# Funeral of Indian Is Held at Carlisle

*Special to The Telegraph*

Carlisle, Pa., May 1.—Funeral services of James Pawnee Leggings, a member of the Sioux tribe of North Dakota, who died in the hospital of the Carlisle Indian School early Monday morning, were held at 11 o'clock this morning in the school chapel. The Rev. E. H. Kellogg, pastor of the Second Presbyterian Church, officiated and the pallbearers were members of the Indian Band, of which organization the deceased was a member.

The services were attended by the entire student body and faculty and the band played two funeral hymns. In leaving the chapel the band preceded the corpse and following the body was a member of the band carrying the big horn the young man played. This evening the body will be shipped on the 5.41 train to his home in the Dakotas. Pawnee Leggings died of a hemorrhage of the lungs, caused by the sudden appearance of tuberculosis. He was taken ill shortly after commencement week.

Just how Massachusetts will send an evenly divided delegation to Chicago while on the preference vote Taft has a plurality of 3,600 over Roosevelt, is partly explained by the wording of the State presidential preferential primary law enacted two months ago. By that law every voter to have his vote recorded was compelled to mark each delegate-at-large of his party, there being no circle for voting by groups. The law enabled hundreds of voters to mark the eight names in the delegates headed by C. S. Baxter and styled "for Theodore Roosevelt" and then express a preference for Taft on another part of the ballot.

On the Democratic ticket, although ten of the fifteen candidates for delegates-at-large to Baltimore were either pledged to or indicated to be "for" Governor Foss, there was no Foss name in the presidential preference column. Speaker Clark, whose name did not appear in the preference and

News has just been received of the death of James Pawnee Leggings at the Carlisle Indian School. He was one of our brightest and most promising boys three years ago and had been at Carlisle ever since he left here in the fall of 1909. We understand he was sick only for about a month and that his death was unexpected. Our sympathy goes out to his parents on account of the early demise of a son who had shown such promise of being an ambitious and capable man.

Herder the first of the month. He had held this position for about 15 years. James Chief has been promoted to Chief Herder.

Major Brennan, Rev. A. F. Johnson, and Farmer LaPointe accompanied Dr. Ross in his automobile on a trip to Hot Springs, S. D., where they had been summoned to appear as witnesses before the court of Fall River County.

Mail Contractor C. O. Hagei is now bringing the mail and express in his new automobile and, although the weather has been very unfavorable

## THE CARLISLE ARROW

---

917  
JAMES PAWNEE LEGGINS (Sioux).

While with ceaseless course, the sun  
Hasted through the former year,  
Many souls their race have run  
Nevermore to meet us here;  
Fixed in an eternal state  
They have done with all below;  
We a little longer wait,  
But how little—none can know.

A gloom was cast over the school when James Pawnee Leggins passed away last Sunday night. James was one of Carlisle's most promising students. He came here from Pine Ridge, S. Dak., three years ago and during his time here proved himself to be a faithful, industrious boy. Wherever he was placed he could be relied upon to do his duty. He was a member of the band, and his cheery presence will be missed by his fellow-musicians. He was also a member of the Y. M. C. A. and the Standard Literary Society, in both of which he took great interest, and death leaves a vacancy which cannot be filled.

Very impressive memorial services were held in the school chapel on Tuesday, Rev. Kellogg, of the Second Presbyterian Church, of which James was a member, officiating. A medley of sacred songs was played by the band. As the casket was placed in the hearse the band played "Auld Lang Syne," followed by taps.

Henry Redowl, Paul Baldeagle, and Charles Warbonnet accompanied the remains to their final resting place in Pine Ridge, S. Dak.

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

## INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided*, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.
