Mr. John Francis Jr.,
Supt. Indian School,
Carlisle, Pa.

Dear Mr. Francis:

At ten-thirty tonight I returned from the hospital and wrote you a brief explanation regarding Alice Finley's illness. I wrote thus as I judged a letter dropped before eleven o'clock would reach you nearly as soon as a night telegram.

The facts of the case to date are as follows:

Alice took cold about three weeks ago and a cough developed. Mrs. Uphouse used home remedies. She seemed to recover for a time, but due to continued carelessness in regard to her health in the manner explained later the cough returned.

Alice would repeatedly fall asleep in an over heated condition with her head in the window. One warm night she lay on the top of the bed clothing, partially dressed, with no other covering, and woke up as the night grew colder and found herself very cold and chilled. Sunday she fell asleep out in the hammock on the porch, cool breezes blowing over, no extra covering.

She has had a delightful room on second floor and either Mr. or Mrs. Uphouse before retiring for the night have gone in and roused her from her sleep with her head in the window.

On Monday Mr. Uphouse called his own physician, Dr. Widmyer of Drexel Hill. Dr. ordered Alice into bed at once and Mr. Uphouse came the same evening to report her condition to me. That was last evening and I reported same to you.

This morning (Tuesday) I hastened out to Drexel Hill thinking perhaps I could send her back to Carlisle or even take her if necessary on Wednesday. I found her too weak to even think of this trip. Dr. Widmyer came while I was there and

we decided she had better be taken to the hospital. Acute bronchitis was his opinion of the case. Hospital beds are at a premium owing to war conditions. The Presbyterian Hospital said they would have a vacant bed in the morning. Dr. said this would be all right and Mr. Uphouse was to take her down in his automobile early on Wednesday morning. Dr. left instructions as to her medicine and Mrs. Uphouse had a woman come in to help her. I said I would remain, too, if I were needed. Dr. agreed to see her again to-night after eight.

I called tonight at 8:20 and she had grown so much worse that it seemed advisable to get her into a hospital immediately. Dr. Widmyer is connected with the National Stomach Hospital and Mr. Reeve (a Neighbor and patron) also has had experience there. They called the ambulance and had her taken there tonight. Both Mr. Uphouse and Mr. Reeve came down to the hospital, the latter rode in the ambulance with her. I was there also at the hospital and waited until Dr. Strawbridge made his examination and this I reported in my previous letter.

I told Dr. Strawbridge to give Alice the very best possible care. He said she must be in a room alone and he had a special nurse come to care for her tonight. He pronounced it lobar pneumonia in the left lung and from the symptoms she is in the third day stage--that is it has been developing since Sunday. A crisis will be reached either on the fifth day (Thursday) or on the seventh day (Saturday).

I will wire you a report each day. I know she is in good hands and the best will be done for her.

Very respectfully,

(Signed) Lida M. Johnston

Dear Mr. Francis:

Alice Finley has loban pneumonia in the left lung and is a very sick girl. She is in the National Stomach Hospital, 1514 N. 15th Street, Philadelphia, in the care of Dr. Strawbridge. Tonight she will have a special nurse. Dr. Strawbridge will see her at midnight. I will see him and Lice early in the morning and will wire you at once.

Very respectfully,

Dear Mr. Francis:

It was so late last night when I returned from the hospital I judged it was better to await the morning's news concerning Alice Finley and wire you which I did to the effect that she was just holding her own.

She has been passing through a crisis which began Tuesday at midnight. Wednesday afternoon her condition looked very grave. Wednesday evening Dr. Strawbridge and Dr. Widmyer (her physician from Drexel Hill) saw her together and matters looked better. They remained at the hospital until after 10:00 o'clock and they assured me it was not necessary for me to remain all night as I had expected to do if she continued to sink. Her pulse wavered in the afternoon.

Alice has been bright, recognized me every time and ready to talk. She said "Good-night" very cheerfully. Her mind is at ease which Dr. Strawbridge says is two-thirds of the fight.

This morning I telephoned to Dr. Strawbridge and his voice gave me evidence he was relieved thus far and so I wired you. She has taken and retained her nourishment, responded to treatment and if her heart can stand the pressure will pull through, but pneumonia is treacherous. I will see her this afternoon or evening.

Very respectfully,

Dear Mr. Francis:

This evening I saw Dr. Strawbridge and his report concerning Alice Finley is this---that barring any accident there is reason to believe she will pull through. She has had a good day. I talked with Alice this afternoon and again this evening. She is bright and cheerful.

I will not wire you unless there is a turn for the worse but will keep you posted by mail.

Dear Mr. Francis, -

I am just about to start for the hospital - sit 8 o'clock - to spend at least a part of the night - longer if I am needed. I do not know what the morning will bring forth. I remained with Alice until noon to-day. A new spot has developed in the same lung and it looks like the case beginning all over again with no resistance like she had at the first. She had a very bad night and all morning was restless - at times a little delirious. She is being kept up under stimulants now but the heart can not stand that too long.

Mr. Uphouse was called to Washington on business. Mrs. Uphouse has a ten weeks' old baby. Mrs. Reeves is quarantined with measles. Mr. Reeves stands ready he told me to help me in any way possible.

Your telegram regarding Sadie Metzen and Gertrude Pegg just received. I will meet them Saturday morning.

This morning I saw Mr. Stambaugh and his report concerning Alice Finley is this - that having any accident there is reason to believe she will pull through. She has had a good day. I talked with Alice this afternoon and again this evening. She is bright and cheerful.

I will not visit you unless there is a turn for the worse but will keep you posted by mail.

Dear Mr. Francis: -

It was so late last night when I returned from the hospital I judged it was better to await the morning news concerning Alice Fmley and miss you which I did to the effect that she was just holding her own.

She has been passing through a crisis which began Tuesday at midnight. Wednesday afternoon her condition looked very grave. Wednesday evening Dr. Strambidge and Dr. Widmyer (the physician from Drexel Hill) saw her together and matters looked better. They remained at the hospital until after ten o'clock and they assured me it was not necessary for me to remain all night as I had expected to do if she continued to sink. Her pulse wavered in the afternoon.

Alice has been bright, recognized me every time and ready to talk. She said "Good-night" very cheerfully. Her mind is at ease which Dr. Strambidge says is two-thirds of the fight.

This morning I telephoned to Dr. Strambidge and his voice gave me evidence he was relieved thus far - and so I wired you. She has taken and retained her nourishment, responded to treatment and if her heart can stand the pressure will pull through but pneumonia is treacherous. I will see her this afternoon & evening. Very respectfully, L. M. Johnston.

Mrs Denny;

June 13th 1918.

If the diagnosis in Alice Binley's case is acute bronchitis it is not necessary to notify parents by wire. However they might be advised by mail of her condition. It in itself is not necessarily fatal if uncomplicated.

Respectfully,

Edw. F. Meyer

Dr. Menger: Do you think it advisable
to notify Alice's parent by wire ?

Dear Mr. Francis: -

I am sorry about Sadie Metopere. Mrs. Douglas will await her arrival as I presume she will be ready in a few days. In the meantime Adell is without clothing and of the trunk has come-storage charges are piling up. Will you mail the check to Mrs. Douglas so she can get the trunk? Sadie, I presume will stand the storage charges at the end of the month.

Mr. Uphouse came to see me to-night to report that Alice Finley is ill - she has been coughing for some time - has lost weight - indications are bronchitis now - possibly a forerunner of something else. They have had this doctor and I will see her early in the morning and report. Mr. Uphouse was very much concerned over her condition. He says she has seemed so languid and seemed to take cold so easily.

To-day I saw Mrs. Golze and Ella Israel about the Commencement dress, etc. Ella feels badly, naturally, but I think the little organdie from Carlisle will set her aright. Mrs. Golze has had her own time with Ella in regard to spending money. She tried her best to dissuade Ella from having a Cape de Chenes but Ella was persistent. I am glad to report Mrs. Golze was not a supporter of Ella's wants. Very respectfully, Lida H. Johnston

Dear Mr Francis. It is with the deepest regret
that it becomes necessary for me to write you
of the death of Alice Finley. During the short time
she made her home with us, she endeavored
herself to us and it is a great shock for
both Mrs. Uphouse and myself. This has indeed
been an eventful week and one long to be
remembered. We never had anyone with
us before and we tried in every way to
make Alice feel she was a member of the
family. We encouraged her to come in the
living room or on the porch with us, in
fact we shared everything with her.
I am going to make a special trip to
Carlisle to meet you and talk this over
in person. Will try and come next week.
Sincerely yours

Sir:

In accordance with paragraph 228 of the rules for the Indian School Service, I enclose herewith a copy of my report to the Indian Office together with all the correspondence in regard to the death of Alice Finley.

The death of Alice came to us as a great shock. She had a splendid record here. The matron told me last night that she never remembered having found it necessary to speak a word of reproof to Alice.

Howard deserted from the outfit and I have been unable to locate him. Before he left he seemed contented in his place and never expressed dissatisfaction. I have an idea that he has procured a position at some manufacturing plant here in the east at larger pay than he could get in the country. As soon as I can locate him I will advise you.

Mr. John Francis, Jr.
Supt. Indian School.
Carlisle, Pa.

Dear Mr. Francis: -

On Friday evening I wrote you briefly as I was starting for the hospital regarding Alice Finley's condition. That morning I had said you that her condition was serious.

Thursday she had a very good day and I was encouraged. Matters looked brighter but Thursday night she had a very bad night. On Friday morning, Dr. said a new spot had developed in the same lung and this would have to come to a crisis and it was doubtful if her heart could stand further strain.

I remained with her until noon. In the evening I returned to the hospital to be with her as I would have done for my own. All that was possible to be done for her was done. Oxygen was given her frequently during the day and night.

Mr. Uphouse and Mr. Rees both came to the hospital. Mr. Uphouse remained until about 11:30 when it seemed best that he return home. Mrs. Uphouse has been all worked up over Alice's illness and the baby has been ill, too, as a result of the nervous strain. Mr. Rees remained with me until the end.

Alice had been a little delirious at times but grew worse. She talked frequently during the day of Howard. She became

DEPARTMENT OF THE INTERIOR

conscious only about two hours before she died and just at one o'clock in the morning she passed away easily. She suffered no pain. The heart could not hold out longer.

I think it would be of considerable comfort to her parents to know that she received the last rites of her church while she was conscious. She had a nurse in constant attendance and Miss McGuire whose card I enclose was the nurse with her all that last day and night. The hospital people were good to us in every respect.

I recall Dr. Menger speaking to me about Alice having enlarged glands. So when the dread disease struck her she had no constitution to fall back on although Alice looked to be in good health. Weirum LaJennere told us to-day that Alice was her room mate at Carlisle and that she coughed every night in her room but would not give in - did not want to speak about it at all and did not want it known.

To-day Mr. Uphouse and Miss Beach brought to all the Sioux Hill Indian girls down to see Alice. Each one brought flowers. Alice was dressed in her white uniform. A long rosary with a large cross attached was among her things and this we placed in her hand. I combed her hair myself. When I went to get her clothing I found everything in perfect order in her room, her clothing and trunk. She was so neat about everything.

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN SCHOOL
CARLISLE, PA.

Will you send me instructions about her trunk? Shall I pack her Carlisle clothing in the trunk also? Alice has several pieces of jewelry - a watch, some pins and a ring or two - all good looking. Mrs. Up house and I will go over the trunk on Friday and make out a list which I will send you. She also has \$4 or \$5 in the bureau drawer. Some of this came from her father in a money order and some of it was spending money from her wages. Shall I insure both the jewelry and the money and send it to her father? Or shall I insure it and send it all to you? I will await instructions.

Alice was a fine little girl - conscientious, faithful and willing and gave every promise of being a splendid woman. She always had a smile with every answer. She told me she had not missed me Sunday in church attendance. In fact a week ago to-day she was in her place at church. I am sorry, O, so grieved to lose her - to have to send her home like this and grieved for your burden, too.

Very sincerely,
Lida M. Johnston

Dear Mr. Finley: -

The week following the death of your daughter Alice, Mr. Uphouse, in whose home Alice lived, had to be away from home all week and I was unable to get Alice's trunk off to you as I would like to have done. However, it was shipped June 29th and by this time I trust it has reached you.

On July 3rd, I sent you by registered mail a small box containing \$18.00 in bills, a watch and some small pieces of jewelry belonging to Alice. Alice had \$25.00 in her bureau drawer. Following instructions from Mr. Francis, our Superintendent at Carlisle, I retained from this amount \$7.00 to prepay the express charges on the trunk and to pay for the registered fee on the package.

The charges on the trunk were \$5.82 plus 30¢ for war tax. This registered fee for package was 40¢. Total \$6.52. The remainder 48¢ I am enclosing in stamps. Will you please let Mr. Francis know if the articles reach you safely. Very sincerely,

My dear friends,-

Your letter to Mr. Francis now Lieutenant Francis, arrived at the school just shortly before he left to enlist. He wanted me to write and tell you that he is very thankful that you feel satisfied for what we tried to do for your little girl before she left us and afterwards. He regretted it very much that we had not been able to locate Howard.

I have written the outing agent today to go to the ship yards where we have heard there are several deserters from this school and return all he can locate to the school. We may be able to find Howard in this way. I shall let you know, if we find him.

I hope you have received in good condition all the belongings of your daughter which were shipped to you from Philadelphia.

Trusting that I may have better news regarding Howard before long, I am
