Thega is one of the many islands located along the rugged peninsula of Alaska. A strait four miles wide known as the Stormy Strait separates it from the main land. Game is plentiful on the island and the surrounding waters are well supplied with fishes of many varieties. My father being a trader made this island his headquarters. It was here I was born August 1, 1896. At the age of eight I began to attend school. For several years I attended regularly but as I grew older and could stand the hardships of a traveling salesman, I accompanied my father on his journeys, naturally this left dents in my schooling.

After several years of traveling in the interior I turned to the travel on water. Made several trips to Seattle and while there my attention was turned to the mechanical world.

After two years of employment as assistant engineer on a tug, I went east to further my education on mechanics. While at Carlisle I have learned a great deal along this branch of work and I intend to continue learning until I become a master mechanic.

Governor of Alaska,
Juneau, Alaska.

Sir:

I have the honor to invite your attention to the case of George W. Cushing, a student of this school, whose home is given as Ungo, Alaska.

At the time of the registration of those young men between the ages of 21 and 31 last May, all the students in this school of the required age were required to register and their cards were sent to their local registration boards for registration.

Paragraph 75 of the Registration Regulations prescribed by the President provided that persons of the designated ages in Alaska, Porto Rico and Hawaii were to register on a day to be named by the President as soon as the machinery of registration could be erected in those territories and in accordance with so much of these regulations as is applicable to those territories.

George W. Cushing filled out his registration card, which is enclosed, giving the date of his birth as August 1, 1896. The card was approved by Clyde M. Blair who was designated as Registrar for this school by the Local Board at Carlisle. Accepting June 5th, the registration day for the United States, as the same one established by the President for Alaska it will be seen that the card makes Cushing a month too young. However, the

application for enrollment of George W. Cushing executed on July 22, 1912 by William W. Foster of Philadelphia, Pa., states that Cushing was born at Ungo on August 1, 1895. This would make George 21 years of age at the time of registration and subject to draft. However, during the rush work incident to the registration of students in the United States the case of Cushing was overlooked; due first to the date given by him on his card and second to the fact that no information regarding the Alaskan registration was received here.

As no information regarding the draft in Alaska was received here nor could be obtained from members of the local draft board, the matter was sent to Washington with the suggestion that the case be brought to the attention of the Provost marshal. It was returned, however, with the suggestion that I take it up with the local board or with you. A member of the local board has suggested that I bring the matter to your attention.

George Cushing has no intention of being a slacker. He is a straight-forward, fine sort of a lad. He is a member of the Senior class of this school and is ready and willing to serve his country. At the same time he states to me that he gave the date of his birth truly as he understands it. William W. Foster, who signed his enrollment blank, was a former pupil of this school from Alaska. He now lives in Philadelphia, and was not, as I understand it, related to George Cushing but brought him back here upon his return from a vacation. His knowledge would, therefore, be hearsay as to George's age. George tells me, however, that he has a father living in Ungo who would know his age.

I request that his age be investigated and if he is of proper age that steps be taken to register him. If it is found that Cushing should be registered he should not be held responsible under the law for his failure to take action.

It should be understood that this boy is of Indian parentage and there may be great difficulty in definitely determining the date of his birth, but in view of the conflict of the date given by him with the record referred to, I feel that the matter should be brought to your attention.

If it is determined that he is within draft age and he is drawn, I suggest that his case be transferred to the local registration board at Carlisle for physical examination and the making of arrangements for sending him to a training camp. I have no doubt but that Cushing can pass the physical examination.

Sincerely yours,

Superintendent.

DEPARTMENT OF THE INTERIOR

OFFICE OF INDIAN AFFAIRS

WASHINGTON

John Francis Jr.,

DEC -6 1917

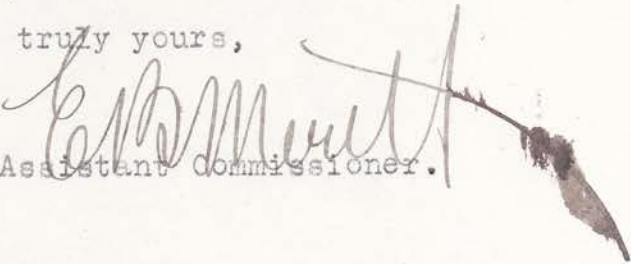

Supt. Carlisle School.

My dear Mr. Francis:

The Office has your letter of November 20 inclosing the registration card of George W. Cushing of Alaska, and wherein you ask for information as to the action to be taken.

The registration of the inhabitants of Alaska was had some time ago, and therefore if Cushing expects to return there after completing his education here, then his registration card should be sent to the Governor of Alaska for proper action. If Cushing expects to remain in the States, then his card should be turned over to the local board for appropriate action. The card is herewith returned for proper disposition.

Very truly yours,

Assistant Commissioner.

12-FLW-3

May
Third,
19 18

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that George Cushing, a $\frac{1}{2}$ blood Aliente Indian, 22 years of age, if he passes his examinations, will be graduated, on June 6, 1918, from this school in Engineering, in accordance with the tentative course of study.

George's father was a traveling trader in Alaska and George appears to have traveled with his father in the interior of Alaska on trading expeditions, his attending school during this period was only at rare intervals. William Foster, a former Alaskan student, went back to Alaska about six years ago on a visit, and on his return brought George with him and he has remain at the school ever since. The record gives but little information about him, but it is evident that he has no interest in any land, nor has he ever lived on an Indian reservation subject to the jurisdiction of the United States. The only money he has had to spend is that which he has acquired through his own efforts under the outing system. For the last two summers he has been employed in boys' camps. He saves his money and is very wise in his disbursements. He is greatly interested in athletics, and his health is excellent.

Principal Blair reports that George Cushing is a bright, capable young man. He has no difficulty with any of the academic branches, is a ready speaker, and uses very good English. He is a good cornetist and a fair singer. He is fault-finding, impatient and resent authority placed over him, and is inclined to be impudent.

Mr. Blair considers that George would better be given the control of his own affairs hereafter, as the experiences he will then have will tend to make a better man of him. He does not have bad habits and will probably improve rather than go down after thrown on his own resources.

The United States has never exercised any jurisdiction over this young man nor is it necessary that it should. The training which he has received at this school is sufficient assistance for the amount of Indian blood that he has. He is perfectly capable of receiving all the responsibility of citizenship.

In connection with the draft, the date given on George's registration card did not correspond with his application which made him under draft age. The entire matter has been referred to the Governor of Alaska for his decision but nothing has, as yet, been heard from him. George is now of draft age and under the new law will be subject to call.

George Cushing is fully able to manage his own affairs and if such action is deemed proper, I would gladly recommend that he be granted a certificate of competency.

The report of Principal Blair, and George's autobiography are enclosed.

Sincerely yours,

JF-E

Superintendent

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

For the Company

NOTE— The Company's charge, except upon ordinary live stock, is dependent upon the value of the property, as declared or released by the shipper. If the shipper desires to release the value to \$50 for any shipment of 100 pounds or less, or not exceeding fifty cents per pound, actual weight, for any shipment in excess of 100 pounds, the value may be released by inserting "not exceeding \$50," or "not exceeding fifty cents per pound," in which case the company's liability is limited to an amount not exceeding the value so declared or released.

TERMS AND CONDITIONS.

1. The provisions of this receipt shall inure to the benefit of and be binding upon the consignor, the consignee, and all carriers handling this shipment, and shall apply to any re-shipment, or return thereof.

2. In consideration of the rate charged for carrying said property, which is dependent upon the value thereof and is based upon an agreed valuation of not exceeding fifty dollars for any shipment of 100 pounds or less, and not exceeding fifty cents per pound, actual weight, for any shipment in excess of 100 pounds, unless a greater value is declared at the time of shipment, the shipper agrees that the company shall not be liable in any event for more than fifty dollars for any shipment of 100 pounds or less, or for more than fifty cents per pound, actual weight, for any shipment weighing more than 100 pounds, unless a greater value is stated herein. Unless a greater value is declared and stated herein the shipper agrees that the value of the shipment is as last above set out and that the liability of the company shall in no event exceed such value.

3. Unless caused by its own negligence or that of its agents, the company shall not be liable for—

- a. Difference in weight or quantity caused by shrinkage, leakage, or evaporation.
- b. The death, injury, or escape of live freight.
- c. Loss of money, bullion, bonds, coupons, jewelry, precious stones, valuable papers, or other matter of extraordinary value, unless such articles are enumerated in the receipt.

4. Unless caused in whole or in part by its own negligence or that of its agents, the company shall not be liable for loss, damage, or delay caused by—

- a. The act or default of the shipper or owner.
- b. The nature of the property, or defect or inherent vice therein.
- c. Improper or insufficient packing, securing, or addressing.
- d. The Act of God, public enemies, authority of law, quarantine, riots, strikes, perils of navigation, the hazards or dangers incident to a state of war, or occurrence in customs warehouse.
- e. The examination by, or partial delivery to, the consignee of C. O. D. shipments.
- f. Delivery under instructions of consignor or consignee at stations where there is no agent of the company after such shipments have been left at such stations.

5. Packages containing fragile articles or articles consisting wholly or in part of glass must be so marked and be packed so as to insure safe transportation by express with ordinary care.

6. When property is destined to a point at which no express company has an agency it

should be marked with the name of the express station at which delivery will be accepted. If not so marked it will be carried to the express station nearest the destination point and arrival notice given consignee.

7. Except where the loss, damage, or injury complained of is due to delay or damage while being loaded or unloaded, or damaged in transit by carelessness or negligence, as conditions precedent to recovery claims must be made in writing to the originating or delivering carrier within four months after delivery of the property or, in case of failure to make delivery, then within four months after a reasonable time for delivery has elapsed; and suits for loss, damage, or delay shall be instituted only within two years and one day after delivery of the property or, in case of failure to make delivery, then within two years and one day after a reasonable time for delivery has elapsed.

8. If any C. O. D. is not paid within thirty days after notice of non-delivery has been mailed to the shipper the Company may at its option return the property to the consignor.

9. Free delivery will not be made at points where the company maintains no delivery service; at points where delivery service is maintained free delivery will not be made at addresses beyond the established and published delivery limits.

Special Additional Provisions as to Shipments Forwarded from the United States to Places in Foreign Countries.

10. If the destination specified in this receipt is in a foreign country, the property covered hereby shall, as to transit over ocean routes and by their foreign connections to such destination, be subject to all the terms and conditions of the receipts or bills of lading of ocean carriers as accepted by the company for the shipment, and of foreign carriers participating in the transportation, and as to such transit is accepted for transportation and delivery subject to the acts, ladings, laws, regulations, and customs of over-sea and foreign carriers, custodians, and governments, their employees and agents.

11. The Company shall not be liable for any loss, damage, or delay to said shipments over ocean routes and their foreign connections, the destination of which is in a foreign country, occurring outside the boundaries of the United States, which may be occasioned by any such acts, ladings, laws, regulations, or customs.

12. It is hereby agreed that the property destined to such foreign countries, and assessable with foreign governmental or customs duties, taxes, or charges, may be stopped in transit at foreign ports, frontiers, or depositories, and there held pending examination, assessments, and payments, and such duties and charges, when advanced by the Company, shall become a lien on the property.

OFFICE OF INDIAN AFFAIRS

WASHINGTON

MAY 24 1918

Mr. John Francis, Jr.

Supt. Carlisle School.

My dear Mr. Francis:

As indicated in the enclosed copy of my letter of this date of Mr. George Cushing, I shall be pleased to receive from you one year hence any information you have, or can conveniently obtain, as to the progress of this graduate in the way of self-support and successful occupation.

I think we should extend our personal encouragement, whenever practicable, to these students who have been worthily ambitious and have completed a full course of training.

Sincerely yours,

Commissioner.

Mr. George Cushing,

Through Superintendent Carlisle School.

My dear Mr. Cushing:

Your educational opportunities for some years past at so good a school as Carlisle, following your travels and contact with various business interests in company with your father, should make you fully worthy of the enclosed certificate of educational competency.

You are graduating in an excellent trade, and, if true to your expressed ambition to continue learning until you become a master mechanic, you should be able not only to make your own way in the world, but to achieve prominence in your calling. I shall expect you to do this, and keep your ideals high and your character and dealings with all men above reproach, and with your education and natural ability, you are bound to win.

I shall want to know how you are succeeding and request you to write me a year later something of your work and plans. I hope, also, to hear of you through your school superintendent.

Sincerely yours,

(Signed) Cato Sells

June 15th 1917.

I George W. Cushing a student of Carlisle school in consideration
of permission to take one government Cornet with me on the outing
this summer, hereby agree to return it in the fall in as good
condition as it now is in and in the event I fail to do this
I hereby agree and do hereby authorize the Superintendent of
said school to reimburse the government in the sum of the value
of the instrument as shown by the records of the government,
from any funds which are now ^{or} ^{be} _^ may hereafter deposited to my
credit.

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Paragraph 75 of the Draft Regulations provides that "Persons of the designated ages in Alaska, Porto Rico, and Hawaii will be registered on a day to be named by the President as soon as machinery of registration can be erected in those Territories and in accordance with so much of these regulations as is applicable to those Territories.

I am enclosing herewith the card of George Cushing with the request that the matter be taken up with the Provost Marshal's Office with the view of receiving definite instructions as to what we should do in the case of this young Indian boy as we have received no further instructions regarding the date of registration for Alaskan Indians.

Sincerely yours,

Superintendent

Dear Sir,

There is enclosed herewith check in the sum of
\$14.62 in favor of George Cushing which please have him
endorse and return to me for his account.

Respectfully,

W. H. M.

Superintendent.

George Cushing is a bright, capable young man. He has no difficulty with any of the academic branches, is a ready speaker, and uses very good English. He is a good cornetist and a fair singer. He is fault-finding, impatient and resents authority placed over him, and is inclined to be impudent.

He would better be given the control of his own affairs hereafter, as the experiences he will then have will tend to make a better man of him. He does not have bad habits and will probably improve rather than go down after thrown on his own resources.
