INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Important—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Theodore Frank, a $\frac{3}{4}$ blood Seneca Indian, 23 years of age, having completed the course at the Ford Factory was graduated in May 24, 1917. He spent nearly a year at the Ford Factory, in which time he earned \$688.60, spending \$443.40, saving \$245.40.

Director of Mechanic Arts Bradley reports that Theodore came to Carlisle to take the Ford preparatory course, and completed same at the head of his class. He was a fine student, and left full prepared to make his own way in the world. He is enrolled in the U. S. Army.

In view of the facts set forth I unhesitatingly recommend the removal of all restrictions from this young man. He is a New York Indian from a tribe over which the government has never exercised supervision.

Very truly yours,

Superintendent.

Theodore Frank enlisted last spring and
is with CO. B. 16th Engineers A.E.F.
Writes to school frequently. Doing well.

Mr. Theodore Frank,

MAY -2 1918

(Through Supt. Carlisle School.)

My dear Mr. Frank:

With the enclosed certificate of educational competency I send my best wishes for your future success. I am pleased with the record of your school work and, in pursuing the course arranged with the Ford Factory, feel that you showed good, practical judgment. You should now be well equipped for pursuing an occupation that will afford both profitable employment and opportunity for advancement. Your knowledge in this line of mechanics will also quite likely be to your advantage in military service, as I learn that you are with our expeditionary forces in France.

You, with the many hundreds of others of our Indian school graduates and ex-students, most of whom voluntarily enlisted, are deserving of much credit for your patriotic stand in defence of a great cause where dangers are thickest. I feel very proud of you all and know that you will discharge soldierly duties well and courageously.

I wish you would write me not later than a year hence, and tell me something of your Army experience, your prospects, etc., and if still in the military service, any information you have about other Indian soldiers. I shall also request a report from your School Superintendent about you.

Sincerely yours,

(Signed) Cato Sells

Commissioner.

Mr. Theo W. Frank,
Salamanca, New York.

My dear Sir:

This reply to your letter of the 30th ultimo has been so long delayed because we have awaited the letter from the Superintendent of School at Salamanca which is to contain an outline of the work you have completed. As such a letter has not been received here I suggest that you again see the Superintendent about the same.

Noting in the application you forwarded with you favor of the 30th that you are now twenty-one years of age, it will be required that you pay for your transportation to Carlisle from your own funds. You may come on at any time and upon your arrival here it will be determined as soon as possible just what we could offer you here or what could be arranged for you at the Dickinson College in Carlisle.

Hoping we shall have you with us soon, I remain,

Very truly yours,

HKM.

Acting Superintendent.

Mr. Meyer:-

Noted. ~~File.~~ After I wrote my memorandum of March 21st to the Superintendent suggesting that communication be had with these boys' home superintendents in order to ascertain whether or not there really were any plans on foot to have them enter an agricultural school next fall, Mr. Bradley and I arranged for Theodore Frank to give some special lessons in arithmetic and algebra to Mountain and Shooter and one other boy whose name I do not recall this instant. Mountain's eyes are to the bad now and there is room for doubt of his ability to finish even his regular grade of work (VII in common school system). Crookston Agricultural school manual says applicants for admission must have finished Grade VIII before they enter. Neither Mountain nor Shooter will have finished Grade VIII by next fall, although they might be able to effect arrangements for admission at that time. They should know beforehand just what sort of reception they would get if they were to go there, for unless they have a definite understanding beforehand, they may find themselves involved in difficulties when they show up therefor admission.

Respectfully,

Salamanca, N.Y.

Dear Sir:

Enclosed please find my application for enrolment at Carlisle.

You have received or will receive a letter from Prof. A.W. Fortune, superintendent of Schools at Salamanca, containing an outline of the work that I have completed during my attendance at High School here.

Perhaps I have enough subjects to enter college, if not I will take one of the courses offered at Carlisle.

Yours respectfully

We were under the impression that a letter was forwarded to you several days ago regarding this matter, but evidently this has been neglected.

We approve of your sending us check for the above amount which we will immediately turn over to Mr. Frank.
