June 7, 1917.

Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Reference is made to your letter of April 28th 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students over 21 years of age and who have completed the full course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Peter Jackson, a full blood Shoshone Indian, 25 years of age, was graduated from Carlisle, having passed his examination, on May 24, 1917.

Superintendent Oscar M. Waddell of the Western Shoshone Agency, Owyhee, Nevada, reports that Peter has no land or money or any other property, with the possible exception of seven or eight head of horses which may all be dead, as the supply of hay on the reservation was exhausted about the 1st of February and it was necessary to turn the stock loose to forage. He reports that many horses and cattle died as a result,

6/7/17

and it is possible that Peter Jackson's stock perished.

Principal Blair reports that Peter Jackson has been in school several years but has not been able to make the advancement he should have made. He reports that he has been more or less handicapped by the tubercular swelling in his neck. He is a little inclined to resent advice and council and to feel that his own judgement is best. Mr. Blair considers him not a bad boy and most of the time tries to do what is right.

Director of Mechanic Arts Bradley reports that Peter Jackson is somewhat of a quitter when his tubercular glands give him trouble. He considers his morals good.

Superintendent Waddell fails to bring out the fact that the Western Shoshone reservation has not been allotted and that when it is allotted Peter will, in the natural course of events, receive an allotment. While this young man is under some physical disability by reason of his tubercular glands it is doubtful whether he will survive a great many years. He has completed his academic work here, has some skill as a musician, and as a last resort might make his living that way.

I feel that he is perfectly competent to manage his own affairs and I would recommend that he

Commissioner of Indian Affairs

be given a certificate of competency with a view
to giving him full control of such property as may
come to him.

The papers are enclosed.

Very truly yours,

September 14, 1914.

Mr. O. H. Lipps,
Supvr. in Charge,
Carlisle, Penna.

Dear Sir:

Your letter under date of September 3 has been forwarded to me from Rocky Ford. I have severed my connection with the Employment department but have not lost interest in the work and am forwarding your letter to Mrs. E. M. Dagenett who is overseer of Indian Employment at Rocky Ford, Colo.

Sorry to learn that Peter Jackson is losing his health but hope that arrangements may be made so that he may be restored to health as I think Peter is a young man who is capable and willing to "make good".

Very respectfully,

M. D. Archiquette
Clerk.

Kiowa Indian Agency,

Anadarko, Oklahoma.

September 14, 1914.

Mrs. E. M. Dagenett,
Overseer Indian Employment,
Rocky Ford, Colorado.

My dear Mrs. Dagenett,

I am enclosing herewith a letter from Mr. O. H. Lipps, Supervisor in charge of Carlisle, which is self explanatory.

You will likely remember that Peter Jackson gave a good account of himself while at Rocky Ford and I think he is one that who would appreciate anything that may be done for him in the present circumstance. If you could do anything for him in the way of a permanent job I expect that it would be well to tell the employer that Peter is ailing some. I think that he could not stand employment at the factory but he has worked for Charley Hall and O. W. West and made good at both places. With best personal wishes, I remain,

Sincerely yours,

Clerk.

Carbon to Carlisle.

457

Sept. 16th, 1914.

Mr. Griffiths:

Peter Jackson is to leave for Rocky Ford,
Colorado, on train at 5.39 tomorrow evening.

You will please have his name reported "dropped"
from the school rolls.

Very respectfully,

HKM.

Supervisor in Charge.

(Copy to Supt. Symons.)

Sept. 16th, 1914.

Mr. Frank Smith,
Owyhee, Nevada.

My dear Sir:

I regret to advise that your step-son, Peter Jackson, has had continued trouble during the summer months with swollen glands of the neck. Our School Physician finally decided that Peter would probably not be able to make much progress with his school work this year and so recommended that he be sent to his home. When the matter was taken into consideration with Peter he expressed a desire to return to Rocky Ford, Colorado, and so it is being arranged that he can leave here tomorrow evening for that point.

I have been assured by the Supervisor of Indian Employment that work can be secured for Peter by his assistant at Rocky Ford, so that he should be well cared for while he has a chance to regain his usual strength.

Hoping that the action reported in this letter will meet with your approval, I am,

Very truly yours,

RJCM.

My dear Mr. Symons:

Peter Jackson has asked me to state, in reply to your letter of March the 12th, that it will be satisfactory to have the step-father, Frank Smith, make a selection of an allotment for Peter's use.

He has also requested me to find out from you what has been done regarding the ownership of the land that is now occupied by the step-father, and which had been promised to Peter before the father's death.

Trusting that the information desired by the young man can be secured for him, and hoping that I shall hear from you soon, I am,

Very respectfully,

Dear Sir:-

An Indian on this reservation, by the name of Frank Smith, says he has a son in your school whose name is Pete Jackson. We are making selections for allotment here and Frank Smith wants to make a selection for his son.

Please confer with Pete Jackson and advise me if it will be satisfactory with him to have his father select the land for him.

My dear Peter:

Upon receipt of your letter of October the 10th it was referred to our Dr. Rendtorff, but he is yet of the opinion that it would be inadvisable to let you remain in school for the present. Below I submit a copy of the Doctor's statement:

"I regret to say that I do not think it wise to allow Peter Jackson to return to school. I therefore recommend that his application be disallowed."

Hoping that an improvement in your condition has already resulted and that you will not make the mistake of again confining yourself to school work before the condition of your health makes it advisable, I am, with sincere regards,

My dear Mr. Archiquette:

Peter Jackson, who came to Carlisle after the close of the Grand Junction School in Colorado and after he had worked under you for a number of months, has had considerable trouble with swollen tubercular glands of the neck.

It has been recommended by our School Physician that permission be given Peter to return to his home, but as there is little for Peter to do at his home at Owyhee, Nevada, he desires to return to Colorado until his health has improved.

I would pay for his transportation, but before sending him on I would like to be assured that there is a chance for him to secure employment, either under you or with some one who is dependable and who would give Peter the right kind of a chance.

Will you please let me hear from you in regard to this matter, so that it can be decided what to do for the young man?

My dear friend Peter:

I regret very much to advise you again that it will not be advisable to bring you back to Carlisle to continue with your studies here. It was our Physician's belief when he recommended your release from this school that you should be given an opportunity to regain your strength in outdoor work and that a continuation of your school work here would only result sooner or later in other complications.

I am also of the opinion that you would find it to be the best plan to continue with your work for a year at least. By that time the glands on your neck should be so much improved that you could continue with your school work in comfort.

I am enjoying my
vacation with Lawrence and
his folks, and they are
certainly a nice set of people
and are making things
pleasant and home like for me.

My glands are about
the same as ever although
one side have gone down
very slowly but still it is hard
yet. I think the climate and
the food has some thing to
do with my glands then
any thing else.

Mr. Lipps, if I am to be
transferred I don't think I
would care for ~~the~~ a diploma
from Phoenix. I would
rather have Carlisle's "sheep-

ten of Phoenix's diploma
because a diploma from
Carlisle means much to her
loyal sons and daughters
who are up holding her name,
since I have that opportunity
I would like to share the honor
with hundreds others.

I would like to get transferred
if some kind of arrangements

can be made so that
I may finish with my
class next year at Carlisle
and perhaps it would
help me a great deal in
entering Penn. State College
as I have been planning
to go there after graduating
from Carlisle.

Mr. William Woods of State

Mr ~~Peter Jackson,~~
Rocky Ford, Colo.

Dear Peter:

There is enclosed herewith the registration card prepared by you at this school. It appears that at the time you prepared it you did not sign it thereby affirming your answers. You were away from the school when the error was caught up by Mr. Blair, who was appointed by the local registrar to certify for the cards of this school.

In order that there might not be any delay in registering you he signed a statement on the card to the effect that while you had been under his charge for the entire year and had not signed the card at the bottom, that he knew and certified that you had written your name at the top in answer to question one.

Your card has now been returned, however, by Oscar M. Waddell, Superintendent of your reservation in Nevada, with the statement that your present place of occupation, military service and grounds for exemption not indicated and that you had not signed the card. He therefore suggests that we attend to the matter of procuring your registration and forwarding the card at our early convenience.

In view of the fact that you are now at Rocky Ford, Colorado, I am not sure of just the steps you should take. I suggest, however, that you ask Mr. Dagenett's representative to go with you to the nearest local registering officer, taking this card which was prepared under our direction at the school prior to the date of registration. Advise him fully of the difficulty and be guided by him as to whether you should sign your original card and make the

other answers desired by Mr. Waddell and then send it to him at the Western Shoshone Agency, Nevada, or whether he will permit you to register with him in view of the fact that you propose to remain there for some time. The big point is to take immediate action on the advice of the local authorities so that they may understand that your failure to have a certificate is due to a technical error and no desire on your part to avoid your responsibilities.

The registration card is enclosed. Please advise me of your action and above all things be sure you do something, because as we indicated to you here it is your duty and you must register and if it is not done you may find yourself in trouble.

Yours very truly,

Superintendent.

My dear friend:

Your letter of September two, makes me glad, and I hope you really want to go to school so earnestly that you will accomplish your purpose. To this end I have transmitted your letter to the Superintendent of the Carlisle Indian school, to whom you should now write, making application for enrollment.

It is poor business policy to borrow money when starting in to school, for it would be years before the debt could be paid which, I know, you would dislike. You are young, able-bodied, and work is plentiful everywhere. You should buckle down, and earn fifty dollars, which could be done in a very short time, if you were minded to accomplish it. The spirit that prompts a man to borrow is unfortunate, and should not be encouraged. The man who lends you money is not your friend, for he is piling up debt, and interest for you to pay some day. Stop and think it over awhile, and get out and earn fifty dollars. Whatever you do, do not ask your sister for money, that is not a manly act, for she is not better able to work for fifty dollars than you, and if she has a little money in bank she should keep it there, for the future. You can work better than she should decline her help as long as you call yourself a MAN. Write to Mr. Francis, and hustle and you will "get there".

With all good wishes, I am,

Sincerely your friend,

Dear Mr. Dognett:

After debating upon the school and its advantages and life's work, I have come to conclusion that there is nothing like school life after all so I have decided to go back to Carlisle and enter Conroy Hall as I am considered a "grad" of Carlisle.

I am appealing to you for a financial aid to secure a part of my tuition.

I want to borrow ^{\$}400 or ^{\$}500 from you, if you can spare it.

I hope you will trust me as I am really anxious to go back to Carlisle and continue my school as I realize that life is real, life is earnest.

That one cannot hide his candle under a bush when his ambition is aroused.

My greatest ambition has always
been to get a college education and I
hope my day dreams are near.

I have no parents to ask an aid from
so that's the reason I am appealing to
you for such help as I always considered
you a friend, a friend in need in times
of distress. I have a sister and she is
trying her best to help me and have been
encouraging to continue my school work.

I pray that my little cry for education
has been heard as I am anxiously await-

I am getting plenty of fresh air sunshine and plenty of work as I am working on a farm.

Supervisor O. H . Lipps,

Carlisle, Pa.,

Dear Sir:-

In reply to your letter of March 24th relative to the allotment of Peter Jackson, beg to advise that his step-father, Frank Smith, has chosen the land which belonged to Peter's father for his own allotment. Has Peter Jackson any objection to this arrangement? If not, has Peter any choice as to which direction his allotment be made from his father's old home?

Kindly let me hear from you at your earliest convenience.

Respectfully,

A. H. Symons
Superintendent.
