Mr. Meyer:

Ames Jones was sent to the hospital last night with a slight hemorrhage from the lungs. As there are no perceptible signs of tuberculosis at this time I would recommend that Ames be sent to his home rather than to a sanitarium. As the treatment of tuberculosis is for the most part one of fresh air, rest and good food it would seem that more rapid and satisfactory improvements can be looked for among the cheerful surroundings of the home rather than among the depressing surroundings of a sanitarium.

Respectfully,

Walter Rindert M. S.

Mr. Chas. F. Peirce,
Superintendent, The Flandreau School,
Flandreau, S. D.

My dear Mr. Peirce:

I regret very much to advise that Amos Jones had to go to our hospital last night and that this morning a report as follows had to be issued by our school physician:

"Amos Jones was sent to the hospital last night with a slight hemorrhage from the lungs. As there are no perceptible signs of tuberculosis at this time I would recommend that Amos be sent to his home rather than to a sanitorium. As the treatment of tuberculosis is for the most part one of fresh air, rest and good food it would seem that more rapid and satisfactory improvement can be looked for among the cheerful surroundings of the home rather than among the depressing surroundings of a sanitorium."

Will you please report what the conditions at Amos's home are and what you would recommend as being the best for him and his care?

Very respectfully,

HKM.

Superintendent.

Flandreau, S. D.

Dear Mr. Peirce:

When your letter of the 17th instant was received here this morning our school physician was asked to submit another report in regard to the condition of Amos Jones and I am glad so favorable a one as that copied below has just been sent in:

"I am happy to report that Amos Jones has not had any bleeding for some few days and that his general condition is good. We hope now to straighten him out in short order."

Noting in your letter that the young man's mother is able to care for him at home it will be arranged to send him to Flandreau just as soon as it is believed advisable to let him travel. You will then be notified just when to expect him.

Very respectfully,

HRM.

Superintendent.

Supt. O. H. Lipps,

Carlisle, Pa.

Dear Mr. Lipps:

I have copy of your letter to Mrs. Jones relative to the condition of Amos, and she feels that she would be able to care for him at home were he here.

Mrs. Jones is a very reliable woman, a good housekeeper, and has an older son who is able to assist in providing for the boy should he return home. After talking with her I am rather inclined to believe that it might be best for the boy to return here, and in case it is thought advisable, we could transfer him from here to Toledo, Iowa. Should you send him home kindly wire when he starts in order that we may meet him at Flandreau.

Respectfully yours,

Chas. F. Peirce

Carlisle, Pa.

Dear Mr. Lipps:

I have your letter of the 10th and am very sorry to hear that Amos Jones is not in good condition.

Relative to his home, I would state that he is practically homeless. His mother is a widow and lives alone part of the time, and at other times with relatives here. I do not know how the boy would be able to secure good care if he were here, and suggest that he be kept with you or returned to the sanitorium at Toledo, Iowa, if thought advisable.

Respectfully yours,

Chas F. Peirce

Mr. Meyer:

Although none of the hemorrhages Amos Jones has had up to date have been very severe the condition shows no signs of letting up .Everything is being done that can possibly be done and I hope that the outcome will be favorable, however Amos must be considered in a rather precarious condition . Please notify his people that he is ill with pulmonary bleeding.

Respectfully,

Mrs. Ellen Jones,
Flandreau, South Dakota.

My dear Madam:

I regret very much to advise you that your son Amos has been in our hospital this week and that his condition has not shown as rapid improvement as was expected. I submit below for your information a copy of a report that has come to me this afternoon from our school physician:

"Although none of the hemorrhages Amos Jones has had up to date have been very severe the condition shows no signs of letting up. Everything is being done that can possibly be done and I hope that the outcome will be favorable. However, Amos must be considered in a rather precarious condition. Please notify his people that he is ill with pulmonary bleeding."

Trusting an improvement in your son's condition can be reported soon and assuring you that his return home will be effected just as soon as he can be moved with any degree of safety, I am,

Very truly yours,

HKM.

Mrs. Ellen Jones,
Flandreau, South Dakota.

Dear Madam:

Our school physician stated last week that your son Amos has made as rapid progress as could be expected and that he should be able to take the trip home this week. Accordingly, arrangements are being made so that he can leave here tomorrow evening and a ticket for his use to Flandreau will be provided.

Trusting that Amos will continue to regain his strength and that he will be in such condition physically that he can resume his school work somewhere at the opening of the next school year, I remain,

Very respectfully,

HKM.
