on May 24, 1917, was graduated from this school in printing in accordance with the studies prescribed in the tentative course of study.

Max La Chapelle is the son of Joseph and Josephine Stalker La Chapelle of Wabasha, Minn. His father is a shipbuilder and his mother is dead.

As he was enrolled at Minnesota an effort was made to obtain some information concerning him from Superintendent Hinton of the White Earth Agency, but he advises that there does not appear from the records of his office to be any person by the name of Max La Chapelle from his agency.

Principal Blair and Roy H. Bradley, Director of Mechanic Arts, report that Max is of an aggressive disposition, fond of argument and slow to acknowledge himself defeated. That only kindness and patience can win his respect and loyalty. According to his own report he

has had a very checkered career, and has been looking out for himself for a long time. He has traveled extensively and has worked at many different activities, having been on the farm a few months, greenhouse for five months and for three years in the print shop, and he has come out of it with clean habits of thought and actions. He is not studies but reads a great deal from a wide variety of subjects. Since graduating he has gone to the Ford Factory where he is now employed.

He is in excellent health and is careful in spending his money.

This young man apparently has no property whatsoever under the care of the Government and if in the future it should be found that he is entitled to any, all restrictions upon his person or property should be immediately removed as soon as practicable.

Max La Chapelle, I understand, has made application for entrance to an officers training camp.

Dear Mr. Francis:-

In order to have a chance on the profit-sharing plan in vogue at the factory, I must verify my age.

The investigator told me to write to you and have you put down my age, as given in the records of the school, at the time I entered there.

He asked me to get it as soon as possible, and wishes me to show it from the records of the school written on official school stationery.

Hoping this will not put you to too much bother.

I remain,

Yours respectfully,
