

The Carlisle Arrow

A WEEKLY NEWSPAPER EDITED AND PRINTED BY THE STUDENTS OF THE UNITED STATES INDIAN SCHOOL

VOLUME VII.

CARLISLE, PA., SEPTEMBER 9, 1910.

NUMBER 1

GENERAL SCHOOL NEWS.

Mr. and Mrs. Nori were visitors at Atlantic City a week in August.

The school heating plant is being overhauled and repaired for winter.

Mr. and Mrs. Friedman spent a week at Atlantic City this summer.

Joseph Loudbear is working on a ranch in South Dakota, and doing well.

The Seniors have begun the new school term with a strong determination to do their best.

It is very nice to be in school again after taking a good vacation. I hope to make this my happiest year in school.

Mr. and Mrs. Denny are visiting in Dakota. They will visit Wyoming and Nebraska before returning to the school.

We greet the old students who come back to school again to get acquainted with the new ones who are arriving daily.

Mr. Whitwell spoke about the "Power of Influence." We always enjoy his talks for he makes everything very plain.

Miss Mina Kerr, Dean of the Milwaukee-Downer College, and Miss Mary Wagner, of Alinda, Pa., were the guests of Miss LeCrone.

School life at Carlisle is in full force once more, and the members of the different classes are taking hold of the work with determination to make good.

Mr. Whitwell came home from England feeling fine. He said he had an extremely good visit with home-folks and old friends. He certainly looks healthier and more rugged.

Work in the school-rooms began last week, school having started Thursday. A full corps of teachers were on hand and the spirit shown augers well for the coming year.

We all enjoy hearing orators speak, but when we hear such oratory as was delivered by one of our own race, Mr. Levering, Carlisle '89, who spoke in the auditorium Monday morning, we feel proud to know that we are students at Carlisle.

Nearly all of the boys have returned from the country with tanned faces and firm muscles, ready to resume work in the school room and at their trades. Their return makes life at Carlisle more of an enjoyment than when so many are absent.

Monday morning, Mr. Levering, a prosperous Winnebago ex-student, spoke to us in the auditorium on "Perseverance." He told us how he used to get discouraged but by sticking to whatever he undertook to do won out, and he wants us to do the same.

The opening sermon of the school year was preached by the Rev. Mr. Hagerty. His subject was "Training the Mind" and the excellence of the discourse made a deep impression on both the faculty and the students. We hope to hear many more such sermons.

Back to the farm is the important topic of the day; nowhere on earth does nature display her charms as on the farm. Many of us have been on farms during the summer and we have returned to Carlisle plump and rosy-cheeked from having enjoyed God's pure air in the open.

Miss Ella F. White, who for the past three years has been with us, the very able stenographer to the superintendent, has, through promotion, been transferred to the Indian Office at Washington, accepting a stenographic position there. We regret her absence very much, but are pleased to know of her promotion and wish her great success in her new field of labor.

The commercial students, Joseph Libby, Peter Houser, Margaret Delorimiere, Marie Lewis, Morgan

Crowghost, have been assisting with the clerical and stenographic work at the administration building gaining valuable experience. They have all shown great efficiency in their work which speaks well for the training they have received under their business teacher, Mr. Ramsey.

General Y. M. C. A. Secretary Here.

Mr. J. B. Carruthers, General Secretary, for Pennsylvania, of the Y. M. C. A., made the opening address at the local Y. M. C. A. last Sunday evening. His theme was "Faithfulness." Mr. Whitwell also was present and made a few helpful remarks. The singing was excellent and the attention marked. There were about sixty-five present. It is the aim this year to have short meetings, but interesting ones. Boys, come out!

Mr. John Levering Visits Us.

Mr. John Levering, class 1893, has been here on a short visit. He noted the many changes and improvements that have been brought about by the passing years, and spoke tenderly of the associations recalled by his presence here. He gave an excellent talk to the faculty and students in the auditorium Monday morning and among other things mentioned the Y. M. C. A. and the Standard Literary Society, of which organizations he was a charter member. He said he well understood the discouragements, and the many temptations which beset the student during school days, but with a well-defined purpose in view, and with the determination to make of themselves men and women, there was no reason why the Carlisle students, with the many advantages offered them, should not go out into the world and achieve success worthy of the training which they received while here. "Stick, and success is assured," were his closing words.

GENERAL VACATION NEWS.

Mrs. Miller, together with her guests, spent a week at Atlantic City during August.

Sarah Hoxie writes from California that she is having a very happy time with her parents and friends.

Kenneth King and Paul Jacobs are two new pupils who have joined the force in the printing department.

Willie Nelson writes from Wisconsin that he is well and wishes to be remembered to all his friends in Carlisle.

Walter Hunt, who went home on account of his health, is entirely recovered and has become quite a farmer.

Mr. W. H. Miller, our Financial Clerk, has returned to his duties after a pleasant vacation spent on "the farm."

Jerome Kennerly writes from South Dakota that he has had a successful summer and looks forward to returning to school very soon.

Miss Blanche Warner, of Buffalo, N. Y., is the guest of Mr. and Mrs. Warner. Her many friends here are pleased to note her presence among them.

Charles Kennedy is doing very nicely and likes his position at White Earth, Minn., very much. He says he will "stick" and is determined to win out.

A very pleasant set of tennis games were indulged in this summer by Mr. Denny and Mr. Nori, of the school, with the prominent tennis players of Carlisle.

Katie Wesh has been happily married and expects to settle in Wisconsin near her old home. She also wishes to be remembered to all her friends at Carlisle.

In a letter received recently from Mrs. Shoemaker, she speaks in very pleasant terms of Clara Spottedhorse who has been with her for some time and is doing well.

Mary Redthunder is very much pleased with her position as Assistant Matron at the Mt. Pleasant school, Michigan, and likes her surroundings very much.

Mr. and Mrs. Charles Dillon are living very happily in their home at Crow Agency, Mont. They have a fine boy who bids fair to be as great an athlete as his father.

Miss Mann, who was connected with the Carlisle Indian Press for a while, visited us this summer. She says she will always carry a "warm spot" in her heart for Carlisle.

John Bastian writes that he arrived at his home in Washington in safety and found every one well, but was feeling quite lonesome for Carlisle and wishing himself back.

Mr. H. K. Meyer enjoyed a pleasant sojourn among the mountains of Maryland, making two return trips in the interval, however, that he might better keep in touch with his manifold duties here.

Mr. and Mrs. Denny spent several days in Philadelphia shopping and sight-seeing. While there they witnessed some of the big ball games—notably those in which "Big Chief" Bender took a prominent place.

Noble Thompson writes from New Mexico that he holds a position as engineer for one of the railroads there and is doing very nicely, indeed. He also wishes to be remembered to old friends at Carlisle.

The campus is at present torn up by the men who are putting in our new heating system. It is to cost something like \$14,000 and is being installed under the supervision of one of the best heating engineers in the country.

Samuel Freemont, now at sea aboard the U. S. S. Vermont, writes us for the renewal of his ARROW and Red Man. He greatly enjoys both publications, signing himself "Constant Reader." We appreciate his interest and reciprocate with many good wishes for his continued success.

The ARROW is in receipt of a small illustrated booklet issued by the Ft. Totten, (North Dakota), Indian school. The booklet was gotten up by Bert R. Betz and contains a complete pictorial description of the work and equipment of that institution, which is the largest reservation boarding school operated by the government. Mr. C. M. Ziebach is superintendent, and is doing good work among the Turtle Mountain Chippewas.

Mrs. Foster spent her vacation with her daughter in Minneapolis, Minn. Her sojourn in that great western country was most delightful and she has returned all the more ready for the winter's work in the school room.

Mrs. Lovewell has returned after a very pleasant visit with her son and his family at Vienna, near Washington, D. C. From there enjoyable trips were taken to Chesapeake Beach, Great Falls, and other attractive places near by.

Mrs. Nori entertained most pleasantly about fourteen of the children residing on the grounds who were assembled one afternoon, as a "surprise" to Verna and a little guest of hers at the time. All thoroughly enjoyed the games entered into and the refreshments especially prepared to capture their fancy and make them happy.

Miss Eddy, of the Tomah School, Wisconsin, was the guest of Miss Shultz during the early part of the summer. Miss Eddy is a teacher of that school and much interested in her work. We were much pleased to have her visit the school and extend her many good wishes for the coming year.

Niagara, Cleveland, and Youngstown, Ohio, claimed a portion of Miss Schultz's vacation, the greatest portion of which, however, was spent at her home in Norwalk, Ohio. In addition to many social pleasures entered into, a trip on the Great Lakes to Michigan and return remains as one of the most enjoyable recollections of her outing.

Miss Johnston is again with us after a pleasant vacation spent with friends in Waterford, Pa., and her family at Lockport, N. Y. While there she addressed the Y. W. C. T. U., and through her subject "Echoes of a College Girls' Conference" described the visit of the girls and herself to the Ohio Conference. To the King's Daughters of the Methodist Episcopal Church she spoke of the work at the Carlisle Indian School generally and we are confident that the members of both organizations, after Miss Johnston's interesting and comprehensive description, had a more definite idea of the purpose and work of the school than ever before.

PRE-EMINENCE OF INSTRUCTION IN TRADE SCHOOLS.

That the highway to proficiency is by the way of the trade school is now almost universally recognized by craftsmen and the employers of labor everywhere. While it is still possible for the young man to attain a certain degree of success in accomplishing the mastery of a trade by the old apprenticeship method, the process is usually fraught with so many difficulties as to hold out no alluring hopes to the aspiring genius who, having once undertaken it, too frequently loses courage and gives up the struggle before he progresses beyond the stage of "matriculation." In the trade school it is different. By means of the special courses of instruction, any ambitious person possessed of average intelligence and a willingness to try, may become a skilled workman in half the time required in the shop and at the same time avoid most of the vexatious delays and annoying drawbacks which harass the shop-made workman during the long and tedious years of his apprenticeship.

As a rule the shop student learns, if he learns at all, by mere inference, absorbing a little here and a little there as he watches the development of the work in the hands of others. The trade school student learns by direct individual instruction and by actual contact. Following a definite plan, he is suffered to take nothing for granted, but must with his own hands shape and fashion his work until he develops, under the direction of a master, the solutions of his problems. In these days of "frenzied commercialism" and fair and unfair competition, there is no shop in which the young man may receive the instruction necessary to his proper advancement. In the first place the manager is so circumscribed by conditions over which he has no control that he finds it impossible to give the young man in his employ the attention due him. Nor can the foreman, the man to whom the apprentice must look for such instruction as he may reasonably expect, devote much time to what he probably regards as an uninteresting task—that of imparting instruction during working hours.

The shop student usually is called upon to earn something for the

house. This exigency will likely make demands upon his time with such frequency as to seriously interfere with his advancement. On the other hand, the trade school, having no purpose to serve other than the training of the young men and women in useful pursuits, is unaffected by the conditions which hedge and hamper the commercial shop. Availing himself of the trade school, the student sets out at once upon the road to success and is never sidetracked until he completes the course and is ready to go out into the world a fit craftsman in his chosen pursuit, fully equipped for a life work.—Winona Printer.

HENRY CLOUD'S SPEECH.

MYRTLE SUTTON, Seneca.

Last Sunday evening, May the twenty-ninth, at seven-thirty in the evening, the student body was requested to attend the union meeting that was held in the auditorium.

Mr. Henry Cloud, a student of Yale University and a Winnebago Indian of Nebraska, was the main speaker.

He spoke on very interesting and helpful subjects, one being that the Indian students of this school on going out among the white people, should make as good a record as possible, for where there is only one Indian among the white people the whole Indian nation is judged by that one person, and therefore he or she is making a record for the whole Indian race. "If one doesn't care enough for themselves they should care enough for their people to do their best in everything they undertake," he said.

He also said that we should never forget to be honest and truthful, as it was one of the chief observances of the old Indians. They never would speak anything but the truth and always lived up to what they thought was right. Another thing was that the girls should judge well before they promised to be the wife of any man, for by doing so it would let men know that they would have to leave bad habits alone, and by them so doing it would make a better country and better boys and men. He didn't approve of being an old maid, but made it clear that girls should choose carefully.

FOURTH OF JULY AT CARLISLE.

The Independence Day exercises were especially interesting this year, beginning with a bombshell salute at six o'clock followed by patriotic exercises at ten o'clock with a delightful recitation of "The Liberty Bell" by Mrs. Friedman, a reading of the Declaration of Independence by the Hon. Allan C. Clark, of Washington, D. C., who was a guest of Mr. and Mrs. Friedman, and the field and track sports in the afternoon. The day was bright and clear, and many visitors were present at both the morning and afternoon exercises.

The field sports in the afternoon were very exciting, the girls entering into them with great enthusiasm. The prize for the throwing of the ball was won by Celia Matlock, one of our most prominent girl base-ball players. This event was one of the most interesting of the day.

The prizes this year consisted mostly of something very good to eat—mellons, oranges, candy, etc.

There was a beautiful display of fireworks set off on the athletic field in the evening. An expert from Philadelphia had charge.

Wm. Zahn Changes Business.

W. Bennet Zahn writes from his new home in Morristown, S. D. While continuing his old work as photographer, he has entered into partnership with Messrs. Stevens and Wells, hardware dealers, doing business under the name of The Steven, Wells & Zahn Hardware Co. In order to meet the demands of their trade and better accommodate their large stock of hardware, they are erecting a large warehouse and also building 50 feet in the rear of their present place of business. Mr. Zahn was one of our best students while here, and we are glad to know of his continued and deserving success.

Another Graduate Welcomed.

Miss Estain DePeltquestangue, a Carlisle graduate who for the past five years has been Superintendent of the Lake Side Hospital of Cleveland, Ohio, was for several days the guest of Mr. and Mrs. Nori. Miss DePeltquestangue has many friends here and it was regretted very much that her stay with us could not be more extended.

The Carlisle Arrow

Issued Fridays from the Carlisle Indian Press
About ten months in the year.

Twenty-five Cents Yearly

Second-class matter—so entered at the Post-office at Carlisle, September 2, 1904.

Address all communications to the paper and they will receive prompt attention.

VACATION NEWS NOTES.

Mr. Wyatt returned with many pleasant recollections of camp life along the eastern shore of Maryland.

Frank Johnson, who left here in June for his home in Winnebago, Nebraska, has returned bringing his sister and two boys with him.

Mr. Collins, our instructor in Mechanical Drawing, has returned after a pleasant trip to Philadelphia and his home-town, Williamsport.

Miss Dunlevy had charge of the printing department during Mr. Millers' absence. She was assisted in her many duties by Alice Nunn.

Mr. Whitwell and Mr. Stauffer have traded their first purchased machines for new ones and now each drives a fine 35 H. P. Abbot-Detroit. They are two splendid cars.

Miss Beatrice E. Scott has been transferred to the Hoopa Valley school at a salary of \$660 per year. She is at present enjoying her vacation at Ivyland, Penna.

John White and David White, one a member and the other a past member of our printing department, worked together in the Mt. Holly Printing Co.'s plant all summer.

William Ettgaweshik, a member of the printing office force, has been working downtown in the Cornman Printshop for over six months. His employer speaks well of his work.

Guy Plenty Horse spent most the vacation period working in the Cornman shop downtown. Guy is a pains-taking, industrious young man and a coming printer.

Miss Boley enjoyed her resting time with relatives in Syracuse and Baldwinsville, N. Y., and with her friend, Miss Ida Stebbins, of Brooklyn, who accompanied her to the school.

Miss LaCrone spent a very pleasant vacation at her home, Grove City, Pa. While there she attended the session of the Bible Association Conference enjoying the talks and lectures of Rev. Hugh Black, Bishop McDowell and other speakers of equal note and interest.

Announcement has been received of the marriage, on August 3, of Miss Katharine C. Bingley to Mr. Fernando G. Tranbarger, the wedding taking place at Greensboro, North Carolina. Both Mr. and Mrs. Tranbarger were teachers here last year, and we extend them our heartiest congratulations and best wishes.

John Runclose was in charge of the mechanical part of the printing department while the printing instructor was away this summer. He was equal to the emergency; besides keeping the office in its usual condition, he, with the help of his force, executed all work coming in from the superintendent and heads of other departments.

The printing department has recently added to its equipment another press—14x20 C. & P. Gordon. This press will take the place of two smaller presses which were part of the equipment. With this addition our equipment is an ideal one for this sized plant and we are enabled to handle more easily our growing volume of heavy form printing.

Miss McDowell visited relatives in the northwestern part of this State and her home in Conneaute, Ohio. This is one of the unloading stations for iron ore received from Duluth, and she found it a most interesting sight to see the huge "arms," or "hoists" as they are called, lift the ore, ten tons at a time, and place it in the cars preparatory to its journey by rail to Pittsburg for use in the manufacturing plants there.

Mr. Miller, our printer, spent his vacation where he could at all times be in touch with his department. He made his trips to Philadelphia, Jersey City, New York, Harrisburg, and other places, studying up-to-date printing plants, engraving houses, ink manufactories, type foundries, etc. He says the most profitable part of his vacation was his visit to the Typographical Museum and Library and American Type Foundry at Jersey City, N. J.

Impressive Lawn Meeting.

One of the most impressive of our Lawn Meetings was held Sunday evening, August 14. The song service was enjoyed by all and was followed by scripture reading by Mr. Whitwell, who then gave a very interesting account of some of the Sunday services enjoyed by him during his trip abroad. While those on land were held in buildings hallowed by associations of the centuries past, none were more solemn and impressive than that celebrated in mid-ocean with the sound of the waves dashing against the sides of the vessel. The thought brought home to each one was that no matter where we might be there was always plenty of opportunity to hear good, see good, and be influenced by good; no matter what the attraction was there need be no hinderance to our observance of Sunday whether at home or abroad. After the singing of appropriate hymns the service was closed with prayer by Mr. Friedman.

Attended Y. W. C. A. Convention.

Pearl Wolf, Texie Tubbs, Sadie Ingalls, Alice Nunn, Nora McFarland and Celestine Types, under the direction of Miss Johnston, attended as delegates to the Y. W. C. A. Convention held at Granville, twenty-five miles from Columbus, the capitol of Ohio and the site of Dennison College. 270 girls were assembled, representing 70 different colleges and normal schools. The convention was favored with the instruction of such able men as Mr. Higginbottom, Dr. Goss from Cincinnati, and Bishop McDowell, of the Methodist Episcopal church, all eminently known for their helpful and inspiring influence, and all who attended felt the coming year's work would receive new impetus from the benefits enjoyed.

Brought Class of Pupils.

Mr. Carl, of the White Earth Agency, brought quite a party of boys and girls from that agency to the school. He stated much damage had been done to the crops through lack of rain in some sections of that country, although there was large promise of a good harvest in the final counting. He made Philadelphia a visit while in this part of the country.

VACATION NEWS NOTES.

Miss Guest spent her vacation at Mt. Holly Springs and Atlantic City.

The printers are under obligations to Mr. Weber and his boys for help in installing our new job press.

Mr. Rose, our teacher in agriculture, has located at the farm, his family arriving here in August.

Mrs. Canfield, after enjoying a week with friends in Mechanicsburg, also spent some time at Atlantic City.

Several pamphlets for the Commissioner's office were executed here in the Carlisle Indian Press this summer.

Miss Emma Hetrick spent her vacation time among the Moravians at Bethlehem, Pa., and with her family at home.

Miss James spent a very pleasant vacation at Asbury Park, N. J., and in visiting friends in Camden and Philadelphia.

Mr. Shambaugh and Mr. Carns remained in town during their vacation periods, making side trips to near-by places.

Mr. and Mrs. Worden enjoyed a two weeks' outing at Laurel. Reuben Sundown and John Miles spent sevdays with them.

Mrs. Deitz spent a pleasant vacation here at the school and with Mrs. Pratt, a very dear friend of hers, at Amherst, New Hampshire.

Miss Sweeney has returned after a pleasant vacation spent at her home, Silver Lake, Pa., a beautiful town not far from Binghamton, N. Y.

Mr. Rudy, Assist. Commandant of Cadets, spent a week with the St te Militia at Gettysburg. Mr. Rudy is First Lieutenant of Company G of Carlisle.

Lone Star, artist for the Carlisle Indian Press, had a very pleasant trip in the Dakota country, and in visiting relatives in Wisconsin and Minnesota.

Mrs. Henderson spent part of her vacation along the Delaware while on an "Outing" trip with Mr. Henderson. On the way they enjoyed the beautiful trip by trolley from Newtown to Easton.

Mr. Kensler, our faithful quartermaster, was at the school all summer, devoting the greater part of it to looking after the comfort and well-being of us all.

Mr. Mayhew, our dairyman, has been kept quite busy since he came among us, putting all matters under his charge in good order for the coming fall and winter.

Mr. Lau spent his vacation improving his premises on North Hanover St., the beautiful side walk in front of his residence giving evidence of the time and care spent in the work.

We were pleased to welcome to our midst Dr. and Mrs. C. M. Sickles, of Tiffin, Ohio. Dr. Sickles is well known here and is one of Carlisle's most successful graduates. They were on their way to the seashore.

Mr. and Mrs. Warner spent the summer with their parents and other relatives near Buffalo, New York. They returned to the school the 20th of Aug. from Springville, N. Y., a distance of about 350 miles, in their Automobile.

Mrs. J. Mack Love, with her daughter Marjory, of Arkansas City, Kans., spent nearly three months here with Mrs. E. K. Miller, her daughter. They are from a warm country and enjoyed the cool quiet of our campus.

Alex. Pratt, son of Mr. Mason Pratt of Steelton, and grandson of Gen. Pratt, spent about ten days at the school, the guest of Mr. and Denny, arriving here from Harrisburg on his wheel after about a three hours' ride.

John White, a graduate of the class of 1909, is now with the Mt. Holly Stationery & Printing Company, which work he enjoys very much. He visited us during his vacation and was a guest of the school and Mr. Miller.

The members of the Carlisle Indian Press were shocked to learn of the death of Margaret Blackwood Burd this summer. She was a member of our office force all last term and was married to Sampson Burd, one of our students, in July. They were spending their honeymoon with Sampson's people in Montana when she was taken ill with spinal meningitis.

She will be remembered by all of us for her pleasant, cheerful, accommodating disposition.

Mr. Ramsey, the head of our Business Department, was at his home in Cleveland, Tenn., and also in Denver, Colo. He was up some while away, having climbed Mt. Long and took the ride up Pike's Peak to get a good view of the country.

Miss Jennie Gaither visited her home in Elizabeth, Ky., and friends in Louisville. During her stay there she went to see the Lincoln Spring at Hodgenville, Ky., near which stands the house in which Abraham Lincoln was born. A very handsome monument has been erected by the Lincoln Association on the property which is now owned by the Messrs. Collier, publishers.

Graduates Visit Us.

Mrs. Sauve, with her two little daughters, were for a week, the guests of Mr. and Mrs. Denny. Mrs. Sauve is a graduate of the class of '04, and was formerly Miss Minnie Neck. Mr. Sauve is also an ex-student of Carlisle, of the class of 1906, and after leaving school here took a position with the Steelton Iron Works near Harrisburg, Pa. He is a pipe fitter, and since entering upon his work has twice been promoted. He is a member of the Steelton Band and in many other ways has identified himself with the interests of the town in which he resides. We extend him our best wishes for his continued success.

C. M. Wahoo Promoted.

C. M. Wahoo, who is with the A. G. Spalding & Bros. Co., in making renewal of his subscription to THE ARROW writes: "I have recently been transferred here from New York to take charge of the school and college trade of the South. The firm I am now working for have done well by me and have advanced me every opportunity, and I appreciate this change as it brings me in touch with the best class of people and I hope to do well by them in return. Give the boys my best wishes and the hope that they may win a championship this year." Mr. Wahoo's present home is Atlanta, Georgia, and we feel assured he will be successful in his new field of labor.

VACATION NEWS NOTES.

Roy Large, one of our cylinder pressmen, spent about six weeks on a farm, as a change. He is now again at his place on the Miehle.

Mr. Carl Mayhew, of Ithaca, N. Y., has been appointed dairyman to take the place of Mr. Griffin, who has returned to his home in Wisconsin.

Miss Searight has returned to the sewing room after a very pleasant vacation spent at her home in Carlisle, and with friends in Chambersburg.

Ralph T. Rose, teacher of agriculture, has taken up his duties and is located with his family at the First Farm, occupying the Dairyman's residence.

Jack Jackson, one of the younger members of the printing department, spent his vacation at his home, Ashville, N. C., visiting homefolks whom he had not seen in several years.

Miss Ida Stebbins has returned to her home in Brooklyn, N. Y., to take up again her work of teaching there. Her many friends here wish her a very pleasant and successful school year.

THE ARROW welcomes The Cheyenne and Arapaho Carrier Pigeon, a new publication published in the interest of these two tribes at Darlington, Oklahoma. It is a neat sheet, full of news notes and interesting things Indian. Long may it fly.

James Mumblehead, one of our older printer boys, spent the summer vacation period working for Mr. Chas. R. Shope at Halifax, Pa. His work was very satisfactory, so much so that his employer was loth to give him up.

Miss White has been succeeded by Miss Sarah A. Rice, of New Bloomfield, Penna., who has had experience in the work, having substituted at various times during last summer. She occupies the rooms in the administration building formerly occupied by Miss White.

Miss Kaup has returned after a very pleasant vacation spent at her home, Tamaqua, situated among the mountains of eastern Pennsylvania. While there she took the ride up the famous switchback and enjoyed the beauties of Glenoka and the extended

views to be had from Mt. Pisgah, Mt. Summit, and other high points near by. Mt. Summit is especially noted as the site on which coal was first discovered more than fifty years ago.

Peter Hauser, a son of this tribe and the renowned foot-ball captain of Carlisle, is spending his vacation on the reservation. Pete's friends, who are a legion, are delighted to see him again.—The Cheyenne and Arapaho Carrier Pigeon.

Among other guests of Mr. and Mrs. Nori were Mr. and Mrs. John Pope of Uniontown, Ala.; Mr. and Mrs. Coons, Mrs. Meyer, and Miss Lois Coons of Harrisburg, Pa.; Mrs. F. H. Miller of Ford City, Pa., and her daughter, Miss Vivian Miller, Secy. of the Y. W. C. A., of Trenton N. J.

Now A Prosperous Farmer.

James King is a prosperous farmer living one mile east of Miami, Okla. On his allotment of 80 acres he has erected a five-roomed cottage, barn and corncrib. His wife also owns a large house and two lots in Miami. Mr. King has served as councilman in his own tribe, the members of which have so highly esteemed him as to tender him the chieftanship of of the tribe, which honor, however, he was obliged to decline. He writes: "My thoughts often turn back to dear old Carlisle and the kind families with whom I lived while out from school, especially a family by the name of Woodmans. I have been married 11 years and have a nice home and two children a boy aged 10 and a girl aged 8 years. I hope to visit Carlisle. It fitted me to make a good living and hold my own with any man. Not many white brothers have a better home than I."

A Fine Baseball Game.

Our boys did not play much baseball the past summer, but a number of games were played between outside teams and nines from the school, as they could be made up from players present. The following, from the Carlisle Evening Sentinel, gives an account of one of the principal games of the past season.

Fully 1000 baseball fans saw the Carlisle Indians defeat the Salad Birds in the best played game

of the season on Franklin field Tuesday evening, 4 to 1. It was a clean game. There was no howling, no personal rooting. The Indians put manliness into the game, and here taught a lesson to some other teams who play the S. B. on this field. A better exhibition of the national game, we say, has not been seen here this season and the crowd was never larger. About 50 Indian boys came in to cheer their team to victory. They were in charge of assistant disciplinarian Wallace Denny, himself an athletic enthusiast. The game was so clean cut and so fast that Umpire John T. Sheafer had rather little to do. The game ended with the seventh inning although it was light enough to play two more innings. "Pete" Houser, the celebrated football player of the Indians, was on the mound for the red skin team and Broker was behind the bat. Peter is a former Kansas league pitcher and pitched great ball at Haskell, where he has a fine record. He was speed "to burn."

Patrick Verney Doing Well.

We are pleased to quote the following from a letter written by Patrick Verney to his former instructor and the boys in the printing office:

"I am still well, as I always have been, and also still working at my own trade of printing. I am in charge of the job department at the Ketchikan Miner's office, but during the month of July I put in part of my time on the newspaper, and the rest at job work. Since then I have been kept busy all the time. Often I worked over time after my regular eight hours' work. At the same time I am given all the extra time needed to do my own work. I have the key myself and go there at will. The people here are very good and have encouraged me to be what I ought to be. One thing that has encouraged and pleased me very much is that all our customers have always been perfectly satisfied with every piece of job work I have done for them. Every one in this district is kept busy for the summer, some of the natives are fishing and the rest work in saw-mills and in canneries where salmon are packed. Others are working at their respective trades such as house carpenter, boat builders, jewelry and logging."

CHANGES OF THE INDIAN SERVICE.

The official changes occurring each month in the United States Indian Service will hereafter appear in THE ARROW instead of The Red Man. This change is made that our readers throughout the Service may get news of the changes earlier than when printed in our monthly magazine.

Following will be found the changes made during the month of June:

REINSTATEMENTS.

Marion E. Waite, Exp. Farmer, Cahuilla, California, 1200.
 Luella Kennedy, cook, Canton Asylum, S. D., 500.
 Spencer E. Bomar, com't of cadets, Carlisle, Pa., 1200.
 John M. Rudy, asst. discip'n, Carlisle, Pa., 700.
 George A. Hoyo, exp. farmer, Cheyenne and Arapaho, Okla., 1200.
 Martin W. Dow, indus'l teacher, Cheyenne River, S. D., 700.
 Amos B. Iliff, carpenter, Chilocco, Okla., 900.
 Marie R. Dustan, Cook, Colorado River, Ariz., 600.
 Charles W. Lawson, Exp. Farmer, Colville, Wash., 1200.
 Christina W. Paulding, field matron, Colville, Wash., 720.
 Mattie Ingram, field matron, Colville, Wash., 720.

 William M. Peterson, to supt. of Ind. schools at 2,000 a year; traveling expenses and \$3 per diem. By transfer from special allotting agent.

Exendine Again Coaches Otterbein.

Albert Exendine, who for the past several years has been a noted Indian athlete of this section of the state, a graduate of the Carlisle Indian School, and at present student at the Dickinson School of Law, has been secured to coach the football squad of Otterbein University, in Ohio. He will leave in a few days for that place to begin his work.

Exendine has been spending the summer in Oklahoma and Mexico, and arrived in Carlisle a few days ago. He will return to Carlisle at the close of the football season and resume his studies.—Carlisle Evening Sentinel.

Mt. Pleasant as Physical Director.

Frank Mount Pleasant, the world's famous Carlisle Indian athlete, has been chosen as head of all the athletic departments of Franklin and Marshall University, at Lancaster, and will begin his work at that noted institution as soon as possible.

Mount Pleasant is a graduate of the Carlisle Indian School in the academic and also the athlete departments, and last June received his diploma and degree from Dickinson College. He is believed to be the best all-round athlete in the world to day, as his prowess on the track, baseball diamond and gridiron has proven and remains unquestioned by the greatest of sporting critics. Mount Pleasant succeeds Hollenbaugh, who has been football coach at F. and M. for the past two years, he having resigned. The Indian will have charge of the football, baseball, track and basket-ball teams, and will have a good nucleus from last year's teams for this season.

The Lancaster people are delighted with the coming of this famous redskin into their midst, and are certain he will make good their highest expectations.—Carlisle Evening Sentinel.

GENERAL SCHOOL NEWS.

One of the most important of new arrivals here this summer was a baby at the home of Mr. and Mrs. Smith.

Mr. and Mrs. Tranbarger have returned to take up their duties in the school room. They have their home in the Teachers Quarters.

Miss Zeamer spent a pleasant vacation, at home and with friends near-by. She has returned looking refreshed from her summer outing.

Mrs. Warner, wife of our director of athletics, lost her father this summer. She was at his bed-side several months before he died. She has the sympathy of the entire school in her bereavement.

Among the summer guests of Mr. and Mrs. Weber were Mr. Weber's neice and nephew, Agnes and Walter Weber from Phila., Mr. and Mrs. Weber from Reading, Mr. Weber's sister and daughter Mrs. and Miss Trumbore, and Mr. Merrem from Steelton.

Mrs. Richard Warren, of El Paso, Texas, was the guest of her sister, Mrs. Henderson. Her three sons, Masters Richard, Billie, and Lawrence, accompanied her, and were soon general favorites. It was regretted that visits to West Port, Conn., and other places of the East, compelled Mrs. Warren to shorten her viist. Many friends here wish for an early return to our midst.

Miss Sallie E. Hagan, of Paeonia Springs, Va., has been transferred to this school from the Tongue River Agency, Mont. We extend to her a very hearty welcome. We are also pleased to note the presence of Miss Mabel Curtis, of Rochester, N. Y., who has been transferred from the Cherokee school, N. C. Both Miss Hagan and Miss Curtis fill appointments to our teaching force for the coming year.

One of the most enjoyable events of the summer was an impromptu dance given by Mrs. Friedman for Miss Gayle Strohm in honor of her friend Miss Powell of Philadelphia. In her pleasant office of hostess she was assisted by Mr. Strohm and Mrs. Long. Music was also enjoyed and light refreshments served. Among those present were Miss Naomi Long, Miss Rebecca McKnight, the Misses

Mary, Edith and Isabel Beetem, and others of the younger social set of Carlisle.

Mr. and Mrs. Stauffer have just returned from a very delightful auto trip through Pennsylvania. The first day gave a record of more than 96 miles over difficult mountain roads, extending from Sterretts Gap, through New Bloomfield, Juniata and Huntington. From Huntington the route was through Tyrone and Phillipsburg, over the highest point of the Alleghenies; from there down to Belle Fonte, over rough mountain roads to Lock Haven, his home town Hazleton, and through the beautiful country about Jersey Shore, Williamsport, Bloomsburg, Nescopeck, Tuscarora, Tamaqua, Pottsville, Reading, to Harrisburg, and then home. The trip covered over 1400 miles, and almost every kind of road and weather condition to be expected was experienced.

Mrs. Owen Delivers Fine Address.

We were fortunate in having with us Mrs. L. W. Owen, of Denver, Colorado, founder and president of the American Boys' and Girls' League, who addressed the school at the Sunday evening lawn meeting, August 29th. Her talk was full of the most helpful suggestions, and her audience could not fail to take away with them recollections of the incentives to high ideals she so ably presented.

Large Vegetable Crops.

Miss Lizzie James and Mrs. Ritchie, with their corps of assistants, have been quite busy this summer making large additions to the winter's store of good things to eat: 277 gallons of tomatoes have been canned, 51 gallons made into tomato butter, and nine 3-gallon crocks of chow—chow stored away. The garden has yielded about 400 bushels of fine tomatoes, and there will be altogether about 15,000 head of cabbage from farm and garden. In this they have been most ably assisted by the following: Louisa Smith, Emma Clayborne, Myrtle Sutton, Ruth Jimison, Hattie Sawatis, Ida Thayer, Grace Smith, Ida Davis, Georgiana Bartlett, Jessie Whiteface, Rose Aragon, Nora Grounds, Celia Metlock, Bessie Button.
