## ARBOR DAY EXERCISES

### Seventeen Trees Planted and Appropriately Dedicated. Reports by Classes

The exercises of Arbor Day held in the Auditorium were of an interesting and instructive character and acted as the preliminaries for the planting of the trees by the several classes at the close of the school exercises.

In the absence of Mr. Stauffer, who was confined to his room by sickness, John Harvey led the band and conducted in a manner reflecting great credit upon his ability as a musician. Mr. Wise made a few appropriate remarks relating to the value and necessity of Arbor Day exercises, and the following program was carried out:

Music - - - - - Orchestra  
Song - - - - - Pupils from No. 10  
Planting trees - - - - - Fred Mart  
Choosing the tree - - - - - Bessie Saracino  
Song - - - - - Pupils from Normal room  
President Roosevelt's letter. - Louis Island  
Song, "America" - - - - - School

A representative from every state in the Union was delegated as a member of a committee whose duty it was to represent their respective States at the planting of a tree dedicated to the Hon. J. Sterling Morton, the father of Arbor Day. Every state in the Union was represented and the tree now stands as the forerunner of a giant to the memory of that far-seeing statesman, the Hon. J. Sterling Morton, of Nebraska.

#### SENIORS

As the celebration of Arbor Day was to be the last at Carlisle for the Senior class of 1908, a great deal of class spirit and enthusiasm was shown by all the members. John Farr, the president of the class, gave a very interesting and instructive speech and christened the maple tree Emma Abbott in honor of our teacher Emma Abbott Cutter. Several of the members took part in the rendering of the program which was prepared especially for this occasion.

#### JUNIORS

Junior class had a most enjoyable time planting their tree, which was named "Pop" Warner in honor of our football coach. During the time the tree was being planted, songs were sung very cheerfully and with much enthusiasm, after which President Robert Davenport made a short speech to the class of '09. After the tree was planted we proceeded to visit other trees planted by our class. The class then separated and went to their own respective quarters.

#### SOPHOMORES

The Sophomores, headed by their President Miss Stella Bear, filed out of their school room and proceeded to the place where the tree awaited them. There were several distinguished names presented before the class to be voted on, but the name that received the majority of the votes was the name of Senator Curtis, the Indian Senator from the state of Kansas. The tree was given this most honored name. After the planting of the tree, the class sang a very spirited song and an address was delivered by Shela Guthrie. They then proceeded to visit the tree they planted last spring, named after the good state of Texas which is the native state of their teacher Mr. Walters.

#### FRESHMEN

The Arbor Day at the Carlisle Indian School was celebrated with lively spirit by the Freshmen Class.

With their lively songs and yells they dedicated a maple tree. They chose for the name of their tree, "The Honorable Marlin E. Olmstead." After the ceremony was

THE HON. GEORGE W. WOODRUFF

GEORGE W. WOODRUFF, the former foot-ball coach of the Carlisle Indians, who originated the "guards back" play which brought fame to the elevens who used it, assumed his new duties last week as Assistant Attorney General for the Department the Interior.

Mr. Woodruff was law officer in the Forest Service from December, 1903, until he was appointed to his present position by Secretary Garfield, when he was promoted to a Cabinet position. Mr. Woodruff was one of Mr. Pinchot's most effective assistants in the Forest Service and became so thorough versed in the intricacies of the public land laws that he was chosen for his present position, where he will be Secretary Garfield's legal advisor in all questions of public lands.

Mr. Woodruff is a native of Pennsylvania, being born in Dimoch, Su-quehanna County, on February 22, 1864. He began teaching school at 15, and after graduating from a State normal school at the head of his class, entered the classical course at Yale. He belonged to four varsity foot-ball and track teams and four Yale crews, and was captain of the crew in 1889. In spite of his strenuous athletics, he stood near the top of his class, winning a Phi Beta Kappa key. He is also a member of Psi Upsilon and Skull and Bone. He studied law at the University of Pennsylvania, graduating in 1895. He was admitted to practice in all the Philadelphia Courts, the State Supreme Court and the Federal District, Circuit and Supreme Courts.

Mr. Woodruff was the coach of the Carlisle Indian Football team during the season of 1905 and is a friend and admirer of this Institution.

The faculty and the entire student body extend to the new Assistant Attorney General congratulations and the assurance of the best wishes of the United States Indian Industrial School at Carlisle, Pa.

over the class of 1911 through the kindness of their teacher, Miss Yarnall, were taken to the place where last year's tree was planted in the grave yard of the school and found it progressing very nicely.

#### No. 10

Room No. 10 held very interesting exercises and planted a tree, calling it "The Olmstead Maple." The program included a song and various quotations. Recitation, "The Coming of the Spring," by Myrtle Evans, and "Why we should observe Arbor Day," by Harry Wheeler.

#### No. 9

Class room No. 9 planted a tree to add to the line of prospective shade trees along the road by the greenhouse.

#### No. 8

No. 8 Class opened their exercises with a recitation of Bryant's "The Planting of the Apple Tree," followed by appropriate quotations and Arbor Day thoughts by each member of the Class. The tree was named after appropriate remarks by Mr. Thompson, in honor of Congressman Olmstead. At the close of the exercises the class visited last year's tree.

#### No. 7

Miss McMichael's class, No. 7, held short

exercises and dedicated one more to the long line of trees by the greenhouse.

#### No. 6

Three boys were detailed by our teacher to plant the tree. We named it "Huntstarhearts" after our three runners. We put a part of each name together to make one word. After we had planted the tree we had the pleasure of going to see our last year's tree and we found it looking well. Then the boys were dismissed and our teacher took us for a little walk.

#### No. 5

No. 5 sang appropriate songs and the origin of Arbor Day was explained by one of the pupils. The tree was placed in position and named "Loyal No. 5." The necessity and benefit of tree planting was discussed and class adjourned.

#### No. 4

The teacher asked the pupils, what will they name our tree. And nearly every one of us said, "Miss Rayos." So we named our tree Miss "Rayos."

We sang some songs. The first one we sang was called the "Arbor Day Song." The other one was called, "Spring time."

## CLASS CONTEST

### No. 6 School Room Almost has a Walkover. Summary of the Events

Saturday afternoon last will long linger in the memory of the student body as one of the most successful Class-contest days in the history of the school. While it is true that no records were broken, yet each event was pulled off with a spirit of rivalry which is so characteristic of the Indian pupils of Carlisle.

The weather was not what was desired, a cold, damp wind blowing, yet the eagerness of the contestants and the enthusiasm of the different classes was sufficient to keep everybody warm.

The four upper classes, of whom great things were expected failed to materialize and No. 6, Mrs. Foster's class, took about everything they went after. No. 9, which is Mr. Henderson's class, came in second, followed by Juniors, then the Freshmen, and after awhile the Seniors came in trailed by the sad-eyed, down-cast Sophomores.

As the points came rolling in after each event it could be seen that No. 6 was the Athletic Class beyond a doubt. Thirty-nine points were placed to the credit of No. 6 by simply having the fastest men in the various events. No. 9 gained 32 points. Juniors 21, and the Freshmen 11 points, or strictly speaking, 1 point for each number of their class room.

The grand stand was crowded with the student body and various friends from town were also in evidence. The different classes were grouped off by themselves and the banners and colors were kept waving in encouragement of the competitors.

The Class "rooters" were in their glory and when a member of either Class would show himself it would be a signal for the class to get in its work.

The four upper classes had picked out their followers and bedecked them with their respective colors, but after the last event it was a difficult matter to find any color in evidence except blue.

The Major started in with the Red and Gold as his color, but before the affair was over he was wearing the colors of the Senior-Junior-Sophomore-Freshman class.

The various classes had a new set of songs, many of which were catchy and musical, and all of them extolling the "good things" in their class.

The day was a grand success from an athletic point of view and much enjoyed by all.

**PROVERB**

The slanderer is like a serpent. The serpent stings; it is but a sting; but from that sting the poison diffuses itself through the whole body. The slanderer speaks; it is but a word, but that word resounds everywhere.

**Minstrels Postponed**

The proposed minstrel entertainment which was billed to be given shortly has been postponed, owing to the illness of the musical director, and various other unforeseen circumstances. Look for it later in the season.

**"All-Giants" Challenge**

"All-Giants" is the name of the newly organized baseball team. The team is composed of high-spirited baseball enthusiasts and will challenge any team on the grounds. The aggregation is made up of the following: Capt. Thomas Saul, James Thorpe, William Bravethunder, Harry Wheeler, John Rogers, Simeon Stabler, George Stabler, Fred Roundstone, Joseph Redfox, Ernest Quickbear, Isaac Quinn.

**Cherokee Musician Contracts**

Junaluski Standingdeer of Cherokee, North Carolina, has recently signed a contract with an Indian Band for this summer. Mr. Standingdeer has had many years of practical experience as band man, and is also a former member of the First Regiment Band of North Carolina, stationed at the city of Asheville. He was many years a student of Carlisle, and also a member of the band, of which he was the backbone of the bass section. Mr. Standingdeer was a member of the class '03.

**The Hopi Class**

The Hopi Indians who arrived here but a few short months ago, are making wonderful progress under the instruction of Miss Anna Goyituey. Perhaps the best example of this fact is seen in the Arbor Day ceremonies. At the Hopi tree this band of young Indians sang two verses of "America" and the Carlisle School Song in perfect English and good melody. When it is figured that they arrived here January 25th, scarcely three months ago, with absolutely no knowledge of English, it seems almost impossible.

**Villa Nova Scalped**

The Villa Nova team of base-ball stars came to Carlisle last Tuesday with instructions, determination, and at the same time lacking the ability, to trail the fair name of the Indians in the dust.

The absence of dust was perceptible, for the day was a cold, drizzly one, and the diamond was not in the best of condition. The student body was out en masse, and many people from town, as well as many "fans" from the Villa Nova College, who had come to Carlisle to see the base-ball team do what the football team failed to do last fall, i. e., defeat the Indians.

The Indians played ball and upset all plans of the Villanovians. Sad as it may seem yet we are compelled to record the fact that the Indians, just like an Indian would, simply made up their minds that they had to play and play hard, and they did play and they played hard, and finished a seven-inning game 3 to 2, in our favor, just as an Indian should.

The nine from Villa Nova are a fast aggregation. They play the best kind of ball, they are well in hand, and work together to a nicety. But so do the Indians. "Nuff Ced."

Our boys are commencing to realize that what "Pop" tells them about certain plays, generally turns out about as calculated, and the pretty little "squeeze play" that brought in Youngdeer and Balenti, scoring two runs all in a minute, was all worked out long before it happened.

The game was a hot one from start to finish. The "Villians" opened up in a way to scare weaker teams, scoring two runs.

In the second inning Joe Twin, running for Hauser, scored after a perilous circuit of the bases. Score 2-1.

In the third inning was when the little trick was pulled off in the "squeeze play" and Youngdeer and Balenti came galloping home like hot shot. And that did the act, 3-2 in the Indians' favor, which was the score at the end of the seventh inning, it having been agreed to play but seven innings in consequence of the rain.

Now that the Indians have donned their winning clothes it is hoped that they may rush victory upon victory.

The following postal is self-explanatory:  
LEWISTON, N. Y., Apr. 11, '07.

DEAR MAJOR:—  
Phoebe and I were married in Harrisburg, and in the evening we came away arriving at Niagara Falls early Sunday morning. After a few hours of sight seeing we started again, arriving at our destination in the evening. All is well Sincerely yours,

WILLIAM MT. PLEASANT.

THE ARROW and all—Everybody—extend to the happy couple the hope that the best of everything this life affords may be theirs, and may they have a long life and a happy one.

**Mr. Stauffer Improved**

We are glad to announce the convalescence of Mr. Stauffer, our band master and teacher of music, who has been confined to his bed for some days, threatened with pneumonia. Under the skillful treatment of Dr. Shoemaker, he has about recovered and ere long will assume charge of his classes.

Dr. Elmer E. Brown, United States Commissioner of Education, says of music:

"We need music in our modern life almost as much as we need bread, and we need it in our schools almost as much as we need the multiplication table. We need it in our lives, not only to help us worship, but that we may carry away something better than a ringing headache from our precious hours of diversion. We need it in our schools not as a tolerated fad, but as one of the things that shall make our individual and national character."

**Athletics**

Scotland Industrial School plays the Junior Varsity on Saturday afternoon.

The following base-ball boys left Thursday for the Eastern trip: Hendricks, Pappan, Schrimpher, Newashe, Houser, Balenti, Youngdeer, Twin, Garlow, Eaglman, and Miller.

Seton Hall, Fordham, and Brown will be the games to be played and they are all very hard games. Seton Hall tied Niagara University the other day, and it will be remembered that Niagara defeated Pennsylvania. Fordham has beaten Princeton and Villanova, and Brown always has a very high-class team, so our boys have hard work cut out for them.

The following boys will go to compete in the relay races and special events at Philadelphia on Saturday: Mt. Pleasant Billy, Thomas, Blackstar, Twohearts, Rogers, Friday and Schenandore, and it is expected they will all show good fighting spirit and do their best.

**Dr. Mohler's Lecture**

We were very well entertained on Thursday evening by an instructive talk on geology and local geography, given by Doctor J. F. Mohler of Dickinson College.

The speaker took us to Virginia and into the Adirondack mountains, making it all very realistic by showing us some exceptionally good pictures.

The photographs were taken by himself. The pictures of the Canadoguinot and the cave were of special interest to us, giving a clear idea of soil formation. Those of Virginia, Maryland and New York showed the formation of alluvial plains, river beds and gorges.

**From Alaska**

Recent letters from Walter Snyder, an ex-Carlisle who is now at Carmel, Alaska, give encouraging reports of his success and prosperity. He is assisting the physician at the Moravian Mission and is much improved in health. His work includes translating and various other clerical duties, as well as the carrying of the mail by dog team, a duty that he greatly enjoys. His kindest remembrances are sent to all his friends at Carlisle.

**Agriculture Teacher**

Mr. Hugh W. Taylor, the newly appointed Agricultural teacher, is now very busy getting his material together for his summer's work.

Mr. Taylor is a graduate of the Kentucky State University and has had several years practical experience in agricultural matters, and was for some time at the State experiment station. Being practical as well as thoroughly scientific the boys look for great results in the dairy and on the farm.

**Anent Cats**

Our campus with its beautiful trees and foliage is an ideal spot for the birds to build their nest and make the grounds a rendezvous for the little songsters, but there is one evil that must be remedied if we wish to keep on good terms with our bird neighbors. There are about twenty seven cats too many around the dining hall and teachers' quarters. Every day you can see a cat or two sneaking off with a young bird between its cruel jaws, taken from some nearby nest. These little occurrences will eventually make our grounds a place avoided by the birds.

The cats should go, either by the strychnine or shot gun route—but go they must.

- Marie Hunter, Class '09, has entered High School at Landsdowne, Pa.
- Ask Reuben Sundown how much a ton of air weighs.
- Olive Webster has stopped school, and is now a cook in the hospital. Her many friends wish her success.
- Lon Wadda, one of the band boys, is working for Mr. Warner on the athletic field.
- Last Saturday morning the bakery boys made pies while the sun shown on the Arbor Day parties.
- Winter weather and snow is still being enjoyed in North Dakota, so the Sioux students may well be glad to be at Carlisle.
- Louis J. Webster is fast becoming a base-ball player. His team-mates keep an eye on him especially Manager J. L. Bear.
- Louisa S. Soldier and Mary Gates went out to the country last Saturday morning and their friends were sorry to see them go.
- Arthur Finley one of the masons is improving rapidly at his trade. He has proved to be a good mason while constructing the new cottage.
- Quite a number of girls and boys of the Freshmen Class, have signed for the country for the second party, as it is their first chance.
- Toskie Tramper, who went to the country in the first party writes to his little sister who is here, that he has a fine country home and likes his work.
- We learn that Zoa Hardin, who went to the country after graduating, is well and enjoying the house work which will make her better prepared for the future.
- Virginia La Rocque writes from Beverly N. J., that she has a fine home. She anticipates a very pleasant summer as they are going to Cape May for the season.
- The J. V. baseball team has won two games so far, and both have been shut-out games. Now boys see what you can do next Saturday with the Scotland boys.
- On Sunday Major Mercer very kindly took his girls out for a walk to the farm. I believe nearly every girl had a taste of the good sweet milk which is always on tap at the farm.
- Susie Whitetree, who is in Mt. Holly, N. J., writes to a friend that she has a very nice home. She said that on her arrival she felt lonely but now she is settled down and contented.
- Lapolio Cheago, who returned from the country a couple weeks ago, has been detailed at the hospital. We wish her success at nursing, equal to that which she has attained at her other duties.
- The work on the new hospital and Doctor's residence is being pushed forward with great speed and the hospital corps all expect to be settled in their new quarters before the beginning of school next fall.
- The senior boys showed their "Bull Dog" determination Saturday in the contest. Never mind seniors, they may defeat us in track meets, but, where do we stand in basketball? At the top. '08—Senior.
- We Freshmen certainly did our share of cheering on contest day, though we hadn't a banner to give spirit, it was their all the same. And we as a class extend our thanks to the composers of the different yells and songs.—L. M. W. '11.
- A letter was received from Josephine Nash, who is at Sharon Hill, Pa. She likes her place very much, and expects to visit her brother Albert Nash in Philadelphia. It only takes thirteen minutes to get to Philadelphia from Sharon Hill.
- In a letter to a friend, Sara Isham, '07, stated that she arrived home safe and was met by friends in Chicago. She is enjoying herself at home and feels quite proud to be known as "Aunt Sarah." She wishes to be remembered to her friends.
- James L. Miller, a former student who is now living at Morris, Minn., says in a letter to a friend that he is getting along nicely. He often wishes he had spent more time at Carlisle studying. He wishes to be remembered to his many friends.
- A young imp rushed into the *sanctum* just after No. 6 had cleaned up everything in Class Contests, and sprung this on ye editor:—"No. 6 Fostered no false hopes. Guided as it was by a Blackstar, and strengthened by Two hearts, why should you Hunt the winner?" *Oh for a gun!*

- Lucy Beaver, an ex-student of this school, writes saying that she is in good health, but gets quite lonesome for Carlisle and often wishes herself back.
- The Freshmen class are reading The Courtship of Miles Standish, as part of their work in Literature and find it very interesting.
- Through a letter to a friend we learn that Margarette De Lorimiere is getting along well with work at her country home in Landsdowne, Pa.
- A lecture on geological features of our country, by Dr. Mohler, of Dickinson College, was very interesting as well as instructive.
- Helen Lane, of the Junior class, who has been sick for the past two weeks is now able to be out. Her classmates hope to see her back at her studies in a few days.
- Since Class Contest Day is over the Juniors are going to settle down to hard work before the warm weather comes. Make good use of your time Juniors.
- Martha Day and Elizabeth Paisano made some pretty badges for the Junior Class before the contest day. The Juniors thank them very much.
- James Mumblehead, a member of Freshmen Class, composed several of the songs for the Class contest. We are proud of his good work. He is loyal to his class. Keep it up James.—*Emelem.*
- The Junior class named their Arbor Day tree, after our noted coach "Pop" Warner. We hope the tree will make as much headway in its growing as Mr. Warner has in training our athletes.
- Wm. G. Burgess, J. C. Johnny, and Paul White had a long walk last Saturday, and had a most enjoyable time, although they had to walk five miles to Boiling Springs.
- The Freshmen class are very proud of Grover Long because they did not know he was such a good athlete until contest day when he came second in the hammer throw and shotput.
- A postal was received from Bertrand Bluesky stating that he is well and is attending the Fredonia State Normal School at Fredonia, N. Y. He also wishes to be remembered to the Invincibles.

## The Hopi Lecture

Mr. F. W. White, of New York, delivered a very interesting lecture on the Hopi Indians and their customs, last Friday evening, which was more than entertaining to the student body. The lecture was profusely illustrated by stereopticon views taken by Mr. White himself, during years of residence among the Indians.

Mr. White is a genial and affable talker and good companion and is spending a few days about the school, taking various views and making moving-picture films for the use of lectures and talks on Indian subjects. During the Arbor Day ceremonies, as well as the Class Day athletics, his camera was working at the rate of 18 pictures per second, and we hope to see, some day, our own faces on the canvass in the moving pictures of the Indian School at Carlisle.

## Sociable at Oak Lane

OAK LANE, PA., April 22, '07.

DEAR ARROW: Last Saturday evening while Olive Chisholm and Nancy DeLorimiere were visiting Mary Cooke and Theresa Brown they thought of Sociable, and seeing the time 8 o'clock, some one said "I wish I was there for a few minutes to dance." Another said "why not dance now?" So they politely took their partners and danced the "Laneers." Fortunately they knew the music to it. Had it not been for little Mary what would they have done? Mary Cooke being the central figure.

Sincerely

C. D. T.

## Indian Ball Player is Student

Charley Roy, the twirler of the Newark team, is a great student of literature. The former Carlisle star puts in his spare time reading books written by all the well-known authors. During his college days and ball-playing career he has collected 500 volumes. In the last few weeks Roy has added half a dozen volumes to his library, and before the season is over he says he expects to send home a couple of trunkloads.—*New York World.*

Rice Lake, Wis., April 10th '07.

Dear Major:—Home at last and found my people well. Papa said, you sent me back home in a hurry after I was finished, but you know it was all a joke. As you told me to remember you to him. I suppose the other members of our class have all left Dear Old Carlisle. The lake here is still frozen. I think I shall try and skate tomorrow. I was sorry I didn't see you before I left but you were at the game. Kind regards from my father and mother.

Your School Daughter—Sara.

**Honor to Tom Longboat**

A civic reception was tendered "Tom" Longboat, the Boston Marathon winner, on Tuesday night at Toronto, Canada. He was met at the station and escorted to the City Hall, where he was honored by the Mayor and Council. The city will also donate \$500 to head a public subscription list for the purpose of sending Longboat to college.

**ARBOR DAY**

(Continued from first page)

No. 3

The pupils of No. 3 selected a place to plant their tree at the extreme end of the row between No. 8 and the Sophomores. Their program was brief, consisting of two songs and a few quotations by the pupils. Mr. Venne made some very appropriate remarks concerning the care of the sapling, and three cheers were given, which concluded the exercises about the tree, named by the pupils in honor of Mr. Colegrove.

The girls and some of the boys then proceeded to the tree planted by their room last year. It is located in the cemetery and they found it doing very well. The pupils have a clear conception of the value of Arbor Day as their topic in "Nature Study" the preceding week was the Uses of Trees.

No. 2

The tree, which was named Frances E. Willard, was placed in position by Lewis Philips, named by Peter Thomas, and baptized by Joseph Thompson. Quotations were rendered by the various members of the class and a recitation. "Anticipation," by Reno Rowland. The Arbor Day song closed the ceremonies.

No. 1

Two Hopis; Archie Paintface and Jno. Cornpile, carried our pail of water on a long stick.

Charles Launderville, Davis Wounded-Eyes and Washington Cornassel planted the tree which was named in memory of a girl who carried provisions for white men in by gone years, "Pocahontas".

All sang "Dear Arbor Day" and recited the poem; "Little by little an acorn said."

We visited "Benjamin Franklin" at teachers quarters. This bush was planted last year by Nos. 1 and 2, in honor of the 200 anniversary of his birth. After some school songs in their teacher's room the children returned to quarters.

**NORMAL ROOM**

Much class spirit was shown by the Normal children in voting for the name, which their tree would bear. Miss Hawk was unimously voted for, in honor of the teacher of the Normal Room.

At the planting, the School song and "Baby Buds" were sung with great spirit by the children. With wishes for a long, long life to "Miss Hawk," the children returned to their respective quarters.

**HOPi CLASS**

The Hopi Class had no "speech-making" but they planted a tree and sang three verses of America and also the School Song composed by Pop Warner. By next Arbor Day the boys will be able to do something in the line of speeches. The tree was named "Hopi". May "Hopi" grow to be a sturdy and useful tree and be as noble as the boys who planted it.

**THE MAYHAM GROUP**

The boys and girls in the kitchen and dining hall were so thoroughly imbued with the Arbor Day spirit that they organized and amid very appropriate exercises planted and dedicated a tree to Miss Elsa Mayham, their matron.

Arbor Day at Carlisle was a day that will long be remembered.

**Ambitious and Hopeful**

LANDENBERG, Penna., April 12, 1907.

DEAR MAJOR:— This afternoon as I have a fine opportunity it gives me a pleasure in writing few words to you to let you know how I am out in the country.

Well I am getting along splendidly at my country home. I certainly did enjoy the country life, of course this is my first outing.

I was expecting to have a nice country home and I did have a nice country home and I feel as though it was my own home.

Dear Major, I remember the words that you have spoken to us in the Auditorium last week, and I try to do the best I can in my duty. I hope to have good report from my country home.

Well Major, I have the chance now to learn all I can while I'm here out in the country, such as cooking and housekeeping. I will now close goodbye, hope to have an early reply. Sincerely,

LUCY CROW.

Such letters as this are an inspiration to other students and we trust that every one of the girls may do their best for a good record.
