INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

My dear Sir:

I have noted the contents of your favor of the 14th instant, relative to the desire of Belle Peniska's mother that consent for Belle's marriage be withheld.

Referring further to your letter, where it is requested that Belle be returned home, this is to state that her period of enrolment at Carlisle does not terminate this year and that the parents would have to provide funds for the transportation before the girl could be allowed to leave here.

Belle is the 67th Indian girl to be placed under the care of this noble woman. This fall on her return to Carlisle from her summer's outing in West Chester, Belle asked to be placed in Miss Edg's home and she knows she has been wonderfully helped by the associations this winter. My dear Miss Edge:

I thank you for your kind favor of the 19th instant, written in behalf of Belle Peniske and the important step she is contemplating.

Correspondence I had with the father of the young lady indicated that he is anxious to have her continue with her school work, but noting that she has not made any great progress during all the time she has been enrolled at Carlisle I am writing to the Superintendent of the School at the father's home to find out what action would seem advisable. I shall not object to Belle's release from Carlisle for the purpose of getting married at any time I can be assured that she has made a wise choice and that her father approves of the young man.

Assuring you that your interest in the young lady is appreciated and again thanking you for all the kindnesses you have extended to the young people in whom we here at Carlisle have been interested, I remain,

Mr Oscar H. Lipps
Dear friend,

I am writing at
The request of Belle Penick
and wish to present a loose affair.
Before Belle came to Carlisle she
had been a year in 7th grade at
Genoa. She was placed in the same
grade at Carlisle but failed to
pass at the end of that year.
She has gone over the same work
for the third time since she came ^{here}
and though she has done her

told the young man he had no objections to the marriage but Belle was under the care of Mr. Lipps and he has no right to take her from the school,

It is a case where we need to step warily, and of course must learn what is the young man's character from some one beside his lady love, as we all know that Love is blind.

If Belle's estimate is correct, this would be a most suitable connection, and considering her mental capacity it does not seem worth while to spend much more time in school.

She is a good girl. What the young people would like is, that Belle should go home.

Best she thinks, and so do I, that except in arithmetic, she is not yet able to take the Examination. She will be 21 in August.

For two years she has been engaged to Frank Blackbird, an Omaha.

According to Belle, he is a most excellent young man, quiet, temperate and a member of the Presbyterian Church. He is an orphan, lives with his grandparents, is well provided with this world's goods, owns 320 acres of land.

Naturally he does not want to wait an indefinite time for his wife. He has been to see the father Jacob Penicka, a Ponca, who

My dear Sir:

Some time ago I was in correspondence with Mr. Jack Peniska relative to the desire of his daughter Belle to marry a young man to whom she had become engaged before she was enrolled at Carlisle. It was stated at that time by Mr. Peniska that he is anxious to have Belle finish her course at Carlisle before she returns home.

It has now been reported to me in a letter written in Belle's behalf that she has failed to advance in her school work beyond the Grade in which she was enrolled at Genoa before she came to Carlisle. Evidently she may have reached the limit of her development in purely academic work and now desires to know definitely whether she may not be allowed to return home in order that she can be married.

Will you kindly let me hear from you regarding the matter, so that Belle can be advised what her father's wishes in the matter are and in order that she can be properly advised further in connection with the important duties

she is contemplating and planning to assume?

The young lady will be 21 years of age in August and the young man in the case is Frank Blackbird, an Omaha Indian.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Belle Peniska who is an applicant for an assistants position in your school has been given her diploma and is now ready to go to you at any time you designate. We have allowed her to read your letter relative to your requirements and she thinks that she will be able to do as you wish.

As the school will be able to pay her transportation only to her home in Nebraska I have taken up the matter of her transportation beyond that point with the Commissioner and may be able to furnish her transportation from the funds for graduates taking positions in the Indian Service.

Dear sir:

I have your kind letter of the 30th ultimo relative to the placing of Belle Peniska in an assistant's position here at Tulalip and would be glad to give her the opportunity.

I trust you will kindly caution her before she comes that we are quite strict as to the behavior, general demeanor and personal example afforded by our employees to our children. The last incumbent in the position was a Carlisle girl (Lucy Lane) who had to leave because she did not heed these very important things. Even before Miss Lane came we had another Carlisle girl (Myrtle Thomas) and this girl though a very capable one had to leave because she led two young Indian fellow-employees astray. Now both of these girls to whom I refer had undoubted capacity to do the work but did not have sufficiently strong characters, high ideals and habits of self-control, -- and all of these are of the utmost possible importance in a work whose very foundation should be character and its up-building.

I believe that words of caution before leaving there will assist and emphasize such as we may give here.

I am glad indeed to know that Miss Peniska has had such a good school record for behavior. We hope she will enable us to speak just as highly of her. We shall be glad to have her as soon as she can come and would appreciate it if you could and would apprise us of the approximate date at which she can report here for duty.

Very sincerely yours,

Dear Sir:-

Your letter to Mr. Lipps relative to a vacancy in the position of Indian assistant in your school, has been referred to me by him. Mary Welch, the young lady we had in view for this position has not been very well the last year and it is thought that the climate there would not agree with her so we have not presented your offer to her at all. We have another girl graduating next month who could do your work very nicely. This girl is Belle Peniska, a Ponca from Nebraska, 22 years of age. She has been at Carlisle four years and her conduct during that time has been above reproach. She has had considerable experience in doing assistant's work here, having taken charge of the girls working in the Students' dining room and in filling the hospital's cook's place for two summers. She is also a good seamstress. Belle wishes to be considered an applicant for the opening you have. Will you please let me know if you would be willing to give her a trial. She does not want to leave here until after her graduation May 26th.

Mr. Charles M. Buchanan-

Mr. Lipps when he was here last week talked with Belle about the work which would be required of her in your school. He believes that she could do very nicely the work you would require of her.

Supt., Carlisle School.

My dear Mr. Francis:

In reply to your letter of May 28, asking as to payment of transportation to Tulalip School for one of your graduate pupils who has been promised an assistant's position there, you are advised that an allotment from the \$5,000 provided for placing Indian youth in remunerative employment will be considered to cover the traveling expenses of Miss Peniska to Tulalip provided she receives the appointment.

As to whether transportation will be allowed in similar cases, you are requested to advise in regard to the probable number of students who may receive positions and the amount which may be required for the purpose.

The appointee in each instance should reimburse the government to the amount of transportation expenses where the salary is sufficient to do so.

Very truly yours,

E. M. Merrill
Assistant Commissioner.

Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in Government schools, being declared competent.

In accordance with these directions I have the honor to report that ~~Belle Peniska~~, a 3/8 blood Ponca Indian, 22 years of age, passed her examinations and on May 24, 1917, was graduated from this school in domestic science in accordance with the tentative course of study.

Mr. John F. De Janette, Clerk in Charge of the Ponca Agency, Oklahoma, advises me that they have no person by the name of Belle Peniska enrolled under that jurisdiction, but suggest that she may be a Nebraska Ponca.

Superintendent Burton of the Santee Agency reports that Belle has no allotment on his reservation and no other property to his knowledge. He reports that her character is good and he has never heard anything against her in any way.

Mrs. Matilda G. Ewing, matron, reports that Miss Peniska is one of our best and most reliable girls and a good Christian. She has good health generally, but at the last went home in a very rundown condition. Mrs. Ewing considers her kind and generous in her judgement of other's welfare. She has many noble qualities, is loyal and true to her trust.

Principal Blair reports that Belle is

7/27/17

a lovable girl with considerable strength of character. She is not strong in academic work but she is considered a fine cook. Her strongest instincts are for home-making. In all things pertaining to household affairs she has initiative. She takes responsibility and is conscientious in always trying to do her best. She is neat and particular about her personal appearance and is sensible and modest in taste.

Apparently Miss Peniska has no property under the control of the Government. Her future must be dependent upon the man she marries. I would recommend that any money in reasonable amount be turned over to her without restrictions. The removal of her restrictions upon land, however, should she acquire any in the future, should depend somewhat upon the type of man she marries, or sufficient time should be given her to find herself.

The papers are enclosed.

Very truly yours,

JF:R

Superintendent.

Dear Belle:

A few days ago I had a telegram from Miss Molly Gaither, Superintendent of the Springfield, S.D. School, asking me to recommend two Carlisle girls one to act as cook and the other as laundress in her school, the salary of each position paying \$460 per annum.

I immediately wired back asking Miss Gaither to get into communication with you. I think this is an excellent opportunity for you to get into the Service. Miss Gaither was an employee at Carlisle for many years, first as teacher and then as outing agent. She is a woman of lovely character and splendid ability and I know that you could not have a better superintendent to work for your first year.

I hope that you will take advantage of this opportunity. Trusting that you have had a pleasant vacation and have thoroughly regained your health, I am

OFFICE OF INDIAN AFFAIRS

WASHINGTON

March 18, 1916.

METHOD OF SENDING AND PAYING FOR TELEGRAMS.

ORDER No. 5.

TO ALL OFFICERS AND EMPLOYEES OF THE INDIAN SERVICE:

In lieu of Circular 1056, the following instructions in regard to sending and paying for telegrams, are hereby promulgated, to be effective on and after April 1, 1916:

1. HOW SENT.

No telegram on which the charges are to be paid by the Government, either directly or by way of reimbursement, shall be sent "collect" unless sent by a person not in the Service. See 3 (b).

- (a) **Indian Office.**—Messages sent by Government officers or employees to or from the Indian Office shall be marked in the lower left-hand corner, thus: "Official Business, Government day (or night) rate. Paid, charge Indian Office."
- (b) **Field Offices.**—Messages sent to or from any field office, which properly pertain to its jurisdiction, shall be marked in a similar manner: "Official Business, Government day (or night) rate. Paid, charge _____, (giving name of the person or office to which bill should be presented for payment)."
- (c) **Traveling employees.**—All other messages sent by employees who are under the jurisdiction of a field supervising office, whether sent direct to that office or otherwise, shall be marked thus: "Official Business, Government day (or night) rate. Paid, charge _____, (give name of the person or office to which the bill should be presented for payment)."

All other messages sent by employees who are *not* under the jurisdiction of any field supervising office shall be paid for in cash at the time the message is filed with the company for transmission, and the message shall be marked thus: "Official Business, Government day (or night) rate. Paid in cash by sender." In all such cases a copy of the message, showing that the original was marked "Paid in cash by sender," must be retained by the traveler and filed with his voucher on which reimbursement is requested.

2. METHOD OF PREPARATION.

- (a) **Rates.**—Each message must be marked by the sender so as to show whether it is sent at day or night Government rates. Night rates are cheaper, and should be used when too much delay is not occasioned thereby.

2. METHOD OF PREPARATION—Continued.

- (b) **Signature.**—Each telegram must be signed in sender's own handwriting. Typewritten or stamped signatures must not be used. Telegrams phoned to sending station of company must be confirmed by written message prepared and signed as herein directed.
- (c) **Address.**—Official telegrams sent to the Secretary of the Interior, or to the head of any bureau thereof, or to any other person in the Department whose official position is of sufficient prominence to insure proper delivery of the message at Washington, D. C., over the lines of the Western Union and Postal Telegraph Cable Companies, should be addressed "Washington" only, the letters "D. C." being eliminated. ("Departmental Order November 20, 1915.)
- (d) No duplicates should be furnished to the receiving office of the company, except to support lost messages, when ordered by the Indian Office, in accordance with paragraph 6 hereof.
- (e) **Appropriation.**—On each copy of the message give name of the appropriation chargeable with the toll.
- (f) **Form.**—When practicable use prescribed forms, making original and four copies, and disposing of the copies as marked thereon. Additional copies may be made as desired. If not practicable to use prescribed form, keep copy of the message and mail omitted forms as soon as practicable.

3. MANNER OF PAYMENT.

- (a) Vouchers of telegraph companies, when submitted for payment, must be supported by the originals of all telegrams filed by officers or employees of the Indian Service, after April 1, 1916.
- (b) Messages sent "collect" to a Government office or officer, by a person not in the Interior Department, may be paid for on presentation of a copy of the received message. However, the Government reserves the privilege of having such messages marked: "Paid, charge _____, (giving the name of the person or office to which the bill should be presented for payment)," and in such cases it will be the duty of the telegraph company to present the original message in support of its bill. Field officers are advised to instruct correspondents to so mark messages which are to be paid for by the Government.

Miss Belle Peniska,

MAY -2 1918

My dear Miss Peniska:

I send you the inclosed certificate of educational competency, feeling that you have earned such a recognition. I am pleased with some of the things said about you, one of which is that you are conscientious and always try to do your best. That trait of character will go far towards bringing success to anyone, and it is needed just as much in one calling as another. I note also that you incline to the duties of home-making, which is commendable, because there is nothing in the world that helps more to make people happy and progressive than well-ordered, efficient and refined house-keeping. These conditions are the purifying and elevating influence of all community life. High-minded, sweet-tempered home-keepers are the bringers of strength and virtue to social welfare. Hold fast to your highest ideals; they will be among your best friends in any work you do. Should you acquire any land hereafter, be careful in its management, and feel free to consult this Bureau, if you desire, about any matter affecting it.

I give you my best wishes and would like you to write me a year hence and tell me how you are doing and something of your plans. I will also ask for a report about you from the Superintendent at Carlisle.

Sincerely yours,
