Mrs. Josie B. Hendricks,
Ochelata, Okla.

My dear Madam:

This is to call your attention to the fact that the tuition for your son, Jesse Wofford, has been in arrears since the 11th of this month, and that it is absolutely necessary that the matter be adjusted without delay.

I should like to see Jesse remain here at Carlisle, but he cannot be kept in school unless his tuition is paid for at least one month. An amount of \$13.92 will be required for one month's tuition. An amount of \$41.75 will pay for his tuition until March 11th, which would keep him in school until about two weeks before our Commencement week exercises.

Very truly yours,

HKM.

My dear Madam:

This is to acknowledge receipt of your letter of January the 21st and to advise that a check has been received to cover Jesse's tuition for the period of three months beginning with December the 7th, last. He will, therefore, be entitled to remain here in school until March the 6th. If you desire that he shall be kept a month longer than that an additional amount of \$13.98 should be forwarded to me for that month's tuition.

I have this
indorsed a check for Jesse Wofford's
tuition. And I hope it will be
enough to pay his tuition until
school is out in April. I am very
sorry that I was not able to have
it sent earlier.

But I suppose you know that
we are wards of the government
& we can not handle our own
money. And then in April I
shall have Jesse to come home.

Mrs. Josie B. Hendricks,
Ochelata, Oklahoma.

My dear Madam:

This is to acknowledge receipt of your letter of October the 20th and to state that I am sorry to hear of your inability to keep your son, Jesse Wofford, at Carlisle after the close of the year for which his tuition has been paid. Jesse has made a splendid record here and I should certainly like to see him continue with his studies.

I have just learned from our school banker that the year for which Jesse's tuition has been paid will end on December the 11th, and if you can have him continue with his school work after that I will gladly keep him for such additional time as will be arranged then.

I have also learned that the \$24.07 to Jesse's credit in our school bank represents his savings and under the rules of the School he can not draw that amount until his release from school is effected.

-2- Mrs. Josie B. Hendricks.

Hoping that it can be determined soon just what the boy's status is to be after the 11th of December, I am,

Sir:-

I write
to kindly ask you if you can
not allow Jesse W. Offord his
money to buy him a winter
suit of clothes. I can not
send him money from here
at the present, as the money
I get have been delayed some
way. And I also wish to state
here that I guess Jesse will
have to come home when his
year is out. And he is so
well satisfied. But he
says he could not take
up telegraph. I think I

there he is so well satisfied.
But can not very well
afford. Unless there can be
some arrangements made.
I thought - may be he was
not promoted to the Junior
Class & just hated to tell me.
So if you do that for him.
Will be a great help & oblige
me. As I shall have to send
him his fare home. Hope to
hear from you soon. In regard
to this request.

Mrs. Josie B. Hendricks,
Ochelata, Oklahoma.

My dear Madam:

Replying to your letter of October the 29th I have to advise that our Department of Telegraphy was discontinued at the close of the last school year and so we do not give any instruction in that line of work this year. Jesse was one of the boys who had applied for instruction in that Department this year and would have been given a chance if it had not been believed best to discontinue the same.

I will also advise that you can pay for Jesse's tuition in quarterly installments if you desire to have him continue with his school work until the end of this school year. If an amount of \$41.75 is sent he will be entitled to tuition for the three months after the 12th of December. He can then be released after that date in

March if you find yourself unable to keep him here after that date.

Mr. Friedman:-

Kind sir:-

I received
your letter of the 23rd. And was
truly glad to learn of my son's
recovery. I made a special call
to our Dist Agt Dunningan of
Nowata yesterday concerning
Jesse's money. He has not very
much that is why I have to
make go as far as I can.
But Jesse has been very
unfortunate in taking up the
trade he went to learn.
He intended to take up
mechanical engineering or

apily. He seems to think
loss of time & expense since
cannot take up either
sent him a catalogue of the
school at Topuka Kan. He
wrote me that he thought he
would go as he had read the
catalogue carefully.

What I what would like to
know now is: Can I pay for
6 mo. or must I pay for 1 yr?
He wants some winter clothes
& I can not send him money
right-a-way. But will send
as soon as I can. I have no
money my self only as I
collect my yearly rentals are
due. So when I hear from
Jesse I shall know then what

to decide on. Why was it- he
could not take up telegraphically
this year?

I truly hate to take him from
there as he is so well satisfied.
But money is what is lacking with
us. & what little he has, He
must use it beneficially.

Hoping to hear from you again
soon,

Very respectfully,

Josie B. Hendricks.

My dear Mr. Dunnegan:

The tuition that was paid for Jesse Wofford extended only to December 6th, last, and has been in arrears since that date.

I had taken the matter into consideration with Mrs. Josie B. Hendricks, Jesse's mother, and she had advised that she would do what she could to adjust the matter before the termination of the time for which his tuition had been paid.

When Jesse was called to my office regarding the matter he stated that he has funds to his credit from which the tuition can be paid. In view of the fact that he cannot be kept here without having credit for tuition I would thank you to assist in adjusting this indebtedness and in securing whatever funds are required to keep him in school.

My dear Madam:

In reply to your letter of recent date I must state that your son, Jesse Wofford, was not selected to return to the Ford Motor Company's factory in Detroit to continue with his work there because his record was not satisfactory when he was given a chance last summer. Since his return to Carlisle he has been indifferent and apparently unwilling the greater part of the time to conform to the rules of the school, and until he does show a better spirit he cannot expect to be shown any special favors. The places in the Ford Company's factory are the very choicest that can be offered boys of this school at this time and as a number of applicants whose conduct is above reproach are waiting for a chance you will readily see that Jesse has his own future in his own power.

The very few days he spent in school is another indication of his attitude toward the things that are worth while and that he should be anxious to use to his own advan-

tage. However, it is only fair to add that Jesse is now seemingly taking a greater interest in his work and that he will have an opportunity to prove whether it will be wise later on to let him return to the Ford factory to continue with his work there. We want Jesse to have the best that can be offered here and thru this school, but it will have to be decided by him whether he wants to merit favors or not.

Mr. O. H. Lipps:-

Kind sir:-

I will kindly ask you why my son Jesse Wafford was not allowed to go to the Ford factory at Detroit? I am some what disappointed for him. And I am sure he feel sad over it as he wrote me about it. And that was his one great desire when left for the school to take up some thing similar to it. And in looking over the report it seems that his deportment is very good.

Perhaps you thought it interfered with his studies. He will be twenty one years old this coming fall. Can he be allowed to continue if he does not completi

his studies then?

But I do hope & trust there isn't any thing serious in this matter.

As it troubles me & would kindly ask of you to let me know some thing about this as soon as possible. Perhaps I may not understand the report correctly.

As you say in your remarks he was only present 2 half days.

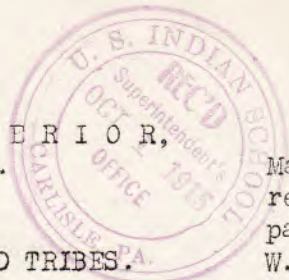

At school or where was he present those 2 half days?

Very respectfully
Josie Hendricks.

Mr. A. S. Wyly,

My dear Mr. Wyly:

Upon receipt of your letter of the 6th of March it was arranged at once so that Jesse Wofford enrolled for an additional period of enrolment before he was sent to the Ford Motor Company's factory in Detroit, Michigan, to resume his work there.

David Bruner Anderson and John Beartail were also seen about signing an application for reenrolment. David desires to go home and I doubt very much whether he can be made to see the advantage of returning here. John Beartail desires to go home for the summer months with the idea of returning in time to resume his studies in September.

When Louise Beartail was seen about the matter she stated that she too would like to return home for the vacation months with the understanding that she could again be enrolled here. She added that her cousin, with whom she would have to make her home while in Oklahoma, informed her

she could come home in August for a visit, but she would like to have permission given so that she can spend the entire vacation period of three months in Oklahoma.

Will you please let me hear from you again in regard to the cases mentioned in this letter, so that your recommendations can be carried out?

Very respectfully,

Dear Mr. Lipps:

I have your letter of the 4th inst., concerning the enrollment of Louise and John Beartail, David B. Anderson and Jesse Wofford whose terms of enrollment at Carlisle will terminate at the close of this year. I do not know of any reason why these pupils should not be influenced to sign applications for additional periods of enrollment at this time.

With reference to pupils from the Five Tribes who are attending your school spending the vacation months at home, it shall be the policy of this office to defer to your opinion in each individual case, unless there should be some urgent or special reason why it would be desirable for a pupil to spend the vacation at home.

My dear Madam:

Your letter of the 5th instant has been received here and in reply thereto I must state that we have not been notified about your son Jesse's latest change of address. He must be at work as usual because the checks received here from the offices of the Ford Motor Company indicate that he has not lost any time, but no later address than the one on East Grand Avenue is on file.

Referring further to your letter I must state that your son Wilson made passing marks at the close of the winter and spring terms, but he had done practically nothing during the fall term. In spite of the fact that he was again losing interest toward the close of the year he can probably be given an opportunity to take work in advance of that he has done when the next school year's tasks are begun. However, it is most difficult to state what the young man will do by that time, as he has a habit of failing us at the most unexpected times.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Jesse Wofford, a $\frac{1}{2}$ blood Cherokee Indian, 22 years of age received his diploma for having completed the course at the Ford Factory.

During the past year Jesse earned \$787.10, spent \$453.15 and saved \$33.95. Supt. Parker reports that he has 10 acres of land.

Principal Blair reports that Jesse has a keen mind is rather studious in his habits, and a great reader of good books. The funny side of things appeals to him. He is a lovable boy.

As Jesse has enrolled in the Army, and has assumed the full responsibility of citizenship, and is fully capable of making a living, he is entitled to the removal of all his restrictions..

I am just in receipt of the report from the word people regarding the last month's work of the Carlisle boys who are in the Students' Course. I am much disappointed that your marks are lower than those made by the other boys. The report indicates that you have not showed the interest in your studies which the authorities there require.

You must know by this time that in order to make a real success of the work up there, it is very important that you apply yourself diligently to the work in the Students' Course. You must know too that this course is a good thing for the young men working in the factory, or the authorities would not have it. If you intend to finish and go away from the word factory with a recommendation, you must get down to hard work at once. You remember two or three of our Carlisle boys have made a serious mistake within the last year. One of these boys who left the factory rather unceremoniously because he thought things were not being run to suit him, has written to me twice for a recommendation so that he can get a job. I could not conscientiously recommend him because I knew him to be a "quitter".

This office is desirous of ascertaining the present address of Jesse Wofford, who has been recommended for a competency removal of restrictions upon his allotment. It appears that he is enrolled in the Army and this office has been unable to locate him.

It would appear that he should not be recommended for a removal of restrictions unless the matter is first taken up with him, as in case a removal is granted the land would be taxable and it is possible that he may lose it before he returns from war.

Any information you may be able to furnish this office will be appreciated.

Dear Mr. Lipps:

I received your letter regarding my work up here and am sorry I let such a report go in to you.

The main reason of me getting such a report was through a "straw boss" as we call them. He tried to run over me like and my temper got the best of me and I told him a few things that I should have not said. He then reported me to the

main Foreman and I suppose he told a bunch of lies to the foreman and so that report was sent as "B" in interest. They can't say I didn't take interest because I did and I got all the measurements and operations that a student is supposed to get and if that isn't interest I would like to know what they call interest. Of course my production report I can't say that I did a days production but hardly any students do that unless they are on one job for four or five days.

As I have said before I'm sorry that such a report of mine should go to you but I know you won't get such again.

Hoping this finds you well and barbie above all other schools as I have learned to love her.

Mrs. Denny:

I know nothing of a promise to either of these boys as they left Carlisle before I came and I have been connected in no way in correspondence with them.

Jesse Wofford would have graduated with the class of 1917 if he had remained here this year. He was very bright in his academic work, in fact one of the best of the class. There is no question but that he would have graduated.

Boyd Crowe was in the class of 1917 last year but failed of promotion and if he had ~~not~~ returned to the school this year would have been a Junior. The teachers say that his character was fine. His grades are poor. He is evidently a boy who works hard for what he gets but progresses slowly. He would not have graduated from Carlisle if he had returned this year and of course it seems to me that he could not be graduated at this time in view of the above circumstances. Yet it might be well to find out who promised these boys diplomas and trace the matter out in that direction before any action is taken.

I know nothing whatever of the Ford Course and I would want to know something about it before I should sign a diploma for them.

giving the record of Jesse Wofford during the
time he has been a student in your department.

Our principal, Mr. Blair, says he
will not be able to consider these marks until
he knows just the amount of work you do in
your students course.

If you have a synopsis or an outline
of the work you cover will you please send
this to me so that we may be better able to
judge the ground covered by Jesse in his work.

Very truly yours,
