## INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

It will be well for you to receive all the education which you can, and if you can continue in school you will never regret it later on in life. Let me hear from you from time to time. Dear Sir;

For some little time have had in mind of reporting Priscilla to you- You probably know that she has been in Sassaquin Consumptive Camp ever since she left Carlisle and for a while seemingly was gaining, but for the past week or so she has not done so well- she is in bed and is very thin, has bowel complaint and some temperature.

I am afraid that she will not get up again but she thinks she will and says that she is going to write to you. However hope she will pick up again and be about as I know she will never be well again.

I am fine and dandy for an old man and am working as second man in a garage. Would be delighted to hear from you occasionally. Remember me to Miss Guest and Mrs. Wilder and Mr. Myers.

Yours most respectfully,

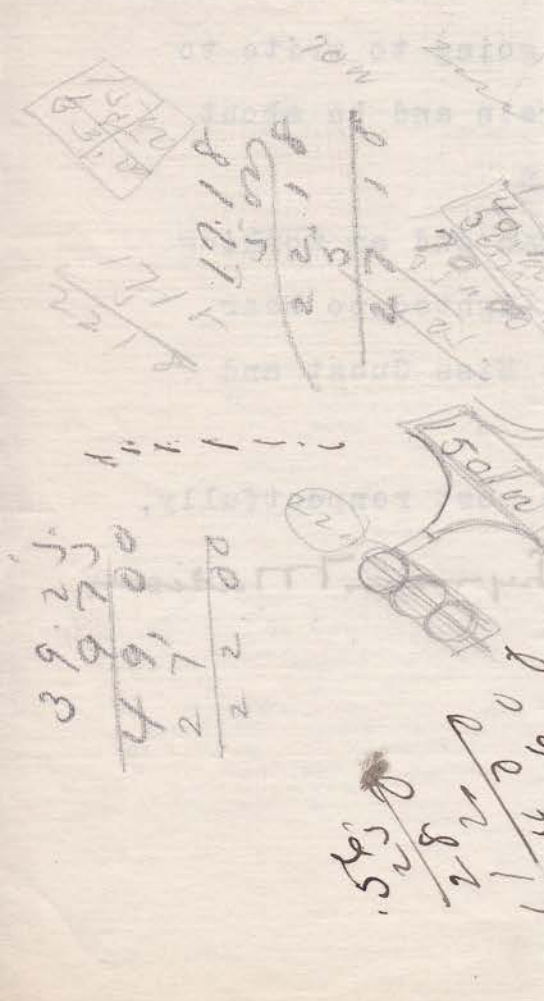

Hyman Madison

Commissioner of Indian Affairs,  
Washington, D.C.

Sir:

Reference is made to your letter of April 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Lyman Madison, a 5/6 blood Pokonot Indian, 30 years of age, passed his examinations and on May 24, 1917, was graduated from this school in ~~painting in~~ accordance with the tentative course of study.

Lyman is the son of Charles Browne and Louisa Jeffers Madison of Gay Head, Mass. His father is a sailor and both parents have a fair country school education. Coming from Massachusetts Lyman has no property whatsoever under the control of the Government. He was a poor boy and the only money he obtained while enrolled at the school was by his own efforts.

Principal Blair and Mr. Roy H. Bradley, Director of Mechanic Arts, report that Lyman is peculiar to himself. Of speculative ancestry and almost fantastic in appearance he is, notwithstanding, a character of some importance. He is a born leader, absolutely fearless in the face of opposition or difficulties. He is polished in manners, deferential to women, and has great respect for authority and position. He is studious of things only that appeal to him, is very fluent in speech and likes to talk. He is mature and makes decisions quickly.

7/27/17

Lyman is in good health and careful in spending money. He is now at the Ford Factory and is absolutely capable of managing his own affairs. The Government has never had any control over these Indians and no restrictions have ever been imposed upon him or his property. There can be no question but that this young man, who was major of the cadet corps here, is amply able to manage his own affairs.

The papers are enclosed.

Very truly yours,

There are a number of applications now on file, mostly for farm help, that can not be considered because we do not have boys enough to supply the demand, so that the good record you had made here in the past should entitle to consideration for one of the very best places available.

In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

I have been intending to thank you for the Super-Souvenir of the Ford Plant which you sent me. I was, of course, very much interested in it, but I appreciated it chiefly because it showed that you had not forgotten me personally or the school.

The new term will begin a week from tomorrow. I think we will have an attendance during the year equal to last year. This will be good, of course, because the war will keep away a great many of the older boys.

Nora Buffalo is very ill with appendicitis. It was necessary for her to undergo an operation. She is getting along as well as can be expected and we hope that she will be up and around soon.

The Honorable

Sir:

The receipt is acknowledged of your letter of August 10th (Ed-Schools, 72207-17, C.B.M.), in which you invite my attention, in connection with the qualifications of Lyman Madison for a Certificate of Competency, to the fact that my report gives his age as 30 years while in the last quarterly report from Carlisle he is listed as 25. In response you are advised that an examination of his original enrollment application shows him to have been born at Gayhead, Mass., on March 16, 1886. This makes Lyman 31 years old.

The vocational guidance record filled out by Lyman personally gives his age as 25 years.

I am informed that Lyman was not proud of the fact that he was the oldest boy in the school and was not at all adverse to giving the impression that

he was the same age as the student body.

While the records are contradictory  
I think you are quite safe in placing his  
age at 31 years.

Sincerely yours,

Superintendent.

Dear Mrs. Lenny.

You will pardon me I am sure if I comment briefly upon some matters regarding our boys.

I sincerely believe we all are doing very well at present, as I see most of the boys frequently, all are well.

Alfred Two Guns because of some misunderstanding with a Foreman of the Connecting Rod Department has been dropped from the Student Course for one month, given

a "D" badge, for the Piston Department. He has to work on the night shift. The Piston Dept. is very dirty and somewhat unpleasant. He was put here for punishment. The Student Body wears a "B" badge.

Alford eventually will be restored to the Student Class.

My course is fast drawing to a close and I suppose I will be dropped from the school rolls as an acting student, in a way I am glad in other respects I am sorry, but I believe I have done my duties thoughtfully and well, I meet the world with a strong heart and a definite aim. I

Now if I possess success  
is mine and that I shall be an  
honor to my dear old Alma  
Mater, I owe Corliss a great  
debt, for she has made me  
what I am today. I am most  
grateful to her and to the  
members of the Faculty that  
have always given me a helping  
hand.

Mr. Coynes our Student  
Supervisor has left us and  
is going in business for himself.  
He has been an excellent help  
to the Student body. Especially  
the Indian Boys. We all are  
sorry to see him go.

Acknowledging your letter of the 8th, we are returning Madison's letter to you and have interviewed him reference to the \$25.00 advance he requests. Mr. Lyman Madison,

MAY -2 1918

(Through Supt. Carlisle School.)

My dear Mr. Madison:

After considering information furnished me regarding your work as a student at Carlisle, and your personal characteristics, I feel that you are fully entitled to the enclosed certificate of educational competency.

You showed good judgment in pursuing your studies at an excellent school until worthy of graduation. You now have a good trade and should be able to make annual savings above living expenses, and thus acquire property and enough capital to engage in business for yourself. With your good use of the English language, your cultivated manner and courage to face difficulties, there is no reason why you cannot win success and be a helper and leader among the people of your race.

I shall expect you to do well, and would like you to write me a year from now, and tell me something of your work and plans for the future. I shall also ask the Superintendent of the Carlisle School to advise me later about your occupation and prospects.
