Febr. 8th, 1915.

Hon. Gabe E. Parker,
Superintendent for the Five Civilized Tribes,
Muskogee, Okla.

My dear Sir:

At the request of Field Clerk Dunnagan of Nowata, Oklahoma, I am writing you regarding a request that has been made by Wilson Wyly's mother for an amount of \$25.00 with which to purchase clothing for the boy. In reply I respectfully state that Wilson is provided with all the necessary articles of clothing, but if he has funds to his credit which may be expended for such a purpose and which are not more urgently required for any other purpose it is my opinion that he should be allowed the use of that amount. I recommend to that effect and if the money is sent to me for deposit in our school bank expenditure of the amount will supervised.

Very respectfully,

HKM.

Supervisor in Charge.

January 30, 1915.

Superintendent U. S. Indian School,
Carlisle, Pa.

Sir:

Mrs. Josie Hendricks, mother of Wilson Wyly, a minor Cherokee Citizen who is now a student of your school, requested this office to make a request of the Superintendent of the Five Civilized Tribes, Muskogee, Oklahoma, for \$25.00 for the purpose of buying cloathing for Wilson Wyly. The Superintendent of the Five Civilized Tribes, under date of January 27th, suggested to this office that these requests should come from you, after you had made investigation as to whether or not the expense was necessary.

Will you kindly ascertain whether this money is needed for this minor or not, and if so, advise the Honorable Gabe E. Parker, Superintendent for the Five Civilized Tribes, Muskogee, Oklahoma, sending a carbon copy of your letter to this office.

Respectfully,

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

Mrs. Josie Hendricks,

Dear Friend:

I have your letter relative to the money allowance for Wilson Wyly and have to say that I do not think it advisable to give him such an allowance. If you wish to do so you can deposit some money in our school bank for him which he can have from time to time as he needs it. we can control the expenditures better this way.

I note also what you say regarding his name and will instruct the clerk in charge of the mail to see that he gets letters addressed to Wyly Hafford.

Mrs. Josie Hendricks,
Ochelata, Okla.

My dear Mrs. Hendricks:

We have your letter of the eighth instant, making further reference to the condition of your son Wilson Wiley. After I had written you a few days ago, I sent a memorandum to our resident physician, asking him to let me have as soon as convenient the result of his observations concerning this boy. The physician sent me a preliminary report, stating that immediately after Wilson had been admitted to this school he (the physician) had noticed an abnormal mental condition in the boy. This would seem to be contrary to your statement that if Wilson is in any degree mentally deficient, such condition must have developed since he came to Carlisle. However, that is neither here nor there, and it is earnestly believed and hoped that the condition may be only a temporary one and due to causes which will respond to treatment upon the part of our physician.

Wilson is going about his studies and work at present, and to my way of thinking he seems to be considerably improved. I would not counsel his being withdrawn from the school until at least we may have a further statement from the physician. Of course, you understand that in a case like this it may take the physician several weeks or even months to come to a definite decision, since such cases are difficult to study and observe.

I think, therefore, that there is no immediate cause for worry. In fact, as I have already said there seems to be reason for thinking that his condition is only a temporary one and that it is already improved.

Very sincerely yours,

JDD:SR

Acting Superintendent.

Sir:-

I am very
sorry to learn of Wilson's condition.
He was considered a good student.
I suppose his recommendation was
sent there. But if he is mentally
affected. I should judge that is
not a very good place for him.
I'll just for him to come home. I
would rather take care of him
myself. And I'll try to get him
home as soon as possible. He
certainly has become so affected
since going there.

Very respectfully
Josie Hendricks. J

Dr. Rendtorff:

For sometime past, I have had the feeling that Wilson Wiley was, perhaps, a fit subject for observation by an expert alienist. I wish you would find the opportunity to take a few observations in his case, and let me know what you think about him. To me, it seems that he is not all there, or else that he is the victim of some vice which is sapping his strength, both physical and mental. He goes about with his mouth open and with an expression that would indicate that he is in a trance. He does not seem to have any sense of responsibility and he seems to be a neutral character.

I should like very much to have your statement in the premises.

Very respectfully,

JDD:SR

Mrs. Josie Hendricks,
Ochelata, Okla.

My dear Mrs. Hendricks:

We have your letter of December 25th, in regard to your son Wilson Wiley. I must confess that Wilson is one of the greatest problems I have ever encountered in my twenty-five years of experience as a school teacher and official. He seems to be all the time in a dream and he goes about with a vague expression, which would seem to indicate a deficient mentality. Whether or not this is a condition which developed after he reached Carlisle I am quite unable to say. In the academic department, his conduct has been reasonably satisfactory, but he does very little good in his studies. His marks are low and he does not seem to be able to grasp the subject matter.

His conduct in and around quarters has not been so satisfactory, and it has been necessary to make him the subject of more or less severe disciplinary measures on several occasions. We are perfectly willing to keep him on and do the best we can for him. It is possible that his case should be made the subject of special study upon the part of our school physician, and I am this day directing Dr. Rendtorff to make an observation of his case.

Very sincerely yours,

JDD:SR

Acting Superintendent.

Mr. O. H. Lipps :-

Kind sir.:

I kindly write in regard to my son Wilson Hyle. I understand that he don't seem to take interest in his studies or duties. He was considered a studious pupil at home. Perhaps you could talk to him & find out the trouble. For it surely burdens my mind. I can not content my self. For I don't want to think of being not treated right. Perhaps there is just a misunderstanding some where. And should be corrected. Please see him & give him a good talk & advise him. It sure grieves me for I would like for him to stay. I don't think he would try to run

away. He never was away from
home until he came out, there.
Perhaps he is home sick.
May your talk to him encourage
him up. Let me hear from you
as soon as possible. Let me
know what you think about him.

My dear Madam:

Referring to your letter of the 11th instant, I beg leave to report that I saw your son Wilson at my office last evening and pointed out to him your desire that he make better use of his time than he has and in order that he can make the satisfactory record here he has to his credit in the other schools he has attended. *Wyley*

Wilson stated that some of his low grades last month were the result of time he lost when he was confined with the mumps. He also assured me that he sees the mistake he has made and that he will endeavor anew to give more careful thought to his studies so that the progress we want him to make will result.

I trust an improvement in general can be reported to you soon and that Wilson will put forth the effort he is capable of putting into his work.

find out where the trouble
I wrote to you some time ago
but you was away at the time
& the Principal teacher was
acting in your place. And the
answer he sent me surely did
un-nerve me caused me lots
of worry. As he said that
Wilson was the hardest problem
he ever encountered in all his

experience, That Wilson seemed to be in a dream all the time, & went about with a vague expression that it seemed to indicate a deficient mentality. That I wanted to have him brought home. And then he decided it would be best for me to leave him there. I know he has not been satisfied since he has been there. He never was away from home but about a week in his life. As he always wanted to be home with me. And it seems that Wilson & De Huff does not get along very well. Perhaps he is just a little too hard on him. & I does not treat him as he should. Please give him a kind talk & let him see where he (Wilson) is in fault.

one time a teacher will take to
disliking a child & may be it
may be so in this case. He never
had any trouble with his teacher
here as he had a recommendation

And if he had been as Dr. Huff

would have detected it. No please

Mrs. Josie Hendricks,

Ochelata, Oklahoma.

My dear Madam:

Your letter of the 10th instant has been received here and it is noted therein that you are anxious to have your son, Wilson Wyly, also selected for the special work that is now given our boys in the Ford Motor Company's factory in Detroit, Michigan. In reply thereto I must state that such an opportunity can probably not be given him this summer as there are now a number of other boys waiting to have such a chance who have proven by their efforts here that first consideration should be given their requests.

All we ask of your son is that he be reliable and more diligent than he has been and that he make so satisfactory a record for a sufficient period of time to prove that he is sincere. Wilson has the making of his future in his own hands to do as he chooses and it cannot be at all necessary to state that every opportunity will be given him to make the best possible use of his time if he in-

It pleases me to inform you that Wilson has been doing better work for the past several weeks and it is hoped further such favorable reports can be conveyed to you.

Kind sir:-

I received your letter of the 22nd of March & also one from Wilson assuring me that you had a talk with me & I was thankful to learn of his promise to brace up & do better!

He also wrote that he may be allowed to go to Detroit Mich. to work & if so when do you think he can go. He wanted to come home during vacation but I would rather he would go to Detroit if it be allowed him.

I received his report for last-month it is fairly good but I do hope next month will be better still.

What must he do to get to go to Detroit? I am so anxious for him to make use of the time while he is there. As there are no such opportunities here. And your talks or advice rather to the students there seem to go a long way with him. As the writers tell me that you ^{had} gave them such an encouraging talk. And I do hope he will do better.

I hereby acknowledge receipt of your letter of the 28th instant and take the opportunity to reassure you that all necessary articles of clothing are provided for your son the same as is done for all other students we have enrolled here. Very many of them, however, have money of their own with which they purchase extra clothing.

Noting farther that you desire to have Wilson at home for the summer months, this is to state that he will be given permission to go at any time you provide the amount that will be required to pay for his transportation. An amount of \$15.00 was credited to his account in our school bank on May the 18th, but he has since then drawn it out. *Wyly*

My dear Madam:

I have received your letter of the 10th instant and have noted therein your inquiry about the uniform your son Wilson ^{Wyley} requires. In reply to your letter I can state that your son has been provided with a uniform and all other articles of clothing he requires for his protection. He is evidently urging you to send him sufficient money to buy a suit for wear when not in uniform, but it is not necessary that he have such a suit and he can get along very well without it. In this connection I must again call attention to the fact that under no circumstances should money in any amount be sent to Wilson except thru this office.

Mr. C. H. Lipps:-

I read in the Carlisle Arrow that Com. Sells desires to have all of the Carlisle students the school uniform. Shall the students buy them there or else where & what are they worth? Wilson Wylie needs a new suit & I don't see how I can get the money for him in time for the 15th of this month. And if you can have it arranged for him to a school uniform, I wish you would & then write & let me know what it cost & I will send it. They have changed field clerks so often that it somewhat delays things.

He has little money but I am trying to have it last him as long as I can. Of course I send him little money some time. And it seems that he wants a new suit. Please see to it & let me know how & what to do about it. I think it would be so nice if they would all wear the uniform.

Dear friend:

This is to inform you that you will not receive a copy of the Annual or Senior Arrow which comes out this week for the reason that I am having a special number printed for the seniors which is not yet ready.

I give you this information now so that you will not be disappointed when you see others with the Annual. You will have to wait longer for your Arrow but I think you will be more than rewarded when it comes out.

With my best wishes to you, I am,

Very truly yours,

John Francis
Superintendent.

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Wilson Wyley, a $\frac{1}{2}$ blood Cherokee Indian 17 years of age, passed his examinations and on May 24, 1917 was graduated from this school in Gardening, in accordance with the special course of study.

Wilson is the son of Josie Gritts. His father is dead. Both parents were well educated. His home is at Ochelata, Oklahoma. He has 120 acres of land. Since coming to Carlisle he has worked most of the time in the greenhouse. He wishes to become a lawyer.

Principal Blair and Director of Mechanic Arts Bradley reports that Wilson is peculiar in many ways; he seems utterly irresponsible at times. He has little or no sense of proportion and is given to nursing real or imaginary grievances. He does well, only occasionally, in any line of work. This of course has made things uncomfortable for him at times. He has been afflicted with boils and other skin eruptions almost continually. He looks like a white boy.

He spends his money freely.

Wilson is in good health except for the skin trouble.

Superintendent Parker of the Five Civilized Tribes reports that Wilson has 10 acres of land. If there are any restrictions in this land it should be removed when he becomes of age.

Very truly yours,

Superintendent.
