Mr. J. W. Dady,
Superintendent, The Red Cliff Agency,
Bayfield, Wis.

My dear Sir:

Referring to your letter of December the 1st, regarding a small amount for Mary Gokee's Christmas needs, I will advise that Mary has a good record and that it will be entirely satisfactory to send her what she requests. I recommend, therefore, that she be supplied with the ten or fifteen dollars desired.

Her letter to you is being returned herewith. A copy of the same is being retained for our files.

Very truly yours,

Dear Sir:

Since Christmas is drawing near at hand I am letting you know beforehand that I am complying upon your kindness if you would kindly send me ten or fifteen dollars in check as I am needful of it.

I always like to return back what has been done for me and I will surely appreciate very much if your kindness would do me that favor.

You really don't know the pleasure the people I am living with at the present time have done for me and surely must not I not repay it? I must have the money if its the last cent I have. I have a good bit in the bank at Carlisle, but I cant take out until I return for home and that will be I don't know when. I don't expect to go home as long as I know I have a nice home here and can work my way through until I have enough.

I don't see why we don't get money everytime we ask for when mostly the indian boys and girls get it. Really its funny or else its taken from us or rather cheated to say.

Hoping you will let me know in replying if I can have it and will thank you very much for it.

I remain yours sincerely

Mr. John Gokee, Sr.,

My dear Sir:

It was the desire of your daughter Mary to spend another summer under the outing as it is conducted at this school and her application had already been filed, but when she was examined by our School Physician it was learned that one of the glands in her neck has become slightly swollen. Under the circumstances it is believed best that she should be returned to you and as her period of enrolment terminates at the close of this school year arrangements are being completed to have her leave with the other girls going home this year on June the 1st. Transportation for her passage to Bayfield will be provided for her use and she should arrive there on June the 2nd.

Hoping you will be well pleased with the progress Mary has made and regretting that it is not wise for her to remain at Carlisle during the summer months as she had planned to do, I remain,

Very truly yours,

INFORMATION REGARDING RETURNED STUDENTS
PART I
REPORT BY NONRESERVATION SCHOOL SUPERINTENDENT OR RESERVATION SCHOOL PRINCIPAL

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Information regarding pupils to test eligibility and whether in need of Federal aid.
