### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Dear sir:

I write to make inquiries about Mr. Ira Spring, Akron, N.Y. one of your graduates. He has asked me to get him a position in the printing line. Can you inform me as to his fitness and reliability?

It occurs to me that the Government ought to help the young Indians it teaches trades to a start among white people. There is no demand on the reservations for skilled workmen in the trades and an Indian is handi-capped in making his way among white competitors. This young man says he is denied advancement because he is an Indian. He has never had more than \$5 a week in Buffalo, hardly enough to pay his board. I have no knowledge regarding his fitness and character, except that the teachers on the Tonawanda reservation speak well of him.

Can you give me a list of New York Indians now in Carlisle and also a list of graduates? I shall be glad to help them as much as possible to get a start.

Respectfully yours,

A C Hill

Dear Sir:-

I have your letter relative to Ira Spring, one of our returned students, living at Akron, New York, who has asked your help in getting work at his trade of printing. I enclose a recommendation which our school printer gives him. I am glad to endorse what Mr. Miller says of Ira Spring's work and I feel quite sure that the young man will "make good" if given a trial.

I am sending you under separate cover, our school catalog and other literature. The catalog will give you the names and addresses of our New York Indian graduates. Later, I will send you a complete list of the New York Indians now attending this school.

Thanking you for your interest in our returned students, I am

Very truly yours
