My dear Mr. Francis:

As indicated in the inclosed copy of my letter of this date to Miss Mamie Mt. Pleasant, I shall be pleased to receive from you one year hence any information you have, or can conveniently obtain, as to the progress of this graduate in the way of self-support and successful occupation.

I think we should extend our personal encouragement, whenever practicable, to these students who have been worthily ambitious and have completed a full course of training.

Miss Mamie Mt. Pleasant,

(Through Supt. Carlisle School.)

MAY -2 1918

My dear Miss Mt. Pleasant:

I have had favorable reports about your school work, and am pleased to send you the enclosed certificate of educational competency. You have been fortunate in having high school training in the public schools as well as the opportunities of one of the leading Indian Schools.

With your high ideals and desire for a thorough education, I feel sure that you will make excellent use of the knowledge acquired in home economics. The refining and economic value of all house-hold arts, the "home beautiful" and its elevating influence upon the neighborhood and social life of the community are left almost entirely to womankind. In this field are the beginnings of much that makes any race great and highly civilized. I am anxious that our Indian girl students and graduates shall see its wonderful opportunities.

I feel confident that you are going to accomplish fine things for yourself and your people. I wish you would write me in a year hence something about your work and plans. I shall be glad to have such a letter. The Superintendent at Carlisle will also be requested to report concerning your welfare.

Sincerely yours,

(Signed) Cato Sells

Commissioner.

To the Superintendent,

Carlisle Indian School,

Carlisle, Pa.

Dear Sir:

Because of abnormal conditions due to the war we are excusing all pupils who have a passing mark from examinations as indicated by the enclosed slip. Mamie Mt. Pleasant's grades are such that she has a passing mark in every subject as indicated on her report card (I have already sent her report card to you) even though she leaves one month before school closes. Of course we must give her zero for the month of June when she will not be in attendance.

Very truly yours,

Geo. C. Baker

Supervising Principal.

Per CPH

It has been decided that in fairness to the pupils who remain in school under these exceptional times while others who have been given the privilege by the State Department to withdraw to do farm work, the following exception for promotion and graduation should be made for high school pupils and possibly some of the upper grades (the question concerning the upper grades will be determined later):

No final examination marks for this year will be recorded if the same would lower the year mark of the pupil. If the final examination raises the pupil's year mark he (she) will be given credit for it.

The mid-year examination will count one-sixth toward the year mark as usual.

In case a pupil's average at the close of the year, including the mid-year examination, is 75 per cent or more, the pupil will not be required to take the final examinations.

Whenever the mark falls below 80. it will appear in red, and will indicate a danger of failure at the end of the year. Dear Madam:-

I have your letter relative to Mamie Mt. Pleasant's request for a Carlisle diploma and have to say that this matter has been thoroughly discussed by Mr. Blair, the principal and Mrs. Ewing, in charge of the Girls' Industries. Mr. Blair has examined her school record and believes that Mamie has done work in the High School equivalent to what the class has done here.

Mrs. Ewing requests that you send a statement in the form of a Certificate of what she can do in the line of housework and cooking. She would also like to know just what work Mamie has had in Sewing and Domestic Science, if any. If you can get an outline of this work from the principal there, this is what she would want. Will you please give this matter your prompt attention.

Dear Sir:

In reply to your letter of the

Should it be possible for Mammie
to receive her diploma from Carlisle

With this years graduating class, she
has been at Carlisle 8 or 9 years and would
have graduated this year had she not
come out on the Outing System, she is an

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Mamie saves her country mother many steps and is just like their own little girl.

In the afternoon Mamie sits on the balcony either reading or sewing. I found her clothes all neatly mended and everything in good order.

A very nice home for any little girl like Mamie who did not care for the attractions of the town life.

INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT BY SUPERVISOR OF INDIAN EMPLOYMENT TO RESERVATION SCHOOL SUPERINTENDENT

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these instructions I have the honor to report that Mamie Mt. Pleasant, a $\frac{1}{4}$ blood Tuskarora Indian, 23 years of age, passed her examinations and on May 24, 1917 was graduated from this school in Home Economics, in accordance with a special course.

Mamie is the daughter of Frank and Minnie Carlow Mt. Pleasant of Lewiston, N. Y. She attended Public School before enrolling in Carlisle. For the last two years she has been under the Outing at Moorestown, New Jersey, attending High School there. She was given passing grade for the first year High by the school authorities, and permitted to return to Carlisle, from where she graduated.

Principal Blair reports that Mamie is a fine, ambitious girl, very studious and conscientious in everything she does. She is not quick.

Matilda G. Ewing reports that Mamie is a very refined sweet dispositioned girl. She makes friends. She is not a rugged girl. She was one of our best girls.

Mamie was in good health, and was careful in spending money.

She comes from a tribe over whom the Government has never exercised restrictions as to person or property. I would recommend that a certificate of competency be issued to her.

Very truly yours,

Superintendent .

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.
