INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Important—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

-1918-

Senior

I, a student of the Carlisle Indian School, started my most uneventful career in the year of 1900, on the fourth day of April.

I started my schooling when I was a child of six, and have missed two years of it on account of illness. It has always been my belief that I was the only Indian on earth, and consequently I was enrolled here, only to find my convictions shattered at the sight of seven hundred students all of my own nationality.

I shall digress a little to say that though my life has been uneventful it certainly has been one of opportunities the greater perhaps which I have failed to grasp.

When I entered Carlisle in 1915 I was an eighth grade student and thought I knew it all and now that I am a Senior I find that in the years to come I shall have to keep on learning before I even know anything.

Sept. 30th, 1914.

Mr. Frank J. Clark,

516 Kossuth Ave., Utica, N. Y.

Dear Mr. Clark:

The application you forwarded with your favor of September the 28th to cover the enrolment at Carlisle of your sister Ida is now complete and satisfactorily executed. It has been noted that she is well recommended, so she may be sent on at any time convenient to you.

In view of the fact that your sister resides in the city and has not attended an Indian School I would prefer to have you send her on at your own expense for transportation.

Kindly notify me just when the girl may be expected to arrive at Carlisle.

Very respectfully,

HCM.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Madam:-

Your daughter when she graduates will be entitled to go home at government expense so it will not be necessary for you to send her any money for railroad fare. A dollar or two for incidental expenses enroute, would be all she would require.

She may need at Commencement time, a few things which the government does not supply and it may be she wants the money for such things. You can use your own judgment as to the amount to send her.
