INDIAN KILLED.

Ran Away From Carlisle School and Caught Under Train Wheels at Tyrone.

Charles Packineau, a full blooded Sioux Indian, ran away from the Carlisle school, and in freighting his way to his western home was killed near Tyrone early Sunday morning. He had probably fallen under the train he was riding. The body was found Sunday and taken to an undertaker at Tyrone and the Carlisle school notified. J. E. Henderson, commandant of cadets at Carlisle, arrived in Tyrone and identified the body.

A big wild west circus performed in Harrisburg on Saturday and Packineau with five other bucks ran away from the school and in some way got to the State capital where they took in the performance. Two of the Indians received employment with the circus, two went back to school and Packineau started west on freight for his home in Elbow Woods, North Dakota, when he met with the fatal accident near Tyrone. Packineau had probably been seized with a sudden determination to go home. Word was at once telegraphed to his home in Elbow Woods, North Dakota. Mr. Henderson will remain here with the body until word is received from Elbow Woods. It is altogether likely the body will be shipped to Carlisle for burial.

RUNAWAY INDIAN KILLED

ALTOONA, Pa., April 22.—⁴⁰Running

away from the Government School at Carlsle yesterday, Charles Packineau, aged 21, an Italian, whose home was at Garrison, N. D., was killed near Tyrone today. His mangled body was found on the Pennsylvania tracks. He evidently had fallen from a west-bound freight.

This form is for the record of the physical condition of pupils of boarding or nonreservation Indian schools. It should be filled in by the school physician at the time of the admission of the pupil.

Physicians in the field should use this form to record the examination of pupils for transfer to nonreservation schools. It should accompany the pupils' transfer blanks.

The reverse side is intended as a card-index case-record for use by all Service physicians.

Agency _____ Date _____

Date pupil returned from school _____ employed since return as follows _____

Are home and local conditions favorable _____

Should he receive assistance to find employment _____

At what employment do you think he would do best _____

Remarks: _____

Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
