

William Little Wolf deserted from his outing home and these were confiscated by Mr. Dickey and returned to the school. It may be well to let Mattie Logan know that you know of these.
N.R.D.

Dearest William,

I received your short letter today and as usual was glad to hear from you.

I am well as ever again. I suppose you are too.

Just think today my country father sold \$16,000 worth of liberty bonds. He works with the Girard Trust Company in Phila. and he sure has the "dough". He looks like Mr. Tyrell.

2.

Well, dear, since I know what to say now, I think it is alright since we've been such good friends and should continue to be and all goes well at the end of our school days. Tell me what you intend to do, will you dear?

I think we are going to the seashore before the 1st of July, this is at Ocean City. I'll let you know when we are going. I see where I'll have to be lonesome some more, I was just kind of getting used to this place and now we are going away. I'd just as soon stay in Narberth.

3.

because I know lots of people now and still I'll be glad to go to the seashore and go to some of the other places too.

I hope you are not doing anything out of the way by "raising the thunder" as you say, in Langhorne. I hope not any way, dear.

I am going to be at home alone all day tomorrow. The folks are going away for the day to Ocean City and the children go to school.

Oh say I had some fun tonight after supper. You know the children next door were playing ball and

4.

we were too, in our yard and so they came and played with us and my country sister got mad because I wouldn't be on her side and there's a peach tree in the back yard and they started to throw those little hard green peaches at each other but they knew better not to touch me so I joined in and I made the boy next door stop and sent the others home after having a long hard time to make them go.

Well, dearie this is a nice, cool evening and we just came in from the moires. They were swell. I wish you

could have been there and
sees them. It was sad and
yet so funny. It had a little
cat all soaking wet in it
too. That made me think of
~~you right away.~~

William dear, I have
something to ask you but I
think I'll wait until I see
you again because I want
you to tell me yourself.

This is all, I can think of
at present. Call me up sometime
dear, our phone number is

write soon and tell me
lots.

So long dear, will close with
Kisses. X X X for you only.

June 10. 1917.

My dear William.

I received
your letter last Friday eve-
ning but I haven't been
feeling at all well and so
I am just now answering.
I wanted to write yesterday
but my country mother
wouldn't let me have any
paper or pencil. She said
I needed rest.

Oh, dearie but it has
been real hot lately after
that thunder storm we
had. I was it was winter

so it wouldn't be so hot. You know I'm from the North, but I nearly froze last winter, didn't I, dear?

Philadelphia is 7 miles from and the electric cars go past here from Phila. to Paoli. The trains go past every 18 minutes, so you can imagine how noisy it is.

Listen dear, I'd just love to have you come here to Harbath to see me but you know what it usually leads up to. So I guess it's better if you wouldn't come. I want to see you too, dear.

I don't quite understand what you mean in your

about what you asked me the time you went to Washington. You asked me "what shall we do when we grow older?"

Tell me just exactly what you mean so I can tell you exactly what I think. There could be several answers to that question so please tell me what you mean. As for me, dear, there's no other one waiting for me that I know of and if there is I don't know who it is or who it could be, and can't get keep waiting, see dear?

This is the first chance I
 had to send this letter. I received
 your card this morning. I am
 finishing this in the post office
 and this pen is very weak so
 is the ink. Its raining to beat
 the band, right now and I
 didn't bring any umbrella.

So you are in the baseball
 team, are you? Yesterday was
 Sunday and I went to Sunday
 School and in the afternoon
 I went for a long walk with
 one of the girls. There are 3
 other girls here in Harbath
 but one of them lives one door
 from me and she always comes

to see me. I don't know
where the others live.

Well, dear, it has kind
of stopped raining and I
must go. I'll write you a
longer letter next time.

Please write soon dearie.

Bye bye dearie. XXX

Lovingly

Mattie.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Important—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

Mrs. Ida Logan,

Versailles, New York.

My dear Madam:

I have received the applications for the enrolment at Carlisle of your daughters, Marjorie and Mattie, about which you had written me in your favor of the 23rd instant.

Although Marjorie is younger than seems entirely desirable this year for enrolment at Carlisle, the fact that she is to come on with an older sister is taken into consideration and transportation for both the girls is being made available at Lawton Station. The tickets should be ready for use within several days after the receipt of this letter and I hope I shall hear soon when your girls may be expected to arrive here.

Your older girl is being accepted without question for enrolment because she has completed the course at the Thomas Indian School.

Very truly yours,

HKM.

I hope I shall hear soon just when your girls may be expected here.

Mrs. Ida Logan,

Versailles, New York.

My dear Madam:

When your daughter Mattie was seen at this office last evening she informed me that an amount of \$5.50 is due a local dentist for the work she had done on her teeth some time ago. Therefore, in reply to your letter of the 23rd of August with reference to the payment of that amount I take the liberty to state that it should be satisfactory if a remittance to cover the charge can be sent at a later date. It is hoped, however, that there need be no unusual delay about making the payment.

It is gratifying to know that both your daughters have such favorable reports to make regarding this school and the assistance that is given them by our teachers and I trust that this year will be equally satisfactory to them.

Very truly yours,

HJH.

Mr O. H. Lipps. Supt. -

Dear sir, - I am writing to
you in regard to my daughters
Misses Mattie and Marjorie Logan's
health, behavior etc.

I received a letter a few days
ago from Mattie the older girl
she has been having trouble
with her teeth, and has been
to the dentist, and she explained
how she has pay for the bill
we will pay for it, but just
now we are unable to pay for it.
her father Benj. Logan will
stand the charges if you can
wait awhile, he is a farm laborer

and gets his money by selling products from the farm or hiring out, charge it to him and I will see that is paid. They both write and say they like the school very much and are contented and pleased with their teachers.

Hoping to hear from you in the meantime I remain

Respectfully yours.
Mrs Ida Logan.

June 5th, 1916.

Mrs. Ida Logan.

Versailles, New York.

My dear Madam:

Upon receipt of your letter of June 1st I had further inquiry made about your daughters and learned that both of them have not been very strong. Mattie did pass a physical examination for selection to go to an outing home, but it was not possible to find her a place where the work would have been as light as that which has had to be given her here this year.

I shall not interpose any objections to your girls' going home for the summer vacation months, but they are not ill and you will have to provide the amount necessary to pay for their transportation.

Very respectfully,

HKM.

Superintendent.

Versailles N.Y.

June 1, 1916.

Mr Lipps -

Supt. of School. -

We are writing to you about our daughter Marjorie Logan seems she is not able to go out in the country for the outing season, so we thought best to write and ask your consent to have her come back home for the summer. She may get along better here at home, regain her health I mean.

About the other girl Mattie Logan she signed to go in

the country and passed, her health must be better.

Please write us at once about Marjorie & Mattie in regard to their health etc.

If it is so Marjorie can come home for the summer, how is that if she is not well we would like her at home, send her home. I have no funds also please write me at once if she can come home, like Burnell Patterson came home because of poor health.

Respectfully

Mrs Ida Logan.

Mr. William S. Lawton
Lawton, N. Y.

Dear Sir:-

Mattie Logan, a pupil of this school, from your jurisdiction is in need of money to have some dentistry done. She believes that she has some funds in your hands. The dentist has estimated that it will cost her about \$15.00 to have the necessary work done. If she has money in your care, please send a check for the above named amount, making the check payable to me as superintendent.

Very truly yours

Superintendent.

Mr. W. S. Lawton
Lawtons, N. Y.

Dear Sir:-

Replying to your letter dated December 31st relative to money which you sent to Mattie Logan, I have to advise that our books show no receipts of money from you. If you sent the ten dollars direct to her, she has probably spent it all as she informed the clerk who has charge of the pupils' accounts that she had no money to pay her dentist bill.

If she has funds available, I would advise that you send the check for \$15 which is necessary to pay her dentist bill, direct to me making it payable to me as superintendent.

Very truly yours
