Dear Madam:

I have your letter saying that Bessie Hall thinks that she would like to take up nursing at Blockley in Philadelphia.

Mr. Lipps left for the west yesterday afternoon to be gone several days, but I know that I speak his wishes when I tell you that he prefers that all girls who intend to take up nursing in the large hospitals in the cities, first take the preliminary course in our own little hospital. It has been our experience that girls who take the training here first, find the work in the larger hospitals much easier. It also gives us a chance to determine whether our girls are fitted for the work that they have taken up.

Bessie is young and a year or two in high school would fit her all the better to take up nursing later. I have asked Miss Johnston, who is in the outing field now, to call upon you in the near future to talk over this matter. You can then go very carefully over the whole situation and let me know what you have finally decided to do. When Mr. Lipps

Esteemed Sir -

Bessie Hall has been with me since August first, has attended school this winter. Bessie thinks she would like to take up nursing, studying at Blackley Phila - Bessie is a study to me she has been so many places and never finished any place, it seems as if she were in

training with the view of becoming
a nurse it would be best for her -
the fact that she would soon be
making her own money would
keep her interested. During her
vacations she may come to my
home for rest, that will save her
expense. I am writing thee because
Bessie asked me to and if thee
is willing for her to go we will
make application to Blockley -
I know the two head nurses &

and consider them splendid ones
to be in charge - Classes begin in

Hoping to hear from thee soon

Dear Miss Johnston:-

I had a letter from Miss Way this morning saying that Bessie Hall now wants to become a nurse. I answered discouraging the move and told Miss Way that it was Mr. Lipps' desire that all girls who wish to become nurses, take the preliminary work in our hospital first and that if they showed any aptitude for nursing, then they would be given a chance in a large hospital. I told her that you would visit them before long and all of you could talk the matter over and then write to Mr. Lipps again. He will likely be here by that time.

Hall
Dear Bessie:

I have your school report for the month of March and note that the marks in some of the branches of study are not as high as I should like them to be. They read Algebra 75%, Latin 76%, English 78%, and Chemistry 81%. Judging from these marks, I fear that you do not apply yourself to your studies as you should. Study is not just reading over your lessons once or twice in a hurried sort of way. It is going slowly and carefully and thoughtfully over every sentence, looking up all new words, getting the thought rather than the words of the lesson. If you have not been used to studying your lessons in this way it will be hard for you at first, but stick to it, make yourself do it and after a while you will find it easier to concentrate your mind. You cannot hope to succeed in anything unless you learn how to apply yourself in this way.

I notice in the report card these words, "If you want the faculty to recommend your work in any subject, you must make a grade of 80% or more." Not only on this account but because you want to make yourself a more thorough student, and efficient in whatever work you take up after you leave school, should you learn this lesson of application and concentration.

3/27/17

I hope that you have learned to appreciate the wonderful advantages offered by Miss Way. You were indeed fortunate to have been the Indian girl selected for Miss Way. You were selected after much careful and thoughtful consideration upon the part of those who have the outing in charge because it was thought you would appreciate not only Miss Way's home and the material advantages she offers but because it was thought an influence like Miss Way's upon your life would be of lasting benefit to you. I hope you have made good use of this great opportunity in your life.

Now, Bessie, while these good things are coming your way you want to remember that you have your part to do. You are getting many advantages; learn to appreciate them and show your appreciation by more thoughtfulness and kindness towards your benefactress. Learn to consider Miss Way's wishes above your own. Learn to be more unselfish. You will find as you grow older that this is the only way to bring real happiness not only to those about you but to yourself. And this is Life you know, to be happy yourself and to bring happiness to every one else.

This will likely be my last letter to you as superintendent of this school, but I shall always be interested in your welfare and hope that I may hear only good of you always. With my regards, I am,

Very truly yours,

NRD

Dear Mr. Lipps: -

A few weeks ago when I visited Bessie Hall I felt that Bessie had lived up to the wholesome restraint just about as long as she could and that her interest and enthusiasm were on the wane.

I felt it best to make another visit which I did to-day and Miss Way told me of her letter to you. I am enclosing Bessie's school report which I received from the school principal to-day. Next month Mr. Atwell, the principal will send her report direct to you.

These facts seem to be well established: - Bessie does not know how to study. Her basis for English work is very poor. She lacks continuity in all her work. Fractions in Arithmetic, to Bessie, are simply fractions and she does not connect them with her work in fractions in Algebra for instance.

Bessie may not be to blame for all this but she must suffer the results caused by a previous mistraining or a mere smattering along the line somewhere. She is not well grounded.

In her home she has been quite a problem to Miss Way. We tried to straighten out some of these difficulties to-day and I think Bessie is somewhat subdued and will reason some for herself. Really, I think it has been almost ideal for Bessie in Miss Way's home. She has had any number of privileges dear to a High School girl and it looks like

Bessie is selfish and forgets the courtesy and respect due her patron. I tried to show her that Miss Way as mistress of her home should always be consulted first. Miss Way told Bessie she was "abominably lazy".

I think you understand and if you will write Bessie an encouraging letter it will be of much help to both Miss Way and Bessie.

Bessie's plans are to go home for the summer, returning in the fall to take the year in nursing at the school hospital.

Very respectfully.

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Bessie A. Hall, a $\frac{1}{4}$ blood Cherokee Indian, 22 years of age, if she passes her examinations, on June 6, 1918, will be graduated from this school in the Home Economics course, in accordance with the tentative course of study.

Bessie is practically a white girl in appearance. She is a splendid girl. She lost her mother about nine years ago, and has a father and four brothers living at Vian, Oklahoma. She attended school at public schools, in a Convent, and then came to Carlisle.

Superintendent Parker reports that Bessie has the following land: SE Lot 1, Sec. 4, Township 10, Range 23, containing 10 acres, and W Lot 6, Sec. 4, Township 10, Range 23, containing 11.90 acres, the value of which is \$87.60. S/2 SW/4 SE/4, Sec. 21, Township 12, Range 22, containing 20 acres, the value of which is \$80. NW/4 NW/4 SE/4, Sec. 29, Township 11, Range 23, containing 10 acres, the value of which is \$20.00. SW/4 SW/4 NE, Sec. 35, Township 13, Range 22, containing 10 acres, the value of which is \$15. (The above is quoted as Surplus land)

Homestead land: NW/4 Lot 1, Sec. 4, Township 10, Range 23, containing 10.21 acres, and SW Lot 1, Sec. 4, Township 10, Range 23, containing 10 acres, the value of which is \$80.84. NW/4 SW/4 NE/4. Sec. 29, Township 23, containing 10 acres, the value of which is \$40.

Bessie is of the unrestricted class. Her case was considered with certain Indians at this school and I was authorized to permit her to graduate.

Mrs. Matilda G. Ewing, Matron, reports that Bessie is a girl of very matured mind, that she is trustworthy in every respect. She considers her one who has good executive ability and above the average, that she has been a splendid example to our school, and an efficient helper in the office. She considers her a good disciplinarian and a very capable Domestic Science pupil. She considers her economical, neat and pleasant.

Principal Blair reports that Bessie is more like a white girl than Indian, both in appearance and manner. He considers her good in academic branches and a ready and fluent public speaker. He considers her thoroughly capable of managing her own affairs.

Bessie is in excellent health. She has had quite a large amount of money sent to her and has spent it freely. She has not, however, been grossly extravagant.

I consider Bessie Hall perfectly capable of managing her own affairs. Her restrictions have already been removed by law and there is apparently no necessity for any further action in her case.

Reports of Mrs. Ewing, Matron, Principal Blair, Supt. Parker and Bessie's autobiography are enclosed.

Sincerely yours,

JF-E

Superintendent

Dear Bessie:-

I am sorry to note in the reports about you, that you are still not doing as well as you can in school. One of the things which very seriously interferes with your proper progress in school, is your persistency in attending the moving picture shows. I must take this matter into my own hands and insist that hereafter you go to no moving picture shows on the evenings you should be studying your lessons, that is on school days. I am sending this letter to you through Miss Way so that she may know that she is to enforce this regulation. If you disregard Miss Way's instructions in this matter, I will have to take some other action. I understand you are planning to go home this summer. Whether you do or not depends entirely upon your conduct from now until your school out there closes.

Very truly yours

My dear Mr. Lipps:

Referring to your letter of July 10, relative to Bessie Hall, a Cherokee girl of Vian, Oklahoma, who was enrolled at Carlisle in November 1915, immediately on receipt of your letter I wrote Mr. Dean H. Shannon, Field Clerk at Sallisaw, and requested him to investigate and report as to whether or not Bessie was financially able to pay her expenses while attending your school. I also quoted that portion of your letter stating that it was rumored that she had spent \$900 for clothes during the past year and that she had at that time \$136.75 to her credit in the school bank of an amount of \$200 she had recently received.

On July 17 Mr. Shannon replied to my letter as follows:

"In reply to your letter of the 12th instant, beg to advise that I have inquired at this place relative to Bessie Hall, as suggested in your letter, but am unable to obtain any information which will throw any light on the subject in question. The court records show that on January 23, 1914, W.D. Hall was appointed guardian and that he has never been discharged as such guardian. There is nothing to show the amount involved in such guardianship, no expenditures having been made under the jurisdiction of the court. However, on my next visit to Vian I will have this matter inquired into and it is possible

that some information can be furnished on the subject. It is possible that she had some money from the sale of a dead claim".

On July 20 and on August 17 I again wrote Mr. Shannon, requesting to be advised whether he had obtained further information, and on August 18 he replied that he had made no further progress toward securing additional information regarding Bessie. He also stated that Mr. Crapoe, the former Clerk Interpreter, had inquired into this matter on his last trip to Vian but was unable to get any further information. He promised, however, that soon he would visit Vian himself and would give the inquiry further attention.

I am under the impression that possibly Bessie has received some money from a sale of inherited land or perhaps from the rental of her allotment. I do not believe that she has any great amount of money or that her estate is a very valuable one. When I have another letter from Mr. Shannon I will write you again.

Very truly yours,

A. A. Wiley,

Supervisor.

July 10th, 1916.

Mr. A. S. Wyly,
Supervisor of Indian Schools,
Muskogee, Okla.

My dear Mr. Wyly:

In your letter of November 15th, 1915, with reference to the enrolment at Carlisle of Bessie Hall of Vian, Oklahoma, paragraphs copied below have been noted:

"Bessie states she lives in the country about 12 miles from Vian and does not have school facilities, since the course of study in the district school does not go beyond the eighth grade. She also states that her father is a drinking man and contributes little or nothing to her support, and that her brother met the expense of her attendance at the Dwight Mission school, which amounted to about \$75.00 a year. She says she desires to take a thorough course in domestic science and this cannot be obtained in the Vian public schools, about 12 miles away, and of course is not included in the course of study for district schools.

Bessie is a bright girl and is apparently anxious to better her condition, and after hearing her statement I am quite sure that she has not the funds to meet her expenses in a school where board and tuition are required. If, in your judgement the facts warrant her enrollment at Carlisle, I would thank you to advise me at once."

I bring the report to your attention at this time because it has frequently been rumored during the time Bessie has been with us that she spent \$900.00 for clothes last year. Furthermore, she now has \$136.75 to her credit in our school bank of

291.
-2- Mr. A. S. Wyly, Supervisor.

an amount of \$200.00 she brought to our financial clerk for safe-keeping. That does not include other amounts she has received from time to time.

Will you please have me advised with reference to the matter?

Very respectfully,

HCM.

Superintendent.

-1918-

Senior

I, Bessie A. Hall, was born at McKey, Oklahoma, on November 6, 1896.

Our home was very happy before our mother passed away in 1909.

I have my father and four brothers living at Vian, Oklahoma.

I attended the public school at my home until I was twelve years old. I was then placed in a Convent where I remained until 1915 when I came to Carlisle. This I consider one of the great events of my life because I have learned to understand better the ways of the world.

I have a great desire to visit Washington, D. C., before returning to the west.
