Commissioner of Indian Affairs,  
Washington, D.C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students over 21 years of age and who have completed the full course of instruction in the Government schools being declared competent.

In accordance with these directions I have the honor to report that Andrew Beechtree, a full blood Oneida, 21 years of age, will be graduated from Carlisle School, if he passes his examination, on May 24th.

Superintendent J. C. Hart, in a letter dated May 10, 1917, referring to inquiries concerning the property holdings of Andrew Beechtree reports that he has no real estate on the Oneida reservation and no personal property of which he has any knowledge.

5/18/17

Principal Blair Reports that Andrew is a full blood Indian with a full blood's trouble with English, although he has not the great difficulty that some Indians have. He is a boy of good character and habits, a carpenter, and capable of looking after his own affairs. In this belief Roy H. Bradley, Director of Mechanic Arts, agrees.

In view of the fact that this young man has neither land nor property subject to restrictions there are no legal steps necessary to take to declare him competent. I feel, however, that he is a young man fully capable of managing his own affairs and such formal action as may be practicable to declare this young man competent should be taken if deemed advisable.

The papers are enclosed.

Very truly yours,

JF:R

Superintendent.

NAME: Andrew Lawrence Beechtree  
AGE: 21  
SEX: Male  
TRIBE: Oneida  
DEGREE OF BLOOD: Full  
GRADUATED: Tentative Course of Study  
COURSE PURSUED: Carpentry - 3½ years  
HEALTH: Good  
HOW PERSONAL FUNDS HANDLED: Careful in spending his money.

BIOGRAPHICAL SKETCH:

His father never went to school and mother only 2 years. He has worked 6 summers on a farm. Home address is Greeny Bay, Wis. Has worked on the farm six summers and likes the study of agriculture. Would like to be a teacher of agriculture. He does not have the money to purchase a farm or would do so and farm it. He is a good carpenter but weak in his use of the English language.

June 6th, 1916.

Mrs. Ida Beechtree,  
208 South Chestnut Street,  
West Green Bay, Wisconsin.

My dear Madam:

Your son Andrew has finally decided that he too wants to go home for the summer months and as he is entitled to that privilege on account of the termination of his period of enrolment it will be arranged so that he can leave here tomorrow evening with the other boys who are to start then for their homes. A ticket for his use to Green Bay will be provided and after he has arrived there I would be pleased to hear from you.

Andrew has made a very excellent record here and I trust you will have it arranged so that he can return here in time to resume his studies on the opening day of school in September.

My dear Madam:

Your son Andrew went to Harrisburg last evening without permission to do so and he will now be required to remain here until he has been properly punished for that infraction of our school rules.

Regretting very much that such information has to be conveyed to you, I am,

Very truly yours,

HKM.

Mrs. Ida (Beechtree)  
208 South Chestnut Street,

My dear Madam:

Arrangements had been completed this morning for the return home of your son (Andrew) before your letter of the 9th instant was received here. Please be advised, therefore, that Andrew is to leave here this evening and that a ticket for his use to Green Bay will be provided.

In reply to your letter I must state that Andrew has been a very good student here. He has conducted himself properly, is a good worker and a gentleman, but that is all the more reason why his going to Harrisburg last week without permission could not be overlooked. Andrew has the making of a good man in himself and he is now at the age when he must realize that he must assume some responsibilities if he is to be considered the man he is growing up to be.

Trusting Andrew will find profitable work to do during the summer months and that he will go to school somewhere next year, I am,

Very truly yours,

HKM.

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SCHOOL

CARLISLE, PA.

AGREEMENT between Andrew Beechtree and  
Carlisle Indian School.

1st. It seems quite important that the Ford Motor Co. employ only such Indians as are recommended by the Indian School, because the class of boys which are roaming about and seeking positions are not of the desirable kind, and their entrance into this Institution would bring them into close touch with the Carlisle boys, and have a tendency to drag them down and to ruin. There are many Indian youths living upon the various reservations, who are living leisure lives, and have no definite purpose in view. They, of course, hear about our boys making good at your factory, and they take it upon themselves to gain entrance. It is very obvious that their entrance into the factory would be detrimental to all concerned. We want a clean institution, in which to place our Carlisle.

2nd. It is quite important too that the school be careful to recommend only boys of good school record, including their ability and moral character. The Ford factory is not equipped with a regular disciplinarian staff, and therefore, could not control those who are inclined to be unruly. Boys who enter this factory must be a disciplinarian unto themselves, and a boy who has acted the truant in school, could not be put upon his honor.

3rd. It is quite necessary also that the Ford Motor Co. suspend or expell boys of ill repute, in order that we keep a clean industrial supply of boys. Those who have weaker characters will go from bad to worse and drag down those who otherwise would make good. In mild cases, it would be advisable to report the matter to the Superintendent of the Carlisle Indian Industrial School, suspending the boy at fault, until some disposition of him is afforded by the Superintendent. It might be well to recall him to school for discipline, placing a more desirable boy in his position, or it might be well to reprimand him, whereas in severe cases he should be expelled at once, however, his wages should be retained in order to meet any debts that might appear. A letter to the school reporting the difficulty will be answered and attended to at once.

4th. Indian youths have not the knowledge of spending money in legitimate ways, therefore, it seems necessary that they be guided in their savings. Boys who are on the probation list will need 75% of their earnings to meet

their living expenses, but those who have become shareholders can get along well with 50%.

5th. It is not the purpose of the Indian School to hamper the Indian boys in any way in any investments which they see fit to make, and a part, or the whole amount shall be sent to the Indian depositor upon satisfactory proof of legitimate needs. In all cases where an Indian boy desires to withdraw his savings, he should make request to the Motor Co., and by their recommendation, such amount as he shall ask shall be forwarded.

6th. It is not the intention of the Government to withdraw these Indian boys at any time, in order that they may be transported to their reservations, but it is the aim of the Government that they shall build for themselves a career.

I hereby concur in and agree to adhere to all of the foregoing to the best of my ability.

Mr. Andrew Lawrence Beechtree,  
(Through Supt. Carlisle School).

My dear Mr. Beechtree:

I hope that the enclosed certificate of educational competency will be of assistance to you in your future life work. I am favorably impressed with your ability to make your way in the world successfully. I note that you graduated in carpentry and that you have had experience in farming and like that work. If you follow either of these vocations you will be well and honorably occupied. The opportunities for advancement are ample in either line. Successful agriculture should bring you influence for great good among your race; or if you prefer carpentry, skillful work and patient study of that trade and all that depend upon it, should lead to the wider field of contracting. The determination to get ahead, coupled with thrift and, of course, with good health, will permit the accomplishment of fine things in the years before you.

Do not forget to improve your use of the English language as much as possible. This will help you greatly in any occupation. I am interested in your welfare and would like you to write me at the end of a year and tell me what you are doing and what your aims and prospects are. I shall also ask your reservation Superintendent and the Superintendent of Carlisle to report to me at that time concerning your progress.

I trust you will make careful and prudent use of your earnings, and prove yourself entirely capable of self-support, and you have my best wishes to that end.

Sincerely yours,

(Signed) Cato Sells  
Commissioner.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
