Mrs. John Runs Close
Presho, S. D.
Dear Martha:-

We were glad to get your nice long letter and to know you and your husband seem so happy and also seem to be prospering. I trust that it will not be long now before John gets what he wants, a print shop of his own and that you will both get a home where you can keep house. To board is often so unsatisfactory, especially with young married people. I think the sooner you have a little home of your own, the happier you will be.

I presume you have heard that another of Mrs. Friedman's girls, is to be married this week. I refer to Margaret Reed who is to become the wife of Lewis George on Wednesday the 30th inst. They are to be married in the Catholic Church and are to have a little reception as you had after the ceremony. I hope they may be as happy as you are.

Let us hear from you again, Martha. We will always be interested in your welfare.

Very truly yours

Superintendent.

Friedman:

I have not heard from either of you, who I have written a letter before, but I was not so deeply acquainted with the town as I am now, and did not have very much news that time. Now, that I have nothing to do, I am going to write again.

Last week, I referred to our marriage book, and have written to most all who have signed their names.

The weather out here is quite a change. I think it is doing me good. Ino is also looking so much better, he has gained in weight also. I have not been weighed since I left Carlisle, but I do feel very good. The climate is dry and cool, and I have found that it agrees with me.

Presko, is quite a town. It is supposed to be a City, but is a trifle small for one. At present, I would call it a town. It is five years' old, and is growing up very fast. South Dakota is rather a mountainous prairie, so the town is in sort of a valley. We live on a hill, we can see the whole town, and everything that is going on in town.

Ino works, at one end of the town, or

our hill.

We are not keeping house at present we are boarding, two doors from John's office, that gives us a good walk three times a day. He gets up in the mornings at 6:00, goes to breakfast 6:30, and he begins work at 7:00, I come home and do up my work and to pass away time I embroider. I have embroidered initials on two of my Wedding Gifts.

We are very happy, Mrs. Friedman, John is so good to me. He certainly loves his work, he just hates to quit when he once gets started. At meal times, I go for him and really, I have a time, to get him to stop, for his meals. Last evening or Saturday Evening, I went for him at 6:00 and I had to wait a half hour before I could get him to supper. He said, he wants to run a Printing Office of his own some day, he is always talking about owning one.

I don't want him to go crazy over his work, but still I am going to keep your advice, and make him stick to his trade. He really does not need any coaxing for that, as he is determined to own one some day.

The people of Presko are fine people. Every body is so nice to us out here. We are the only two Indians here and

...to their homes
...as we feel at home.
...long walk last evening, along
...This is a pretty place.

How is Alice, Mrs. Friedman? I certainly miss her alright.

I shall never forget Carlisle, nor your folks. I shall always stand for Carlisle and make use of my training that I accomplished while there.

I am very anxious to keep house. Some time I wish I were right there doing my regular work with Alice, for we really did have good times, but still I have a fine and worthy young man of my own and I am happy & contented with him, and ^{hope} to always be.

Give my love to all, I am, with love,
Your same old Girl,

Mrs M. F. Rinsclose,

Supt. Friedman:

Dear Sir:

I received your invitation to attend the Commencement exercises and Alumni Association meeting. I was greatly pleased to receive an invitation, but am sorry to say, it is impossible for me to come this year.

I have bought out a Printing Office and it has kept me pretty busy, I have not been running it very long, so that prevents me from attending.

My paper is "The Stamford Standard"

I am expecting to secure a contract for a mail route so that will keep me pretty busy. I am very near my allotment and I expect soon, to move my Paper on my allotment as there is a new town there, so that I may do farming also.

My family + I are getting along nicely, and I wish to say that we hope to attend the Exercises in 1914.

My wishes go with the Class 1913. Am sorry I cannot be there to see my Class graduate.

Respectfully

J. A. Runeclose.

Mr. J. A. Runclose,

Stamford, South Dakota.

Dear friend John:

It was a pleasure indeed to receive your letter of February the 24th and of the copy of your paper. Let me congratulate you on having secured a paper of your own and I am sure your other friends here join me in wishing you success with it.

If you can arrange to move your plant to your own allotment it should mean a better opportunity for you and a splendid chance for you to carry on farming operations in connection with your newspaper work. Let me hear from time to time so that we can keep in touch with you and your activities.

Regretting that you cannot arrange to be with us during our Commencement week exercises, I remain, with best wishes to yourself and Mrs. Runclose,

Your friend,

Mrs. John Kunschlose

Dear friend:-

I am sorry to inform you that Miss Gaitner, in whose hands I placed your letter, has not been able to get any subscriptions for you. You were a school girl not very long ago, Martha, and know that a dollar looks pretty big to all school children. It is not easy for them to give up this amount to pay for a paper in which they have no special interest. I am sorry that I am not able to help you.

We are always glad to get letters from you and to know that you are getting along nicely.

With best wishes to both of you, I am

2173 Indian printer - apprentices who have learned their trade at Carlisle are frequently heard from in the field of their chosen occupation. The following news item in the Minneapolis *Tribune* relates to John A. Runsclose, who with his wife was educated at Carlisle, and is illustrative of this. The *Tribune* says:

“The *Stamford Standard*, published in the southwestern part of

Staley County, Minnesota, is under the management of John A. Runsclose, a full-blood Sioux Indian, and it is the only paper with general circulation in the State which is managed exclusively by an Indian. The Sioux editor is getting out a good local paper.”

Dear Mr. Friedman:

Mr. Ernest Quickbear has referred us to you as one of his referees and I will thank you to make what comments that you see fit on the enclosed information blank and return it to this office at your earliest convenience.

Referring to John Runsclose and to his chances of having been appointed to a position as printer in Lacreek, South Dakota, I am sorry to note that this position was filled before we could have any thing definite about the location of John. From the information we had in the office, we understood that he was at his home, but when we telegraphed there, it was several days before we received any reply from the agent and then it was to the effect that John had gone back to Carlisle.

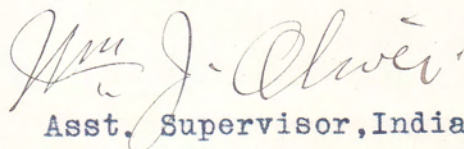

Please tell John that if he wishes us to do any thing about finding employment for him, he ought to always notify us when he changes his postoffice address

and let us know where we can reach him by telegram.

I trust that we will be able to find suitable work for him in the near future.

My dear Friend:

I am pleased to have your long letter of the 24th instant and to note in it that you can give so much credit to what you learned at Carlisle. It is gratifying indeed to learn that you have been enabled to live so much more satisfactorily as a result of the training you received here and the experiences you gained while you were connected with this school. It is to be regretted, however, that you are not well and that you have not been able to go ahead with the work you were doing in Stamford.

I have noted in your letter that you desire to secure weekly copies of our ARROW so that you can keep in close touch with what we are doing and the friends who are mentioned therein from time to time. This year a subscription price of twenty-five cents is being charged because the increasing cost of supplies made it impossible

to keep the expenses at our print shop within bounds and the many complimentary subscriptions an impracticable burden. Upon receipt of an amount of twenty-five cents your subscription will be entered. Herewith you will find enclosed copies of the numbers that have recently been issued.

Hoping we shall hear from you again and that the coming spring days will bring renewed strength to you, I am, with best wishes for all of you,

March 24, 1916.

Supt. of the Carlisle Indian School.

Carlisle, Pa.

Dear Sir:

I will write a letter to you while I have been thinking of Carlisle so much and how much Carlisle has done for me.

I did not understand the English Language and did not know what it was to be a gentleman or to be polite until I entered the Carlisle Indian School in the fall of 1906.

When I first arrived on the school grounds I was attracted by so many beautiful things such as flowers, the pretty trees and green velvet grass, such as we never see on the Dakota Prairies. I had never saw a more beautiful bird than those tiny little birds called "The Humming Bird" that is seen so much out East!

Buildings were immensely large on what I was used to seeing and I thought they were great large buildings built so well and neat.

My studies seemed real hard at the start, I thought I would never succeed in learning. I finally got started, and I made up my mind that I had signed five years for school so I must try and succeed some way. I finally did succeed both in Academy and Industrial work.

My first summer, I made an Application to work on the Outing System in order to learn farming etc. I learned agricultural work and also helped with house cleaning and washing, as my country people said "I ought to learn to do my washing for I may be a Bachelor".

I was indeed glad to know that I was learning things so fast and earning money to be deposited in the Bank for my future use.

When I returned to the school in the fall, the Office re-organized their officers, I was then Promoted from Rank to Sargent on good Conduct. This was in the fall of 1907. I finally was promoted until I was a non-Commission Officer which I was ~~when~~^{until} I left school.

My Industrial trade while there was Typographical Work on the Printers Trade better known. I was offered a job in the Carlisle Town for a half day each day while the other half was for my school work. I finally tried for a higher place when another job was offered me in one of the Largest offices in Harrisburg. The Magazine that this Office put out was called, "Suburb Life". I left the school each morning, returning in the Evening. I then was offered another job ⁱⁿ the far west on the Dakota, in a real nice town in the Spring of 1911.

When I left to go, I felt as though I was leaving

some feeling sorry that I did not
finish my school course. I have
often wished now that I had stayed
and graduated with my class in
1913.

The last position offered me was
in a nice town and was getting along
nicely so I thought I would run a
Paper for myself which I did. My
Paper was the Stamford Standard
in Stamford So. Dak. I run that
paper until my health was so poor
from living indoors that I finally
had to give it up. I then went to
~~my old home~~ and built me a
home where I have lived since. My
health has been very poor that it
will not permit me to do much
of anything any more. My life may
not be very long. I wish to see Carlisle
and schoolmates but as I cannot I
will send my best wishes to all who

know me while there, while I have a
chance.

I have got the Arrow every since
I left school until lately, some how
it has been mis sent or some mistake
made in the Address. The Arrow is a
small paper but sure looks good.
to me. I certainly would appreciate
having it sent to me as before.

Very Respectfully,

John A. Rinschlose.
