My dear Pythia:

I received your letter yesterday & certainly cheered me up for I am ready to expire any time. You see I have changed places again & have been pretty busy & also I spent a little over two weeks at the Medico Surgical Hospital in the city. I came home Friday afternoon, Feb. 26 or 28 (don't remember). Didn't eat a bit from then until the following Tuesday when my doctor here said I simply must eat something. So I forced some things down but for the last two days I have been unable to retain any food what ever and pains of the most painful sort. Good-night & pills of the bitterest sort by the bushel. During the two weeks at the hospital I was etherized twice, once a week. My eyes were operated on

first then came my nose. I certainly had
a great time while there. Got acquainted
with doctors & professors by the gallon.
One Dr. Martin was over fifty gallons, I think,
& Dr. Sly about forty gallon. I was up on
the fifth floor & it seemed as if every
body knew me from those on the roof (if
any up there) to those in the basement. I
was always so boisterous but excuse me
just at present. I feel like getting up a
great howl. My ear aches so & my head is
splitting. It feels that way anyway.

Well Edith, you may rest assured that
you are still dear to me & honestly
I'll soon be bankrupt, if my mail
continues to be the way it is now. They
come in by the peck. From Phila, Shamokin,
S. Bethlehem, Peach Bottom, New York & Carlisle.
Of course - this is not half of the places from
whence my mail comes.

I heard, today, that Sherry's granddaddy
has also expired. I must write him & offer
my sympathy. eh?

Say Pythia, by the way I'm getting to be
some professional nurse. I can diagnosis
my own ailments when my (Dr. Anderson)
failed. I had Chronic Prostatitis & my
nephew's ailments I have diagnosed as

Chronic Storrhea. So if any thing happens to you write & give me full particulars & I'll give U- my services, -FREE-

Say, I'm going enclose a note of introduction for you to Calvin. Be game & go see him for sports sake. He does not know the forms of etiquette anyway. He's my old classmate & despise the very ground he treads on. I passed to Freshman class & left him behind. Yes I know Paul but not personally & nevertheless he & I used to flirt in Church. Mind you, did you ever hear tell of such a thing before? I made a new hit the last week I was at medic chi. I will present to you (Future Eye Specialist) Dr. Paul

7.
(Paul) Sterner of South Bethlehem.
Say he's a Dandy, a regular
sport. Just studying yet at
Medico Chi. College.

Well my dear Pythia, my
birthday comes 1st of March
and I'll be another year nearer
my doom, grave or whatever it
should happen to be. I am very
shaky so hope you will
pardon my penmanship, for
yours was decidedly excuseable.

It is very slushy out so I am
enjoying my fever indoors. By
the way, my Dad has decided
to present me with a watch
in preparation for my future
training as nurse. I wonder

3.

why I want to be a nurse.

Excuse my letter for not being divided into paragraphs, for you know how it is when you are so sick, sleepy etc. I am troubled with insomnia, too you know.

Oh yes, ~~yes~~ again I'm corresponding with a Harold of 18th Infantry stationed at Panama. His brother is now in Wilmington ^{a printer} ~~has~~ has sent word for me to expect him any moment. His name is William ~~of~~ of course I call him "Bill." I'm dreadfully frightened stiff over that message for if I'm caught having him for company, God only knows where I'll land. (I should ^{worry} ~~worry~~ ^{think} ~~think~~)

Haven't been in school since
 16th of Dec. so you can see
 the reason why I'm such
 a poor writer (Always was ^{and}
 such a poor speller. Do you
 see then that there's no
 danger of my promotion this
 term? But I certainly wish
 you all success & prosperity for
 a merry Christmas ^{and} Happy
 New Year. I just feel like
 scribbling every where so you
 mustn't think I'm out of my
 coco-nut.  Some illustrations
 eh?

Haven't decided whether I

should go home or go to the sea ^{side}
 in Jersey this summer. But I feel
 very much inclined to return
 to the Carlisle Prep. ^{It's} a
 Prep. now instead of High. Some
metamorphosis as it has gone
 through, eh?

Must be closing with
 loads  and barrels  of love
 and best wishes regards etc.

Your most affectionate
 friend
 Sea or
 Hospital { "Bright Eyes" or

 mine;

P. S.

note

Wed. So sick to bother
with introductory
letter. Just got call to
return to our hospital
So write me at Carlisle
next time you write.

Kindly excuse my
and take all blunders for
love and kisses
your loving friend
Eva.

Miss Katie Hentzler,

55 Truman Ave.,
Haddonfield, N. J.,
Mar. 9, 1915.

My dear Katie:-

I received your first card
some time ago & your second card
& package yesterday afternoon
I was thinking of sending you
a card & present for your birthday
but I haven't been allowed to
leave the house, only when
I had to go to the doctor's office
for treatment.

I am writing this in bed, but I want to have it mailed to-day, so kindly excuse writing.

While at the hospital I helped every body, patients ^{and} nurses, but I didn't want anything in return. When I received your package, I was very thankful to think you appreciated my kindness to Mrs. Engel. But a letter thanking me would have been just as good. So I thank you all for your kind remembrance ^{and} sincerely hope Mrs. Engel will get well soon ^{and} have her eyesight back again.

I must tell you that I am just boarding here to attend school but nevertheless I certainly would love to have you come to see me. I don't know what is going on but I think I may have to go back to the hospital in the city or to our own hospital a few miles out of Harrisburg. If I get well I shall be around to see

you. I've been sick ever since the first Monday I was home but this is only my third day in bed.

They think its because I've been worrying so much. I've never thought of anything, but the patients at the hospital the whole time I've been home.

Well, I hope you will excuse writing ^{me} again. Thank you for your thoughtfulness ^{and} take care of yourselves ^{and} Mrs. Engel, with much love to all,

most sincerely, Eva E. Jones.
 P.S. Write again as I love to hear from you. I will let you know what I'm to do later, Eva.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

September 20, 1917.

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Eva Jones, a full blood Seneca Indian, 19 years of age, passed her examinations and on May 24, 1917, was graduated from this school in Nursing, in accordance with a Special Course of study.

Eva is the daughter of Thoma E. and Lizzie Doctor Jones of Akron, N. Y. Her father has a farm. She has worked in all the industrial departments since coming to Carlisle and nursing is what she likes best of all. She desires to enter a hospital with a view to become a trained nurse.

Principal Blair reports that Eva has been at Carlisle five years. She is excellent in the English branches, and has the ability to excel in all branches taught in Carlisle. She is extremely sensitive, and inclined to be moody. She is accurate and painstaking in her work. She needs protection in spite of her good ability.

Matilda G. Ewing reports that Eva is a bright, healthy competent girl. A little careless as to her habits of dress and personal appearance.

Eva is in good health, and is very careful in spending money.

Eva has been designed for appointment at the Germantown Hospital, Phila., to take the training course for nurses.

She is a New York Indian, over whom the government has heretofore exercised no restrictions over person or property. It would seem that Eva is amply able to manage her own affairs, and I would recommend issuance to her of a certificate of competency.

Very truly yours,

Superintendent.

Dear friend:-

Although I have been much pleased with the results of my efforts to learn what the graduates and ex-students of this school are doing at the present time, there are still quite a number from whom I have not heard.

I enclose herewith a list of the Tonawanda boys and girls who have at some time attended the Carlisle School. Please give the information asked thereon and return the list in the envelope enclosed which requires no stamp.

I will appreciate your help in this matter.

I saw about the time you said I made you
put your back against wages like my I said of
course I wouldn't make you put your
back against him - say by the way Cyrus weyd, Pa.,
our New Year letters. Write some to me & I'll do likewise, eh? Dec. 13, 1914.

Dear Miss Blackchief;

you will kindly acknow-
ledge the fact which I will reveal
to you in this document. I am
not responsible for the delay of the
promise I made when we departed.
you will understand the situation
more thoroughly when I am through
with the revelations of the facts
regarding said proposition.

First is that when I make a
promise I try to fulfill it regardless
of the consequences. Here it is, I'm
supposed to be in bed, on account

of my cold, by orders of Hon. Mrs. Holcombe. But I have been conscientious in regard to my promise ^{and} have concluded it to be a troublesome situation in case I did not respond to the demand of my conscience. I think I'll be with you in a very short time so when you write, furnish me information concerning vacant rooms. Gee, kid, I anxious to get back. I hardly realize it has been three months since we had our last hilarity together. Especially the time we were talking Indian ^{and} some one said something from without. I hold Frankie Kettle guilty because he is about the only one who'd have nerve enough to butt into our "high cultured conversation". Remember how "high cultured" it was ha-ha. I must confess my writing must be illegible but I just ate some ice-cream ^{and} I'm almost as stiff as a table from sheer coldness. Say is that Elsie Jones, who is there, young Jones' daughter? Gee kids just wait till I get back if I don't shine for Junior or something like that. I have something real funny to tell you when I see you we girls almost had hysterics over it.

you might know I was the "Star
Prima Donna" in the performance.
and being I can't keep secrets I'd to go
tell Jane & Mary about it ^{and} I'm
positively sure you'll all laugh as they
did. The result is when Mary calls
me up on the phone we all ways
exchange, "just wait a minute,"
before we proceed with our conver-
sation. We sure have some fun, but
I'm just as anxious to get back to old
Carlisle. I think I will now
close hoping you will excuse
penmanship, which is due to
poor pen and numbness of my
fingers, I am your college-ageon pal

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Sir:

The receipt is acknowledged of your card of August 20, 1917, regarding the return of your daughter.

As Eva ^{Jones} has probably informed you she has made application for an appointment in a Nurses Training School in Brooklyn and if she gets this appointment she will have an opportunity to receive splendid training in a profession which will give her a grand living for the rest of her life. 610

Eva graduated from the school in May and if she should leave the school now I would be compelled, under the rules, to drop her and could do but little in assisting her in obtaining her nurses training.

I hope you will appreciate the fact that we are trying to assist your daughter to receive a fine professional education without cost to you. After arrangements are completed for her attending the hospital there is no reason why she should not return home, but until these arrangements are completed I urge you to permit her to remain with us.

My dear Eva:

I am in receipt of your letter of October 13, 1917 and I am very glad, indeed, to know that you are getting along so nicely. I have always appreciated the fact that Chemistry work is extremely difficult, particularly during the training period. After you have graduated, while you will have to apply yourself diligently when you are on cases, when the patient is convalescing and between times life will be easier. I had asked Miss Donaldson to send your chemistry note book to you.

Give the very best to your work, but don't feel that you must neglect the social side entirely. All work and no play makes "Jack a dull boy."

Good-bye, with best wishes, I am

My dear Mr. Francis:

I just now got off duty after another day of hard work. It seems impossible that it is now over a month that I have been here, but I suppose that is due to my time being always occupied. Since the 1st of October we have taken the regular lectures, etc.

On some days we have two lectures and they must be put into note books on which we receive one-third of our grades. So those people who still insist

that a nurse's work is easy are in the wrong, as you may imagine.

We also have a social side to our labor for last Saturday a dance was held for the Training School ^{and} another one, a barn dance, is being planned for the End of November. I did not go to the dance as I really did not know anyone but my classmates ^{and} none of them went. (I don't know about the next ones.)

There is one thing I wish to ask for and that is if I could have my Chemistry note book which Miss Donaldson has held for the purpose of being examined. I think the note book will be of great help to me as we are taking Chemistry also.

I also wish to make note of

the receipt of the "Arrows" last Saturday and how they cheered me up. I even went without my supper reading them and felt just as good, in fact better.

In conclusion I again thank you for your past favors and extend my best wishes for a successful school year for Carlisle,

I am very sincerely
Eva E. Jones.

My dear Eva:

I have not had a letter in a long while that pleased me as much as yours did. First because it tells me that you have taken up your Hospital work in the right spirit, and second because of your personal attitude as shown in it.

Unfortunately from my first coming to the school until the time you left Fate willed it that we should meet in mild contention. My objection always was your own best interest as I saw it, and I believe that you will appreciate it more and more as the years go by. You will have many troubles in the Hospital. There is no rosy path to becoming a trained nurse or to get any other prize in this world which is worth while. All I ask you to do is to "STICK". Forget yourself and see the thing through and the day will come when you will be glad.

The Money Order sent by your father has been received and placed to your credit. I am enclosing herewith an approved check which, when signed by you, can be cashed and the money obtained. Please advise your father that I have sent the money to you.

Let me conclude, Eva, with the suggestion that life is no snap, and the only way to make it easy is to make it go. You have your goal before you. Now

go to it and achieve it.

I will be glad to hear from you at any time,
and if I can help you don't fail to let me
know.

Sincerely yours,

Superintendent.

for your assistance ^{and} rest assured

ideals, in every way that I can.

My father has asked me to inquire
about a money order that he sent you
at the time I left. I shall be very
grateful if you will give me in-
formation concerning it.

One girl, Sadie Metoxen, has spoken
to me, expressing her desire to come for

two subjects are of great help to me.
This is a fine training school ^{and} I know

Mr. John Francis, Jr.,

Dear Mr. Francis:

It is too bad that I did not
write sooner but I am not having
a "snag" as some may call it. When
I have my hours "off" as a rule I'm
too tired to stir until I must return
to the hospital.

I have not been asked to
attend any of the lectures but I
think I can take ^{and} pass examinations
with those taking them on Saturday
so I am going to ask to try. You
know I was taught that if I feel I

can do a thing usually I really can.

I like the place real well but I believe my nerves are overtaxed but then probably I shall pull through. Everyone is very nice to me but one day last week I almost lost my temper because an orderly said something to me. I let it pass for this time.

I was assigned to the mens' ward containing about thirty six beds besides four private rooms. Exactly one week after being on duty I was transferred to the diet kitchen. So that's one step toward my star, which I have hopes of reaching some day.

I often think of Carlisle but I don't waste my time wishing to be back there for there is plenty for me to do yet. One thing I must not neglect to tell you is that during my brief stop at home I discovered something that

made me resolve to do my very best in whatever I did. I found on the Tonawanda Reservation two Carlisle graduates ^{and} a member of the class of 1917 (girls) occupying a house which was the talk all over the place. The two graduates are from Oklahoma ^{and} the other from Wisconsin. Naturally the idea is entertained that those are the kind of girls Carlisle turns out. I did not tell that one used to be my classmate for the people at home think our class was something really unusual. I mean to show them that it is unusual for I must try not to fall in with that set.

On the whole I thought the place has gone from bad to worse but that feeling may be due to my ideas ^{and} viewpoint which I find have greatly changed.

Well, in conclusion I thank you

Mr. Nathan C. Schaeffer,
Supt. Public Instruction,
Harrisburg, Pa.

My dear Mr. Schaeffer:

If I am not mistaken I had the pleasure of meeting you in Washington shortly before I came here to take charge of the Indian School. At that time you advised me that you would be glad at any time to give assistance to me where you properly could.

We have a young Indian girl enrolled in this school and who graduated with the last class, who desires to become a trained nurse. We have arranged with the German Hospital of Brooklyn, N.Y., to accept her. It is necessary, however, to procure a qualification certificate from the Department of Education, University of the State of New York, before she can enter. Formal application for the certificate was made to the Department of Education at Albany and they advised us that it would be necessary for the application to be first approved by Mr. John Loman, Examiner, 422 Perry Building, 16th and Chestnut Sts., Philadelphia, Pa.

Mr. Blair, the Principal of this school, is now in receipt of a letter from Mr. Loman in which he returns Miss Jones' certificate for certain information, and in conclusion says, - "It is doubtful where we shall be able to allow Miss Jones credit for the equivalent of one year of High school work upon the basis of this certificate, and we shall probably not be able to do so unless we receive assurance that Miss Jones completed the equivalent of an eight-grade course of study prior to her undertaking any work of high-school grade."

In writing to Mr. Loman today I invited his attention to the fact that our school is a vocational school and in equipment and quality of work

is not surpassed by a like school anywhere. Two of our instructors are Cornell graduates with many years of successful teaching experience in High Schools, two others from Pennsylvania State College, and other graduates and ex-students from colleges throughout the country.

Our work with Indian students makes it absolutely essential that we emphasize the industrial sides and our course is peculiar in that it stresses the correlation with industrial work, particularly the agriculture.

There are a number of our graduates every year who do not return to the reservations and who have ambitions to attend high schools in Pennsylvania or to take up professional training along various lines, as Miss Jones desires to become a trained nurse. We appreciate that our work here in certain courses is not technically in accord with the requirements of the State courses. At the same time we are giving far more than the equivalent in other lines.

It has been our intention for some time to ask that a representative of the Department of Public Instruction be sent here with a view of investigating the character of work given by us and determining the credits to which our students may be entitled when taking up work under the standard course of the State. Of course school is not now in session, but if you could arrange to have an inspector come here I believe we can present to him enough regarding the scope and quality of our work so that he can determine quite accurately its value and ^{the} credit it should have.

We therefore ask that you send an inspector here within the next few weeks, if possible, to settle this matter so that we may be prepared to definitely state to our graduates the credits which they will receive should they take up studies in the public schools. I have made the same suggestion to Mr. Loman before remembering that I had met you and for the moment overlooking the point that as head of the department the request should have been properly made to you.

Very truly yours,

JF:R

Superintendent.

Dear Sir:

Referring to my letter to you dated June 29, 1917 relative to the application of Miss Eva Jones, a graduate of this school, for the course in training at the German Hospital, Brooklyn, N. Y., I have to advise that Miss Jones is patiently waiting here for such disposition of her case as you may deem proper.

I will appreciate it very much if you will advise me as soon as possible what action has been taken in regard thereto.

I sincerely trust that you will be able to handle her case separately and procure for her the desired certificate.

Mr. John Loman, Examiner,

Dear Sir:

The receipt is acknowledged of your letter of June 28, 1917, regarding the matter of qualifications of Miss Eva E. Jones. We have requested Dr. Nathan C. Scheafer to have the school inspected.

I note your statement that you have not determined what credit should be allowed Miss Jones, but that you will decide the matter in a day or two. I note also the suggestion that it is likely that the credit will be very much reduced. In view of this I would suggest that the case of Miss Jones be handled as a separate and distinct one with a view to procuring a certificate which will admit her to the Brooklyn Hospital.

The question of the credits to which this school is entitled under its various courses of study ~~from~~ the standpoint of the Department of Public Instruction of the State of Pennsylvania can be adjusted later, after the inspection is made.

I will be very glad if you will expedite the case of Miss Jones.

Dear Sir:

Your letter of the 23d instant, regarding the academic record of Miss Eva Jones, and regarding the value of your course of study, as compared with standard high-school courses, came to hand to-day.

If you desire to have your school inspected, you should apply to Dr. Nathan C. Schaeffer, Superintendent of Public Instruction, Harrisburg, Pa. It is too late to have an inspection made this year, as you say that the session has closed, for we make it a point to visit schools when classes are at work.

We have not yet determined what credit should be allowed Miss Jones, but we shall decide that matter in a day or so. It is more than likely that the credit will be very much reduced, as we could not very well maintain our right of certification to other States if there should be too free an admission of vocational subjects in the case of high-school certificates.

Very truly yours,

Mr. Nathan C. Schaeffer,
Supt. Public Instruction,
Harrisburg, Pa.

My dear Mr. Schaeffer:

On June 23, 1917 I wrote you in regard to the case of a young Indian girl who had graduated from this school and who wished to take up work in a nurse's training school. At that time I indicated to you that a certificate from the Department of Education at Albany was necessary, and they had referred the matter to Mr. John Loman, Examiner, 422 Perry Building, 16th and Chestnut Streets, Philadelphia, Pa. In this case he permitted the enrollment of the Indian girl in the German Hospital in Brooklyn, where she now is, but in view of that case I suggested to you, at that time, that an inspector be sent here to investigate the character of the work given by us and determine the credits to which students will be entitled when taking up work under the standard course of the State of Pennsylvania.

I have never received an answer to this letter and I presume that in the press of business it was overlooked. I cannot but feel that it is better both for your department and for this school to determine once and for all our status under the State course.

For patriotic reasons we propose to send many of our students out on surrounding farms early in April, for which reason it is very important that any action taken by you be taken within the next few weeks.

I would be very glad if you would advise me if you could arrange to have such an investigation made at an early date or, if for some reason you feel that it is inadvisable, please inform me at an early date.

Sincerely yours,

Brooklyn, N. Y.

My dear Eva:

The receipt is acknowledged of your letter of March 1, 1918 returning the Ten Dollars advanced to you to assist you to meet expenses when getting started at the Hospital.

I return herewith the receipt which has been marked paid by Mr. Peel. I am particularly delighted over your letter because the grades you sent me are perfectly fine and it assures me that you are going to make good in your chosen profession. All you have to do is to just keep going, don't let anything get in your way and the first thing you know you will have a diploma and training which will make you absolutely independent for the rest of your life.

I wish you every sort of good luck and success, and will be glad to hear from you from time to time.

Sincerely yours,

My dear Mr. Francis:

Limited time has caused me to put off writing to you. At this time I shall inform you that I have passed all the first year subjects in which we have taken examinations. In all subjects I have either stood first or second except

Hygiene in which I came in
4th. Following are my grades.

Dietetics - 92%	Preliminary nursing:-	
Urinalysis 96%		
Hygiene 88%		Theoretical 95%
Bandaging 98%		Practical 90%
Bacteriology 96%		

We are waiting for the
exams in the few other subjects.
I am in hopes of passing them
with credit to my Alma
Mater.

With many thanks for

your favor, ^{and} wishing
to be remembered to all, &
with hopes of being with
you at commencement.

My dear Eva:

I am in receipt of your letter of April 3, 1918 and am extremely glad to know that you are still with the hospital and on duty. I appreciate your difficulties and I know that the training of a nurse under the best of circumstances is hard and trying.

The big thing though is for you to protect your character as a nurse. If you determine to leave the German Hospital and they give you a poor recommendation and a black record, it will be almost impossible to get you into any other institution; from your letter I think you appreciate it. See to it, above all things, if you must leave the institution that you leave at the proper time with the permission of the authorities and procure satisfactory references covering the service you have given. After you have this, I can undoubtedly help you to another chance.

Sincerely yours,

Supt. J. Francis, Jr.,
Carlisle, Pa.

My dear Mr. Francis:

I have waited to hear from you, ^{and}
again I am ^{my} always have been
cheered up by your letters. My case
was taken up by one of our younger
doctors ^{and} reported to the doctor
assigned to look after the nurses.
After he had seen me he ordered
me to the hospital until further
notice. This was on Tuesday ^{and} I
reported on duty that morning when
I could talk above a whisper. At

noon I went to bed at the hospital ^{and}
Saturday afternoon the doctor gave
his permission for me to get up. I had
to go on duty Monday ^{and} I did not feel
able to travel so I remained, also with
the purpose of hearing from you first,
^{and} taking the final examination in
surgery to-day.

Since the price has been paid the nurse's
health have been given a little more
attention as especially now many of them
have been having grippe. I understand
that a Board meeting is to be called
as another nurse left not long ago
for mistreatment ^{and} the ward attendants
are leaving also

I do not wish to give you the impression
that I am tiring of my ambition to become
a nurse for I must finish ^{and} I am only
staying so as I will not lose time. Act

present I am on ³night duty part of the
night on the second floor ^{and} again on the
third. Last night I asked where I was
supposed to be on duty ^{and} I was told to help
out on the two floors for the balance of this
week ^{and} that I was going on in charge of
either one of the floors. The question is why
the nurse in charge on the second floor did
not have to do that before she went on ^{and}
she is only a few days my senior. As for
the nurse on the third floor she is a senior
this year. I'm going to help out the balance
of this week ^{and} then I'll stop as I've been
doing the same thing on day duty for quite
a while ^{and} I ~~have~~ ^{am} tired of it. About the only
thing I am informed on is maternity work
^{and} my classmates, being definitely placed
have had more opportunities to do many
things I have not. I think I shall stay to
finish this year's work at least as we have
only two more subjects ^{and} they will over in
about two weeks. I know I cannot begin

to tell everything I would like to tell but it is just my anxious desire to complete nursing that I remain to be guided by your advice. Of course if conditions become worse I shall have to leave sooner than I expect but I would like to finish the two remaining subjects. As for a recommendation from here there is no reason why I should not be able to get that as I have given no reason to have that favor denied me.

Thanking you for your kind words I hope to hear from you again.

I remain sincerely,

Eva E. Jones.

Miss Eva E. Jones,

My dear Eva:

I am in receipt of your letter of March 28th, 1918. I assure you it came as a shock to me because it was the first news I had of the death of Mary. That made me feel dreadful. It seems a shame such a fine girl should be called so soon.

As to your own action, I am hardly justified in advising you with the facts you give me. I am fearful that, in the intense sorrow which came to you upon the death of Mary, you may have acted hastily. I know that the nurse's work in a hospital is dreadfully hard and I can understand your feelings. I am hoping that you may have changed your mind and gone back to the hospital upon sober second thought.

You can rest assured that I will do everything that I can possibly do to assist you further, but it will be very difficult to get a place in another hospital without the recommendation of this hospital where you have been. If you have carried out your original plan you will have returned to your home by the time you receive this letter. I have had no word concerning your leaving the hospital from the authorities there, but I have been advised of Mary's death. I want to be quite sure of just what you have done at the present time and then I will try and give you some advise as to the future.

I know you, Eva, at heart to be a good girl and
I do so want to see you in a place where you can
help yourself to a life worthy of your abilities.

Sincerely your friend,

JF-E

Mr. John Francis, Jr.,

Carlisle, Pa.

My dear Mr. Francis:-

No doubt this letter will surprise you but I do not see why I would not be justified in taking the steps I have planned to take. I was off duty today on account of a severe cold, sore throat, etc., ^{and} because I was off all day, I am told by the Supervisor to report for duty to night. I don't wish to get out of doing my duties but

when one does not feel well, why cannot one have some time off for illness? Miss Wilmet went until she could go no longer ^{and} only when it was too late did any one realize her condition ^{and} this is the result. Moreover while on her death bed she (Mary) remarked to one of the attending nurses that she wished she could see some one to whom she could tell what she wished. I was the only one who knew her well enough to attend to her wants, etc., but I have been refused admission to her room since she first took her turn for the worse.

My plans are to go home for a few days, ^{and} will leave Brooklyn the first or second of April. I am as yet determined to finish a nursing course ^{and} I am sure my record here is not such

that I cannot try to get my training elsewhere.

I hope that you will not think this is the way I show my appreciation for your efforts to get ^{me} started for I will yet get something done, which I, or anyone else, cannot get done where one is driven until one just cannot go further; driven until health is broken, ^{and} my idea is to stop before its too late.

Hoping I shall hear from you regarding my proposed action.

I am sincerely,

Eva E. Jones.

My dear Madam:

I am enclosing herewith the application for admission to the Training School for Nurses at the German Hospital of Miss Eva E. Jones, a student of this school.

I enclose herewith also a Nurse Student Qualifying Certificate #4360 signed by the Commissioner for Secondary Education for the State of New York, authorizing the admission of Miss Jones to any training school in the State of New York.

In view of the fact that she is of Indian blood and depending upon her own efforts, she should become self-supporting as soon as practicable. She has ~~completed~~ the prescribed course in this school and has had work or its equivalent necessary for admission to your institution. The only difficulty is that Miss Jones is below the age limit. I would be very glad if you could waive it in her case.

I enclose also a letter from Dr. Edward F. Menger, School physician, concerning Miss Jones' physical condition and also a recommendation signed by himself.

The clergyman of the church which she attends is out of town and I am unable to get a letter from him at the present time. However that can be furnished later.

Dear Sir:

The records of this institution show that Miss Eva E. Jones, an applicant for the qualifying course for trained nurses in your institution, has been a student here for seven years.

Miss Jones is a girl of good moral character and is very bright and intelligent. She has some of the characteristics of the Indian, well marked, and during her course has had the minor difficulties in deportment common to most students. She is ambitious to become a trained nurse and has the health, intellectual ability and training necessary to achieve her desire. She is of Presbyterian faith.

I take great pleasure in recommending her for an appointment in your institution.

Very truly yours,

Dear Sir:

Miss Eva E. Jones, an Indian and a student of this school, wishes to qualify herself for a trained nurse at the German Hospital of Brooklyn, New York.

This institution has mailed me an application for a qualifying certificate which has been prepared by Mr. C.M. Blair, Principal of the school, and is enclosed herewith.

There is also enclosed herewith 25¢ in cash inpayment for the certificate which please furnish at as early a date as possible as I am advised by the hospital authorities that a class is forming for July 1st.

Very truly yours,

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

In September 1914, Era was placed with Mrs. A. H. Holcomb at Cymrod, Pa. Her conduct in this home proved to be so bad - insolent and disobedient - that Mrs. Holcomb asked to have her removed. She was impertinent in school. In December she was transferred to Mrs. Robinson's home. As it was so near the Christmas holidays, Dec. 16th, she did not enter school that week. When school opened in January, the home was quarantined for chicken-pox. Then Era developed trouble with her eyes. Mrs. Robinson took her to Dr. Foy. She remained in the Medico-Chirurgical hospital about sixteen days. When she returned from the hospital, she made her efforts to keep herself well but "counted" catching cold - went out door in the bitter cold wind with no head covering nor any wrap. Abscesses in the ear developed. She was returned to Callie's on March 9th. During her stay in the hospital she developed a "voluntaneous correspondence" which she found time to continue after she returned to her home. She was not impertinent nor disobedient with Mrs. Robinson, but her disposition is to consider herself exceptionally well-informed on every subject. She assumes authority - even presuming to pay the paper boy, the laundry, &c. from her own pocket expecting to be reimbursed later. Consider that the Outing is not the place for Era Jones. She needs the systematic discipline of the school.
