May 12, 1917.

Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Reference is made to your letter of April 28, 1917, in which you ask direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students over 21 years of age and who have completed the full course of instruction in the Government schools being declared competent.

In accordance with these directions I have the honor to report that Arnold Holliday, a ½ blood Chippewa Indian, 21 years of age, will be graduated from Carlisle School, if he passes his examination, on May 24th.

Arnold has spent several years at Carlisle. He is to all intents and purposes a white man and looks like one. He has a bright mind, is very strong in English and mathematics. He is able to compete in schools with American young men. Academically he is very well equipped.

He has no particular equipment industrially. He reads a great deal and is very competent of understanding current literature.

Superintendent Everest under date of May 3, 1917, reports that Arnold Holliday is not a member of the Bad River tribe of Indians, that he has never been enrolled under the La Pointe Agency nor has he been given any allotment nor recognized as a member of the Bad River band.

It appears that he was an applicant for enrollment upon the Wooster allotment schedule approved something over two years ago which request was denied by the McLaughlin-Wooster committee. Arnold has lived a good deal of the time in Odanah with his uncle, Henry Holliday, whose status in relation to membership is the same as his nephew, Arnold.

In view of the status of this young man it would seem unnecessary to take any step in his case as he is undoubtedly an American citizen and has no property subject to restriction.

Very truly yours,

JF:R Superintendent.

Supt. John Francis Jr.,

Indian School,

Carlisle, Penn.

Dear Mr. Francis:

Replying to your favor of the 30th untimo, in relation to certificates of competency to be given to training school graduates, and which letter refers to the case of Arnold Holliday. It is found that Mr. Holliday is not a member of the Bad River tribe of Indians, He has never been enrolled here, nor has he been given any allotment nor recognized as a member of the Bad River Band. He has never received any rights here, although he was an applicant for enrollment upon the Wooster allotment schedule approved something over two years ago.

His request for recommendation at that time was denied by the McLaughlin-Wooster committee. Arnold, however, has lived a good deal of the time in Odanah with his uncle, Henry Holliday, whose status in relation to membership is the same as his nephew, Arnold.

These people hail from Michigan, and in view of Arnold's status as a local Indian, I am unable to give you any information as to his property holdings, etc. I understand, however, that he has no property, either in land or in funds held in trust by the Government.

Yours very truly,

Supt. & Spl. Disb. Agent.

Dear Mr. Francis:

Your letters have just reached me after being forwarded from Duluth. My Uncle and I are busy in L'Anse (Mich.) attending to the farm land that I spoke about to you and Mr. Lipps. We will return to Duluth in a few days.

I shall know by Aug. 10th if my application for the Training Camp has been accepted and if so will go to camp at Fort Snelling (Minn.) on the 27th. I thank you for what ever you may do for me relating to references.

I am enclosing the signed check sent to me for signatures. I shall remit the balance ($1.15) as soon as I shall be able to.

I am waiting anxiously for my special "Arrow."

Yours very respectfully,
Arnold S. Holladay.

ORDER BEING MAINTAINED

Flat River, Mo., July 16.—Comparative quiet has been maintained in the lead belt of Southeastern Missouri since the arrest yesterday of twenty men on charges of carrying concealed weapons or looting homes of evicted foreign born miners. The peaceable disposition of the crowds is due largely to the presence of Missouri National Guardsmen and the conciliatory work of State Labor Commissioner Lewis.

The situation still is serious, however, as the miners seem sincere in their belief that they are acting within their rights in driving out foreigners.

All day yesterday the exodus of the foreign-born continued and it is estimated that more than 1,000 have left the lead belt.

Trouble Appeared Imminent.

Serious trouble appeared imminent yesterday morning when 200 mining men from Elvins gathered in front of a troop train in which many Guardsmen still remained. The troops were ordered to detrain and a detachment of about twenty-five Guardsmen drew up facing the miners. A committtee of

My dear Sir:

As it is necessary to operate on your nephew, Arnold Holliday, to correct his trouble of long standing, I have decided that it can be considered a legitimate charge to have him sent home at Government expense. Accordingly, arrangements are being completed to have him leave here tomorrow evening. Transportation for his passage to Odanah will be provided for his use and he has assured me that he has sufficient funds to pay for his incidental expenses enroute.

When Arnold is well enough again to resume his studies here he would have to be returned to school at his own or your expense.

Dear Mr. Holliday:

I have received your favor of the 2nd instant in behalf of your nephew, Arnold S. Holliday, and have noted with care the information contained therein. I should certainly like to favor you and your nephew, but because his return home had to be effected so soon after his first enrolment here I would not now be justified in again providing transportation for his use at Government expense because the very strictest economy has to be practiced in the use of the funds that have been alloted us this year for the transportation of students.

It was our intention when Arnold was written to regarding his transportation several weeks ago to have him apply to Superintendent Everest for selection as escort to a party of students, and as the Superintendent has not made any recommendation in any one's favor it seems to me that there should yet be a chance for him to earn his transportation in that way.

I do not see in what other way I could cooperate to give Arnold the help of which he seems to be in need and which he certainly deserves.

Hoping I will be advised further what I can do, I am,

My dear Mr. Lipps:-

My Nephew Arnold S. Holliday has turned over to me your letter of the 25th ult. After reading it over carefully I decided to take the matter up, as you suggest, with our Supt. Mr. Everest. He advised me to write you fully of the circumstances as I related them to him and he assured me that you would give the case your careful attention. And he could see no reason why Arnold could not be entered as a new student.

If you will remember Arnold was sent home to undergo an operation for an undescended testical, as he is an

grown worse so that it became impossible
for him to do work of any kind, in fact
the doctor here, H. A. Sincock M.D. told
me that her, Arnold, was in a serious con-
dition and that he did not feel equal to the
task as it required a specialists attention.
By considerable inconvenience I have been
able to see Arnold through those expenses
which total about $150.00. The operation
has proven successful and Dr Sincock
now pronounces him cured. I find that
it will almost be impossible for Arnold

Mr. Henry E. Holliday,

Dear Mr. Holliday:

I have received your letter of the 13th instant and have noted that Superintendent Everest has agreed to detail your nephew Arnold to bring a party of students to Carlisle.

The early departure for Carlisle all of you are urging upon students is important, because a greater number than usual of our students were here for the first day's work on the 7th and so have already had practically two weeks of work. Those coming later are always handicapped and seriously interefere with the work in the classes they have to enter. The longer the delay the greater the loss to all concerned.

I am writing to Superintendent Everest regarding the matter of sending students with Arnold and am taking the liberty to suggest that he request Mr. Doan to start the party as soon as they can possibly be gotten together who will join it.

Assuring you that it will be a pleasure to co-operate further as may be required to give Arnold the privilege to earn his way to Carlisle and hoping that we shall soon see him and the other students from Odanah and Ashland, I remain,

Very truly yours,

Dear Mr. Lipps:

I have your favor of the 8th instant and note what you say. I have immediately gotten into communication with Supt. Everest regarding the matter and he advised me to have Arnold get busy at once so that the party may start as soon as possible. He further advised me that he would be very glad to recommend Arnold as escort for the party.

Arnold is today making a tour of the village and on my advice is encouraging an early departure, this seems necessary as a number of the prospective party have signified a desire of postponing their departure until after the Fair to be held here on the 22nd 23rd and 24th, I know from experience that it is very necessary from the pupils standpoint that they start with their class at the beginning of the term and I judge in the organization of your classes you would find it very desirable to have all your students on the ground as soon after school starts as possible. I f I am right I wish you would make this known to the Farmer (A.L.Doan) here as it will assist Arnold in getting started early with his party,.

Trusting that this will meet with your approval, I am,

Dear Mr. Everest:

I have received a letter from Mr. Henry E. Holliday of Odanah to the effect that you have agreed to designate his nephew Arnold to bring to Carlisle the party of students who have applied for enrolment. I enclose herewith a copy of the reply that has been addressed to Mr. Holliday.

It is suggested in Mr. Holliday's letter that your Mr. Doan at Odanah be requested to ase his influence to have the party of students start for Carlisle without delay, as he had heard that a number of them expected first to attend the Odanah Fair. The work here has started well and just as soon as we can enroll all the students who may be accepted this year our work can go on without the interruptions that cannot be avoided when new students are daily joining classes.

You will know best what action should be taken and if I can assist from this end do not hesitate to let me

hear from you by letter or wire.

My dear Mr. Holliday:

When your nephew Arnold was seen at this office last evening he made inquiry about the period for which his re-enrolment at Carlisle has been effected. It was explained to him that when his transportation home was paid after his first year's enrolment here it severed his connection with this school as a student and that now his enrolment for a three year period would again have to be effected to justify the paying of his transportation.

In order that our records may be clear, will you please inform me what your desire is in the matter? An application for Arnold's enrolment should be submitted for our files thru the office of Superintendent Everest.

Arnold is doing satisfactory work as usual and always appreciates anything that is done for him.

Dear Mr. Lipps:

Some delay has been occasioned in answering your favor of June 26th in regard to Arnold Holliday's age. Arnold is not an enrolled member of this tribe, so we had to get the information from his Michigan relatives. It now develops that he was born October 31, 1895.

His guardian, Henry Holliday, and myself, as well, are quite elated over the prospect of Arnold securing an apprentice position with the Ford Motor Company. We believe, as you do, that no mistake will be made in selecting Arnold as one of these students, because he is a young man of exemplary habits and character.

Yours very truly,

Dear Mr. Francis;

I suppose you have learned of our safe arrival here and that we began our work on the following morning. For two days we were put to work on production, but on the third day we were started in on the students' course. I find the work in my department (the coal unit) interesting and agreeable and I am altogether pleased and satisfied that I asked and was permitted to come to the factory. I shall certainly do my very best to prove worthy of the confidence given to me.

But there is one thing that

I want to ask you about. The atmosphere in Detroit is highly charged with patriotism and long lines of ~~men~~ volunteers and standing daily at the recruiting stations and enlisting for service. Now I am willing and ready to go when my country needs my services and have been considering this a great deal. But I also feel that since I have just graduated and come here to make good, that I should wait until later to offer my services; and this is where I am puzzled as to what I should do. I would terribly hate ~~to~~ not to volunteer and then be ~~drafted~~ a - mong that are to be drafted in a - few months.

I have been thinking that why not list the boys enrolled at Carlisle that are within the conscription age limits and have them volunteer their services subject to call. (I am sure the boys would loyally respond) and in this way eliminate ourselves from being draftes. What do you think about it?

I think that some of us will have a little trouble getting to work to -

morrow because we have no blue slips to show that we have registered which we must do when we enter the plant. I explained to the registration officer here that we had registered but have not received our slips yet and he said that we should explain our cases at the factory and not repeat our registration. (Some of the boys were willing to do so again.)

Will you kindly see that the slips ~~they~~ are sent as soon as possible so that we may keep out trouble.

Please remember me to those that might be interested.

Yours respectfully,

Arnold S. Holliday.

Dear Arnold:

Your letter informing me that you had left the Ford factory and had joined the Army is the first information I have officially regarding your action.

I have not yet received reference papers but when one comes to me I shall do what I can to try to help you.

The books here show that you have a balance of $15.10 due you. This will not be quite enough to reimburse the school for what it advanced for you when you went to the Ford factory. You can send the balance due the school when you get your pay.

With my best wishes for your success in whatever you undertake, I am,

Very truly yours,

Dear Mr. Francis;

I suppose you have learned that I have left the factory, which I did with the understanding of being reinstated upon my return from the Army. I passed the physical examination for the Marines in Detroit and decided to come home and enlist in Duluth before the draft. After my arrival here I decided to apply for admission to the second camp of Officers' Reserve to train at Fort Snelling, Minnesota and put in my application. I used your name for reference and trust that my record at Carlisle will warrant a recommendation. I believe that I have a good chance of being selected.

I wish that you will advise me

as to my financial standing at school since one quarter of my earnings in Detroit were sent back to school.

Yours very respectfully,
Donald S. Holliday.

Dear Arnold:-

Please sign the enclosed check for $12.25 made payable to the Cumberland Valley Railroad Co., and sign and endorse the check for $2.85 made payable to yourself and return both checks to me in the envelope enclosed.

The first named check is to pay for your ticket Carlisle to Detroit, Michigan and the second is part reimbursement on the Ten Dollars you borrowed when you left Carlisle. You can send the balance ($7.15) when you draw your pay.

Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools being declared competent.

In accordance with these directions I have the honor to report that Arnold Holliday, a ¼ blood Chippewa, 21 years of age, passed his examinations and on May 24, 1917, was graduated from this school in agriculture in accordance with the old course of study.

Arnold is the son of William Holliday of Odanah, Wis. His parents are both dead. The clerk in charge of the La Pointe Agency reports that he is not a member of the Bad River Band of Chippewas and has therefore no allotment and no funds to his credit on the books of the office. He believes that he is a Michigan Indian connected with the Mackinac Agency. He told me personally that he made application to be placed upon the Wooster roll of Bad River Indians, but his application was refused.

Principal Blair and Mr. R. H. Bradley, Director of Mechanic Arts, report that Arnold is a very gentlemanly boy, excellent in English because it is easy for him. He has little application and is vacillating in the extreme, the result very largely of too much petting at home. He is his grandmother's darling. He is intelligent above the average Indian boy of the same age, likes to read good books, and can talk intelligently about them. He has had two years of High School

work but he is not studious. He loses much time in trying to arrive at a decision. He is of excellent moral character and very pleasing in appearance.

Arnold is to all intents and purposes a white man. Should it be found in the future that he is entitled to any property subject to Government control, any restrictions against his person or property should be promptly removed.

He is in good health and careful in handling his money.

The papers are enclosed.

Very truly yours,

JF:R

MAY -2 1918

My dear Mr. Holliday:

The inclosed certificate of educational competency is a testimonial of my confidence in your ability to manage your own affairs from now on and, having had the advantages of one of the leading schools, you should be able to make your way in the world successfully.

Your studies in agriculture should give you the ambition and ability to acquire land and become an example and leader among the people of your race in all that enters into a prosperous and noble use of the soil. Whatever occupation you decide upon, I hope you will put into it self-reliance and a determination to win. No young man can afford to change his employment frequently. Anyone of the many honorable vocations of today offers great opportunities to the young man of ability and persistence.

I shall want to know how you are getting on, and would like you to write me a year from now and tell me about your plans and prospects. I shall also ask the Superintendent at Carlisle to give me information about you.

With best wishes for your success, I am,

Sincerely yours,

My dear Friend:

I have received your letter of the 24th instant and have noted that you are now physically able to return to Carlisle to continue with your work here. Such a privilege can be given you and with the new courses of work that are to go into effect on the opening day of school on September the 7th you should have an opportunity to get the training you desire.

Noting also that you would like to earn your transportation by escorting to Carlisle a party of students, you are advised that you should arrange to see Superintendent Everest about the matter. Whatever recommendation he makes relative to your request will be given due consideration.

Hoping you will not have to give up the idea of coming to Carlisle if it is not believed feasible to have you act as escort, I am,

Dear Mr. Lipps.

I have recently undergone a very successful operation for the hernia that was so troublesome to me while at Carlisle, and for which reason, as you probably remember, you permitted me to return home in August 1914; at which time I was a member of the Senior 1915 Class. I have since recovered and am now entirely well and in the best of health.

I would like to return to school this fall and complete my studies; but owing to the considerable expense of the operation I shall find it very hard to pay for my transportation, as was agreed I should when I left Carlisle, and would like to know that if I can return, I could save myself

this expense by taking charge of students that intend entering Carlisle this fall.

Hoping to hear favorably from you, I am
