INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

(Attention of Mr. Francis).

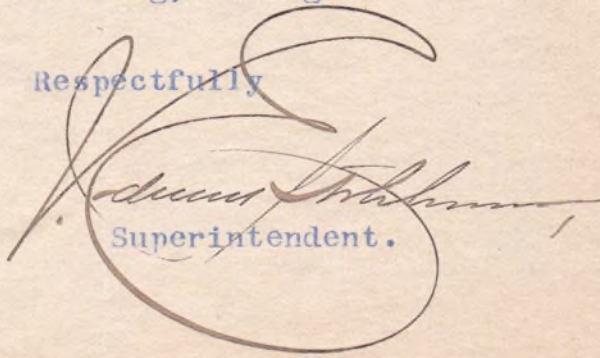

My dear Mr. Francis:-

It is with deep regret that I have to inform you of the death this day of Miss Mary Wilmet, a pupil Nurse of our School who was a graduate of your School and entered our Hospital a few month ago to take up the Training for Nursing.

Miss Wilmet was indeed a much beloved character in this Hospital by all patients, nurses and those with whom she came in contact with. Her death due to acute Lobar Pneumonia complicated with an acute cardiac dilatation was a great surprise to us all as she practically was not considered critical until Sunday @ 4.30 P.M. when she began to loose her vitality and showed marked signs of failings. Death came this Monday morning at 8.20 and with it a deep gloom of sorrow and bereavement which has spread itself over the entire Hospital buildings in the passing away of so beautiful and noble a character as Miss Wilmet has shown herself during her stay in the Hospital.

Her body has been shipped to her mother in Lansing, Michigan.

Respectfully

Superintendent.

INDIAN GIRL DIES IN GERMAN HOSPITAL.

14
The body of Mary Wilmet, an Indian girl, who died at the German hospital, is on its way to Mackinaw, Michigan, where her relatives await the remains for removal to her birthplace, Charlevoix, Michigan.

The girl was one of the students in the training school for nurses and had been in the German hospital for the past 4 months. She came to the institution highly recommended from the Indian school, Carlisle, Penn.

About a week ago she became ill and developed pneumonia. Her condition gradually became worse. J. Edward Stohlman, superintendent of the hospital, said that Miss Wilmet was highly accomplished and was by far the most beautiful Indian girl he had ever seen. She made wonderful progress in her work and was a favorite among the other nurses. She was 19 years old.

I suppose
you wonder why I don't
write to you, but really
school life in Carlisle
keeps a person busy.

I had a delightful
time on the train from
Phila. to Carlisle, it
wasn't as tiresome as it
might have been. I don't
believe my mouth was
closed for an hour, there

was so much ² to talk about. I was
with Mary Horsechief, Lena Watson
and Amy Smith, and we took turns
talking ^{about} our country homes and
our good times.

He arrived here about 4 P.M.,
and it surely was exciting. I am
delighted to be back with old friends.
I room on third floor, center hall,
room 14, with Mary Horsechief and
Beulah Logan, before Beulah came
we roomed with Marie Tarlow
but she went to the country, she
is living in Narberth.

We haven't had a social since
we've come in from the country
but we're going to have new students
reception next Saturday night, and
the following Saturday will be the
general school social. Everybody
is looking forward to a good
time.

The meals aren't very bad, and
sometimes I really enjoy my meals.

and I know other girls
and boys do.

I am as well and fat as
ever, only I have a little
indigestion once in a while
when the food isn't cooked
properly, and at other times
when 20 min. is too short a
time to eat.

School started Tuesday,
(Sept. 7). but I didn't go till
Wednesday. I was in room 10,
(Grade 7) but I was in there
only a day and a half then
I was promoted to Room 11

4

de 8). That is the highest grade the next courses are vocational courses. I'm going to try and get up to them. We go to school a little differently than we did when I was here East. One section goes in the afternoon, and again the next morning, then the next afternoon the other section goes to school while the other section works I like it in a way, but it seems I can't get used to it. We have chapel exercises on Wednesdays.

I have signed to take music lessons I take them tomorrow² P.^{1/2} (Thurs.) till 2:30 P. M., and they are .25 a lesson. We have an awful cute music teacher.

I worked up in the sewing room the first week I was here, but the details have changed, and now I work in the house, its easy there I always get through early, and I have all the time to

myself, and I start to work any time I want to.

There are very many changes here. I hardly recognized the place, that is, the Girls' Quarters. We have a large reception room where the boys come to see their girls, but sorry to say I never get a chance to go in! Then we have a dining room and kitchen, and any girl can cook a meal any time they want to, — provided they are on good behavior.

We have to wear white waists and blue uniforms, ^{skirts} to school, and they are high collar waists. Gee, their good and hot these hot days!

Flores Peters returned to the school shortly after I did.

We had a half holiday on Labor Day, we worked in the morning and amused ourselves in the afternoon.

I like it here alright, but I despise the matron, in fact,

all the girls are bitter towards her. He know its her duty to be strict, but she goes to extremes. She doesnt permit the girls to wear silk waists, and we have to wear those hot, thick waists on the hottest day when she sports around in the thinnest clothes she has. She comes in the assembly nearly every night, and preaches to us, the other night assembly was called a quarter of 8 eight, and we never got to our rooms till a quarter past nine. She doesnt give us all of our mail, either. She holds all letters and cards mailed in Carlisle, and she reads them and gives them to the girls, and sometimes she doesnt give them to the owner. Last night she called a large crowd of girls in her office that had card and letters, and I was a number of the crowd. There wasnt

anything out of the way on my card, still she kept it.

Every noon before dinner we march, and the band plays. I and everybody else enjoy marching, but Oh U. Sun!

I started this letter last night and in the middle of a sentence the lights went out, so I had to stop.

I hope you will pardon me for not writing any sooner, but I'm always busy. I'm going to the laundry this morning before school and iron.

I hope you like your girl.

Mary Welch sends her best regards to you.

Oh, yes, I went to church twice last Sunday and also the Sunday before. Making up for lost time!

Give my love to all.
your Carlisle Girl.
Mary G. Wilmet.

Reference is made to your letter of April 28, 1917, in which you direct attention to that paragraph of the Declaration of Policy in the Administration of Indian Affairs which refers to Indian students who have completed the course of instruction in the Government schools, being declared competent.

In accordance with these directions I have the honor to report that Mary Wilmet, a $\frac{1}{2}$ blood Ottawa Indian, 18 years of age, passed her examinations and on May 24, 1917, was graduated from this school in nursing, in accordance with a Special Course of study.

Superintendent Cochran reports that Mary has no land under the jurisdiction of any Superintendent, as far as he knows. He also advises me that she comes of poor parents, and her home life was not of the best.

Mary is a very beautiful girl, and has a great deal of ability, I would recommend that a certificate of competency be issued to her.

Sometime ago I wrote you that if you wanted to enter some hospital to continue your training, I would be glad to help you get in. I have not heard from you since and I am wondering if you have it in mind yet to do this.

If you and Mary Ann want to do this and would prefer to go to some Philadelphia hospital, I would be glad to enrol you at Carlisle and carry you under the cutting while you were taking your training. I would also be glad to help you get into one of the large hospitals. As you are graduates, I could not pay your fare back to Carlisle but I could take care of you after you paid your own way back. You and Mary Ann think about this and then write me what you want to do. With my best wishes to you both, I am

Frankfort, Mich. Enroute to Oneida, Wis.
Mon. Sept. 17, 1917.

Mr. John Francis, Jr.,
Supt. Indian School,
Carlisle Pa.

Dear Mr. Francis: -

Friday I reached Mt. Pleasant about 3 P.M. and found nearly every one in attendance ^{at} the County Fair. In my talk with Mr. Crehan on Saturday morning he gave me this message for you. "Tell Mr. Francis I am with him." He was not notified concerning his request for unlimited transportation until Saturday morning. This has caused some delay in getting the party off to Carlisle because two of the girls were at work at Harbor Springs, Mich. and Mr. Crehan did not want to call them in until the transportation was placed. He notified these girls on Saturday and I judge five girls will get started to-day. I understand the girls of this class chose Carlisle and the boys Washell.

I asked Mr. Crehan's advice as to my remaining to be of any service in gathering the party and he assured me that it was not necessary since he would do all in his power to gather them in - if only one or two at a time. Owing to the increase in wages and the demand for labor many, very many of the large boys have failed as yet to return. The school is well filled with girls and small boys but not the large boys. They are turning down all requests for half-fare tickets - taking more small children. Mt. Pleasant had twenty-boys enroute in one company.

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN SCHOOL

CARLISLE, PA.

I am sure I do not underestimate my task and responsibility and I feel that in leaving Mt. Pleasant, if I have not been able to reach the students who are so scattered, I have put "Carlisle spirit" into those who will be ready for Carlisle next year.

Mr. Cochran and the teachers mentioned Edna Weaver, a graduate of this year, a worthy girl in every respect but troubled with eczema, not contagious, on her face and very sensitive about it. I understand she has corresponded with you. I did not see her but I feel we could help her at Carlisle even via Antwerp.

I talked with Mary Ann Cutler and Mary Wilmet. I see "Regret" very plainly although they did not say so but we talked of the suggestion as to your getting them into a Philadelphia hospital. I said I would ask you to write to them. They would jump at the opportunity and Mr. Cochran would like to see it go through. Mr. Cochran is eager and so are his teachers to assist via Carlisle in these broader avenues for advancement and they see these openings, too.

Beatrice Hatch, sister of Agnes Hatch, who will be ready for Carlisle next year would like a Senior Arrow. 1917 year Book.

Very respectfully,

My dear Sir:—

Enclosed is an application blank for a Qualifying Certificate. I should be very pleased and thankful to you if you will please fill it out and send to The Training School for Nurses, at the German Hospital in Brooklyn, New York. I received the application blanks. I filled them out and returned them to the Hospital.

I need three statements, one from a clergyman; one from a friend; and one from a physician. Father Welch has known me longer than any priest. Do you think I had better write him or could the school authorities do that? Mr. Francis, I am sure, would be willing to give me a statement. Do you think I had better write him? I should think my record or health report at the school hospital could be used as I am as healthy as I have always been. If you can get the three statements, I would be pleased if you would mail them with

Mr. Francis has written to Mrs. Allen of Bala, Pennsylvania asking her to give you a recommendation. She will probably send this direct to the Hospital.

We are all glad to know that you have taken this step and our best wishes are with you.

Miss Mary Wilmet,

My dear Mary:

I have just returned from the Cherokee Reservation, North Carolina, and I find your letter of September 29, 1917.

I am delighted to know that you intend to go into serious training to become a nurse. I will be glad to do anything I can to get you into a hospital. I have discussed the matter with Mrs. Denny and we will get all the necessary papers together to arrange for your entrance in the Brooklyn Hospital. I note from what she says that you have already procured a catalog of the Hospital and it will be unnecessary for me to obtain that for you now.

You can be sure that Carlisle will do anything it can to further your laudable ambition to become a trained nurse.

Sincerely yours,

Superintendent

Mr. John Francis, Jr.

My dear Mr. Francis:-

Your letter I received. I cannot begin to express how I appreciate your kindness in offering to help me enter a hospital.

Mary Ann and I made applications to enter a private hospital in one of our neighboring towns. We have not heard from the authorities yet. There were not any vacancies when we applied. I have given up hopes of entering that hospital. I certainly should be delighted to enter some hospital in the East.

As for Mary Ann, I know nothing about her intention. I shall send her the letter you sent, however, then she can write you.

I should like to go to the Brooklyn hospital. Would I ask

much of you if I asked you to
get a catalog for me from the
Brooklyn hospital? I should like
to know also about what time
I would enter the hospital, so I
could make arrangements in the
meantime.

At present I am caring for my
brother. He owns a motorcycle and
had a collision with a Ford. His
case was quite serious but is recovering
nicely. Then Mother is to have her
tonsils removed and Doctor has
asked me to assist him in the
operation at his office, as there
is no hospital in this town. Not
until Mother and Brother are well
will I be able to leave home.

Thanking you for past favors,
I remain,

Respectfully yours,
Mary Wilmet.

Dear Friend Mary:

Your letter of November 18th pleased me very much for I am greatly interested in the welfare of my Carlisle boys and girls. I know you are busy and you will find the days very full with your numerous duties but the busier you are, the happier you will find yourself.

All our other hospital girls are on the rolls and I have been thinking that perhaps you would again like to have your name on the list also. I feel that it is a matter of protection to you girls and I would be glad to enroll you if you wish. Let me know.

We have had to ask our ex-students and graduates to subscribe for "The Arrow and Redman" at fifty cents per year. Our Outing students, of course, receive it regularly free of charge.

I will be pleased to hear from you and you have my best wishes for your success.

My dear Mr. Francis:-

Your letter I received while I was still at Charlevoix, Michigan. I neglected to write you sooner because I have been kept rather busy.

I left Charlevoix on Wednesday last (Nov. 14) and arrived here Friday morning.

I have not gone on duty yet but have been copying up notes as I am two weeks behind.

Words cannot express my thanks to you, Mr. Francis, for so readily assisting me to enter this hospital. I am very pleased with the place thus far, and I shall endeavor to do my best to uphold the standard of Carlisle; the only thing I can do to pay Carlisle for all the good that I received there. My best wishes are

with the school and I am more interested at present in the school than ever. One does not realize what a blessing it is to be there until after the departure.

It has been customary in the past years that graduates of the school receive the Arrow free of charge. Is that no longer kept up?

Thanking you again for past favors and with my sincere wishes for the school, I am,

Respectfully yours,

Mary G. Hilmet.
