Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students over 21 years of age and who have completed the full course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that George Tibbets, ~~age~~ 23/16 blood Chippewa Indian, 23 years of age, was graduated from Carlisle, having passed his examination, on May 24, 1917.

Superintendent Hinton of the White Earth Agency reports that George has no individual Indian money at his agency but that he has original allotment No. 2231, comprising the S/2 of SW/4, Section 3, Township 146, N., Range 40 W. 5th P.M., containing 80 acres. This tract is a sandy loam covered with brush and valued at \$1000.

It appears that he also owns additional allot-

6/7/17

Tract No. 1626, comprising the W/2 of SE/4, Section 2, Township 146 N., Range 38 W. 5th P.M., containing 80 acres. The tract is brush land and has a light sandy loam soil and is valued at \$640.

The Superintendent invites attention to the fact that George owns this land in fee simple by virtue of the Act of June 21, 1916, which vested fee title to their allotments of land in all adult mixed blood Indians of the White Earth Reservation.

Principal Blair reports that George is one of the best qualified of our graduates. He is always dependable and willing to do what he should to the best of his ability. He is a good student, a hard worker, and a fine boy in every way. He is particularly well qualified in athletics, music (band), indoor gymnasium, and as a drillmaster in the school battalion.

Director of Mechanic Arts Bradley reports that George Tibbetts (Thompson's) morals are beyond reproach and he has enough education and ability to make his way in the world.

George Tibbetts Thompson has the appearance of a white man and acts like a white man in all of his dealings. He is a splendid young man, honorable, ambitious and energetic, and perfectly capable of managing his own affairs.

Apparently no further steps are necessary to be taken in his case, unless it would be the issuance of a

6/7/17

certificate of competency. If this is deemed
advisable I most strongly recommend that it be
done.

Very truly yours,

JF:R

Superintendent.

Mr. George Tibbetts,

(Through Supt. Carlisle School).

My dear Mr. Tibbetts:

It gives me pleasure to hand you the inclosed certificate of educational competency, because I believe you have earned it by faithful attention to your studies and by efforts to prove yourself worthy of the opportunities afforded you in the Government Indian Schools. I note that you completed the course in carpentry and have had experience in the print shop and on farms and that you enjoy athletics. This is a good combination that must have given you practical and helpful training which with good health should safely equip you for successful management of your own affairs.

I am anxious that you shall do well and trust that in the management of any property you will exercise careful judgment and forethought and avoid enterprises in which you would have to assume much risk.

I want you to know that I am personally interested in your welfare and would like you to write me after one year has elapsed and tell me how you are getting on, with something of your plans and prospects. I shall ask your School and Reservation Superintendents to report to me at that time about you.

Should you hereafter desire to apply under applicable laws for a patent in fee or for the removal of any restrictions on land allotted to you, the inclosed certificate will show that you are educationally qualified to make free use of your property, and, in the absence of later information or developments to the contrary, will be so recognized if submitted to me for consideration in connection with the action then to be determined.

With best wishes for your success, I am,

Sincerely yours, *(Signed) Cato Sells*

Mr. E. Hubert Litchfield,

Office of the Chief Signal Officer,
Washington, D. C.

Sir:

Mr. George W. Tibbetts has advised me that he has made application for admission to the Aviation section of the Signal Corps as a skilled worker in certain trades.

George W. Tibbetts is a 3/16 blood Chippewa from the White Earth reservation, Minnesota. He enrolled in Carlisle in 1911 and graduated in 1917. Prior to that time he attended the Pipestone Indian School for three years and the Tower Indian School for 2½ years, at which institution he was Lieutenant and Captain of his company. He was, 3½ years, Captain of a company at this school which four times won the prize in Competitive drills. He has spent three summers at a Summer Camp as Councilor and at the present time is employed at this school as director of athletics.

George is a man of the highest character. He is capable of handling men as shown by his experience. He is absolutely to be depended upon at all times. He was Captain of the Indian School football team for the season of 1917.

In addition to the above, Mr. Tibbetts received Industrial training and graduated in the course of Carpentry as given at this school. He is a young man of real ability and unquestionably would be of value to the Military Service of the United States.

Sincerely yours,

My dear Mr. Mann:

George Tibbetts, one of our very best boys, has come to this office with a request that I take up with you the matter of securing an application for the transfer to Carlisle of his brother Elmer, now enrolled at the Pipestone School. It has been pointed out to George that if his brother has not completed the work that can be given him at Pipestone it will be required that he return there if he desires to continue with his education. However, George fears that his brother will go home at the termination of his period of enrolment and that he will not return to Pipestone.

Will you please take time to let me hear from you regarding the case and what can be done to carry out the wishes of the older brother?

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

My dear Mr. Mann:

When your letter of the 9th instant was referred to George Tibbetts at this school he reiterated what he stated when first he mentioned the matter of his brother's transfer and that is that he fears the younger brother will return to his home at the close of this school year and that he will then refuse to return to Pipestone at the opening of the next school year. However, it is hoped that George's fears are unwarranted and that there is something you can do to insure the brother's return to continue with his work under you.

Superintendent O. H. Lipps,

Carlisle, Pa.

Dear Mr. Lipps:

I have your letter of May 5th with enclosures, in which you say that George Tibbetts wishes the enrolment of his brother Elmer in the Carlisle school upon completion of his term of enrolment here next June.

In answer I have to say that Elmer is in the fifth grade and is rather small for his age. There is much that he can do at Pipestone before being transferred to another school and in view of paragraph No. 119a of the Rules which expressly prohibits the transfer of pupils from one non-reservation school to another, except upon good cause, I do not approve Elmer's transfer at this time. There is absolutely no reason why he should go to Carlisle yet, except that his brother is there, which in my opinion does not constitute a sufficient reason.

Please do not understand from this that I will oppose the transfer of any pupil whose case warrants

it. Under the present management, I believe that Carlisle is one of the best schools in the Service and when one of our pupils reaches a status that warrants transfer, I shall not hesitate to endorse the same. In my estimation, Circular No.1044, if properly enforced, will do much towards correcting the worst evil of the Indian school system and regardless of what effect it may have on my particular work, I wish to do everything in my power to carry out its provisions.

Sincerely yours,

May 10th, 1917

Dear George:- *Tickets*

I am in receipt of your invitation for the Commencement Exercises of your school and keenly regret that it will not be my pleasure to witness this historic occasion. I have no doubt, judging from the program, that it will be most interesting and that your part in it will reflect considerable credit upon you. However, I take pleasure in extending to you my hearty felicitations upon this event, in my own name as well as on Mr. Friedrich's and Mr. Kugel's behalf, and trust that this may be the beginning of a brilliant and useful career, in the furtherance of which we are all vitally interested. You have shown so much dignity, manliness and loyalty in your work that I have no doubt that you will acquit yourself with honor in any task of responsibility with which you may be charged. I hope that it may be my privilege to assist you in securing some congenial employment in the Fall, and, if there is anything I can do now to help you get located, please command my services.

I am hoping that nothing may prevent your coming to us this summer and that, in the event of a draft, you and your friend, Vigil, may not be obliged to cancel your engagement at camp. We have already lost some of our best men on this account, and it would be a source of deep regret to us to be compelled to give you up. However, the country's welfare comes first, and, if you think there is any likelihood of your inability to join us, I wonder whether you could secure for us two or three of the older graduates, who may be disengaged and could arrange to spend the summer at camp. In view of the present draft age limit, I cannot expect any of the present students to come to us, and it is just possible that your Superintendent may have on file the names of other eligible men whom he could recommend for our purpose.

With cordial personal greetings, I am,

Very faithfully yours,

Ernest R. Kohut

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.
