Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Sir:

I am enclosing herewith official check No. 102753,  
for \$50 drawn to the order of George Warrington, representing  
his share in the per capita payment to the Menominee Indians  
of this reservation. Kindly deliver same.

Gentlemen: Attention Mr. H. D. Best

The receipt is acknowledged of your letter of June 4, 1917, in which you suggest the placing of Mr. George Warrington, a recent graduate of Carlisle school, with the National Capital Press, 511 - 11th St., N.W., Washington, D.C.

In response I wish to express my appreciation of your courtesy in the matter.

However, before the receipt of this offer Mr. Warrington decided that he would enlist in the United States Army which he has done and will therefore not be available for the position you suggest.

Very truly yours,

JF:R

Superintendent.

Mr. John Francis, Jr., Supt.  
United States Indian School  
Carlisle, Pa.

Dear Sir:-

The National Capital Press, 511 11th St. N.W., Washington, D.C., are interested in Mr. George Warrington, whom we understand is graduating from Carlisle.

This plant has two Monotype Casting Machines, in charge of an experienced machinist. The machines are operated at night by an assistant to the machinist. This position of assistant is open. I have told them I believe Mr. Warrington would make them a satisfactory man, and have explained that it would be necessary to give him a week or ten days working with the machinist before giving him the plant to handle alone.

They would pay \$15.00 per week at the beginning, increases dependent on results.

If Mr. Warrington is interested in this place he should write direct to Mr. D. S. White, Supt., National Capital Press, 511 11th St., N.W., Washington, D.C.

Very truly yours,

Manager Philadelphia District

P.S. I had previously written your Mr. Brown concerning Mr. Warrington coming to our school. He replies that I will doubtless hear directly from you as to your plans concerning Mr. Warrington.

Dear Sir:

I have your letter of the 8th relative to the request of John Warrington, Jr. that funds belonging to his sons George and Robert be sent to them at Carlisle.

As George has left the school to join the Army and is somewhere in Kansas it would not be advisable to send any funds for him to the school at the present time.

Robert is still here and as he has not had any money recently I would have no objection to your transferring a small amount to his credit here, if you approve.

Dear Mr. Francis:

John Warrington, Jr., has made request that funds belonging to his sons, George and Robert, be sent to them at Carlisle. Before so doing I take the liberty of asking you the conditions regarding the needs of these boys. George was recently paid \$50 from tribal funds and it would appear that additional payment at this time might not be necessary. However, both boys have funds to their credit and legitimate needs will be taken care of upon request transmitted through you.

Commissioner of Indian Affairs,  
Washington, D.C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that George Warrington, a  $\frac{1}{2}$  blood Menominee Indian, 20 years of age, passed his examinations and on May 24, 1917, was graduated from this school in printing, in accordance with the tentative course of study.

George is the son of John and Anna Steher Warrington. His home is at White Lake, Wis. His father is a lumberman and both parents have a good education. Assistant Superintendent E. P. Marble of Keshena Indian School, reports that there is ~~no~~ no property real or personal belonging to George Warrington that he knows of. In a personal statement, however, George advises that he owns 160 acres of land.

Principal Blair reports that George Warrington is a boy of determination. His academic standing is good and he considers him well able to look out for himself.

Roy H. Bradley, Director of Mechanic Arts, reports that George can be placed with the Monotype Company of Philadelphia at a fair salary with good opportunities for advancement.

He feels that George is capable of supporting himself. He spends his money freely.

7/26/17

Since graduating he has enlisted  
in the United States Army.

I feel that this young man is fully  
capable of managing his affairs and any steps  
which may be practicable to take to declare  
his competency should be taken as soon as  
practicable.

The papers are enclosed.

My dear George:

I am in receipt of your letter dated August 4, 1917, I see that you are already a confirmed Cavalryman, and in view of the fact that you have placed yourself in the position where Uncle Sam can keep you, it is just as well that you are satisfied with your lot. The thing that is worrying me now is that every time you spend an hour rubbing down your horse while the dough boys are asleep or resting, that you will think of my advice and use language which I could not, as head of Carlisle, justify from one of its students.

Seriously, I know that you are going to be a good soldier, George. I am hoping that the various peace moves that are taking place will make it unnecessary for your soldiering to amount to any more than a good lesson in obedience. That in itself is of tremendous value to any man, and the more obedient a man is to lawful and proper instruction, rules and law the better citizen and better man he is. I hope that in a few more months the Government will be in a position to permit you to get those legs of yours under a linotype machine before they get twisted out of shape on horse back.

Yours very truly,

  
Superintendent.

Supt. John Francis,

Dear Mr. Francis,

Your letter brought me pleasure and a tinge of sorrow as contained in the fact that you were impressed with me not heeding your advice. Your advice, Mr. Francis was excellent, but time, which is life, has taught me to put on only such shoes as fit the measure of them. If this be true then where is the justification of contradiction; if not, then life has somewhat deceived me.

The profession of "prophying," as it is aptly called, is dangerous, in plain English the word is prophesying. In finance it spells ruin; in weather forecasts it is but partially a success. With this apology and (professional) confession of fallibility, I will attempt to prophesy thus:

When the circling flights of time shall find me on the half-moon, or in your own terms, bow-legs, I shall not be vanity-crushed because I am not so. I shall look across the gulf, or depression which which separates the cavalry & infantry and say, "I am thankful

that I never had itching feet & aching thighs from walking a little more than I was destined to." Mr. Francis, in the unchanged present, I say that long ago I preferred this life full of lumps and humblers.

I appreciate your advice along the lines of my ambition - that of becoming an officer. (Thus far I am "high private" and I believe I am on the progressive road, for I have had charge of a platoon in the hills on practice and in drilling. It is not my intent to remain a cavalry-man, but, so long as I am able I will help in the establishment of the coming thing - democracy.)

("Old Carlisle" has been on my mind quite often & when mention was made of the Senior Magazine, my memory drifted back to times a little more pleasant, tho' never more intense than those which occupy me now.)

The Senior Magazine is always welcome and welcome always lies before, so, in that child of his happy school days, Mr. Francis, you have an ever ready recipient of news, foreign & local, and advice.

As I am

Yours gratefully

George Anthony Warrington.

Mr. George Warrington,  
13th U. S. Cavalry,  
Fort Riley, Kans.

My dear George:

It gives me great pleasure to acknowledge your delightful letter of June 12, 1917. I note that despite my most earnest advice you prefer to be a dude cavalry man to an ordinary dough boy, but some night when you have ridden all day and when you are tired and weary and you have to rub down that horse and feed it before you can rest yourself, you will understand the mistake you made in not listening to me. Likewise when you leave the Army and get some place where you can see a full length mirror and you find those beautiful straight legs of your's bent in the form of a letter "O" through years of service, your vanity will crush you.

I note your statement that the climate is pleasant. Seeing that you are located in the state in which I was born I can agree with you. It's God's Country.

You want to know how to be an officer. I suggest to you that you make good so that you will be appointed a non-commissioned officer. After you have worked up to a sergeant you will be in a position where you can do something that way. It will probably be necessary for you to do quite a bit of studying to prepare yourself. If you are put in active service immediately you will not have much of a chance for study, but commissions can be won without it on the field of battle. If you are not ordered into active service, however, go to your captain and have a frank talk with him and tell him you are ambitious to get a commission and that you are perfectly willing to do the studying

6/26/17

necessary to get it. He will advise you as to just what steps to take in view of your local surroundings. I am glad that you are ambitious along this line and there is no reason why you should not make good.

Sincerely yours,

Carlisle Indian School,  
Carlisle, Pa.

Dear Supt. Francis,

It behooves me to inform you of  
the saving of me of the saws of the  
belated institution, Carlisle.

The process of getting into this place  
was well-nigh a dream, but I am  
here with two other Indian boys  
who are well and contented. The  
process of getting into this place was  
also involved the writing of a history  
or the like, but permit me to say  
that the climate is pleasant, the men  
in the camp are pretty fair fellows,  
and we are away from the dangers  
& inducements of the city. This  
allows me to insure you that the

sons of Carlisle will to lead a clean  
and wholesome army life, tho that  
life in the lining is lacking some  
necessities, viz, a stand to write on,  
good tables to eat from, etc, etc. But  
in all I am perfectly satisfied, that  
an exchange, be made of the cruel  
assemblage of minutes for the daily  
routine set for a soldier.

I would like some light on the  
question of becoming an officer and  
as I am capable, I request that  
your kindness inform me of the  
probable possibilities.

I also request that my mail  
be forwarded to the address set  
down in this letter and that Alex  
Roy, Robt. Warrington, & Margaret  
Riche be informed of my location  
with the understanding that they  
must write a line now & then

As I am to strive for the perfection  
which Carlisle has set down as  
capable of making up to, even in  
the army, I am preparing to  
start as an equipped Cavalry  
man soon.

The poor penmanship of or in  
this letter must be excused on  
account of the ircolated right arm  
I have procured unbekawingly &  
the lack of the mentioned necessities.

I am

Yours obliquely  
Son of Carlisle  
George Warrington.

St. Riggold, Texas.  
March 7, 1915.

Dear Mr. Francis,

I am the fortunate recipient of your kind letter, which advises me to provide a method whereby dependents of mine may be aided, should I die in battle.

Mr. Francis, I have considered the W. R. I. and up until now I have been only partially active. With your kind letter at hand and my own interests, I will gladly furnish my dependents with the protection offered by the Act of Oct. 6, 1917.

Personally, I hardly believe, it

It was given me to suffer, greatly or at any length, thru combat. My type of mind was made to conceal dependency. Just the same, I can aid in furnishing a "set-aside-sum" for parents, who, should I not live thru the war, can use same in healthfulness.

Owing to the small amount of words used in explaining the W. R. I., I, of necessity, had to borrow the books containing an explanation of the term, consequently, I have delayed taking the same. You can imagine how your advice affected me and I

appreciate your interest in me. I only hope I can live to return these kindnesses, which are many, even since I have gained this procession of human souls toward Democracy.

I once referred to my desire of being an officer, and tho it is a lofty desire yet, I would not for gold, fame, or pleasure take a commission in the Army of the U. S., 'cause I am a better soldier than my superiors are officers. It's not the quality of the office I would not want, but the association of men such as these. I know it to be a rule in this army to never

disrespect superiors, but it is all in  
a life time and I will profit by  
their acts, right or wrong.

I enjoy the hot weather here,  
on the border, 'cause it takes away  
a man's strength. I have to be  
overpowered, for I know when I  
rest I have exerted much, and,  
when I try again I can exert  
more.

With Carlisle and its pleasures  
in my memories always, I am com-  
pleting a perfect day, if not, a per-  
fect letter.

Still  
I am yours respectfully  
George Washington

Replying to your inquiry regarding George Warrington, class 1917 Carlisle, I have to advise that this young man enlisted June 5, 1917, and is now stationed with the Thirteenth U. S. May 25, 1915.

Dear Mr. Francis,

Long has the time been since I have written to you. I have thought of dear Carlisle many a day since my departure and have had as many intentions to have the school learnt of my whereabouts.

To-day I have had it so easy, to write in terms of comparison, that I simply adjusted my correspondence & material to this great pleasure. Great, because I am much nearer the observatory point. The point whereon one can see the full meaning of your good advice, given me in the period when I was very undecided as to which branch of service I should join.

To-day, also, I am very tired of limb but mentally dattie. Your good advice, given as before mentioned, was merely the tonic. Being that that tonic was now washed away I am realizing its un-  
wished for but willingly accepted results.

I am in that gloriously organized army which stands for our idea of government, but more than that, in our present considerations, I am in the Infantry & at the Officer's Training School.

Mr Francis I hope I am a good scholar? I have considered your several advices: for one I am now an Infantry man & I have worked hard enough, in my former organizations, to be one of the two recommended for this school.

This day is the opening of this camp. We, who are of it, had a celebration this morning and are going to have a kind of ball this evening, but I am not going to dance very much. I am, as I stated before, tired. I also fail to see those jolly dancers of the old era. Ha.

Interesting but regretful news has come to me. Regretful from my point of view, that is. I hate the sensation which comes with the leave-taking of my own kin from the great things, education. Yet the question, and only the question, of why Robert ran away from Carlisle, is really interesting to me. I'd never run from anything, tho. and I do hope and pray that Edward will be as wise as I at least.

With regards to my Carlisle friends, and with hopes of maintaining the standards issued me by a great institution, I am closing this brief letter

As  
Yours most sincerely

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

## INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided,* That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

My dear Sir:

Referring to your favor of March the 24th, in which you request that your son George be given permission to spend the summer months with you at your home, this is to advise that such a privilege is generally not extended during the time for which students are enrolled at this school. However, if there is any good reason why George should be allowed such leave a request on which is noted the recommendation of Superintendent Nicholson will be given further consideration. Under no circumstances should George be required to leave before the close of school in June.

This is also to advise that an amount sufficient to cover his transportation both ways would have to be placed on deposit before his return could be effected.

My dear Sir:

Referring again to the matter to which I called your attention in my letter of May the 19th, I must now report that your son George has decided to remain at Carlisle until later this month because he will have an opportunity to continue with his work in our Print Shop. George is one of the very few press-men we have who can do good work and it is appreciated that he has consented to remain for the work he will help to do.

Later on George will be sent home and you will then be notified just when to expect him.

Trusting that this will meet with your approval, I remain,

My dear Sir:

This is to notify you that your son George's period of enrolment terminates at the close of this year's work and that arrangements are being made to have him return home. He will leave here with other boys who are to go home this year on June the 3rd and transportation for his passage to Neopit will be provided for his use.

George has done excellent work in the Print Shop at this school and has developed into a very good pressman. I trust he can find work at his trade during the summer months and that you will urge him to return to Carlisle next fall to take up additional work.

Will you let me hear from you when George has arrived at your home?

TO WHOM IT MAY CONCERN:

This is to certify that George Warrington has been instructed in the Print Shop at this school for a period of three years; that he has made excellent progress in his work and that he has developed into a very good pressman.

He is ambitious, earnest and industrious and I do not hesitate to recommend him as entirely worthy of being given a trial in any printing establishment where efficient help is required.

INFORMATION REGARDING RETURNED STUDENTS

PART 1

REPORT BY NONRESERVATION SUPERINTENDENT OF RESERVATION SCHOOL PRINCIPAL

## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.
  2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.
  3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.
  4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.
  5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
  6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.
  7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.
  8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.
  9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.
  10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.
- Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Friend:

I would thank you to advise me whether you have made any plans to take up additional school work this fall and whether any assistance can be given you to satisfactorily carry out your plans. If you have decided to return to Carlisle for an additional period of enrolment there is enclosed herewith a blank upon which an application for your transfer may be submitted to Superintendent Nicholson for his approval. Arrangements can then be made for your transportation.

Hoping I shall hear from you soon and that you can report having had an enjoyable vacation at your home, I remain,

My dear Sir:

I have read your letter of the 18th instant with a great deal of interest and am especially well pleased with the report of the impression that has been made by your son George. He made a very excellent record here during the last year and expressed his appreciation of the help that was given him when he remained here longer than the other students whose periods of enrolment had terminated in order that he might help to do additional work in our Print Shop.

George's return to school is desired and with a little additional training he should be able to render excellent service in his chosen line of work. I enclose herewith a blank in duplicate upon which an application for his re-enrolment may be submitted to Superintendent Nicholson for approval. I will then be instructed to make transportation available.

Your son Robert's enrolment at Carlisle can also be effected if he is eligible and an application for his enrolment is also approved by the Superintendent. You will find a blank

enclosed herewith.

Regarding the possible necessity of having Robert returned home on account of illness in your family, you are advised that in all such cases it is believed advisable to have a request come thru the office of the Superintendent thru whose assistance the transfer of applicants is effected in the first place. The files at this office and those at the office of the interested Superintendent are then complete and no time is usually lost by handling the matter in a definite manner.

Hoping I can serve you further and that both your boys will be with us for the work of the next year, which begins on September the 7th, I remain,

Supt. O. H. Lipps,  
Carlisle, Pa.

Dear Sir:

Being that George, the oldest son of John M. Warrington, has hopes of re-entering Carlisle in the fall of 1915, I write this letter to settle a proposition which is seriously grasping my mind, especially at this time.

Robert, second son of John M. Warrington, has passed the eighth grade, is morally equipped, and physically in good condition by word given, at a physical examination, from Dr. W. F. Pagan, Indian Physician of Nepisit, Wisconsin.

Robert will in all probability obtain an education through the vocational courses at Carlisle, and afterward he always pursues the things of benefit to his tribe and people.

Before considering throughly any application for enrollment, I beg to have my blindness excused to request of your kindness, whether or not the second son,

who is anxious to know the perplexities  
of his life, would be able to return  
home in time of illness, without  
having the Superintendent of the Mes-  
sissippi Indian Reservation, August  
S. Nicholson, respect him.

I am indeed proud of the spirit in  
which George came home. Not one of  
the family knew personality of that son,  
who only three years ago left them to  
seek the crown given to those who  
fight the battles of this life with an  
iron will.

With a wish that my request be  
granted, and that the brothers, two, be  
made men through the efforts of the  
Faculty, etc., of the Carlisle Indian  
School, I remain

This form is for the record of the physical condition of pupils of boarding or nonreservation Indian schools. It should be filled in by the school physician at the time of the admission of the pupil.

Mr. H. P. Marble,  
Asst. Supt., Keshena Indian School,  
Keshena, Wis.

My dear Sir:

I thank you for your favor of the 13th instant, with which you forwarded approved applications to cover the enrolment at Carlisle of George A. Warrington and Amos Waupoose.

As George was doing such excellent work when he left to go to his home it is believed that he should be given an opportunity to continue with his education at Carlisle and a ticket for his use is being made available at Shawano, subject to an order from your office.

It is noted on the application for the enrolment of Amos Waupoose that he can claim but one-eighth degree of Indian blood, and under those circumstances he cannot be received here unless the Office at Washington will grant special authority for the enrolment. In view of the fact that the boy is but fifteen years of age and has not made very much progress in his school work for the past four years it is believed that only for very special reasons should the boy be brought so great a distance to Carlisle while there

-2- Mr. H. P. Marble, Asst. Supt.

is a chance for him to profit by what can be given him in a school nearer his home.

The application is being returned herewith so that it can be submitted to the Office at Washington if it is decided to request authority to make the transfer. As all the facts in the case are known to you the request for authority to effect the transfer should come from your office.

Very truly yours,

HKM.

Dear Sir:

In transmitting applications of George A. Warrington and Amos Waupoose for enrollment in the Carlisle School, I desire to state that Amos Waupoose has made a good record at the Keshena School, and is a bright pupil. The record of George Warrington, who has been heretofore enrolled at the Carlisle School, will speak for itself.

It is hoped that these applications can be favorably considered.

## **INDORSEMENTS.**

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

**Important**—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

July 13th, 1915,

Mr. George Warrington,

Neopit, Wis.

My Friend,

I have your letter of the 10th, requesting the balance of money to your credit in bank and I am enclosing herewith a check for \$17.60 which closes your account.

Your friend,

W.H.M.

Acting Superintendent,

Neopit, Wis.  
July 10, '15.

Supt. O. H. Lippert,  
Carlisle, Pa.

Kind Superintendent:—

Your letter of the 9<sup>th</sup> instant is at hand, and I am satisfied with the efforts made by your kindness to recover the lost trunk.

I am of the thought that the trunk is laying in the depot at Shawano, 30 miles from here, and can be recovered at little expense. Not through any mis-

step of my own so I ask  
you to forward to Neopit,  
Wis. all the money due me  
at the end of my school term.  
I have parents that are dis-  
abled for work, my smaller  
brother is working, and I  
am to work on the State  
road which is being built,  
because it is money that  
is needed in these times  
of hardship.

The Superintendent Nichol-  
son has received my personal  
with kindness, yet my  
father objects to him sending  
me to work for the office

of the Tribune in Chicago.

I am indebted to Carlisle, and anything I can make good anywhere I am for the purpose of said place. I am trying daily, but great works are not put up in a day.

Physically I am in the proper condition, and feel you and your students are the same.

Excuse paper, penmanship and uncleanliness, for I have not look for the place I deemed it ought to be. I am  
Your son through the school  
Geo. Warrington.
